PERMANENT NOMINATING COMMITTEE

The Moderator placed in nomination Mr. Mac W. Freeman, Jr., The Presbytery of Nashville, Rev. W. M. Logan, The Presbytery of John Knox, and Rev. Neely D. McCarter, The Presbytery of Suwanee, as the new class for the Permanent Nominating Committee.

The motion to elect the nominees was adopted.

Witherspoon, Jr., Stated Clerk, the Presbytery of Concord were nominated by the Stated Clerk as Temporary Clerks of this meeting. Each was elected by acclamation.

The students introduced were: Troy Jarvis and Ron W. Cunningham of Austin Seminary; Felix Harry Daniel and Joseph Sherwood Harvard, III, of Columbia Seminary; Tyson Anderson, Jr., of Louisville Seminary; and Richard J. Keever and William Melton of Union Seminary.

COMMUNICATIONS

The Stated Clerk presented the following communications which were referred as indicated:

1. From the Permanent Committee on Assembly Operation regarding the date for the General Assembly Meeting in 1966: to the Standing Committee on Assembly Operation.

2. From The Presbyterian Foundation, Inc., regarding the receiving of legacies naming the General Assembly: to the Standing Committee on Assembly Operation.

3. From a number of Presbyteries in response to the action of the General Assembly of 1964 regarding the receiving of churches and ministers from non-geographical presbyteries (See Minutes, 1964, page 81): to the Standing Committee on Judicial Business.

4. From Ruling Elder Paul Y. Burns of the Synod of Louisiana regarding an item in the Minutes of that Synod, said Minutes now under review by this General Assembly: to the Standing Committee on Judicial Business.

5. A letter from the Stated Clerk of the Synod of Louisiana, touching upon the same matter as listed in communication 4 above; to the Standing Committee on Judicial Business.

The Stated Clerk announced to the Assembly that recommendations 4 and 5 as reported above were received under section 114-6, Form of Government.

6. From the General Assembly of 1964 of the United Presbyterian Church in the United States of America inviting to union with that body: to the Standing Committee on Inter-Church Relations.

7. From the "Consultation on Church Union" inviting the Assembly to join in the drafting of a plan of union with a number of other Churches, including the Episcopal, Methodist, United Presbyterian, United Church of Christ, Disciples of Christ and Evangelical and United Brethren: to the Standing Committee on Inter-Church Relations.

8. From The General Council asking for an interpretation of responsibilities assigned to the General Council and to the Ad Interim Committee on "Institutional Forms": reference was deferred pending the report of the Ad Interim Committee on "Institutional Forms".

9. From the Board of World Missions asking an addition of one paragraph to the report of the Board regarding staff changes and the selection of a new Executive Secretary: to the Standing Committee on World Missions.

10. From the Board of the Mountain Retreat Assn., asking instruction to continue their quiet campaign for capital funds: to the Standing Committee on the General Council.

11. The Stated Clerk reported a file of some thirty communications from individuals, Sessions, and the Student Body of Union Theological Seminary. In this connection the Stated Clerk read to the Assembly action of the 1963 Assembly relative to the proper manner in which to address the General Assembly.

The Assembly reaffirmed the five (5) numbered items adopted by the 1963 Assembly as follows:

1. That the Assembly request the attention of the Presbyteries to the fact that the routes of Overture and Matters of Reference are proper.
2. That other methods employed to place business before the Assembly only after it is open make it difficult for the Commissioners to give adequate consideration to the issues involved.
3. That it is the opinion of the Assembly that matters rushed to the Assembly at the last moment seldom are of great and urgent concern to the whole Church.
4. That the Assembly, through the Presbyteries, notes to the individual Church member and groups of Church members that they have clear constitutional access to the higher courts through the lower courts and that this channel alone should be employed in seeking to place matters before the Assembly for consideration.
5. That the Assembly, through the Presbyteries, advise individual Church members and groups of Church members that miscellaneous letters and telegrams, usually requesting action on some matter before the Assembly, are not proper communications to the highest court of the Church and cannot properly be received nor acted upon.

OVERTURES

The Stated Clerk presented the following overtures which were referred as indicated:

OVERTURES

The General Assembly directs the Stated Clerk to Indicate in the Handbook the reference which he suggests, following the Standing Rules of the Assembly, for each overture. If there is no objection they shall be referred as a whole, as recommended, without formal vote.

To the Standing Committee on Bills and Overtures, 1-9, 58, 59

1. From the Presbytery of Atlanta:

Whereas, it is a recognized principle of Presbyterianism, that there are no ranks or gradations within in the ministry, but rather a parity; and

Whereas the practice of awarding honorary degrees to ministers, based as it is upon no objective standards, serves to create invidious distinctions within the ministry and does injustice to many worthy men, while at the same time creating confusion among the laity; and

Whereas it is desirable that all of our ministers be known by one worthy title and that the inappropriate designation of "Reverend", which is now so widely used, be avoided,

Be it resolved that the *Presbytery of Atlanta* respectfully overtures the General Assembly as follows:

1. That the General Assembly take action to see that honorary degrees shall no longer be printed in connection with the names of ministers in the Minutes of the General Assembly or in any other official publication of our Church.
2. That the General Assembly request the educational institutions of our denomination to discontinue the practice of awarding honorary degrees to ministers.
3. That ministers who have received or shall receive honorary degrees be requested to desist from using them on stationary, church bulletins and bulletin boards or in other ways and to encourage the use by others of some more appropriate title.
4. That the General Assembly take steps to encourage the use of one appropriate title for all of our ministers and thereby bear witness to our historic position as to the parity of the ministry. In this connection it should be borne in mind that the title, "pastor", now so generally used by our Lutheran brethren, was apparently preferred by our spiritual father, John Calvin. Speaking on this subject Calvin said: "Let us know that the Holy Spirit, speaking of those who are ordained ministers of the Word of God, and who are elected to govern the Church, calls them Pastors, and why? Because God wishes us to be a flock of sheep, to be guided by him, hearing his voice, following his guidance, and living peaceably. Since, therefore the Church is compared to a flock, they who have the charge of guiding the Church by the Word of God are called pastors. (Calvin then refers to the words 'elder' and 'bishop' as synonymous with pastor.) . . . We see then the reason of these words; and since the Holy Spirit hath given them to us, we must retain them provided they be applied to a good and holy use."

See Calvin's Commentary on Epistles to Timothy, Titus and Philemon; Erdmans, 1948. pp. 75-76, footnote.

Again Calvin declares: "But Paul tells Timothy to be content with this one thing, that he should be a faithful minister of Christ. And we should certainly regard this as a far more honourable title than being called a thousand times over seraphic and subtle doctors."

See Calvin's Commentary on the Second Epistle of Paul the Apostle to the Corinthians and the Epistles to Timothy, Titus and Philemon.—Oliver and Boyd, Edinburgh & London, 1964, p. 242.

2. From the Presbytery of Central Texas:

Whereas, none of our Standards recognizes, explicitly or implicitly, the validity of exclusion of any person from worship or communicant status on grounds of race or color or class; and

Whereas, the facts are that our Standards, faithfully reflecting the Word of God, are color blind, recognize no race other than the human race, and know only the class of human sin;

Therefore, the *Presbytery of Central Texas* respectfully overtures the General Assembly of 1965: To issue a pastoral letter to its Presbyteries, asserting, firmly and unequivocally, that our Standards have never and do not now support the exclusion of any person from communicant membership on any basis other than the denial of the Lordship of Jesus Christ, that our Standards have never and do not now support the exclusion of any person from public worship on any basis other than the lack of a "spirit of reverence", and that should exclusion on other bases be practiced by any parish church, the Presbytery having oversight of such church shall take all necessary steps to correct such practices which violate our Standards and are a source of scandal to the Christian Faith.

3. From the Presbytery of Northwest Missouri:

Northwest Missouri Presbytery respectfully overtures the General Assembly of The Presbyterian Church in the United States, that

Whereas serious charges concerning current American funeral practices have been laid before the public in recent years, and

Whereas considerable confusion about such practices seem to prevail in the public mind, and

Whereas wide variation in funeral custom, practice and procedure exists among the clergy itself, and

Whereas no clear and detailed statement of Christian ethic in the light of Biblical teaching

seems to exist for the guidance of the Church in relation to the modern funeral,

Therefore: Northwest Missouri Presbytery respectfully overtures the General Assembly to make a special study of American funeral customs and practices with the purpose of giving guidance to our people, both lay and ordained, and in defining a Christian ethic in regard to such matters as: The place of the funeral service, the service itself (viewing the body, etc.), the practice of embalming, cremation, the funeral director and his place in the total picture of the burial of the dead, the funeral cost, the relation of the problem of human grief to funeral practice and custom, and non-profit funeral societies.

4. From the Presbytery of The Everglades:

The *Presbytery of the Everglades* overtures the General Assembly of the Presbyterian Church in the United States to take the necessary steps to support any amendent to the Constitution of the United States, agreeable to Congress, specifically written to give permission for voluntary Bible reading, without sectarian comment, and prayer on a voluntary participation basis, in the Public Schools of the United States of America.

5. From the Synod of Alabama:

Whereas (a) The present controversy over religion in Public Schools and the Supreme Court decisions relating thereto demand constructive and creative action, based on the realities of our own time and the American heritage of freedom, and

(b) The remedy of Constitutional Amendment is entirely inadequate to meet the critical need of our time in the field of public education, and

(c) Such need can only be met by a reevaluation of the Public School curriculum to the end that its educational theory and presuppositions, as well as its subject matter, shall reflect the whole of man's knowledge, which includes, above all, the dimension of religious truth, although not its specific, contingent, particular, or sectarian manifestation.

Therefore *The Synod of Alabama* respectfully overtures the General Assembly:

(1) To appoint a committee composed of ministers and laymen (giving special attention to teachers, lawyers and parents among the laity) to explore long range plans for providing for students in the Public Schools access, by way of the courses of study and appropriate textbooks, to the whole field of man's knowledge of reality, including the religious dimension of truth: that in this task it be recognized and affirmed that while all truth is God's truth, the fields of science, law, sociology, medicine and other such disciplines are valid areas within that truth, whose methods and findings are to be considered and determined within those fields: but, that the fields of knowledge dealing with the physical and social realms do not preempt the whole of the reality which has been, or can be, known by man and that the possibility of providing appropriate subject matter and textbooks presenting the ethical—spiritual—religious dimensions of reality for study and appropriation be considered: and that the committee investigate the relationship of Church, State, and Public School.

6. From individuals in East Alabama:

Whereas, The Sessions, Ministers and Ruling Elders of the Presbytery of East Alabama have been circularized and influenced during the past year with letters, leaflets, telegrams, and telephone campaigns from various other Sessions, Ministers, and/or Ruling Elders on matters of dispute within the Church and on matters due to come before the Presbytery (1); and

Whereas, these communications of propaganda have definitely influenced the actions and decisions of Presbytery, as evidenced by the verbatim adoption by the Presbytery of the suggestion in Exhibit VII and by other examples which we can attest to have observed and witnessed; and

Whereas, some communications on the matters of dispute within the Church have brought additional burdens in the realm of pastoral relations in these difficult days, especially where the Minister seeks to follow the Church program and policy; and

Whereas, such propagandizing is contrary to the thinking of the General Assembly in its pronouncements against circularization in 1880, 1934 and 1939, and violates through prior solicitation and influence the principle of sending uninstructed Presbyters to our Church Courts; and

Whereas, Certain Ruling Elders of the Presbytery called a meeting of Ruling Elders for the stated purpose of organizing a Concerned Presbyterians chapter but from which Ministers were systematically excluded (2) as were also Ruling Elders whose views were thought to differ from those of the meeting-callers, the reported avowed aim of which group as declared in the said meeting is to "regain control of the Church for the Ruling Elders" and is to "inform and advise the Ruling Elder's" in all of which the group reveals a schismatic and divisive tactic to establish a controling bloc within the Presbytery;

Therefore, The Presbytery of East Alabama respectfully overtures the General Assembly as follows:

1. That the General Assembly express itself as to the ethical aspects of such circularizing, and whether it conforms to Presbyterian U.S. polity;
2. That the General Assembly indicate whether the Presbytery should forbid the establishing, assembling or propagandizing of or by any group seeking to manipulate or gain control of the Presbytery.

RAY C. RUARK, JR. — A. H. BULLARD
ARCH L. MACNAIR — RICHARD F. ROUQUIE
T. E. ENGLE — J. HOLMES SMITH, III

(Note: This overture was presented to the Presbytery of East Alabama and by it answered in the negative.—*Stated Clerk*)

7. From the Presbytery of Pee Dee:

Whereas, the Constitution of our Church provides that lower Courts may propose to higher Courts measures as may be of common advantage to the whole Church; and

Whereas, our Lord Jesus Christ testifies: "Think not that I have come to abolish the law and the prophets; I have come not to abolish them but to fulfill them." (Matthew 5:17); and

Whereas, He said: "Render to Caesar the things that are Caesar's, and to God the things that are God's." (Mark 12:17); and

Whereas, the Apostle Paul testifies: "Let every person be subject to the governing authorities. For there is no authority except from God, and those that exist have been instituted by God." (Romans 12:1); and

Whereas, the Apostle Peter testifies: "Be subject for the Lord's sake to every human institution, whether it be to the emperor as supreme, or to governors as sent by him to punish those who do wrong and to praise those who do right. For it is God's will that by doing right you should put to silence the ignorance of foolish men. Live as free men, yet without using your freedom as a pretext for evil; but live as servants of God. Honor all men. Love the brotherhood. Fear God. Honor the emperor." (I Peter 2:13-17); and

Whereas, the system of law and government in the United States of America is not less worthy of our obedient citizenship than the Roman system of the First Century; and

Whereas, for a period of forty years the Federal Bureau of Investigation, under its Director, J. Edgar Hoover, has performed an incomparably excellent service to God and to our nation in the faithful exercise of the investigative authority it has under our system of justice; and

Whereas, Mr. Hoover has always employed a policy of thoroughness, strict impartiality, and careful observance of the human rights and Constitutional rights of all citizens in the work of the Federal Bureau of Investigation; and

Whereas, this consistently faithful service has immeasurably fostered and sustained the cause of justice in behalf of all of the citizens of our country; therefore,

Resolved: That the Presbytery of Pee Dee of the Presbyterian Church in the United States, hereby gives thanks to God and highly commends our fellow Presbyterian servant of our Lord Jesus Christ, J. Edgar Hoover, and the Federal Bureau of Investigation for their faithful, impartial, and excellent service in the cause of justice; and

That this Presbytery propose to the General Assembly of our Church at its next meeting that that Court endorse this resolution as a testimony that is of common advantage to our whole Church and to the cause of justice in our nation.

8. From the Presbytery of Kanawha:

Whereas: Individual ministers of Kanawha Presbytery have been circularized by the Session of the First Presbyterian Church of Nashville, Tennessee, seeking "to solicit their support for this position looking toward the 1965 meeting of our General Assembly" (copy enclosed); this position being non-support of the National Council of Churches;

And Whereas: Individual ministers of Kanawha Presbytery have been circularized by the Moderator of the Session of the First Presbyterian Church of Nashville, Tennessee: "I humbly solicit your interest in the attached Sessional Report and the project before us. Walter R. Courtenay." (copy enclosed);

And Whereas: The charges against the National Council of Churches contained in "Sessional Report, First Presbyterian Church, Nashville, Tennessee" are not substantiated at all, with no specific reference given for any of the accusations made; and responsible protests should be most careful to document any and all charges made;

And Whereas: The 1964 General Assembly of the Presbyterian Church in the United States adopted the following actions by an overwhelming majority: "That Overtures 34, 35, 36, 37 and 48, all concerning withdrawal from the National Council of Church, be answered in the

negative," and "That Overture 39 requesting additional financial support to the National Council of Churches be answered in the affirmative";

And Whereas: The action of the session "That the Session delete from its 1965 Benevolence Budget all direct financial aid to the National Council" is in direct violation of the above action of the General Assembly, is an apparent attempt to coerce the General Assembly to submit to the will of local congregations, and is a breaking of our ordination vow as ruling and teaching elders "Do you promise subjection to your brethren in the Lord?";

And Whereas: The General Assembly of the Presbyterian Church in the United States has taken the following actions concerning the circularization of the church and ministers: "Pamphlets, bearing upon questions pending before the Assembly, having been put in circulation among the members, the Assembly expresses its disapproval of this method of attempting to influence its decisions as disrespectful to this body and an infringement upon its prerogatives." (1880 Minutes of the General Assembly, page 212.), and "Overtures from the Presbytery of Eastern Texas, asking the Assembly to reiterate its pronouncement against the practice of circularizing ministers and Presbyteries in the interest of favorite projects, answered in the affirmative." (1934 Minutes of the General Assembly, page 32);

And Whereas: The action of the session of the First Presbyterian Church of Nashville, Tennessee, is an attempt to undermine the actions of the 1964 General Assembly and to prejudice commissioners to the 1965 General Assembly;

And Whereas: The Presbytery of Kanawha reaffirms its faith in and loyalty to the Presbyterian procedure of making all complaints and overtures through the courts of the church in accordance with our ordination vow "to study the peace, unity, edification and purity of the church";

And Whereas: The Presbytery of *Kanawha* expresses its support of the National Council of Churches, and our confidence in the integrity and leadership of the Representatives of the Presbyterian Church in the United States to the National Council of Churches;

Be it Therefore Resolved: The Presbytery of Kanawha respectfully overtures the General Assembly of the Presbyterian Church in the United States to take appropriate action disapproving the circularization of ministers and churches by the session and minister of the First Presbyterian Church of Nashville, Tennessee, and to take such steps as the Assembly may deem necessary to prevent lower courts from circularizing the whole church in the future.

9. From the Presbytery of Westminster:

Because we believe that the Presbyterian system of government provides at every point the means by which every shade of opinion can be expressed; because we believe that there are adequate safeguards for every position whether majority or minority; because we believe that within the Presbyterian system (where there is provided a parity in representation by laity and clergy) we can find a structure for arriving at the answer to ecclesiastical questions in a fair and equitable manner; because we know that God has blessed our church through more than 100 years of growth and usefulness under the present system; and because we believe that any effort to go outside the established procedures in order to affect ecclesiastical legislation or to provide for additional services and positions beyond our church's program is not in keeping with proper Presbyterian procedures;

Therefore, the Presbytery of *Westminster* overtures the General Assembly as follows:

First, that the General Assembly remind all members of the Presbyterian Church in the United States of their vows of church membership (Section 210-5, Book of Church Order).

Second, that the General Assembly remind all ordained officers of the Presbyterian Church in the United States of their ordination vows (in addition to their vows of Church membership). (Section 29-3, Book of Church Order).

Third, that in order to maintain the witness, honor and integrity of the Church, that all Church Courts exercise their authority in bringing all allegations against Courts, agencies of those Courts, and/or individuals to due process and exercising such discipline as may be required.

58. From the Presbytery of St. Louis:

Whereas, the St. Louis Presbytery, Presbyterian Church, U. S., is dedicated for the purpose of serving the Lord and strives to bring peace on earth, good will to men; and

Whereas, the Presbytery of said church is committed to help every man in the firm belief that all men are hurt as long as any man is held back; and

Whereas, grave doubts have been established in the minds of the members of this Presbytery that the five elected officials to the U. S. House of Representatives actually represent the total constituency of that state as contemplated in the U. S. Constitution; and

Whereas, the Congress of the United States has a responsibility to assure itself that its members are elected in a valid manner not repugnant to the Constitution of the United States.

Now, Therefore, Be It Resolved:

1. That members of Congress in whose districts the St. Louis Presbytery is located, are hereby called upon by the St. Louis Presbytery to take whatever action is deemed necessary by said Congressmen and Senators to insure that elections in all states, including Mississippi, are free elections and in conformity with the U. S. Constitution; and

2. Further that the Presbytery requests said Congressmen and Senators to take steps to assure implementation of corrective or remedial action whenever or wherever reprisals or recrimination action is proven to have been taken against Negroes exercising their right to register and/or voting; and

3. Further that the Synod and General Assembly, of which this Presbytery is a member, be requested to consider taking action not inconsistent with the foregoing resolution.

59. From the Presbytery of Lexington:

The Presbytery of Lexington respectfully overtures the General Assembly of the Presbyterian Church in the United States, at its 1965 meeting, to appoint an ad interim committee to study the advisability of restating the Westminster Shorter Catechism in modern English in order that it may be easier to learn and to understand.

To the Standing Committee on Judicial Business, 10-25, 60

10. From the Synod of South Carolina:

Whereas, the Book of Church Order gives original jurisdiction of a Presbytery to the Synods and not to the General Assembly; and

Whereas a Presbytery must vote affirmatively on the request of any congregation to become a part of that Presbytery;

Be it therefore resolved that the *Synod of South Carolina* concurs with Harmony Presbytery in its conviction that the General Assembly did not have the authority to INSTRUCT Harmony or any other Presbyteries to receive Negro Churches within their bounds into their membership.

Be it further resolved that the Synod of South Carolina overture the General Assembly to reconsider its action instructing Presbyteries to receive Negro Churches within their geographical bounds in the light of Presbyterian polity and procedure.

11. From the Presbytery of Asheville:

The *Presbytery of Asheville* respectfully overtures the General Assembly of the Presbyterian Church in the United States to reconsider one word—"Instruct"—on its action regarding the absorption of the Negro Presbyteries and in its place substitute the words "strongly urge." It is our belief that the same results will be accomplished while at the same time our constitutional Presbyterian processes will be preserved.

12. From the Presbytery of Tuscaloosa:

Whereas, the General Assembly on April 27, 1964, instructed many presbyteries, including Tuscaloosa Presbytery, "to take into their membership and under their care all of the Ministers and Churches of our denomination within the district for which they bear particular responsibility"; and,

Whereas, we believe every presbytery has the right to receive whomsoever it will and to DECLINE to receive whomsoever it believes would bring widespread disharmony into presbytery and hamper the work of Christ's Kingdom; and

Whereas, we believe benevolent giving to causes in the Presbyterian U. S. budget will be seriously curtailed by forcing presbyteries to integrate; and,

Whereas, our own Confession of Faith, Chapter XXII, Paragraph II, says "GOD ALONE IS LORD OF THE CONSCIENCE . . ." and for many members in the Presbyterian Church U. S., to obey your edict will be a violation of conscience; and,

Whereas, when the General Assembly orders us to do that which we cannot do in good conscience, we must say with Peter in Acts 5:29, "It is our duty to obey the orders of God rather than the orders of men." (Phillips' Translation); and,

Whereas, God has richly blessed our Church for so many years when presbyteries have been segregated that it seems quite late to bring forth the appeal now that "this is not only contrary to our constitution but also weakens our witness"; and,

Whereas, there are those among us who agree with you that the doors of Christ's Church should be as wide as the invitations and the arms of her Head, the Lord Jesus Christ, but who do not believe that lasting progress toward that end is ever made except through the SPIRIT AND POWER OF LOVE;

Therefore, the committee appointed by the *Presbytery of Tuscaloosa* at its last Stated Meet-

ing, May 12, 1964, wishes to report that for the reasons set forth above the Presbytery of Tuscaloosa has voted 48 to 17 not to receive into its membership the Negro churches of Central Alabama Presbytery within its geographical bounds; and,

That we respectfully and humbly overture the General Assembly to reconsider its action and to prayerfully consider using only the appeal of love rather than to resort to methods of constraint.

13. From the Presbytery of Nashville:

The *Presbytery of Nashville* overtures the General Assembly to request the Ad Interim Committee on Institutional Forms, or some other appropriate committee, to study the problems which seem to arise from a confusion of terms in the Book of Church Order regarding Committees, Boards, Commissions and Agencies, and to report its findings and any recommendations it may have to a succeeding General Assembly.

14. From the Presbytery of St. Louis:

Whereas, our Book of Church Order distinguishes between the work of the Ruling Elder and the Deacon insofar as the Ruling Elder is to "exercise government and discipline, and take the oversight of the spiritual interest of both the particular church and of the Church generally" with the Deacon carrying on the "office of sympathy and service after the example of Christ—expressing the love and fellowship of the saints who bear one another's burdens,"

Whereas, this distinction of work as it is practically implemented in the program of the local church is reflective of a Greek dualism separating the sacred from the secular rather than our monolithic Judeo-Christian tradition which would say that God is the Lord of all of life,

Whereas, many of our sister churches of the Presbyterian and Reformed tradition do make specific provisions for a unicameral system in which the functions of the Diaconate are merged with the Session,

Whereas, our Form of Government is unclear regarding whether a unicameral system is possible,

Whereas, there is some evidence in our Form of Government to indicate that a board of Deacons is mandatory in any specific church,

Therefore Be It Resolved: That the *Presbytery of St. Louis* respectfully overture the General Assembly to determine whether it is possible for a given local congregation to operate under the Session wherein all the functions of the diaconate would be vested in the Session. If in the wisdom of the Assembly it is not possible for a local congregation to operate under the Session, that the Assembly would begin steps to amend the Form of Government so that a unicameral operation in the local church would be possible.

15. From the Presbytery of Atlanta:

The *Presbytery of Atlanta* overtures the General Assembly to give its advice on the following:

(1) Can a Session of a church, the major part of whose financial administration is provided for by an employed business administrator, appoint Deacons to committee responsibilities in the area of nurture and mission in addition to that of stewardship so that the Church can fully utilize the services of all its officers?

(2) If a Session of a church, in seeking to fully utilize the services of its Deacons, asks them to serve in areas other than those directly concerned with financial responsibility, can it also direct the Deacons that it is not necessary for them to organize as a Board and take unto itself the responsibility for appointing a Church Treasurer?

16. From the Synod of Florida:

Whereas various Presbyteries in the Synod of Florida seem to use various policies in receiving retired ministers into their geographical bounds; and

Whereas this is a matter which concerns the entire denomination, since the retired ministers who move into Florida and apply for membership in the Presbyteries, come from Presbyteries throughout the Church; and

Whereas the Synod of Florida at its 1963 meeting took steps to place before the General Assembly the question of whether or not a Presbytery, acting under our Constitution, can deny membership under a blanket policy, to all retired ministers who move into its geographical bounds; and

Whereas this complaint or request was withdrawn before the General Assembly could deal with it;

Therefore the *Synod of Florida* overtures the General Assembly to give a ruling as to whether it is in accord with our Constitution for any Presbytery to deny membership, by blanket ruling, to all retired ministers who move into its geographical bounds.

17. From the Synod of Arkansas:

Whereas, a church court is charged with the spiritual government of its constituency and thus is often called upon to speak to them on the moral issues of our times, and

Whereas, it is not clear what extent of responsibility rests in the hands of a church court to speak for its constituency on these moral issues,

Therefore, *The Synod of Arkansas* respectfully overtures the General Assembly requesting a clarification of the following questions:

1. Should the church court speak only to its constituency or also to the world in regard to these moral issues?
2. Should the church court seek to represent the majority concensus of its constituency in its statements?

18. From the Presbytery of Appomattox:

Appomattox Presbytery overtures the General Assembly of the Presbyterian Church U. S. meeting in 1965 to the following effect:

Whereas, ministers and candidates often are moving to fields before being received by the presbytery; and

Whereas, such premature moves are subject to embarrassment if presbytery refuses to receive the minister or candidate; now

Therefore, be it resolved that Appomattox Presbytery overture the General Assembly requesting that a study be made of Chapter 26 of The BCO, and that such a study include the possibility of an additional paragraph which would contain the following general idea:

"No minister shall move to a church or field in a Presbytery other than that to which he belongs until he shall have been received by the Presbytery of which the church or field is a part; no candidate shall take up residence in any church or field with the intention of assuming a pastoral relationship, without the permission of the Presbytery of which the church or field is a part. Ordinarily this permission shall not be granted until the candidate or ordained minister shall have been examined and approved by the presbytery."

19. From the Presbytery of Central Mississippi:

The Presbytery of Central Mississippi respectfully overtures the General Assembly of the Presbyterian Church, U.S., to amend section 9-2 of the Book of Church Order so as to bring it into conformity with the Word of God, by substituting for the last sentence of said paragraph this statement: "Only men are eligible to hold office in the Church." Scripture adduced include: 1 Corinthians 11:1-16, 14:34-38; Ephesians 5:22-24; Colossians 3:18; 1 Timothy 2 and 3; Titus 1:5-9; 1 Peter 3:1-6.

20. From the Presbytery of Athens:

Whereas, the Presbyterian Church, U. S., requires all ordained Teaching Elders, Ruling Elders and Deacons to subscribe to Section 29-3 (1) of the Book of Church Order, as follows: "Do you believe the Scriptures of the Old and New Testaments to be the Word of God, the only infallible rule of faith and practice?," and

Whereas the Presbyterian Church, U. S., in the General Assembly of 1964, after the consent of 57 of the 80 Presbyteries to make changes in Sections 9-2 and 12-7 of the Book of Church Order, did change these paragraphs so as now to make it possible for both men and women to be ordained to the offices of Teaching Elder, Ruling Elder, and Deacon,

Therefore the Presbytery of *Athens* overtures the General Assembly to request the Permanent Judicial Commission to:

(1) Interpret I Timothy 3:1-13 and Titus 1:5-9 in the light of this action, and

(2) To give specific Scripture passages upon which their recommendation to the 1963 General Assembly was based.

21. From the Presbytery of Congaree:

Whereas, in the church-wide debate concerning the amendment to Section 9-2 of the Book of Church Order, relating to the eligibility of women to hold offices, the proponents of the amendment stated often that it was permissive, not mandatory; and

Whereas, the 1964 General Assembly sustained the permanent Judicial Committee in its ruling in another matter that "the word 'shall' is normally to be construed in a mandatory sense, but this meaning shall always be considered in the entire context in which the word appears"; therefore,

Be It Resolved, that the *Presbytery of Congaree* overture the 1965 General Assembly to make explicit whether the eligibility of women to hold office in a local congregation is permissive or mandatory. Illustration: If a congregation nominates its officers by mail ballot from a list of qualified members submitted by the Sessions, is it mandatory that the names of women, otherwise qualified by age, residence, etc., be included?

22. From the Presbytery of Hanover:

Whereas, Section 21-2(1) of *The Book of Church Order* requires the Commission on the Minister and His Work to make annual reports on the type of work in which each Minister is engaged with the purpose of assisting the Presbytery in requiring its Ministers to devote themselves to their sacred calling as required by Sections 16-7 (16) and 107-8;

Whereas, Sections 16-2 and 26-9 make provisions for Ministers to accept work which is not under the jurisdiction of any Church court;

Whereas, some Ministers are now engaged in occupations which are ordinarily considered to be secular occupations (such as teaching, coaching, hospital administration, social work, etc.) but in which they sincerely believe that the mere fact of their ordination enables them to witness for Christ more effectively;

Whereas, Chapter 10 of *The Book of Church Order* contains sections outlining the Doctrine of the Church Office of the Minister of the Word as it pertains to the ordinary kinds of work which Ministers perform under the jurisdiction of the Church but contains no section pertaining either to unusual kinds of work or to work which is not under the institutional jurisdiction of the Church;

Whereas, it is believed that the Presbyteries need some guidance in making their decisions about allowing Ministers to perform unusual kinds of work and work not under the jurisdiction of a church court; and

Whereas, it is believed that it would be beneficial to have a certain degree of uniformity in the criteria used by the various Presbyteries in making their judgments;

Therefore, the *Presbytery of Hanover* respectfully overtures the General Assembly of the Presbyterian Church in the United States:

(1) To approve the following amendment to Section 21-2(1) of *The Book of Church Order* and to send it to the Presbyteries for their advice and consent: Add the following second sentence: "From every Minister who is performing work which is not under the jurisdiction of the Presbytery or a higher court it shall require an annual report stating the frequency and manner of his performing the duties of a Minister as described in Chapter 10."

(2) To appoint and/or instruct a committee to study and report to the General Assembly an outline of the Doctrine of the Ministry as it pertains to unusual kinds of work, work which is ordinarly called "secular," and work not under the jurisdiction of the Church; to submit for approval criteria for judging whether or not a particular work is appropriate for an ordained minister; and to propose a new section on the subject for Chapter 10 of *The Book of Church Order* if one is deemed desirable.

23. From the Presbytery of Hanover:

Whereas, the Presbytery now is defined as consisting of all the Ministers and churches within a certain district, and the Synod is similarly defined:

Whereas, many Ministers performing administrative, educational, and other work are not in fact members of the Presbytery and sometimes of the Synod within the bounds of which they reside and work; and

Whereas, confusion has arisen as to whether or not a Minister must seek the permission of a Presbytery of which he is not a member in order to perform work which is located within the bounds of that Presbytery but is not under its jurisdiction;

Therefore, the *Presbytery of Hanover* respectfully overtures the General Assembly of the Presbyterian Church in the United States to approve the following amendments to The Book of Church Order and to send them to the Presbyteries for their advice and consent:

(1) Delete the first sentence of Section 16-1 and substitute therefor the following sentence: "The Presbytery consists of its member ministers and all the churches within a certain district."

(2) Delete the first sentence of Section 17-1 and substitute therefor the following sentence: "The Synod consists of all the churches in a district comprising at least three Presbyteries and of the Ministers who are members of the included Presbyteries."

(3) Insert the following sentence after the second sentence of Section 16-2: "Except for the military chaplaincy, academic study, and work under the jurisdiction of higher church courts and the institutions and agencies of higher church courts, for the purposes of this section, all work of ministers shall be deemed to be under the jurisdiction of the Presbytery within the bounds of which the work is performed."

(4) Insert the following sentence after the second sentence of Section 26-9: "The permission of the Presbytery within the bounds of which the work is to be performed must also be secured before the work is accepted."

24. From the Presbytery of Fayetteville:

The *Presbytery of Fayetteville* respectfully overtures the General Assembly of the Presby-

terian Church in the United States to amend the Form of Government by adding a new section 24-13 to read as follows:

> The Presbytery may grant to the Commission on the Minister and His Work authority to approve dismissal of a candidate to another Presbytery, at the request of the candidate and with the approval of Presbytery's Committee on Candidates, and to inform the Stated Clerk who will then dismiss the candidate.

25. From the Presbytery of Memphis:

The Presbytery of Memphis respectfully overtures the 105th General Assembly to add the following paragraph to the Book of Church Order under Chapter 29, section 6:

> "When a Ruling Elder or Deacon reaches the age of 70, his tenure as a member of the Session or Diaconate automatically ceases. He may be re-elected by the congregation one year at a time until he reaches the age of 75 at which time he shall cease to be a member of the Session or Diaconate. He may be designated Emeritus by the congregation as a tribute to his faithful and efficient service."

60. From the Presbytery of East Alabama:

Whereas, the 1964 General Assembly issued a directive to East Alabama Presbytery et als, instructing them "to bring their procedures into line with the Constitution of our Church and to take into their care all of the ministers and churches of our denomination within the district for which they bear particular responsibility"; and,

Whereas, the Constitutional Authority for such instruction is cited as Sec. 16-1 of The Book of Church Order which defines a Presbytery as consisting "of all the ministers and churches within a certain district"; and,

Whereas, it is fully recognized that Sec. 18-6 of the Book of Church Order gives exclusive original jurisdiction to the General Assembly "to take care that lower Courts observe the Constitution"; and,

Whereas, it is pointed out that Sec. 16-8 of the Book of Church Order gives exclusive original jurisdiction to the Presbytery "to receive and dismiss churches"; and,

Whereas, such 1964 directive of the General Assembly seems to abrogate such choice inherent in Presbytery to receive or not to receive such churches by instructing Presbytery as to what action it must take in this regard; and,

Whereas, this creates an apparent ambiguity which needs constitutional clarification and construction; and,

Whereas, the fact—that the two negro churches aforesaid, are not members of East Alabama Presbytery—is not the result of any affirmative action by said Presbytery, but rather is the result of the former action of the General Assembly in creating Snedecor Memorial Synod and the subsequent creation of overlapping Presbyteries thereunder; and,

Whereas, a study, made by an Ad-Interim Study Committee of East Alabama Presbytery of the implications of the enforcement of the mandatory language of such directive, reveals that it would seriously affect the unity, and peace of the Presbytery; and,

Whereas, we sincerely believe it would be the greater wisdom in the promotion of the work of the Kingdom of our Lord Jesus Christ in this Presbytery that General Assembly change its directive to a request that Presbytery aid General Assembly in correcting its former error by taking in such churches.

Now Therefore, Be It Resolved that the Presbytery of East Alabama respectfully overtures the 105th General Assembly:

(a) To reconsider, re-examine and restudy the constitutionality of its former action aforesaid in the light of the constitutional questions above mentioned and others related thereto in implementation and enforcement.

(b) To reconsider, for the peace, unity and harmony of the church, the wisdom of the rephrasing of said directive from the mandatory imperative of an instruction or order to the permissive of a request of Presbytery to assist in the correction of the error originally made by a former General Assembly.

(c) To be patient, tolerant and understanding in dealing in these matters, recognizing the traumatic impact of the revolution in race relations now taking place in the affected Presbyteries and giving ample time for the Holy Spirit to operate in the minds and hearts of Christians of both races so that a peaceful solution may be reached by local Christians at the local level in the Christian Spirit, i.e. voluntarily and without fear, force, threat or constraint.

To the Standing Committee on Assembly Operation, 26-27, 66

26. From the Presbytery of The Everglades:

Whereas, our Church has become increasingly disturbed in recent years in widely divergent

and strongly contending viewpoints concerning the faith of the Church, the proper witness of the Church, and the unity we seek in Christ; and

Whereas, these convictions, although devoutly and sincerely held, not unfrequently develop because of a lack of understanding as to motives and a lack of communication as to objective; and

Whereas, such sharp and fundamental differences unless constructively resolved will surely result in a major schism; and

Whereas, it is utterly vain and patently foolish to seek unity and reconciliation with brethren beyond our boundaries unless and until we learn to live in peace and understanding with our brethren under the same ecclesiastical roof; and

Whereas, there is no particular instrument or agency of the General Assembly to deal adequately with such matters which are essentially nonjudicial in character;

Therefore the *Presbytery of the Everglades* respectfully overtures the 105th meeting of the General Assembly of the Presbyterian Church, U.S.:

1. That the General Assembly establish either an Ad Interim Committee or a Permanent Committee (as the wisdom of the Assembly may indicate) on *Intrachurch Relations;*
2. That this Committee be named by the Moderator or by the Assembly through its Nominating Committee, as the Rules of the Assembly may dictate, except that the personnel of such a Committee shall be composed of an approximately equal number of able and dedicated ministers and elders known generally for their wisdom, maturity, fairness, and judicious insight—representing the diverse elements within our Church, and chosen after consultation with the recognized leaders of these contending groups;
3. That the mission and task of such a Committee would be carefully and objectively to study the factors which are contributing to dissatisfaction within our Church, to keep the Assembly informed, to make such recommendations growing out of these studies and consultations as may be indicated; and, without seeking in the least to compromise any convictions or to stifle any constructive controversy, nonetheless to promote the spirit of peace in the bond of unity; and, if possible, to ascertain a consensus of thought and action, which within the framework of our Standards will enable us in mutual trust and in mutual esteem to enlarge the borders of Zion and more effectively to vindicate the cause of Christ.

27. From the Presbytery of Montgomery:

Whereas, the organizational structure of the Church is becoming increasingly complicated; and

Whereas, administrative duties in the agencies of all the Church Courts demand more and more of the time of Ministers and Ruling Elders; and

Whereas, the functions of Synods tend to duplicate functions of other Church Courts;

Therefore, be it Resolved that Montgomery Presbytery, Synod of Virginia, does hereby overture the General Assembly to appoint an ad interim committee to study and make recommendations to the Assembly on the following suggestions:

1. To amend the Book of Church Order in such a manner as to give to Synods the option of composing themselves of equal delegations of Ministers and Ruling Elders from their constituent Presbyteries instead of being composed of all the Ministers and of one Ruling Elder from each congregation within their respective bounds.
2. To assign some of the functions of Synods to the General Assembly or to Presbyteries, with a view toward making the work and the structure of Synods simpler and less time consuming.

66. From the Presbytery of Bethel:

Whereas our Reformed tradition has always stated that baptized children are members of the Covenant, and whereas the Covenant Life Curriculum has focused our attention on the nature of the Covenant community, we feel that some practical measure should be taken to make sessions and local congregations more conscious of their responsibility to their own non-communing members.

Therefore, the Presbytery of Bethel overtures the General Assembly to require each session to list the number of non-communing members under its care in its annual statistical report to the General Assembly and that the number of non-communing members in each church be listed in the Minutes of the General Assembly along side the number of communing members in each particular church.

To the Standing Committee on the General Council, 28-33

28. From the Presbytery of Nashville:

The *Presbytery of Nashville* overtures the General Assembly to direct its General Council

to include in our Church Calendar, beginning in 1967, notation of the four Sundays of Advent, the day of Epiphany, and the beginning of Lent, in addition to those days and seasons already listed or to be listed.

29. From the Synod of North Carolina:

Whereas, television is one of the major sources of education and information in the United States, and

Whereas, there is a growing awareness of its importance and possibilities as an aid in fulfilling the mission of the church, and

Whereas, the value of television has become evident to the Synod of North Carolina through the production and presentation of four programs through television stations in North Carolina, and

Whereas, since other denominations, as well as our own, recognize television as an effective medium for spreading the Gospel in our time, and

Whereas, the challenge has not been met adequately at the Assembly level, now

Therefore, be it resolved that the *Synod of North Carolina* overture the General Assembly to instruct its General Council to find ways to increase substantially the financial support of TRAV in order that our church may render a more effective Christian witness through this medium.

30. From the Presbytery of Congaree:

Whereas, the General Assembly has voted to establish a Central Treasurer, effective January 1, 1966, and

Whereas, the Central Treasurer will use an equalization process in the distribution of undesignated benevolence contributions, and

Whereas, many individuals and church courts in the Presbyterian Church, U.S., do not desire to contribute directly or indirectly to one or more of the causes listed under Interchurch Agencies, and

Whereas, these causes are not under the direct control of our General Assembly, and

Whereas, the inclusion of Interchurch Agencies in the equalization process would mean that all contributions to benevolences would increase the amount that would be received by Interchurch Agencies, and

Whereas, this would offend many of our members and church courts and could adversely affect contributions to all General Assembly Causes,

Therefore be it Resolved that the *Presbytery of Congaree* overtures the General Assembly to exclude Interchurch Agencies from the equalization process in the distribution of undesignated benevolences when the office of Central Treasurer of the Assembly is established.

31. From the Presbytery of Charleston:

Whereas, the Synod of South Carolina after much study adopted a plan for the distribution of Benevolence Funds which removed the Inter-Church Agencies from the Budget and placed them along non-budgeted items, and

Whereas, this plan was offered so that those who wish to contribute to the causes included in the Inter-Church Agencies might be afforded an opportunity to do so, and still allow those who did not care to support them an opportunity to know their contributions were not being equalized by the Assembly and thus in effect supporting these Agencies, and

Whereas, it was felt that the Inter-Church Agencies would actually realize more support in this way, and

Whereas, a Manual for Treasurers has been prepared and distributed setting forth this principle among the Presbyteries of the Synod as a reasonable solution to this problem, and

Whereas, the new Plan for a Central Treasurer of Benevolences for the Assembly would nullify the South Carolina Plan and include these Agencies in equalization,

Therefore, *Charleston Presbytery* respectfully overtures the General Assembly of the Presbyterian Church in the U.S. to remove the Inter-Church Agencies from sharing in the equalization on the Assembly level.

32. From the Synod of Mississippi:

The *Synod of Mississippi* heartily endorses the present policy of the General Council of our church in refusing to contribute to the Commission on Religion and Race of the National Council of Churches for use in its so-called "Special Mississippi Project" and emphatically urges that this policy be continued.

Synod of Mississippi deplores the nature and extent of the activities and the pronouncements of the Commission on Religion and Race of the National Council of Churches. Synod is convinced that such extreme activities and pronouncements do not promote the cause of Christ,

but on the contrary are detrimental to true Christian race relations. So long as the General Assembly elects to remain affiliated with the National Council of Churches, we urge that General Assembly use every influence to cause the National Council of Churches to revise and modify its present extreme policy in the field of race relations.

In the light of these convictions and in recognition of the acceptable Presbyterian means of speaking through elected representatives and/or overtures such as this one, Synod respectfully requests that General Assembly re-consider and re-evaluate its schedule of contributions to the several agencies of the World Council of Churches and the National Council of Churches.

33. From the Presbytery of Kanawha:

Whereas: The present Church Year, January 1 to December 31, has been in effect for twelve years or more;

And Whereas: The present Church Year seems to be unsatisfactory to some of the organizations within the church, as evidenced by the Church School and the Women-of-the-Church operating on fiscal years different from the Church Year;

And Whereas: This difference causes confusion in preparing annual reports and tends to militate against the unity of the various organizations of the church instead of drawing them together as one church;

And Whereas: It is of importance that the same Church Year be followed by each organization and agency of the church;

Be it Therefore Resolved: That *Kanawha* Presbytery respectfully overtures the General Assembly to instruct the General Council to re-study this matter and recommend to the next General Assembly a Church Year that each church and organization of it will be required to follow.

Be it Further Resolved: That Kanawha Presbytery respectfully requests that consideration be given to a Fiscal Year beginning July 1 and ending June 30.

To the Standing Committee on Annuities and Relief, 34-36

34. From the Synod of Virginia:

The *Synod of Virginia* overtures the General Assembly to instruct the Board of Annuities and Relief to study and formulate proceduces for the financial assistance and benefit of the minister and/or his family who is temporarily totally disabled or permanently totally disabled for any causes, according to standards to be established by the Board.

The Synod of Virginia overtures the General Assembly to instruct the Board of Annuities and Relief to study the possibility of requiring ministers to have periodic physical and psychiatric examinations.

35. From the Presbytery of Louisville:

Louisville Presbytery overtures the 1965 General Assembly of the Presbyterian Church in the United States to:

> Direct the Board of Annuities and Relief to determine the cost of a retirement plan for ministers that will make possible the payment of annuity at age 65 without regard to further employment and that details of this revised plan be mailed to each presbytery as soon as possible with the request that its judgment concerning the plan be communicated to the Board of Annuities and Relief.

36. From the Presbytery of Potomac:

Potomac Presbytery respectfully overtures the General Assembly to instruct the Board of Annuities and Relief to investigate and report to the next General Assembly the following matters:

1. The possible improvement in the provisions made for ministers and their families in case of total disability prior to retirement age.

2. The possibility of raising the contribution of the retirement fund from the present 7½% of the minister's salary to 10% and the minister's contribution from 2½% to 3% in order to increase the annuity to a more adequate pension.

3. The wisdom of encouraging members of our churches to will their homes when possible and desirable to the Board of Annuities and Relief for the use of retired ministers, or to devise other means of meeting this long standing need.

To the Standing Committee on Christian Education, 37-39

37. From the Presbytery of St. Johns:

Whereas, the educational atmosphere in the homes of our ministers is such as to develop a keen interest on the part of the children of our manses in a college education, and

Whereas, the cost of a four year college education, already quite high, is increasing each year in many institutions, and

Whereas, the compensation of a majority of our ministers is not keeping pace with the advance of this item of expense, and

Whereas, the manse is generally furnished by the congregation and thus the pastors do not usually own homes that might serve as collateral for loans, thus making the loan properly "bankable," and,

Whereas, the need for a long term loan to finance the higher education of their children is keenly felt by many of our ministers, now therefore,

Be It Resolved, that the *Presbytery of St. Johns* respectfully overtures the General Assembly of the Presbyterian Church in the United States, to establish a Ministers' Advanced Education Fund, using such funds as are available at the General Assembly level, and presently invested or available for investment in other grants, establishing simplified procedures for obtaining and repaying loans to be used for advanced education by the minister for members of his family, the amortization of the loan at reasonable interest to be extended over a period of years considered to be prudent by the administrators of the fund.

38. From the Presbytery of St. Louis:

Whereas, the importance of an educated ministry was emphasized by St. Paul in his instructions to Timothy, and has been recognized by the Reformed family of churches, and by the Presbyterian Church in the United States in particular, throughout its history; and

Whereas, the broad scope of ministerial duties both make it increasingly important that the minister establish for himself a regular program for continuing his theological education, and increasingly difficult for him to do so; and

Whereas, the theological seminaries of the Presbyterian Church in the United States have been among the pioneers in developing programs of continuing theological education; and

Whereas, there exists in the Presbyterian Church in the United States no office especially responsible for cooperating with the theological seminaries in planning, coordinating, and otherwise promoting the development of continuing theological education in our denomination;

Therefore, be it resolved, that the *Presbytery of St. Louis* overtures the General Assembly that it:

(1) Affirm the importance for the Church of the continuing education of its ministers; and

(2) Direct the Board of Christian Education (a) to study thoroughly the continuing education needs of the ministers of the Presbyterian Church, U.S., (b) to take whatever administrative steps the said study indicates to be necessary to provide for planning and coordination, with the seminaries and interested boards and agencies, of continuing theological education in the Presbyterian Church, U.S., and (c) to report to the next General Assembly on the results of its study, or steps already taken, and on additional measures it judges to be necessary.

39. From the Presbytery of Atlanta:

The Presbytery of Atlanta respectfully overtures the General Assembly to consider requesting our seminaries, in conjunction with the American Association of Theological Schools and Colleges, to grant in place of the B.D. degree a higher degree to those who qualify for the same.

To the Standing Committee on Church Extension, 40

40. From the Presbytery of Kanawha:

Whereas: The professions of faith throughout our church in the year 1963 were the lowest in eleven years;

And Whereas: The Evangelistic Program of our church is not getting the desired results;

And Whereas: There is a great need for re-emphasizing our evangelistic preaching;

Be it Therefore Resolved: That Kanawha Presbytery respectfully overtures the General Assembly to (1) —request the Board of Church Extension through the Division of Evangelism to explore the possibility of recruiting interested, qualified ministers to enter the field of full-time evangelistic preaching, and report back to the 1966 General Assembly; (2) —to request the Board of Church Extension to provide in its budget sufficient funds to supplement, if necessary, the salaries of such full-time evangelists; (3) —suggest that the procedure used by the Board of World Missions in recruiting missionary candidates, or a similar process, might be used in the recruiting of such full-time evangelists.

To the Standing Committee on Women's Work, 41

41. From the Presbytery of Norfolk:

The *Presbytery of Norfolk* respectfully overtures the General Assembly of the Presbyterian Church, U.S., to bring the church year of the Women of the Church into conformity with the church calendar as a whole, January 1-December 31, and that the Assembly recommend a conformity of the Women of the Church Committees to the Work and Worship of the Session.

To the Standing Committee on Inter-Church Relations, 42-57, 61-65

42. From the Presbytery of Appomattox:

Whereas, the membership in The National Council of Churches is held by the Presbyterian Church, U.S., at the Assembly level and by The Assembly only;

Whereas, there is a majority opposition to certain activities of various commissions of the National Council (as evidenced by the last Assembly action);

Whereas, all giving to the benevolence causes of the church is voluntary in each congregation;

Whereas, financial statements of the giving of the church in detail are demanded and furnished for the most part by all Agency reports to the Assembly and its constituency;

Whereas, the detailed report of giving to the National Council has not been given in detail and with clarity;

Whereas, in the face of this known opposition to the Council, The Assembly has gone on record as favoring increase in giving to the Council, not indicating the source of this increased giving;

Be It Resolved by The *Appomattox Presbytery* that we do now overture the General Assembly of the Presbyterian Church, U.S. 1965:

1. To make full and complete public report of the giving to The National Council periodically: (A) By what Agencies (B) To what Special Causes and Commissions of the National Council (C) and amount involved.

2. And also to make adequate provision for the churches to give voluntarily to the Council as a separate cause of the Assembly.

3. That this General Assembly order a careful study of the relationship of Assembly Agencies to the Council, in light of new reorganization of the Council and in the face of the evident opposition of The Assembly and the Church membership to some of the activities of the Council that do not bear the sanction of the church.

43. From the Presbytery of Nashville:

In view of the unrest in our Church in connection with our membership in the National Council of Churches, the *Presbytery of Nashville* overtures the General Assembly to exert its influence toward achieving the following ends:

(1) That a reorganization be effected which will make the National Council of Churches more responsive to its member denominations, including a meeting of its General Assembly more often than once every three years.

(2) That its executives be definitely accountable for statements and actions to some clearly identifiable superior body.

(3) That some means be found to distinguish clearly between official positions and actions of the National Council of Churches and the things that are said and done at innumerable conferences, workshops, retreats, etc., held under NCC auspices.

(4) That the National Council of Churches or its subsidiary bodies refrain from endorsing particular political parties or candidates.

(5) That the General Assembly give assurance that the suggestions and criticisms made by our highest court are heard by the National Council and that some published answer be given by the Council to the statements and suggestions made by our General Assembly.

44. From the Presbytery of Charleston:

The *Presbytery of Charleston* respectfully overtures the General Assembly to reconsider its membership in the National Council of Churches of Christ in America.

45. From the Presbytery of Congaree:

Whereas, the National Council of the Churches of Christ in America has departed from its constitution, pursuing objects and promoting programs not specified in Article II of said Constitution, and,

Whereas, in so doing the National Council of Churches has proved a disrupting force in the life of the church, rather than unifying one, and has brought down obloquy on the name of the church;

Therefore, Be It Resolved, that *Congaree Presbytery* overtures the 1965 General Assembly of the Presbyterian Church in the United States to withdraw immediately from the National Council of Churches of Christ in the United States of America.

46. From the Presbytery of Harmony:

Harmony Presbytery respectfully overtures the General Assembly of the Presbyterian Church in the United States as follows:

Whereas, Harmony Presbytery has received no less than six overtures from churches within the presbytery urging Harmony Presbytery to overture the General Assembly of the Presbyterian Church in the United States to withdraw from the National Council of Churches, and

Whereas, we believe that it is becoming more and more embarrassing to have our church's name affiliated with the National Council of Churches because of the many pronouncements of the Council which do not represent our views and the political and social programs are not in accord with our beliefs, and

Whereas, the methods and activities of the National Council of Churches reflect a difference of opinion in the nature and function of the church of the Lord Jesus Christ from that of the Presbyterian Church in the United States, and

Whereas, many of their activities along social lines jeopardize the peace and harmony of the churches in the presbytery, and

Whereas, Section IV of Chapter XXXIII of the Westminster Confession of Faith which forms a part of the Constitution of the Presbyterian Church in the United States reads:

"Synod and Council are to handle or conclude nothing but that which is ecclesiastical: and are not to intermeddle with civil affairs which concern the commonwealth unless by way of humble petition in cases extraordinary; or by way of advice for satisfaction of conscience, if they be thereunto required by the civil magistrate."

Whereas, the National Council of Churches, of which the Presbyterian Church in the United States is a member, is now and has been for some time intermeddling with civil affairs and speaking for the protestant churches in the United States, including the Presbyterian Church in the United States contrary to the constitution of such church, and by statements and actions causing discord and disunity throughout the church and the nation which are disapproved by this church, and

Whereas, efforts have been made by those who disapprove such actions on the part of the National Council of Churches to have the Presbyterian Church in the United States withdraw its membership from the National Council of Churches, but the General Assembly has declined and refused to do so, now

Be it resolved that the *Presbytery of Harmony* overtures the General Assembly of the Presbyterian Church in the United States to withdraw its membership in the National Council of Churches in the United States.

Be it further resolved, that if the General Assembly of the Presbyterian Church in the United States answers the above in the negative, the General Assembly be requested to send the matter to the several presbyteries for advice and consent.

47. From the Presbytery of Southwest Georgia:

Whereas, the methods and activities of the National Council of Churches reflect a difference of opinion in the nature and purpose of the Church of the Lord Jesus Christ from that of the Presbyterian Church in the United States; and

Whereas, many of their activities along social lines jeopardize the peace and harmony of the churches and presbyteries;

Therefore, we, the *Presbytery of Southwest Georgia,* respectfully overture the General Assembly of the Presbyterian Church in the United States to withdraw its membership from the National Council of Churches.

48. From the Presbytery of Florida:

Whereas, the pronouncements, activities, actions and works of the National Council of Churches continue to be divisive, controversial and detrimental to the peace and purity of the Presbyterian Church, U.S., and,

Whereas, participation in the National Council of Churches continues to be divisive, controversial and detrimental to the peace and purity of the Presbyterian Church, U.S., and,

Whereas, the National Council of Churches engages itself in areas far removed from the church's spiritual ministry, to the detriment of the church's witness, and,

Whereas, participation in the National Council of Churches siphons from the Presbyterian Church, U.S., funds desperately needed by her Boards and Agencies, and,

Whereas, disenchantment with the National Council of Churches has become increasingly militant,

Therefore, we the *Presbytery of Florida,* respectfully overture the General Assembly as follows:

> That the Presbytery of Florida overture the General Assembly of the Presbyterian Church, U.S., to withdraw all financial support of and participation in the National Council of Churches of Christ in the U.S.

49. From the Presbytery of Knoxville:

The Presbytery of Knoxville overtures the General Assembly to withdraw its membership in the National Council of the Churches of Christ.

50. From the First Church, Augusta, Ga.:

Whereas, the continuing membership of the Presbyterian Church in the United States in the National Council of Churches of Christ in America is causing considerable dissension not only in this church but in many other churches throughout our Assembly, and,

Whereas, this dissension is not conducive to Christian fellowship and harmony in the church and is hindering the effective work of the church, and recognizing that the General Assembly is the proper court for responsibly debating our church's relationship to the National Council of Churches, and recognizing that respect for and acceptance of its decisions by the lower courts can make for peace and unity in our beloved church,

Now, Therefore, the *Session of the First Presbyterian Church of Augusta, Georgia,* respectfully overtures the General Assembly to initiate the proper procedure for severing our church's relationship with the National Council of Churches in America. It is further respectfully requested that in the event this action is found to be or not to be the will of the Assembly, that said Assembly, in the spirit of Christian love, urge the lower courts and congregations of our church to accept the decision made in the same Christian spirit. This is requested in order that our church may unitedly seek to understand more thoroughly what the Scriptures teach in regard to what man is to believe concerning God and the duty which God requires of man.

(Note: This overture was presented to the Presbytery of Augusta-Macon and by it answered in the negative.—*Stated Clerk.*)

51. From the Government St. Church, Mobile, Ala.:

The Session of the Government Street Presbyterian Church meeting on February 24, 1965, adopted the following Resolution by majority decision:

Whereas, on October 19, 1964, the Session of this Church passed the following resolution:

1. That it is the belief of the Session that it is not best for the Presbyterian Church in the U.S. to belong to the National Council of Churches of Christ in the U.S.A.
2. That the Session overture the Presbytery of Mobile requesting that Presbytery overture the General Assembly for withdrawal of the Presbyterian Church in the U.S. from the NCCCA.
3. That the Session inform Presbytery that it is the will of our Session that no funds in the general budget of our church be used for the NCCCA or to release other funds to be used therefor.
4. That the Clerk of the Session inform our Congregation by letter of our action and also inform them that any member who desires to contribute funds to the NCCCA may do so through this church by designating the amount he or she wishes to have to go to that purpose. These funds will be forwarded to Presbytery separately.

And Whereas, this Resolution was presented to the Presbytery, and

Whereas the Presbytery saw fit to refuse to overture the General Assembly as requested in the above Resolution, and

Whereas this Board is still of the firm belief that the National Council of Churches of Christ in the U.S.A. is not a body to which the Presbyterian Church should belong,

Now Be it Therefore Resolved that this Board overture the General Assembly to take such action as is necessary for the withdrawal of the Presbyterian Church U.S. from said National Council of Churches of Christ in the U.S.A.

52. From the Smyrna Church, Smyrna, Ga.:

The Session of the Symrna Presbyterian Church, Smyrna, Georgia, hereby overtures the General Assembly in accordance with the Standing Rules of the General Assembly, Section I, paragraph 7.4 (said overture having already been presented to and rejected by Cherokee Presbytery in its Stated Fall Meeting, October 20, 1964):

Whereas, the National Council of Churches has issued under their copyright publications prejudicial to the very moral fibre of our people, an illustration of such publication being "Called to Responsible Freedom," by William Graham Cole, which says, quoting, "We know further that there is sexual contact between unmarried couples that is motivated by love which is pure and on occasions beautiful," and such being completely indicative of the whole tenor of the pamphlet; and

Whereas, such publications not only fail to encourage obedience to God's Laws, but specifically encourage the free sexual activity which pervades so many areas of our secular world; and

Whereas, the National Council of Churches of Christ and its officers continually act and have made pronouncements, expressly and by implication in the name of all its constituent denominations of which our Presbyterian Church, U.S., is one; and

Whereas, overtures have continued to arise from the Presbyteries showing the continued and even growing dissatisfaction with the National Council of Churches

Be it Resolved that the Session of the Smyrna Presbyterian Church, Smyrna, Georgia, overture the General Assembly of the Presbyterian Church in the United States, meeting at Montreat, North Carolina, on April 21, 1965, that the Presbyterian Church in the United States withdraw from its membership in the National Council of Churches.

53. From the Synod of Virginia:

The *Synod of Virginia* overtures the 1965 General Assembly to name a committee of 12 to meet with a similar committee of the UPUSA Church and explore the conditions that are before our Churches today with a view to our reunion.

The Synod affrms its earnest hope that the Reformed Church in America and other Presbyterian and Reformed Churches which may desire to do so, join in this exploration.

54. From the Presbytery of Montgomery:

1. Whereas the 104th General Assembly directed that "the Permanent Committee on Inter-Church Relations be advised of the increased urgency of conversations and understanding with the U.P. U.S.A. Church and other Reformed Churches and be instructed forthwith to explore differences and similarities with the U.P. U.S.A. Committee and committees of other Reformed churches wishing such an exploration," and

Whereas the 177th Synod of Virginia has adopted the following resolution:

That the Synod of Virginia overture the 1965 General Assembly to name a committee of 12 to meet with a similar committee of the UPUSA Church and explore the conditions that are before our Churches today with a view to our reunion.

That the Synod affirm its earnest hope that the Reformed Church in America and other Presbyterian and Reformed Churches which may desire to do so, join in this exploration.

And Whereas, in the judgment of Montgomery Presbytery, the study of our relations with the UPUSA Church is a matter which requires more time and attention than the Permanent Committee on Inter-Church Relations, with all the other matters committed to its care, can give to it,

Therefore Be It Resolved (1) that the Presbytery of Montgomery concur with the judgment of the Synod of Virginia as expressed in the above overture, and (2) that this resolution be communicated to the General Assembly through the Assembly's Stated Clerk.

2. That the attached factual information be received by the members of Presbytery and be distributed also to Montgomery Presbytery's principal and alternate Commissioners to the 1965 General Assembly.

55. From the Presbytery of Potomac:

Whereas, Christian unity is a central theme of the Gospel of Jesus Christ and has long been a concern of the Presbyterian Church in the United States, and

Whereas, our General Assembly's Permanent Committee on Inter-Church Relations has been given the responsibility of implementing our Reformed theology of Christian unity by "serving the General Assembly in the areas of relations with other churches and inter-church bodies" and

Whereas, this Committee's functions and responsibilities have greatly increased, its membership must be strengthened by the selection of dedicated, strong-minded Christian men and women committed to that Reformed theology of Christian unity, and

Whereas, present nominations to membership on the INTER-CHURCH Relations Committee are made through the Synods, thus leading to frequent changes, delays in replacement and a lack of adequate consideration of the Committee's responsibilities.

Therefore, the Presbytery of *Potomac* respectfully overtures the 105th General Assembly of the Presbyterian Church in the United States to amend the Manual of the Permanent Committee on Inter-Church Relations as follows: (See Manual, pages 180-182 of the 1963 Minutes of the General Assembly.)

(1) For Article IV Membership, substitute the following:

"Section 1. The committee shall include fifteen elective members, elected by the General Assembly according to its rules, and the Moderator and Stated Clerk of the General Assembly *ex officiis.*

"Section 2. The fifteen elective members shall be elected in three classes of five members each. One class of five members shall be elected by the Assembly annually to serve for a term of three years. No member shall be eligible to serve for more than three consecutive terms.

(2) In Article VII, Section 1, substitute the words "twice a year" for "annually."

56. From the Presbytery of Lexington:

The Presbytery of Lexington respectfully overtures the 1965 General Assembly of the Presbyterian Church in the United States to answer in the affirmative the invitation from the General Assembly of the United Presbyterian Church in the United States of America to begin talks leading to a possible merger of these bodies; and to initiate whatever action is necessary to bring such discussions into being.

57. From the Presbytery of Missouri:

Presbytery of Missouri respectfully overtures the 105th General Assembly of the Presbyterian Church in the United States to take a stand that our Church's membership in and support of the National Council of Churches be continued.

61. From the Presbytery of East Alabama:

The Presbytery of East Alabama respectfully overtures the General Assembly to withdraw our denomination from membership in the National Council of Churches.

62. From the Presbytery of Savannah:

Whereas debate about the merit of our Church's membership in the National Council of Churches has caused great unrest in the churches of our Presbytery, and has consumed much of the time and energy of our people to the possible neglect of other important phases of the work of the Kingdom of Christ, and

Whereas this issue threatens to create a cleavage which we greatly deplore between the clergy and the laity, and

Whereas many persons believe that the National Council of Churches has fostered and encouraged political, economic and social activities detrimental to the good of our church, and should be restrained from its activities and statements in controversial and divisive fields,

Be it Therefore Resolved that Savannah Presbytery, by this resolution adopted, do communicate the above mentioned concerns and respectfully overture the General Assembly to withdraw our Church from full membership in the National Council of Churches, and

Be it Further Resolved that we do here affirm our continued loyalty to the Presbyterian Church, U. S. and express our confidence in the leaders who shall make the decision requested above, and

Be it Also Resolved that we hereby rejoice in the great benevolent ministry of our Church and call upon our churches to give full support to it, at the same time binding no congregation's conscience to support any part in which it does not believe, and

Be it Also Resolved that we declare a moratorium of one year during which time we shall refrain from debating this issue on the floor of Presbytery, and

Be it Finally Resolved that we call our churches to renewed prayer and a vigorous proclamation of the Gospel of Christ, the "faith once for all delivered to the saints."

63. From the Presbytery of Cherokee:

Whereas the National Council of Churches of Christ in the United States of America has made pronouncements or policy statements appearing to represent "a substantial preponderance of opinion that there is a strong weight of ethical, moral, or religious principle in support of the views expressed" of 39,000,000 Protestant Christians, and

Whereas the record of the procedure by which the pronouncements were made reveals that they were at times made by a very small group which did not adequately represent the great body of the Protestant forces of America holding membership in the National Council of Churches, and

Whereas the continued practice of such inadequately represented public statements and the sponsorship of programs which do not always have the approval and support of the governing bodies of the churches jeopardizes the peace and unity of the constituent churches and serves to invalidate the purpose of the National Council of Church which is set forth in its constitution as being "to manifest more fully the oneness of the Church of Christ."

Whereas we recognize the need of a properly controlled expression of the voice of Protestantism on its interpretation of the Spirit of Christ on moral and social questions, yet recognizing the difficulties inherent in such process,

Therefore Cherokee Presbytery respectfully overtures the General Assembly of the Presbyterian Church, U. S. to appoint an ad interim committee to study and recommend a procedure by which the policies, pronouncements and programs of the National Council of Churches of Christ in America may more clearly and responsibly reflect the acceptance and support of its constituent denominations.

64. From the Presbytery of Cherokee:

Whereas the Presbyterian Church in the United States holds that the Church is spiritual in nature and that it constitutes a kingdom and government separate and distinct from the civil government (BCO 1-2 and 1-3), and

Whereas the National Council of Churches of Christ in the United States of America has conducted a persistent program of activities beamed at the influencing of legislation of our National Congress, using the implied threat of the weight of the membership of its constituent churches, and

Whereas the office of the National Council of Churches in Washington is primarily designed and used for this purpose, and

Whereas many conscientious members of the constituent churches of the National Council of Churches believe sincerely that this is not a proper function of the Church of our Lord Jesus Christ, and have consistently voiced their opposition to this type of activity on the part of the National Council of Churches, but apparently to no avail,

Therefore Cherokee Presbytery, of the Synod of Georgia respectfully overtures the General Assembly of the Presbyterian Church in the United States to initiate proceedings through its representatives in the General Assembly or General Board of the National Council of Churches as may be appropriate, consistent with its constitutional requirements, to cease all activities for the purpose of directly influencing legislation.

65. From the Presbytery of Birmingham:

The Presbytery of Birmingham respectfully overtures the 105th General Assembly of the Presbyterian Church, U. S., meeting at Montreat, N. C., in the following terms:

1. We recognize that the mission of the church is to engage in a ministry of reconciliation on behalf of our Lord, Jesus Christ. As a vital part of this ministry of reconciliation, we feel that a truer understanding of Alabama's position by other sections of the church and of the nation is essential.

2. In sincere repentance we accept responsibility for our own sins. We are aware of great injustices done to both Negro and white citizens in Alabama. We confess that we have done too little to change these injustices and have done it too late. We are aware of the fact that we are a part of the larger community of our denomination, a fact that we recognize and appreciate, and we therefore desire to have the understanding and good will of men in all parts of the church.

3. We plead for your understanding of the magnitude of the task we face in Alabama, and the strength of evil men we face here. We call to your attention that there are both just aims in the Negro's quest for equality and unjust methods being used to attain these aims. The gathering together of excited people for the purpose of so-called non-violent demonstrations has led in every case in Alabama to violence by law enforcement officers, demonstrators and sometimes by others.

4. We call your attention to the fact that Christians must understand the involvements of power politics.

5. We plead especially for your understanding about the difficulty of our relationship to the National Council of the Churches of Christ in the U. S. A., in the churches of Alabama. We live in an overwhelming environment of those whose denominations do not belong to the N. C. C. The call by the Commission on Religion and Race on March 7th for outside ministers to enter Selma to demonstrate has caused untold resentment and has inflamed the opinion of churchmen of all persuasions in Alabama.

6. We protest the use of the name of the National Council of Churches by a subordinate body, the Commission on Religion and Race, in this call and ask the General Assembly to convey this protest to the proper authorities of the N. C. C.

7. We recognize that it is primarily our responsibility as Alabama Christians to work to change unjust laws, to insist on fairness on the part of public officials, and to seek to correct unjust situations. But the efforts of men of good will in Alabama are often hindered by such actions as that of the Commission on Religion and Race, the exploitation of the situation by national news media, and the inflammatory expressions of public officials, both state and national, and intemperate statements of church officials and leaders.

We plead for your help in seeking ways of genuine reconciliation in Alabama.

PARTIAL REPORT OF THE STANDING COMMITTEE ON CHURCH EXTENSION

Rev. J. V. Cosby Summerell, Chairman, presented a partial report of the Standing Committee on Church Extension. The report was adopted, as follows, comprising the first five recommendations of the Standing Committee:

1. That, as we face our mission as individuals and congregations seeking to lead this generation to accept Jesus Christ as Lord and Savior, the General Assembly be requested to issue in its own name a message to the Church using for this purpose the document prepared by the Board of Church Extension entitled "A Call to Repentance and Expectancy," as follows:

A Call To Repentance and Expectancy

There is a widespread agreement in the Presbyterian Church concerning the importance of evangelism. And there is a widespread feeling among us that we are falling short in this important work. A marked decline in the usual indices of a church's spiritual health —professions of faith, baptisms, candidates for the ministry, new churches—has Presbyterians in all parts of our Assembly deeply concerned.

Many throughout the Church have been engaged in prayerful pondering of these things. Out of this has come the conviction that we should address to the whole Church, not new plans and procedures, but a call to repentance and to expectant waiting upon the Lord.

I

The question before us is whether the profession of our faith in Christ has produced a concern for evangelism strong enough to lead to repentance for our failing to share the glorious news of Jesus Christ, His Lordship, and His saving grace.

Do we want to evangelize the world badly enough to repent of the selfishness with which so many of us enjoy an unparalleled standard of living while millions of our fellow human beings live in bitter poverty, and we show so little concern?

Do we want to evangelize the nation badly enough to repent of the complacency with which we view our denomination and therefore fail to realize that we are a part of the whole body of Christ?

Do we want to evangelize the South badly enough to repent of the pride of class, wealth, and education which makes so many Southern people feel out of place in a Presbyterian Church?

Do we want to evangelize the Negro people and other minority groups badly enough to repent of the prejudice that will not welcome those who believe into our fellowship?

Are we serious enough about evangelism to repent of a hypercritical attitude toward the Church which seems to delight in cataloguing the Church's failures and is not troubled that it discredits the Church in the eyes of both its friends and its foes?

Are we serious enough about evangelism to repent of our involvement in the moral corruption of our society: drunkenness, sexual immorality, covetousness and the loss of strict standards of honesty?

Are we serious enough about evangelism to repent of a crass materialism that has infected ministry and laity alike?

Are we serious enough about evangelism to repent of the sin of suspicion: looking for the worst in our brethren and ignoring the best, and so dividing the Church?

No program of evangelism can succeed if the ministry of our Church lacks the confidence of the people. Are we ready to repent of sowing the seeds of rumor and purposely seeking to discredit the ministry in the eyes of the people?

No program of evangelism can succeed unless the laymen bear the major load. Are we ready to repent of a clericalism which has bypassed the laymen?

No program of evangelism can succeed if we as a Church have

lost our concern for the misery of a man without God and our faith in the wonderful things God can do for and with a man when He gets hold of him. Are we ready to repent of hardness of heart and lack of faith and shallowness of theology?

We do not say that repentance for these and other matters in our corporate life will compel the outpouring of the Spirit's power and guarantee evangelistic success. We do say that we can hardly expect His power when we are unwilling to repent and abandon our sins. The Spirit who gives power to our witness is the same Spirit who leads to repentance. Are we willing for Him to do both? We cannot go on longer expecting Him to do one without the other.

II

Let us also, brethren, learn once again to wait on the Lord. Evangelism is the work of the Holy Spirit, who works as, when, and where He wills. That revivals of the Church do not arrive on our time schedule or as a crowning success to our plans is ultimately of God's mercy. He would teach us patience and reliance upon His power rather than our own efforts.

In our waiting, let us faithfully discharge the regular, ongoing duties of the Church's life. Let the Word of God be faithfully and fearlessly preached from every pulpit, in language that the people can understand; for without the Evangel there can be no possibility of evangelism. Let the children of the covenant be taught in the church schools the principles of our holy religion, and let the adult members of the church continue to study them; for Christians who can give no reasons for the faith that is in them cannot be effective evangelists. Let pastors and elders be faithful in tending the flock, let deacons administer the temporal affairs of the church with wisdom and sympathy for human need, let every member use his gifts for the upbuilding of the body of Christ; for there must be a living, vital fellowship into which men can be brought by evangelism. Let evangelistic efforts of all kinds continue and be strengthened, even though the fruit seems meager; for it is those who do not grow weary in welldoing who will reap in due season, if they faint not.

Above all, let us wait expectantly, in constant united prayer as the disciples awaited the coming of the Spirit at Pentecost. Let us wait in the faith that God can do through and with us exceeding abundantly above all we ask or think. Unto Him be glory in the Church of Christ Jesus throughout all ages, world without end. Amen.

2. That the General Assembly request each Presbytery to so arrange the program for its 1966 winter meeting as to give ample time for the thoughtful and prayerful consideration of this "Call," urging upon those who plan the program of presbytery the primary importance of this particular matter at this time.
3. That the General Assembly request each presbytery to urge all its member congregations to engage in an extended period of prayer, study, and self-examination, based upon the "Call" culminating in the Easter Season 1966.
4. That the Division of Evangelism be instructed to implement this "Call," working with the Office of the Stated Clerk in aiding presbyteries to put the "Call" into effect.
5. That the presentation and consideration of this proposed message to the Church be docketed as a special item, apart from routine Standing Committee reports to the Assembly.

REPORT OF THE STANDING COMMITTEE ON ANNUITIES AND RELIEF

Mr. Henry Goodpasture, Chairman, presented the report of the Standing Committee on Annuities and Relief. During the report the Assembly suspended the rules and adopted recommendations 2-13 inclusive without reading. The report was adopted, as amended, and is as follows:

The following have been referred to the Committee:

A. Minutes of the Board of Annuities and Relief.
B. Report of the Board of Annuities and Relief with is recommendations.
C. Nominations to the Board of Annuities and Relief. (The portion of the report of the Permanent Nominating Committee which concerns this Standing Committee).
D. Overtures 34-36.

RECOMMENDATIONS

I. We recommend that the Board's report be approved and the following recommendations adopted:

1. (a) That the General Assembly endorse the following action of the Board: We announce, upon the advice and consent of Huggins and Company, Inc., our actuaries, the approval of a Special Favorable Experience Credit.

The Ministers' Annuity Fund was adopted and established as the Official annuity program of the Presbyterian Church in the United States twenty-five years ago on April 1, 1940. Although the Official Plan of the Ministers' Annuity Fund provides for payment of administrative expenses from the organizational dues (i.e. 7½% dues), it has been the practice of the Board not to use such funds for administrative purposes. None of the dues paid by the members into the Fund or the dues paid on a group basis by the employing church or agency, and credited to the members' accounts, suffer a reduction for operational costs. It has been possible to operate the Ministers' Annuity Fund without benevolent apportionment from the Church or deduction from dues because of initial grants and bequests for this purpose. In addition, strength has been added to the financial foundations of the Fund through the years by efficient and economical management, plus good investment experience, which have produced incomes larger than the required guarantee and necessary administrative costs.

At this point we pay tribute to the unselfish and dedicated service of Dr. Henry H. Sweets, Dr. Wade H. Boggs and Mr. Charles J. Currie, and to the wisdom and generosity of those who contributed to such administrative endowments. Further, we honor those far-sighted, intelligent, unselfish and devoted Board members who, without cost to the Fund and at times with much sacrifice, gave for the benefit of the ministers of our Church the fruit of their many years of experience in the world of business and finance.

These business men on the Board, along with the others, selected and elected by the General Assembly for this vital service, merit our lasting gratitude.

Although the Fund has operated during periods when interest rates in many areas were less than 1%, as well as in happier situations, our actuaries advise in their valuation of December 31, 1964, as follows:

"We have completed the valuation of the Ministers' Annuity Fund as of December 31, 1964, the close of its 25th fiscal year of operation. The valuation indicates that the Fund is actuarially in a strong position.

"An outstanding development of the year is the fact that the actuarial reserves of the Fund increased by nearly $6,000,000; whereas, the normal increase would be closer to $3,000,000. The reasons for the unusual increase are (a) the 8% 'special favorable experience credit' which became effective January 1, 1964 and (b) the lump-sum death benefit program which became effective at the moment of adjournment of the 1964 General Assembly. *It should be emphasized that full actuarial reserve provision has been made for these 'extra benefits.'*

"It is our opinion that the actuarial assumptions currently being used for the valuation of the Fund are reasonable and that, on the basis of these assumptions, the present assets of the Fund, with a 10% rate of dues in the future, *are adequate to provide the benefits set forth in the Official Plan, including the extra benefits established in 1964.*"

Our actuaries further advise that they are satisfied with the ratio of the Fund Balance in Reserve, which represents a combination of an Administrative Expense Reserve, Interest Reserve, a Reserve for Investment Contingencies and a General Contingency Reserve, to the total Fund.

We are pleased to report, in view of the above, and as a result of a special study requested by the Board, that our actuaries in their valuation as of December 31, 1964, inform us that it will be possible on January 1, 1966 to add to each member's account a Silver Anniversary "Special Favorable Experience Credit." This "special credit" is possible at a cost of $342,000 for each 1% of accumulated annuity credits held by the Fund. This actuarial computation provides for the same percentage of increase in the amount of payment for those already receiving annuities, even as it provides an increase in credit to the accounts of those in active service.

As of January 1, 1966, sufficient reserves amounting to approximately $3,420,000 will be transferred from "Fund Balance in Reserve" to the "Actuarial Reserves of the Ministers' Annuity Fund," making possible a 10% increase in all annuities being paid as of that date and in all 1/80th annuity credits accumulated to that date.

Such special credits do not change the terms of the Official Plan of the Ministers' Annuity Fund. These "special benefits" *will be payable in addition to the normal benefits payable under the terms of the Official Plan.*

This "Special Favorable Experience Credit" in no way affects the future accumulation of credits or the dues required as outlined in the Official Plan. The accumulation of credits in the future will be on the same basis as in the past.

(b) That the General Assembly endorse the following action of the Board at its meeting, February 23, 1965: Upon the advice and consent of Huggins and Company, Inc., our actuaries, a "Special Favorable Experience" credit shall be possible in the Employees' Annuity Fund as of January 1, 1966.

The Board approved the following: As of January 1, 1966, sufficient reserves amounting to approximately $150,000 will be transferred from the Fund Balance in Reserve to Actuarial Reserves of the Employees' Annity Fund, making possible a 6% increase in all annuities being paid as of that date and a corresponding increase in all deposits, for annuity purchase purposes, held in the accounts of the non-retired members.

The benefits of this 6% Favorable Experience Credit are not available should a member of the Employees' Annuity Fund withdraw under the provisions of Article I, Section 6, and Article II, Section 6 of the Official Plan.

In making this announcement to the General Assembly, of this action of the Board, we record our gratitude to God for His goodness and His guidance and again express our thanks for the leadership He has provided through Dr. Henry H. Sweets, Dr. Wade H. Boggs, Mr. Charles J. Currie and Dr. George H. Vick.

In giving thanks for these additional benefits which are over and beyond the contractual guaranties of the Official Plans of both the Ministers' Annuity Fund and

the Employees' Annuity Fund, we must call to the attention of each member of the Funds and to the attention of the entire Church that these "Special Good Experience Credits" represent the results of accumulated good experience, efficient management and sound investments over a period of almost 25 years.

It should be noted that in a period of three years the Board will have funded in extra benefits, and to provide additional actuarial security in both the M.A.F. and E.A.F., approximately $9,000,000. It is imperative that the members of the Funds understand that further benefits "beyond the contracts" are not to be expected in the immediate future.

2. That the General Assembly remind all presbyteries of, and request that they direct the attention of their Commission on the Minister and His Work to, the following previously expressed declarations and opinions of the General Assembly as they refer to the Ministers' Annuity Fund of our Church:
   (a) The Ministers' Annuity Fund is the accepted and official retirement plan of the Presbyterian Church in the United States.
   (b) The Ministers' Annuity Fund was established as a Christian, business-like pension system and with the goal of eventually removing the necessity of budgeting benevolent dollars for monthly assistance to the retired servants of our Church.
   (c) The approval by a Presbytery of a Call that does not provide for the church to carry its share of the responsibility for the retirement years of the minister through the Official Plan of the Presbyterian Church in the U.S. is an implied commitment, on the part of the particular church and presbytery, to the use of benevolent dollars beyond the intention of the Church. The General Assembly declared the intention of the Church in its adoption of the Report of the Ad Interim Committee on Annuities and Relief of 1953. We quote a part of that Report:
      "Thus the retirement needs of some ministers may be met from Ministerial Relief on the basis of gratuities, while the vast majority of our ministers are helping to provide for their own retirement needs by maintaining membership in the contributory pension system. Hence, we have Ministerial Relief for one group of ministers when they come to retirement, and the provisions of a contributory pension system for another group. This appears to be unfair if allowed to continue indefinitely and will work an inequitable hardship upon both the members of the Fund and the benevolence funds of the Church." (G. A. Minutes 1953, Page 142)
   (d) The General Assembly has, for all practical purposes, absolved itself of responsibility in the case of ministers and their families who do not participate in the Fund, through the 1953 action, to wit:
      "That the General Assembly call to the attention of its ordained ministers who are not members of the Ministers' Annuity Fund that on and after January 1, 1954 in the case of those whose ordination took place subsequent to April 1, 1940, the date of the opening of the Fund, or who were received by transfer from other denominations subsequent to April 1, 1940, it shall not ordinarily be the obligation of the Ministerial Relief Fund to care for them. The same shall apply to the widows and the dependents of said ministers, but shall not prevent the continuance of appropriations to ministers, or their dependents, who on January 1, 1954 were already receiving appropriations from the fund of Ministerial Relief." (G. A. Minutes 1953, Page 142, Report of the Ad Interim Committee on Annuities and Relief)
   (e) The Ministers' Annuity Fund was designed, in part, for the benefit of the individual minister and the individual church. It was designed primarily as an instrument through which all of the ministers and all of the churches could join in providing benefits, other than financial, for the total ministry and the total Church. We quote from the 1934-35 Annual Report of The Executive Committee of Christian Education and Ministerial Relief:
      "Great spiritual objectives are before the Ministers' Annuity Fund. It will undergird all the work and workers of our Church both at home and abroad. It will more completely release the energies of our ministers and missionaries for their spiritual ministries. It is centering the thought of the Church not on institutions or buildings or organizations, but on personality which is essential to the advancement of the Kingdom of God."

   In addition to making these "spiritual objectives" a reality for all, the Fund provides

protection and retirement income, on a group basis, that would be impossible for an individual minister or a single church to provide.

3. That the Assembly again urge all churches and Church Extension Committees, in determining the basis for payment of dues to the Ministers' Annuity Fund to add 15% for free use of manse, if any, regardless of ownership, to all sources of salary, and also to include any other fixed cash commitments, such as automobile or utilities allowances, etc., in order that ministers may build larger earned annuities.
4. That the General Assembly urge all churches and Church Extension Committees to adopt the plan of remitting the minister's 2½% dues and the church's 7½% dues in one check; this procedure greatly facilitates the handling of accounts and results in accounting economies to the benefit of the entire membership of the Fund. And, further, that the Assembly remind members and remitting treasurers that the dues to the Fund are due on the first of each month, for the month, and in advance. The commitments made by the Fund to minister members, that will be fulfilled in their years of retirement, are based actuarially on the premise of having the moneys in advance each month for investment beginning that month and earning interest from that date until the date of their retirement.
5. That the Assembly encourage the Presbyteries to urge all ministers to avail themselves of Social Security benefits as self-employed persons.
6. That the Assembly commend again to all churches and Church agencies and to non-ministerial employees of the Church the benefits of membership in the Employees' Annuity Fund and urge participation in it; calling to the attention of employee and employing agency that, under the present practice of the Board, the dues paid-in are 100% refundable to both the participating employer and employee, plus earned interest, should services terminate before retirement.
7. That the Assembly urge all churches and Church agencies to make available to their full-time salaried personnel the insurance coverage offered under the Group Life and Major Medical Plan which was adopted by the General Assembly. Those eligible for admission under the plan may enter without a physical examination in the month of January.
8. That the Assembly authorize the Board to continue to use a portion of the funds of Ministerial Relief to supplement the inadequate annuities in the meeting of emergencies in the lives of annuitants of the Ministers' Annuity Fund, taking into consideration their other sources of income.
9. That the Assembly authorize the Board to continue to use a portion of the funds of Ministerial Relief to supplement the inadequate annuities in the meeting of emergencies in the lives of annuitants of the Employees' Annuity Fund who retire and receive an age annuity at the conclusion of ten or more consecutive years of dues-paying participation in the Fund or who retire and receive a disability annuity at the conclusion of five or more consecutive years of dues-paying participation in the Fund. Consideration is to be given to their other sources of income.
10. That the Assembly request the presbytery chairmen of Annuities and Relief and/or the Stated Clerk to advise the Board of emergency situations in the lives of our retired ministers and dependents.
11. That the Assembly remind the Synods, presbyteries and churches that the contribution to the Board of Annuities and Relief of the full share of the budgeted benevolent askings is essential, if the aged ministers of our Church and their dependents are to have provision made for their minimum needs, and the continued benefits of Major Medical Insurance for our Retired.
12. That the Assembly urge again a generous Joy Gift offering on the part of all organizations of all churches since it is a major source of income with which the Board ministers to the aged servants of the Church. The continued rise in the cost of living is making increasing demands upon the resources of Ministerial Relief, and this responsibility of the Church can only be met with a gracious supplemental Joy Gift offering. All local church and presbytery treasurers should recognize the Joy Gift as a "Supplemental Offering"—approved by the General Assembly and such receipts should be handled as "designated gifts."
13. That the General Assembly be advised that at the meeting of the Board on November 9, 1964 the following action was taken: "That, effective January 1, 1965, the formula for assistance from the funds of Ministerial Relief be increased as follows: for couples, from $2,800 to $3,000 annually, all income considered; for individuals, from $1,800 to $2,000 annually, all income considered."

The General Assembly might observe that the minimum guarantee of $3,000 for couples plus the payment of the total insurance premium for those who are eligible to receive monthly assistance from Ministerial Relief represents approximately one-half of the average annual cash salary of the active ministers of our Church.

14. That the General Assembly concur in the thanks that the Board extended to Dr. George H. Vick for his leadership as Executive Secretary and approve the Board's unanimous election of Dr. Vick for another three-year term, beginning September 1, 1965, in accordance with the Manual of the Board as approved by the General Assembly in 1964.

II. That the minutes of the Board of Annuities and Relief be approved.

III. In response to the overtures we recommend:

1. That overture 34 from the Synod of Virginia be answered in the negative in both parts because:
   (a) The Board with the approval of the General Assembly has previously taken action on this matter as recently as 1964 (See Recommendation 13 of Standing Committee of The Board of Annuities and Relief as approved by 1964 General Assembly, page 104).
   (b) The Board of Annuities and Relief has no jurisdiction over this matter in that ministers are responsible to their presbyteries in this regard.
2. That overture 35 from the Presbytery of Louisville be answered in the negative. The Board of Annuities and Relief receives from its actuaries each year the information requested, and the Board will make this information available to any interested Presbytery.
3. That overture 36 from the Presbytery of Potomac be answered in the negative in parts 1 and 2 because:
   (a) The Board in the past, presently, and in the future has made and will make improvements in disability coverage as resources permit.
   (b) The present dues basis along with increasing cost of Social Security is felt to be the maximum expenditure possible at this time, for many participants.
   (c) That the General Assembly refer to the Division of Homes and Christian Welfare of the Board of Church Extension the request of Potomac Presbytery (Overture 36, part 3), amending the request to read as follows: "The wisdom of encouraging members of our churches to will their homes when possible and desirable to the appropriate General Assembly agency for the use of retired ministers, or to devise other means of meeting this long standing need."

IV. That in accordance with the nominations of the permanent nominating committee the following are recommended to the General Assembly for Election:

For Additional 3 Year Term:

Class of 1968	Rev. Archie C. Smith (2)	Ga.
	Welborn Cody (3)	Ga.
	William J. Rushton (3)	Ala.
	Will Mann Richardson (2)	Tex.
	George Ward (2)	W. Va.

Vacancy:

Class of 1968 Howard Holderness, N. C. (1) to replace McKethan (term expired).

V. That the General Assembly concur with the Standing Committee in unanimously expressing appreciation to the Board, the Executive Secretary, and the Staff for efficient and devoted service.

Respectfully submitted,
HENRY GOODPASTURE, *Chairman*

Watson Street resigned as Executive Secretary of the Board. A Committee of the Board of World Missions has been charged with the responsibility of nominating to the Board the new Executive Secretary. That Committee is expected to make its report to the Board by the next meeting of the Board in July."

RECOMMENDATIONS

Your Standing Committee recommends:

I. That the General Assembly commend to the church the urgent need of prayer by God's people, both individual and corporate, for the church's fidelity to her total mission in the world, including witness to those outside the church at home and abroad; that encouragement be given to regular prayer services and to the development of prayer groups; that a special cause of prayer for world missions be for God's guidance amid crises which demand an increasing measure of dedication and spiritual light and power.
II. That the General Assembly record its conviction that our church's overseas missionary work is a mission to the whole man, and that programs to improve substandard conditions of life, for the advancement of physical and mental well-being, are a legitimate and vital part of our church's task of proclaiming the Gospel of Jesus Christ to the lost.
III. That every congregation share in meeting human need in the name of Christ, as a part of its witness and service, through dedicated participation in the special Easter Offering (the "One Great Hour of Sharing" offering) for overseas relief and by the collection of used clothing.
IV. That the General Assembly commend the cooperative approach to meeting human need, to evangelistic advance through mass communications, and to improving world literacy, and that the General Assembly express appreciation to the ecumenical agencies which serve as channels of our church's ministry in these endeavors.
V. That the General Assembly express to our missionaries and to the churches in Korea, Formosa, Japan and Portugal, with which we work, our church's joy and satisfaction over the new structures of relationship which have been developed during the past year.
VI. That the General Assembly recognize the centennial observance of the Presbyterian Church of Formosa by expressing gratitude for that church's program and plans in evangelism and for her contribution to the world Presbyterian family and to the world Christian community.
VII. That sessions and pastors study the new personnel policy of the Board of World Missions and keep informed of the opportunities for overseas missionary service, that they may help in recruiting candidates for the work of our church abroad.
VIII. That the General Assembly emphasize that our church can only continue a total and creative overseas missionary outreach, both confessional and ecumenical, with increased financial resources to meet the opportunities and challenges before the Church of Jesus Christ.
IX. That the General Assembly confirm the election of the Rev. John M. Coffin, Jr., as Candidate Secretary for a term of three years.
X. That the General Assembly confirm the election of the Rev. L. A. McCutchen as Secretary of Overseas Relief and Inter-Church Aid for a term of three years.

XI. That, in view of the wisdom of establishing terms of service among the members of the administrative staff so that approximately one-third of such terms expire annually, amendment is made at this juncture in the election of area secretaries as follows:
A. The General Assembly confirm the election of Mr. Walter D. Shepard as Area Secretary, Africa, Europe, and the Near East, for a term of one year.
B. The General Assembly confirm the election of the Rev. Joseph R. Woody as Area Secretary, Latin America, for a term of two years.
C. The General Assembly confirm the election of the Rev. James A. Cogswell as Area Secretary, Far East, for a term of three years.

XII. That the General Assembly increase the Board's membership from twenty-one to twenty-four.

XIII. That the report of the Permanent Committee on Nominations is hereby transmitted to the Assembly:

Class of 1968
Rev. James A. Jones (3)
Rev. John S. McMullen (2)
Henry Goodpasture (3)
Walter S. Pharr (2)
Mrs. H. D. Haberyan (3)
Rev. J. Eade Anderson (1)
Col. Powell Fraser (1)

We recommend the election of these with the exception of Col. Powell Fraser. In his place, we recommend the election of Rev. T. Chalmers Henderson.

XIV. That the following be elected to the Board to implement recommendation XII:
Thomas S. Jones—Class of 1966
Rev. George Jackson—Class of 1967
Rev. Wayne P. Todd—Class of 1968

XV. That the General Assembly express its sincere thanks to Dr. T. Watson Street for:
His reorganization of the administration of the Board of World Missions;
His leadership in the Consultation on World Missions which attempted a re-evaluation of the total program of World Missions in conference with representatives of all churches with whom we work in this country and abroad and with leaders in the World Missionary movement;
His contributions to leadership in enterprises of inter-church cooperation in missionary endeavor in every area in which our church serves;
All of these contributions perpetuating and enriching the obligations and work of the Presbyterian Church, U.S., as a missionary society.

REPORT OF THE STANDING COMMITTEE ON CHRISTIANITY AND HEALTH

Dr. L. Nelson Bell, Chairman, presented the report of the Standing Committee on Christianity and Health. Recommendation 8 was adopted, subject to approval of the Standing Committee on Assembly Operation. The report was adopted as amended, and is as follows:

The following matters were placed in the hands of the Standing Committee:
A. Minutes of the Permanent Committee.
B. Report of the Permanent Committee, together with recommendations.
C. Recommendations for nominations to the Permanent Committee.
D. A resolution from Commissioner George E. Egdorf of the Presbytery of New Orleans:

That the General Assembly instruct the Permanent Committee on Christianity and Health to study the implications of the three addresses delivered to the Pre-Assembly Conference on The Mission of the Church by the Rev. Dr. Samuel Southard, as those addresses deal with

the mental health of our people; i.e., the effect of certain conversion experiences on that "50% of new converts" who leave the church within a year following their "conversion"; the mental health in later life of children and/or adults who frequently seem to be "herded" into the church through communicant's classes due to social pressures, parental pressures, etc.; the pressures the church sometimes seems to exert upon its youth and/or adults to choose a church related vocation, rather than challenging them to make certain that they have been called to serve the Lord in whatever Christian vocation they choose (church related or not); etc. And that the committee report its findings and recommendations to the General Assembly in 1966.

After discussion of these matters, the Standing Committee went into executive session and took the following actions, recommending them to the General Assembly for approval.

A. That the minutes of the Permanent Committee on Christianity and Health be approved.

B. That the report of the Permanent Committee on Christianity and Health be adopted. (See Appendix, page 193.)

C. That the following recommendations be approved:

1. That the Office of the General Assembly be authorized to continue to make available to the Church copies of former reports of the Committees on Christianity and Health, together with related materials now on hand.
2. That the Committee be authorized to proceed with plans for a sixth annual Workshop, July 22-23, 1965, at Columbia Theological Seminary, Decatur, Georgia, to be patterned after the five preceding workshops.
3. That the Committee be authorized to send out this year such mailings as it deems necessary to keep its concerns before the church.
4. That the Secretary of Military Chaplains, Division of Home Missions, Board of Church Extension, be authorized to continue the process of ecclesiastical endorsement of institutional chaplains in the same manner as for military chaplaincies when Federal or State supported institutions require it.
5. That the Committee be allowed to continue to study the emotional health of ministers and their wives and to report to the 1966 General Assembly instead of this General Assembly as directed.
6. That the General Assembly, through its Standing Committee on Christianity and Health and through its other Commissioners give your Committee the benefit of your suggestions and the support of your prayers.
7. Since it is the feeling of the Standing Committee that the importance of the work of the Permanent Committee has not been adequately understood or implemented by the Church, that where they have not already done so, Synods and Presbyteries at this time be urged to set up within their bounds committees on Christianity and Health and that these committees proceed to function along the lines recommended by the Permanent Committee.
8. That the General Assembly empower the Permanent Committee to invite one person from each Synod, to meet with the Permanent Committee, at the Assembly's expense, when the Committee decides that a meeting would be profitable, subject to the approval of the Standing Committee on Assembly Operation.

D. That the Resolution of Commissioner George E. Egdorf be referred to the Division of Evangelism, Board of Church Extension, for study and appropriate action, in consultation with the Permanent Committee on Christianity and Health.

E. That the following nominations to the Permanent Committee on Christianity and Health be approved:

To be elected for an additional term in the class of 1968:

J. William Pinkston, Jr. (2) Ga.
W. T. Thompson, Jr., M.D. (3) Va.

To replace Priestly Conyers, whose term has expired, in the class of 1968:

James I. Lowery, Jr. (1) Ky.

F. That pending the adoption of this report, the Assembly hear Dr. Thomas H. McDill for ten minutes. In the absence of Dr. McDill permission was granted members of the Standing Committee to speak concerning the need for making this a permanent committee.

Respectfully submitted,
L. NELSON BELL, M.D., *Chairman*
The Standing Committee on Christianity and Health

The Assembly took recess for ten minutes.

Upon reconvening the Moderator introduced Former Moderator Marion A. Boggs, who led the Assembly in prayer.

REPORT OF THE STANDING COMMITTEE ON CHURCH EXTENSION (Continued)

Rev. J. V. Cosby Summerell, Chairman, presented the report of the Standing Committee on Church Extension. Recommendation 10 was adopted with a rising vote. Recommendation 11 was adopted with a rising vote and Rev. J. Davison Phillips voiced the special prayer. Rev. John F. Anderson, Jr., Executive Secretary-Elect of the Board of Church Extension was presented. He addressed the Assembly briefly. The report was adopted, as follows:

Referred to this Committee were the following items of business:

I. The Minutes of the Board of Church Extension
II. The Annual Report of the Board of Church Extension
III. The Report of the Permanent Nominating Committee of the General Assembly as that report relates to the personnel of the Board of Church Extension
IV. Overture No. 40 from the Presbytery of Kanawha

We therefore recommend:

I. That the Minutes of the Board be approved and the recorders thereof be commended for their diligence.
II. That the 1964 annual Report of the Board be approved
III. We recommend:

(Recommendations 1-5 were adopted earlier in a partial report of the Standing Committee, see page 48.)

6. That every congregation be urged to make adequate plans for considering the basic work of Church Extension during the 1966 season of emphasis as set forth in the Church Calendar.
7. That each presbytery in the General Assembly be encouraged to continued diligence in churching new areas within its bounds and strenuous endeavor to provide capital funds needed to meet the increasing cost of sites and building.
8. That each presbytery experiencing rapid urban change within its bounds be urged to look upon every section where persons live as proper fields for mission, regardless of the economic status or ethnic background of the people concerned.
9. That each Church in the General Assembly be asked to conduct a continuous study of itself in order to determine if present program, physical equipment and location are such as to meet the needs of the surrounding community both now and in the foreseeable future.
10. That the General Assembly approve the election of Rev. John F. Anderson, Jr., D.D., senior minister of the First Presbyterian Church, Orlando, Florida, as Executive Secretary of the Board of Church Extension effective September 1, 1965.
11. That the Assembly acknowledge its sense of indebtedness and of gratitude to Dr. Patrick Dwight Miller who has served as Executive Secretary of the Board of Church Extension for more than 10 years. Dr. Miller brought to the Board a sensitive awareness of the missionary activity of the church, a capacity to lead and inspire, and an unflagging zeal for the affairs of the Kingdom. He has served the Assembly faithfully and well. We further recommend

that the Assembly stand in tribute to his service and that the Assembly be led in prayers of thanksgiving and intercession.

IV. That the persons nominated by the Permanent Nominating Committee be elected as follows: *Class of 1968:* Rev. T. A. Freeman (3), John W. Leake (3), and Mrs. Alton G. Brown (3), for an additional term. *Class of 1966:* Charles W. Bell (1) to replace Lawrence (resigned). *Class of 1968:* Rev. Howard Chadwick (1), Rev. R. Davis Thomas (1), Rev. Cook W. Freeman (1), Wallace F. Armstrong (1), Erst Long (1). The Standing Committee recommends that to the *Class of 1967* be elected Rev. Conrade G. Crowe (1) to replace Anderson.

V. That Overture No. 40 from the Presbytery of Kanawha requesting that the Board of Church Extension through the Division of Evangelism explore the possibility of recruiting and supporting full-time evangelists be referred to the Board of Church Extension for study and report to the 1966 General Assembly.

Respectfully submitted,
J. V. COSBY SUMMERELL, *Chairman*
Standing Committee on Church Extension

(**Note:** An overture adopted by the Presbytery of Orange on October 15, 1964, did not, for reasons unknown, reach the Office of the General Assembly. It was of the same general substance as Overture 40 to which reply was made in the report of the Standing Committee on Church Extension above.—*Stated Clerk.*)

REPORT OF STANDING COMMITTEE ON GENERAL COUNCIL

Rev. Donald E. Neel, Chairman, presented the report of the Standing Committee on General Council.

During the presentation of the report the hour for special order to take an Assembly picture arrived and it was announced that no picture would be made, and that business could continue until 12:30. The Assembly took recess at 12:30 to reconvene at 2:00 P.M. Rev. Cleve Wheelus voiced the closing prayer and the thanks for the meal.

AFTERNOON SESSION

2:00 P.M.

The Assembly convened and was opened with prayer by Rev. E. D. Witherspoon, Jr.

REPORT OF STANDING COMMITTEE ON GENERAL COUNCIL RESUMED

Rev. J. Davison Philips addressed the Assembly concerning The Presbyterian Development Fund. The Chairman announced that the report was not complete and the Committee was given permission to present the completed report at a later time.

REPORT OF THE STANDING COMMITTEE ON THE MINISTER AND HIS WORK

Rev. Julian Spitzer, Chairman, presented the report of the Standing Committee on The Minister and His Work. The Assembly stood in token of appreciation of the services of Graham White, Executive Secretary. The report was adopted, as follows:

Items referred to this Committee were:

I. The Recommendations of the Assembly's Committee on the Minister and His Work.
II. Annual Report of the Assembly's Committee.
III. The Minutes of the Assembly's Committee.
IV. Nominations from the Permanent Nominating Committee.

We recommend:

I.

1. That The Assembly's Committee on the Minister and His Work replies to the Resolution of the 1963 General Assembly referred to this Committee for study and report as follows:

(i) That the Boards and Agencies of our Church are best qualified to determine whether lay or ministerial personnel are needed to fill their executive positions. In many instances a theological outlook and pastoral background are essential to the proper discharge of the duties of denominational executives.

(ii) That as a purely practical consideration our Boards and Agencies find that it is frequently less expensive to secure the services of a qualified minister than the services of an equally qualified layman.

(iii) That ultimate responsibility for approving the work that a minister enters belongs to his Presbytery (see Book of Church Order, 26-8).

2. That as a result of the study on the Resolution to the 1963 General Assembly:

(i) Local churches, Presbyteries and Seminaries should encourage our candidates to consider the challenge of our smaller churches.

(ii) That the Presbyterian concept of a call does not imply that a minister should always move from a smaller church to a larger one, but Presbyteries and their Commissions on the Minister and His Work ought to challenge experienced ministers to accept calls which will demand their administrative abilities and pastoral concern.

(iii) That Presbyteries need to use imagination to group churches into fields and to set up organizational patterns so as to offer real challenges to able ministers.

(iv) That the information included in the report of this Committee on its study of the Resolution, including the tables and graphs, should be kept up-to-date and amplified as the need arises, and that additional consultations be held with representatives of our Seminaries, Boards, and Agencies from time to time.

3. That the General Assembly again urge all "ministers and elders who have knowledge of individual circumstances" wherein ministers "while speaking the mind of the Church in love, have found their position jeopardized," call the same promptly to the attention of this Committee and its Executive Secretary in order that ways may be explored and means found "by which the Church at large may stand significantly behind our ministers."

4. That church sessions be cautioned against taking unconstitutional measures against pastors of their churches because of disagreements over Church policy.

5. That Commissions on the Minister and His Work remind church officers within their Presbyteries of the 1964 General Assembly requesting "the session of each church to make it a rule to review annually with the pastor, the remuneration paid to him, including salary and allowances."

6. That Presbyteries which have not instituted orientation for new ministers received into their membership consider the advisability of doing so within the near future, either singly or in cooperation with other near-by Presbyteries.

7. That the Assembly-Wide Conference on the Minister and His Work, Montreat, August 12 and 13, 1965, be commended to Synods and Presbyteries, and that these bodies provide for the expenses of their representatives, as has been the practice in the past.

II. That the Annual Report of the Assembly's Committee be approved. (See Appendix, page 99.)

III. That the Minutes of the Assembly's Committee be approved.

IV. That the Assembly express its gratitude to the Executive Secretary, Assistant to the Executive Secretary and their staff for their diligent and faithful service to the Church.

V. That the following persons be elected to the Assembly's Committee in the Class of 1968.

Rev. Bob Alexander (1), South Carolina
*Rev. James A. Allison, Jr. (1), Virginia
*Rev. Robert G. Hall (1), North Carolina
Dr. Edward H. Knight (1), Louisiana
*Rev. J. P. F. Stevenson (1), Mississippi
Rev. John Rhodes (1), Oklahoma

*Exception made at request of Assembly's Committee on the Minister and His Work to allow to succeed himself.

Respectfully submitted,
JULIAN SPITZER, *Chairman*
Standing Committee on The Minister and His Work

Pratt, Executive Director, introduced members of the Staff and the Assembly viewed a graphic display of the work of Survey. The report was adopted, as follows:

I. The Standing Committee reviewed the minutes of the Board of Directors of the Presbyterian Survey, found them in order, and recommends that they be approved.
II. The Standing Committee recommends adoption of the report of the Board of Directors (See Appendix, page 106.) of the Presbyterian Survey, and the following recommendations:
    1. That the General Assembly urge each Session, the basic Presbyterian Court, to take note of the fact that Presbyterian Survey as the denominations' official magazine offers elders a powerful and effective tool to assist them in their particular mission and responsibility, and that full use of the magazine be made.
    2. That the General Assembly urge every congregation to take advantage of the reduced rate of the Every Family Plan, sending the magazine into all its homes.
    3. That churches not using the Survey be encouraged to try making it a part of their ministry, using the $1.00 Every Family Plan, the Church Leader's Plan at $1.50, or the New Group Plan of $1.80 for ten or more subscriptions entered together.
    4. That the General Assembly ask the assistance of pastors and other leaders in discovering and securing gifted writers for the Survey.

    7. That the General Assembly reaffirm its request to Synods and Presbyteries that a Survey Chairman and/or Committee be appointed for all these courts as one of their permanent committees.

    The Standing Committee further recommends:

    8. That the General Assembly express its appreciation to the Board of Directors and Staff of the Presbyterian Survey for its faithful adherence to the task assigned to it, and its consistent and clear interpretation of the General Assembly's Program.
    9. That the General Assembly express its confidence in the Christian integrity and intellectual honesty of the editors and staff.
    10. That pending adoption of this report the General Assembly hear a representative of the staff for five minutes on the work of the Survey.
III. That the following persons be elected to the Board of Directors of the Presbyterian Survey:

Class of 1968: Rev. Horace T. Allen, Jr. (3), Virginia
Rev. John W. Lancaster (2), Texas
Mrs. James A. Overholser (2), North Carolina

J. That the recent custom of presenting a gavel to the retiring Moderator as a memento of his year of special service to the church be made retroactive and that all living former Moderators be so remembered.
K. That the following resolution from the Permanent Committee on Assembly Operation be adopted:

"Since the General Assembly's Standing Rules require the fourth Thursday in April as the opening date of the General Assembly, and since in 1966 this date will be April 28, and since the Assembly's meeting this late in the year will create an unusual hardship on Montreat-Anderson College, we therefore request that the Standing Rules be set aside for 1966 only, and that the General Assembly meet at Montreat opening on April 21, 1966. Actually, this is more nearly the time the Assembly has been beginning in recent years, and it is in accord with the request from Dr. Grier Davis, President of the Mountain Retreat Association."

L. That the General Assembly instruct the Stated Clerk to write a letter of thanks and appreciation to the management of the Peabody Hotel, signed by the Moderator and Stated Clerk for their gracious cooperation concerning the 1965 General Assembly.

in the exact name of said Assembly or in some name of similiar import such as "Southern Presbyterian Church."

E. That the following persons as nominated by the Permanent Nominating Committee be elected to the Board of Directors of the Presbyterian Foundation, Inc. (U.S.) for the *Class of 1968:*

A. That the reports of Agencies submitting audits be recognized as properly audited and certified by accountants.

B. That the Permanent Committee on Assembly Operation be requested to consult with the various Agencies which submit their annual audit reports to the General Assembly, urging that if possible, the same format, nomenclature and breakdown of accounts be used in preparing their annual reports as are used by the auditors.

VI. Overtures

A. That Overture Number 26 from the Presbytery of the Everglades referring to the establishment of an ad interim committee on intra-church relations be answered in the negative for the reason that there is already sufficient machinery in the Church for consultations to be called to consider the life and work of the Church.

B. That Overture Number 27 from the Presbytery of Montgomery regarding the establishment of an ad interim committee to study changing the composition of Synods be referred to the Permanent Committee on Assembly Operation for study and report.

C. That Overture Number 66 from the Presbytery of Bethel referring to the inclusion of non-communing members in the annual statistical reports of Sessions be referred to the Permanent Committee on Assembly Operation for study and report to the next meeting of the Assembly.

REPORT OF THE STANDING COMMITTEE ON TELEVISION, RADIO AND AUDIO VISUALS

Rev. Joseph B. Ledford, Chairman, presented the report of the Standing Committee on TRAV. The rules were suspended and recommendations 1-7 were adopted without reading. The hour for adjournment was reached and the Assembly adjourned until 7:30 P.M. Rev. W. P. Shows voiced the closing prayer.

7:30 P.M.

The Assembly convened at 7:30 P.M. and was opened with prayer by Rev. James W. Walkup.

REPORT OF THE STANDING COMMITTEE ON TELEVISION, RADIO AND AUDIO VISUALS, RESUMED

The report of the Standing Committee on TRAV was resumed and was adopted, as amended, as follows:

The Standing Committee on TRAV received the following items referred to it by the 105th General Assembly:

I. The minutes of the Permanent Committee on TRAV.
II. The report of the Permanent Committee on TRAV.
III. The report of the Permanent Committee on Nominations relating to TRAV.

RECOMMENDATIONS

The Standing Committee makes the following recommendations:

I. That the minutes of the Permanent Committee on TRAV be approved with commendation to its members for their diligent attendance at meetings and the excellence and completeness of the record.
II. That the Permanent Committee and Staff be commended, as follows:
   A. For the high quality, the interesting and useful variety of materials produced by TRAV.
   B. For the production of the film strip, "Our Unity In Christ," which was awarded the certificate of merit at the American Film Festival in New York last year.
III. That for purposes of information to the Church at large concerning this important

agency, the report of the Permanent Committee to this Assembly be printed in the Appendix of the Minutes of the General Assembly. (See Appendix, page 121.)

IV. That the Boards and Agencies of the General Assembly, and the Assembly itself, recognizing audio-visuals to be a most effective way to communicate information, be encouraged to utilize the services of TRAV as follows:

A. Where found feasible and desirable, as an aid in presenting reports of the work of the Boards and Agencies to the Standing Committees, and through them to the Assembly.

B. Acting in conjunction with the Office of the General Assembly, and at their joint expense, TRAV be encouraged to develop a film strip, or strips, for use in Synods, Presbyteries and local churches, which will show the Assembly itself functioning as the Church's highest Court, and which will dramatically inform the Church at large about the Assembly's work and concern.

V. That every synod and presbytery not having a separate permanent committee on TRAV be urged to establish such a committee to the end that opportunities in television, radio, and audio-visuals may be more adequately met in all areas of the Church, and that such committees promote the full utilization of the materials and resources of TRAV.

VI. That following recommendations be adopted:

1. That the ministers and sessions be encouraged to call to the attention of their people that the next Presbyterian Church, U.S., Series of The Protestant Hour will begin January 2, 1966.

2. That the General Assembly join TRAV in expressing appreciation to the men who in 1964 contributed greatly to the radio ministry of the Presbyterian Church, U.S., through The Protestant Hour and The Sunday School of the Air: Dr. John A. Redhead, Jr., Dr. Dean McKee, Dr. Edward McNair, Dr. William Logan, and Dr. Merle C. Patterson.

3. That the General Assembly join TRAV in expressing appreciation to the Chancel Choir of Highland Park Presbyterian Church, and to its director, Mr. William Tagg, for their contributions to the broadcast ministry of the Church through their service as the official choir for the 1964-65 Series of The Protestant Hour.

4. That the attention of all members again be called to the fact that the Church now has two audio-visual libraries which are well equipped to supply equipment, films, filmstrips, records, and all other audio-visual items for inspiration, instruction and motivation. These libraries are in Richmond, serving the Synods of Virginia, West Virginia, Kentucky, North Carolina and South Carolina; and in Atlanta, Ga., serving the other Synods of the Assembly.

5. That the General Assembly, as a reaffirmation of its recognition of the tremendous potential of the broadcast ministry of the Church in both evangelizing the unreached and strengthening the faith of those already Christians, encourage the General Council to do all it can to provide stronger financial support for the television ministry.

6. That TRAV be encouraged to explore, with the guidance of the General Council, the development of a list of programs to be produced only as designated gifts make these possible.

7. That all members of the Church be encouraged to express written and verbal appreciation to radio and television stations which broadcast The Protestant Hour, Biblical Perspectives, Living Prayers, Sunday School of the Air, Be Still and Know, and other high-quality Christian programs.

VII. That the following nominees be elected to the Permanent Committee:

Class of 1968: (For additional term)
Rev. James W. Newton, Church Extension
William D. Hedden (2), Mo.
Class of 1967:
C. Bosworth Johnson, W. Va. (1) to replace Wearn (resigned)
Class of 1968:
Rev. Massey Mott Heltzel, Ala. (1) to replace Gibson (term expired)
Rev. Hubert Vance Taylor, Ga. (1) to replace Boyter (term expired)
Mrs. Charles Young, Va. (1) to replace Mrs. Hammond (term expired)
Representing General Assembly Agencies:
Rev. Geo. R. Wright to replace Dr. Vick from Annuities & Relief
Mrs. Chas. A. Logan to replace Mr. Coffin from World Missions

Your Standing Committee took note of the fact the chairman of the TRAV Board, Dr. Arthur Vann Gibson, completes his term with TRAV and, therefore, is ineligible for re-election at this time under the Standing Rules of the General Assembly.

Dr. Gibson's contribution to TRAV is beyond measure. He has been an extensive participant in broadcasting in his community, over the Southeast and on the Protestant Hour throughout the world. He is the only American clergyman to receive the Peabody Award for excellence in religious broadcasting. His knowledge, foresight and untiring service have aided in expanding the vision of TRAV, enabled the securing of outstanding staff and thus contributed greatly both to the quality and volume of TRAV's work.

VIII. Therefore, our final recommendation is that the General Assembly record its appreciation to Dr. Gibson by including in its minutes the above acknowledgement.

Respectfully submitted,
JOSEPH B. LEDFORD, *Chairman*
Standing Committee on TRAV

REPORT OF STANDING COMMITTEE ON GENERAL COUNCIL RESUMED

The Assembly resumed consideration of the report of the Standing Committee on General Council. The report was adopted, as amended, as follows:

The following items were referred to this committee:

I. The Minutes of the General Council.
II. The Report of the General Council with its recommendations.
III. A Communication from the Board of Directors of Montreat.
IV. Recommendation 2 of the Report of the Board of Christian Education.
V. Recommendation 5 of the Report of the Board of Church Extension and Recommendations 8 and 9 from the Report of the Board of World Missions.
VI. Overtures 28-33.

RECOMMENDATIONS:

I. That the Minutes of November 18-19, 1964, and of March 3-4, 1965, be approved.
II. That the Sixteenth Annual Report be received as information.
III.

A. STEWARDSHIP

1. That the Stewardship Emphasis Season begin October 16, 1966, and continue through November 20, 1966; that November 13 be designated as "Dedication Sunday" for the Every Member Canvass; and that the theme of the Canvass be "Give—As Christ's Body."
2. That presbyteries use the Every Church Canvass in 1965 to inform local church officers that under the new benevolence program adopted in 1964, unless each particular church court, including sessions, accepts *its full apportionment* of askings, the work which each Assembly, synod, and presbytery agency is *now* doing will be reduced by that amount; and, further, to solicit the full support of the local church for the total program of the Church.
3. That churches use the special brochure entitled "Together," depicting the whole work of the Church—Assembly, synod, presbytery, and local church—under one cover, and *The Every Member Canvass Manual* as the basic tools in the 1965 Every Member Canvass Season.
4. That the members of the General Council and the personnel of the agencies of the General Assembly make themselves available for the promotion of stewardship and the entire church program during the 1965 Stewardship Season.
5. That the 1966 Stewardship Program of the General Assembly, which reflects opportunity for promotion in support of both a basic program of $8,406,136 (1964 actual receipts plus 4% for two years' normal growth) and an advance program with the first $500,000 allowing specified agencies to undertake work in promising new areas, be adopted as follows:

1966 Stewardship Program

The 1966 Stewardship Program consists of two elements: *a basic budget of operation,* planned to provide only for maintenance of the ongoing Assembly program, and *an advance program,* which allows certain participating units to undertake worthy ventures in new areas of service. The Stewardship Program provides opportunity for you to give to—

THE BASIC PROGRAM $8,406,136		AN ADVANCE PROGRAM WHAT WILL YOU MAKE IT?
Assembly agencies received from the Church in 1964 $8,082,823 (experience). Four per cent of this, $323,313 is added for normal growth (1964-66) to make an operational budget of $8,406,136 in 1966. This is a *status quo,* stand-still situation at the 1964 level.		AFTER THE BASIC BUDGET HAS BEEN MET IN FULL, receipts up to $500,000 will be apportioned among five agencies whose needs as documented below appear the most urgent. Funds beyond $500,000 will go equally to World Missions and Church Extension.
Board of World Missions.....	$4,432,689	$225,000—$100,000 to help consolidate five separate, sub-standard hospitals into one good hospital-training medical center at Luluabourg, Kasai. —$100,000 for professorships in Taejon Presbyterian College in Korea and Shikoku Christian College in Japan. Training future leaders, both need undergirding for academic excellence and Christian witness. —$25,000 for salary base adjustment (not increase) on which missionary pensions may be paid.
Board of Church Extension.....	$1,459,599	$100,000 for INNER CITY Evangelism. Initiation of bold new types of ministry to reach for Christ multitudes now surrounding but untouched by traditional church or its conventional methods.
Board of Christian Education...	$ 687,338	$100,000—$40,000 to comply with 1964 Assembly directive to increase activity in Christian Action Division. —$30,000 for Higher Education Division: To help launch ministries on large Negro university campuses and at modern medical training centers, and to expand training opportunities for church college professors. —$30,000 for Christian Teaching Division: To strengthen Home and Family Nurture and to provide continuous service to local churches in C. L. C.
Ministerial Relief administered by the Board of Annuities and Relief	$ 648,786	
Board of Women's Work.....	$ 164,784	$25,000—Forty-two annual Women's Birthday Offerings, distributed for causes represented by other boards, have totaled $4,746,665. None has been designated for Women's Work. Now $25,000 is needed to undergird a program whose sole aim is service to other boards—training leaders and strengthening the total program.
The General Council.....	$ 176,181	
Committee on Television, Radio, and Audio-Visuals.....	$ 172,425	$50,000—$29,000 to produce documentaries on church or individual applications of the faith to modern problems. —$10,000 to develop 4½-minute children's religious programs in appealing form for late afternoon viewing. —$5,000 to produce evangelism spots, hard-hitting provocative, grace-revealing, brief sermonic messages. —$6,000 to expand use of "Hymnscriptions"—visualized hymns for local station devotionals and as brief spot programming.
Presbyterian School of Christian Education.....	$ 178,995	After the basic budget has been met in full,

Mountain Retreat Association	$	140,124
Stillman College	$	213,243
Historical Foundation	$	34,413
American Bible Society	$	34,817
Presbyterian Foundation	$	43,787
National Council of Churches	$	9,691
World Council of Churches	$	6,729
Lord's Day Alliance	$	681
Religion in American Life	$	1,854
Total	$	8,406,136

the five causes listed in this column will participate in the following priority—First $25,000 or fraction thereof—Board of Women's Work; next $100,000 or fraction thereof—Board of Church Extension; next $50,000 or fraction thereof—TRAV; next $225,000 or fraction thereof—Board of World Missions; next $100,000 or fraction thereof—Board of Christian Education. Additional funds above these amounts will be divided equally between World Missions and Church Extension.

Agencies listed in this column only have documented work programs, totaling in need, in addition to those named, almost a million dollars.

6. a. That the foregoing basic stewardship program of $8,406,136 be apportioned to the sixteen synods on the basis of their previous experience in giving and their apparent willingness to participate as follows:

Alabama	$	371,703	Missouri	$	193,401
Appalachia	$	604,313	North Carolina	$	1,276,615
Arkansas	$	148,735	Oklahoma	$	40,707
Florida	$	841,180	South Carolina	$	542,164
Georgia	$	793,168	Tennessee	$	511,109
Kentucky	$	230,123	Texas	$	868,624
Louisiana	$	313,470	Virginia	$	1,058,624
Mississippi	$	341,143	West Virginia	$	293,624

b. That each synod, in planning its 1966 Stewardship Program, relate its giving, first, to meeting the basic budget by accepting its apportionment *in full;* and, second, by studying and accepting the advance program of the Assembly's agencies; and, further, by placing this advance program before the lower courts—presbyteries and sessions.

7. That the total foregoing stewardship program for 1966 be widely publicized in every church court and that local churches, as soon as possible, post on their bulletin boards and at other strategic places, to remain until after the 1965 Stewardship Season, a suitable poster to be provided by the General Council to dramatize the needs and to give people opportunity to give in larger amounts than usual.

8. That, while provision is made for treasurers to transmit funds directly to agencies or according to fixed percentages adopted by a court, they be strongly urged to designate them for use by the central treasurer of benevolences to be used in such a way that each agency will receive as nearly as possible its proportional share of total contributions in relation to its relative participation in the approved benevolence program of the General Assembly.

9. That the amount of support to be supplied *Presbyterian Survey* by the agencies of the General Assembly in 1966 according to the ratio between their budgets and the total General Assembly budget be set at a maximum of $99,860 for an average monthly circulation of 275,000 and $87,060 for an average monthly circulation of 260,000, interpolations being made on the basis of circulation.

10. That each church recognize its responsibility to see that it provides the full amount of its apportioned share of the support of each agency represented in the General Assembly program, as well as each agency represented in the synod and presbytery programs, before making gifts to other worthy causes outside the Presbyterian Church, U.S.

11. That churches recognize that a supplemental offering is not an over and above offering, but an offering used to complete the budget of the agency for which it is recommended and that supplemental offerings for the following agencies of the General Assembly be approved for 1966:

a. The Board of World Missions and the Board of Church Extension (Joint Offering).
b. The Board of Christian Education.
c. The Board of Annuities and Relief for use in Ministerial Relief.

12. That churches recognize that a special offering is an over and above offering for work not in the budget of any agency and that a special offering be approved for the Department of Overseas Relief and Interchurch Aid of the Board of World Missions to be received on Easter, April 10, 1966.
13. That churches give to special campaigns for capital funds approved by the General Assembly, their synod, or their presbytery through the solicitation of *over and above gifts* and *not* by including the goals for such campaigns in their benevolence budgets.
14. That churches make regular remittances toward their total annual benevolence acceptance.
15. That the General Assembly be informed that commitments to the Presbyterian Development Fund have produced approximately $4,000,000.
    And—
    a. That churches and individuals be urged to pay their commitments in full and at the earliest possible moment.
    b. That the Assembly express to Herman Jones, supervisor of collections, and to Robert S. Gaddis, treasurer, its appreciation for their sacrificial and untiring efforts in behalf of the Fund. And that in view of Mr. Jones' illness appropriate communication from the General Assembly be conveyed by the Moderator.
    c. That the General Assembly express to the First National Bank of Atlanta its appreciation for the generosity of the bank in furnishing, rent free, office space for the Presbyterian Development Fund and for its many other services.
    d. That the General Assembly hear for ten minutes The Reverend J. Davison Philips, D.D., a member of the former Committee of Twenty-five, a member of the Executive Committee, and a member of the Finance Committee on the Presbyterian Development Fund.
16. That the boards and agencies make their financial plans within the framework of of "The Benevolence Program of the Presbyterian Church, U.S." and that this policy be interpreted to preclude any appeals for capital fund needs to individuals, groups, or segments of the Church on a systematic, regular or annual basis, unless special permission is granted by the General Assembly upon recommendation of the General Council.

B. PROGRAM

17. That the General Assembly commend the committee and staff responsible for planning the Eighth Quadrennial Student Convention held in December, 1964, for their excellent and effective work in connection with the convention.
18. That the General Assembly approve holding in 1968 a Quadrennial Student Convention and request the General Council to submit to the Assembly in 1966 definite plans for that convention.
19. The General Council received a joint communication from the Board of World Missions and the Board of Church Extension reporting an action of both boards to the effect that begninning in 1966 and continuing for a period of three years the church calendar be adjusted by designating the period beginning January 1 and ending on Easter Sunday as the "Season of Christian Witness at Home and Abroad." This period is to embrace the particular emphases in witness of World Missions, Church Extension and Evangelism in a joint and common season.
    In line with this proposal we recommend that the General Assembly amend the calendar for 1965 and 1966 and adopt the calendar for 1967 as follows:

That the ministers of our Church use the foregoing calendars as suggested prayer calendars and be urged to remember weekly in their pastoral prayers the causes and agencies and those who serve the Church through them. In addition to those causes and agencies listed, those who labor in other agencies, as well as in synods' and presbyteries' agencies, should be remembered.
21. That the General Assembly be informed that the second edition of the revised *Plan Book* will be developed according to the program year approved by the General Assembly. The 1965-1966 *Plan Book* will be available for use in conferences during the summer of 1965. It will include some material on worship provided by the Worship Work Group authorized by the General Assembly in 1965.
22. That the General Assembly refer back to the General Council for further study the following proposal submitted to the General Council by the Board of Christian Education.
    a. That the staff of the Division of Christian Action serve as the permanent staff of the Permanent Committee on Christian Relations. The staff shall bring to the Permanent Committee any matters believed worthy of its attention. The Permanent Committee shall offer counsel to the staff concerning ways of implementing action of the General Assembly in the area of Christian Action. It is understood that the Permanent Committee shall continue to be responsible administratively to the General Assembly and its budget to be assumed by the Assembly.
    b. That the staff of the Division of Christian Action continue to be responsible administratively to the Board of Christian Education, its budget being assumed and expenditures approved by the Board.
    c. That the Permanent Committee on Christian Relations be composed of eighteen voting members:

       Fifteen from the Assembly-at-large, nominated according to the rules of the General Assembly's Permanent Nominating Committee;

       Three members on nomination from the Board of Christian Education;

       and, further, that one non-voting staff person from each of the following boards and agencies attend meetings of the Permanent Committee for purposes of consultation and liaison:

       Board of Annuities and Relief
       Board of Christian Education
       Board of Church Extenson
       Board of Women's Work
       Board of World Missions
       The General Council

C. ITEMS FROM THE GENERAL ASSEMBLY

23. The 1963 General Assembly referred to the General Council recommendation II, 2 of the Standing Committee on Christianity and Health, "that an Assembly agency be established in the field of Christianity and Health or that the Assembly consider the possibility of relating the functions and duties of this committee to some of the existing boards or agencies."

    The General Council established a subcommittee which has been in conference with the Permanent Committee on Christianity and Health and with the appropriate boards and agencies. Progress was reported to the 1964 Assembly.

The General Council hereby submits its report as follows:
Having investigated and studied the request of the General Assembly with regard to the Permanent Committee on Christianity and Health, we believe that some concerns of the Committee are being adequately handled by the existing boards and agencies. Other concerns of the Committee could be handled by the existing boards and agencies. Many concerns cannot at the present time be easily assimilated by the existing boards and agencies. The programs the Permanent Committee on Christianity and Health envisions are commendable and should be further developed and coordinated into the existing Assembly framework.
We recommend that this be referred back to the General Council for further study.

24. The 1964 Assembly referred to the General Council recommendation 10 of the report of the Standing Committee on the *Presbyterian Survey* as follows:
"That, in order to minimize the danger of duplication in board and agency magazine publications, the General Council be requested to consider the proper means of bringing responsible board and agency representatives into conversation."
The General Council would report that at its fall meeting this matter was referred to its Inter-Agency Committee. This committee invited representatives of the *Presbyterian Survey,* the proposed leadership magazine and of other Assembly agency publications to its April, 1965, meeting for the purpose of discussing with them these matters.
25. That the General Council be instructed to make a study of the various methods of giving financial support to the National Council of Churches, World Council of Churches, Lord's Day Alliance and Religion in American Life, and report to the next meeting of the Assembly.

D. ADMINISTRATION

26. That the General Assembly approve the action of the General Council in re-electing the following:
The Rev. J. G. Patton, Executive Secretary, until his retirement on May 22, 1966.
Mr. William P. Lamkin, Secretary of Information, for a term of three years.

III. Communication from the Board of Directors of Montreat regarding the Patron's Program
The Committee recommends that since the Patron's Program for 1965 of the Board of Directors of Montreat to raise funds for capital improvements is already in progress and since a similar quiet campaign for capital funds for Montreat is also in progress for 1965, these programs for 1965 be approved; and that the Board of Directors of Montreat be requested to present any future plans for capital funds programs to the next meeting of the General Council.

IV. Recommendation 2 of the Report of the Board of Christian Education regarding funds for the Division of Christian Action
The Committee recommends that this be referred to the General Council for further study.

V. Recommendation 5 of the Report of the Board of Church Extension and Recommendations 8 and 9 of the Report of the Board of World Missions regarding the joint Season of Witness and Missions
The Committee recommends that they be approved.
(Note: The text of these recommendations is as follows: Church Extension—5. That every congregation be urged to make adequate plans for considering the basic work of Church Extension during the 1966 season of emphasis as set forth in the Church Calendar. World Missions—8. That the General Assembly call to the special attention of the entire church the change in the church's calendar which coordinates the concerns of world missions, church extension and evangelism in a common season of the church's witness at home and abroad, from New Year's day to Easter 1966, that February 20-27, 1966 be observed as a Week of Prayer and Self-Denial for Witness and Mission, that churches with strong world mission concern be encouraged by this means to include also within the focus of that concern the neighbor near at hand, and that churches whose concern has been largely limited to the domestic scene be encouraged by this means to broaden their vision to include a world-wide concern, that churches whose spiritual vision tend to be ingrown and self-centered, use this occasion as an opportunity to turn their Christian commitment outward toward the world, in accordance with the fundamental nature and the mission of the church.

9. That there be earnest consideration by the pastor, session and people of every church, of the theme for the joint Season of Witness and Mission, January-April, 1966, "Mission—The Christian's Calling." *Stated Clerk.*)

VI. Overtures 28-33

Concerning Overture 28 from the Presbytery of Nashville, asking for the inclusion of certain additional items in the Church Calendar, the Committee recommends that this be answered in the affirmative.

Concerning Overture 29 from the Synod of North Carolina, requesting increased financial support for TRAV, the Committee recommends that this be answered by calling attention to the fact that $50,000 for TRAV has been included in the Advance Program for 1966.

Concerning Overture 30 from Congaree Presbytery, requesting the exclusion of Inter-Church Agencies from equalization, the Committee recommends that this be answered in the negative.

Concerning Overture 31 from Charleston Presbytery, requesting exclusion of Inter-Church Agencies from equalization, the committee recommends that this be answered in the negative.

Concerning Overture 32 from the Synod of Mississippi, concerning reconsideration and re-evaluation of contributions to the several agencies of the World Council of Churches and the National Council of Churches, the Committee recommends that this be answered by advising the Synod of Mississippi that the process of reconsideration and re-evaluation is constantly in progress by the Boards and agencies of the General Assembly.

Concerning Overture 33 from the Presbytery of Kanawha, regarding restudy of the Church Year, the Committee recommends that this be answered in the negative.

VII. It has come to the attention of the Committee that the term of the Rev. J. Davison Philips, the representative of the Board of Church Extension on the General Council, expires this year. After consultation with the Chairman of the Board of Church Extension and with the Chairman of the Permanent Nominating Committee, the Committee recommends that Mr. Nat K. Reiney be the representative of the Board of Church Extension on the General Council in the class of 1966.

Respectfully submitted,
DONALD E. NEEL, *Chairman*
Standing Committee on General Council

REPORT OF THE STANDING COMMITTEE ON BILLS AND OVERTURES

Rev. J. Davison Philips, Chairman, presented the report of the Standing Committee on Bills and Overtures. The report was adopted, as amended, as follows:

The Standing Committee on Bills and Overtures submits the following report:

Overtures 1-9, 58, 59, and a Resolution submitted by Robert A. Pitman, Presbytery of New Orleans, were the items placed in the hands of this Committee.

We recommend to the General Assembly:

1. That Overture 1 from the Presbytery of Atlanta concerning honorary degrees and titles for Ministers be answered by referring it to the Board of Christian Education for study and report to the next Assembly. In making this suggested reference attention is called to Overture 39 and the answer of this Assembly to Overture 39.
2. That Overture 2 from the Presbytery of Central Texas, requesting a pastoral letter to Presbyteries concerning the position of our Standards on the admission or exclusion of persons to worship and membership in our churches, be answered with the following statement:

   Such a letter would be superfluous in the light of the clear teaching of the Standards of the Presbyterian Church in the United States and the previous actions of the 1964 Assembly and other Assemblies concerning admittance to worship and membership.

3. That Overture 3 from the Presbytery of Northwest Missouri, requesting a study of American funeral customs and practices for the purpose of giving guidance to our people, be answered by the following action:

   That the Permanent Theological Committee be asked to make a special study

of the Theological bases and ethical principles in American funeral customs and practices with the purpose of giving guidance to our people in these matters.

4. That Overture 4 from Everglades Presbytery requesting endorsement of an amendment to the Constitution of the United States to allow voluntary Bible Reading and Prayer in Public Schools be answered as follows:

   Because it is unwise to give support to a constitutional amendment which has not been written or submitted either to Congress or to the respective state for approval; and because the 104th General Assembly affirmed clearly the basic principles of our denomination in this matter, to wit,

   "We hold that religious ceremonies may be held in public schools on a permissive, voluntary basis without violation of conscience. There is a valid distinction between the State's compelling its constituents to gather for a religious ceremony and the State's permitting those who have gathered to acknowledge a higher power and to make a blessing upon their corporate life in a way generally and prudently agreed upon by them." (Minutes 1964, p. 152.)

   (Note: this report is minority report—substituted for majority report.—*Stated Clerk.*)

   We, therefore, recommend that the General Assembly answer this Overture in the negative.

5. That Overture 5 from the Synod of Alabama requesting a committee to explore the possibility of providing plans and materials for a curriculum in Public Schools presenting "ethical-spiritual-religious dimensions" and the relationship of Church, State, and Public Schools be answered in the negative for the following reasons:
   (a) There should be great difficulty in integrating such a curriculum into the program of Public Schools.
   (b) Materials developed and approved by those concerned would be of such a vague and indefinite nature as to be of little real value.

6. That Overtures 6, 8, and 9 from individuals in East Alabama Presbytery, the Presbytery of Kanawha, and the Presbytery of Westminister asking for action concerning circularizing Church Courts and individuals be answered by the following statement:

   In the light of established policies outlined in the form of government of the Presbyterian Church in the United States, it is therefore out of order for one court of the Church to communicate with another apart from the regular procedures stated. The General Assembly, therefore, calls upon Synods, Presbyteries, Sessions and individuals to follow scrupulously the procedures of good order in the Church. We recognize the right of individual conscience in many matters of common concern to members and courts of our Church. We recognize the right of individual and group "freedom of expression." Freedom, therefore, on the part of an individual, groups of individuals, and organizations of the Church to express convictions on matters pertaining to the well-being of the Church cannot be denied. The General Assembly urges and expects, however, that honest convictions be expressed in Christian love and with concern for the truth. In the light of our vows of church membership and ordination, there is no allowance for slander or vicious attacks against any member, agency, or court of the Church or any other persons or any other organization. When such violations occur they should be properly dealt with through the Constitutional procedures for discipline clearly outlined in the Standards of the Church.

7. That Overture 7 from the Presbytery of Pee Dee be answered as follows:

   We commend the brethren of Pee Dee Presbytery in their desire to express appreciation for public servants, but it is not the usual policy of the General Assembly to commend individuals or agencies for such service.

8. That Overture 58 from the Presbytery of St. Louis requesting action "not inconsistent with" resolution to Missouri congressman concerning the election of congressmen in Mississippi be answered in the negative.

9. That Overture 59 from the Presbytery of Lexington requesting an Ad Interim Committee to study the advisability of restating the Westminister Shorter Catechism be answered in the negative.

10. That the Robert A. Pitman Resolution calling for rededication of the Church be tabled in the light of the "Call to Repentance" from the Board of Church Extension adopted by this Assembly.

Respectfully submitted,
J. DAVISON PHILIPS, *Chairman*
Standing Committee on Bills and Overtures

The Assembly adjourned until 8:30 A.M. Saturday morning. Rev. Faries J. McDaniel voiced the closing prayer.

FOURTH DAY
SATURDAY

April 24, 1965, 8:30 A.M.

The Assembly met at 8:30 A.M. and engaged in "A Service of Confession" led by Rev. Ernest M. Bradford.

The Minutes of Friday's Sessions were read and approved.

REPORT OF SPECIAL COMMITTEE TO ANSWER QUESTIONS OF THE GENERAL COUNCIL ABOUT THE AD INTERIM COMMITTEE ON INSTITUTIONAL FORMS

Rev. Paul Tudor Jones, Chairman, presented the report of the Special Committee to Answer Questions of the General Council about the Ad Interim Committee on Institutional Forms. The report was adopted, as follows:

We interpret the specific task of the Ad Interim Committee to be to engage in the comprehensive reevaluation of our institutional forms from two perspectives; (1) our theological affirmations, and (2) present day conditions. For example, (1) How does our theology of worship affect even the hymns we use in worship, and whose responsibility is it to express our theology in the hymns we use in worship? And (2) since the presbytery is the strategic court with responsibility for churching people within a geographic area, what does the agenda of the presbytery show in a given year of its concern for evangelism?

In answer to the questions presented to the Special Committee, we report as follows:

Question 1. What is meant by "Institutional Forms"?

We interpret "Institutional Forms" to mean the total organization, structure and methods by which the Church fulfills its mission. We interpret "the Church" to include the whole Church in all lands from the local Church to the General Assembly.

Question 2. Are both the General Council and the Ad Interim Committee to attempt to coordinate the work of the agencies? If not, who shall assume this responsibility?

The answer to the first of these questions we believe should be "No". This is the constitutional responsibility of the General Council. It is our understanding that the Ad Interim Committee does not think of coordinating the work of the agencies as a part of its responsibilities.

Question 3. In the light of recommendation 1-c of the Ad Interim Committee, does this Committee have responsibility in its proposed study of "modifications (which) would strengthen our Church's ability to achieve its mission" to deal with "the division of responsibility among the agencies"? (Standing Rule 22-4) Is the General Council relieved of their responsibility?

We believe the answer to both of these questions should be, "No." Recommendation 1-c of the Ad Interim Committee in the understanding of this Committee does not ask for an additional study but rather asks for a response from the presbyteries, produced by whatever means they desire to the three questions addressed to the presbytery as the strategic court of the Church. We believe that the General Council is not relieved of its responsibility under Standing Rule 22-4. We understand the General Council and the Ad Interim Committee to have different approaches, concerns, and objectives in that the General Council is concerned with the continuity and coordination of the Church's resources for program.

Question 4. The Ad Interim Committee proposes another study of the Mission of the Church. Many local congregations have already begun using the "Worship and Work" approach, which focuses their attention on their own mission as a congregation. Does this mean that the General Assembly agencies coordinated in the "Worship and Work" program are to discontinue the "Worship and Work" approach?

We believe the answer to this question should be, "No." It is the sense of this Committee that the implementation of the recommendations of the Ad Interim Committee will strengthen and further develop the "Worship and Work" emphases. Any insights and contributions of

the Ad Interim Committee would be at the disposal of those developing the ongoing "Worship and Work" resources.

Question 5. What is the relation between the General Council's subcommittee on Long-Range Planning and the Ad Interim Committee?

The relation here is somewhat similar to that suggested in answer to Question 4 above. The Special Committee therefore recommends:

1. That the Ad Interim Committee be continued and its progress report to this Assembly be adopted. (See Appendix, page 173.)
2. That Dr. Fred R. Stair, Jr., as Chairman of the Ad Interim Committee be instructed to meet with the Inter Agency Committee and explain the purpose and intent of the Ad Interim Committee, and that a continuing liaison be established.
3. That the General Assembly commend the Ad Interim Committee for its work to date.

Respectfully submitted,
PAUL TUDOR JONES, *Chairman*

4. That the following resolution be adopted:

WHEREAS members of our Church have become increasingly disturbed in recent years by widely divergent and strongly contending viewpoints concerning the faith of the Church, the proper witness of the Church and the unity we seek in Christ, and

WHEREAS these viewpoints, although devoutly and sincerely held, not infrequently develop because of a lack of understanding as to motives and a lack of communication as to objective, and

WHEREAS such sharp and fundamental differences unless constructively resolved will surely result in even deeper misunderstandings, and

WHEREAS in a forceful sermon this General Assembly was reminded that "The Lonely are in The Crowds", and

WHEREAS many of these members holding divergent views, both ministers and lay persons, at times feel lonely, rejected and forgotten by the Church,

NOW THEREFORE BE IT RESOLVED that the members of this General Assembly assure all who hold views divergent from their own of their Christian Love and that through this love and understanding the views will be reconciled in accordance with the will of Christ.

5. That the request of Jack F. Murphy and W. N. Jenkins that their vote in the negative be recorded on the section "The Civil Rights Movement in the Light of Christian Teaching" be granted, and that the request of A. E. Searles that his negative vote be recorded on the "Civil Disobedience" section of the report be granted.

The Board reports that the staff is now preparing a manual on the proper relationships of Scouting to the Christian education efforts of the congregation. The manual will indicate how Scouting can be related to the total educational program of the local church.

2. Overture No. 27 to the 1964 General Assembly, from the Presbytery of Potomac (see 1964 General Assembly Minutes, p. 39; see also pp. 65-66) was considered by the Standing Committee on the General Council and was referred to the Board of Christian Education in the following manner:

"To instruct its Board of Christian Education to increase the activities of the Division of Christian Action and of its Council to do the following:

d. Authorized the enlargement of the staff of the Division of Christian Action by one additional person who would be charged with particular responsibilities in counseling with ministers, laymen, and groups of people in matters of race relations; holding consultations with faculty and students of colleges and universities for the purpose of helping them carry out their responsibility in removing racial discrimination; to work with the Commission on the Minister and His Work, theological seminaries, and others in investigating and helping laymen and ministers who are under duress because of their faithful witness against racial injustice in the church and society; and to develop further plans for consideration by the Board concerning responsibilities in this area of concern.
e. Authorized to seek to secure additional financial resources to enable the Board further to enlarge the staff of the Division of Christian Action in order to carry out the directive of the General Assembly.

1. That the General Assembly join the Board in giving thanks to God for many evidences of his blessings upon those who have labored in the field of Christian education during 1964; and that we also take recognition of and express gratitude for the support the church has given the Board through benevolences, the use of the Covenant Life Curriculum materials, and evidences of supporting friendship.

The attention of the Assembly is also called to the fact that in January of 1965 the Presbyterian School of Christian Education was accepted as a fully accredited member of the American Association of Theological Schools. (VI) OUR FOUR THEOLOGICAL SEMINARIES

Austin Seminary reports on an intriguing part of its program in which first year men are given a wider acquaintance with local problems and community service resources by riding patrol cars at night, cruising in taxicabs, observing in hospital emergency wards and calling with social workers.

Columbia Seminary reports a growing number of students working toward the Master of Christian Education degree with most of the candidates being women. The goal of raising $5,000,000 has not yet been fully realized but the time of the campaign has been extended two years with the expectation of raising the full amount. The Study Report Committee of 1958 has been asked to study the present situation and make recommendations for the future and this will soon be completed.

Louisville Seminary reports the resignation of its President, Dr. Frank H. Caldwell, the need for on-campus housing for both students and faculty, and a study of curriculum revision by the faculty and the continued success of its Field Education Program.

Union Seminary, after having used its new curriculum for one year reports marked enthusiasm on the part of both students and faculty, and also marked improvement in the total educational program of the Seminary. The Seminary also expresses increasing concern in the area of continuing education and describes the Advanced Study Seminars and pilot program in Continuing Education at the Presbytery level, both being used in 1964-65 for the first time. Recommendation:

I. That the reports of Austin, Columbia, Louisville, and Union Seminaries be adopted (See Appendix, page 170.)

(VII) OVERTURES NUMBERS 37, 38, AND 39

I. Overture No. 37, requesting that the General Assembly establish a Ministers' Advanced Education Fund which would make available to ministers additional loan resources at attractive rates of interest and repayment for the education of members of their families . . . We recommend that this be answered IN THE NEGATIVE in view of the now existing resources for loans in the Presbyterian Student Fund, which is administered by the Board of Christian Education, the programs of financial assistance now available in the junior and senior colleges related to our church and in other

institutions of higher learning, and the availability of other private and public loan resources.

II. Overture No. 38, requesting that the General Assembly affirm the importance of the continuing education of its ministers and that the Board of Christian Education (1) study thoroughly the continuing educational needs of the ministers of our church, (2) take whatever administrative steps which the study indicates necessary to provide for planning and coordination of continuing theological education, and (3) report to the next General Assembly results in its study and actions. We recommend that this be answered in the affirmative.

III. Overture No. 39, dealing with the granting of degrees by our Seminaries be answered as follows: that the General Assembly request our Seminaries, in conjunction with the American Association of Theological Schools and Colleges, to grant in place of the B.D. degree, a higher degree to those who qualify for the same.

(VIII) A RESOLUTION FROM HAMPTON M. AULD, COMMISSIONER, PEE DEE PRESBYTERY, AS FOLLOWS:

Inasmuch as it has been brought to the attention of some of the commissioners that the Division of Christian Action has invited Martin Luther King, Jr., to be one of the principal speakers at their August conference on "The Church and Civil Rights,"

THEREFORE, BE IT RESOLVED, that this General Assembly feels that it would be unwise under present circumstances to have Dr. King speak under the official auspices of the Church and requests the Division of Christian Action to withdraw the invitation.

/s/ HAMPTON M. AULD

We recommend the following answer to this resolution:

Inasmuch as the Board of Trustees of the Mountain Retreat Association, acting upon the instruction of the 99th General Assembly, amended its Program Policy "so as to assure the Boards and Agencies that they shall have responsibility for, and control over, conferences which they conduct, including the selection of speakers and teachers," (See Minutes 100th General Assembly, p. 83.)

And, inasmuch as the 99th General Assembly adopted a statement reaffirming "the right and duty of Conferences of Christians—laymen and ministers—to give free, prayerful, and thoughtful consideration to moral and spiritual problems inherent in world relations," (See Minutes, 99th General Assembly, p. 73.)

And, inasmuch as the Division of Christian Action of the Board of Christian Education has followed the policies of the General Assembly, and the procedures of the Board of Christian Education,

Therefore, be it resolved: That the Standing Committee on Christian Education recommends that the Resolution asking for withdrawal of an invitation extended by the Division of Christian Action to Dr. Martin Luther King, Jr., be answered in the negative.

We also recommend that the General Assembly extend the privilege of the floor to Mr. Robert Jansen, a member of the Board of Trustees of the Mountain Retreat Association and former President of the Assembly's Men Council that he may speak on behalf of the Standing Committee to this matter.

Respectfully submitted,
JOHN W. MELTON, *Chairman*
Standing Committee on Christian Education

It was announced that Rev. Earl E. Sturgess had died suddenly. Rev. Stuart Salmon voiced special prayer for the family and friends.

REPORT OF THE STANDING COMMITTEE ON JUDICIAL BUSINESS

Rev. S. Wilkes Dendy, Chairman, presented the report of the Standing Committee on Judicial Business. The Assembly set aside the order of the day and voted to reconvene at 1:30 P.M. The Assembly took recess for lunch and prayer and the blessing was voiced by Rev. Clarence A. Lingle.

AFTERNOON SESSION

1:30 P.M.

The Assembly reconvened at 1:30 P.M. and resumed consideration of the Report of the Standing Committee on Judicial Business.

It was observed that the report contained no reference to the Resolution offered by Roscoe Nix and referred to the Committee. The Moderator ruled that the matter of the resolution had been essentially taken care of in the Craven resolution of the morning and that therefore it was out of order. The ruling of the Moderator was sustained by the Assembly 174-46.

(**Note:** Since the text of this resolution was not adopted it appears in no report but is here printed for information. *Stated Clerk.*

"Whereas, the 104th General Assembly of the Presbyterian Church, U.S., gave instruction to the Presbyteries that they bring their procedures in line with the constitution of our church (*Book of Church Order,* Paragraph 16-1), and take into their membership and under their care all of the ministers and churches of our denomination within the district for which they bear particular responsibility;

"And whereas, the majority of the Presbyteries so instructed have taken steps to obey the constitution of the church, to the benefit of their own life's work and to the greater witness of our unity in Christ;

"And whereas, some few Presbyteries have raised the question of the General Assembly's authority in so instructing the Presbyteries directly;

"And whereas, this raised a question of technicality in avoidance of the greater issues of the integrity of the church and the nature of our essential oneness in Christ;

"And whereas, the Permanent Judicial Commission in its Report to the General Assembly (page 127 in the Blue Book) points out '. . . that the end sought by the action of the General Assembly is within its constitutional authority . . .'

"Therefore be it resolved that the 105th General Assembly instruct the Synods having oversight of these Presbyteries which have remained intransigent in this matter that they promptly forward this word on to those Presbyteries in order that those Presbyteries may proceed without further delay to obey the Constitution of the Presbyterian Church, U.S., and to give expression to the nature of the Church of Jesus Christ by receiving into their membership and under their care all of the ministers and churches of our denomination within the district for which they bear particular responsibility.")

A Minority report was presented to the Assembly. It was defeated 143 to 113. James E. Moore and David M. Moore requested that their affirmative votes be recorded. The Assembly directed that the Minority report be printed in the Minutes. (See below the answer to Overture 20.)

The report of the Standing Committee on Judicial Business was adopted, as amended, as follows:

RECOMMENDATIONS:

I. As to the official minutes of the Synods:

Approved without exception were the minutes of the Synods of:

Alabama	Louisiana	South Carolina
Appalachia	Mississippi	Tennessee
Arkansas	Missouri	Texas
Florida	North Carolina	Virginia
Georgia	Oklahoma	West Virginia

However, the Committee admonished the Synods to be more careful in regard to the correction of typographical errors in attested copies of the printed minutes of the Synods.

Approved with the following exceptions the Minutes of the Synod of Kentucky:

1. There is no evidence that Synod's Handbook was to be printed as a part of the Minutes as an appendix. This leads to much confusion, for the Handbook does not contain the amendments which were made by the Synod at its regular meeting. For example, see page 16, where Report of the Committee on Homes is adopted. Then an additional sentence indicates the amendments. This could cause possible error in future reference. If the Handbook is to be included in the minutes, some notation should be made that they may be amended and directions given to see the body of the minutes for such amendments.
2. The notation concerning the Christian Education Joint Standing Committee Report, that "each Synod in separate actions . . ." fulfills the requirement of separate action. But the matter of recording the actions of the sister Synod should not appear as at the present. This is not part of the exception and therefore, should be set off from the action of Synod.

II. AS TO VOTES OF THE PRESBYTERIES ON AMENDMENTS TO THE CONSTITUTION: RECOMMENDATIONS: 1. That the following summary submitted by the Stated Clerk, James A. Millard, Jr., be approved:

1. On Amendment to Section 15-1:
   Presbyteries for: 80
   Presbyteries against: 0
   Not reporting: 0
2. On Amendment by new Section 24-13:
   Presbyteries for: 78
   Presbyteries against: 2
   Not reporting: 0
3. On Amendment to Section 29-11:
   Presbyteries for: 80
   Presbyteries against: 0
   Not reporting: 0
4. On Amendment by new Section 201-5:
   Presbyteries for: 69
   Presbyteries against: 11
   Not reporting: 0

The report of the Stated Clerk of the Assembly: "All proposed amendments to the Book of Church Order have received the advice and consent of the majority of the Presbyteries as required by Section 30:1."

2. That each amendment be and hereby is enacted.
   1. Amendment to the *Form of Government,* sec. 15-1, so that the first sentence reads:
      "The Church Session consists of the Pastor (and Associate Pastor) and the duly elected and installed Ruling Elders currently on active service in that congregation."
   2. Amendment to the *Form of Government,* by adding a new sec. 24-13 to read as follows:
      "The Presbytery may grant to its Committee charged with the care of Candidates authority in a proper meeting of the Committee to approve dismissal of ■

Candidate to another Presbytery and to inform the Stated Clerk who may then dismiss the Candidate."

3. Amendment to the Form of Government, sec. 29-11, so that the first sentence reads:
"Instead of electing Ruling Elders and Deacons for an indefinite period of active service, a particular church, by a majority vote at a congregational meeting, may adopt a plan for the election of either Ruling Elders or Deacons or both for limited terms of active service."
4. Amendment to the *Directory for the Worship and Work of the Church,* by adding a new sec. 201-5 to read as follows:
"No one shall be excluded from participation in public worship in the Lord's house on the grounds of race, color, or class."

III. RECOMMENDED that the minutes of the Permanent Judicial Commission be approved.

IV. RECOMMENDED that this statement be made as information: that concerning the report of the Permanent Commission touching the interpretation and amendment to the Constitution (Handbook, pages 126-129), the Standing Committee dealt only with those sections having to do with OVERTURES submitted to the Standing Committee and the replies will be those given concerning Overtures 10-25, 60.

V. IT IS RECOMMENDED: 1. That OVERTURES 10-11-12 and 60 from the Synod of South Carolina, the Presbyteries of Asheville, Tuscaloosa, and East Alabama, respectively, relative to the 1964 General Assembly action to "instruct Presbyteries" be answered as follows in lieu of the statement by the Permanent Commission answering Overtures 10, 11, and 12. (Item C, page 127, Handbook):

Therefore be it resolved that the General Assembly, with all Christian Compassion and understanding, request all presbyteries that have Presbyterian US Negro churches within their bounds to take immediate action to receive said churches into their membership if this has not already been accomplished.

That the General Assembly instruct the aforementioned presbyteries to report this action, or progress toward it, to the Stated Clerk of the General Assembly prior to the 1966 meeting of the General Assembly.

(**Note:** Item C of the report of the Permanent Judicial Commission referred to in the action immediately above was not adopted, but read:

"Item C. Overtures 10, 11, 12 from the Synod of South Carolina and the Presbyteries of Asheville and Tuscaloosa relative to the 1964 General Assembly action to "instruct presbyteries."

The Commission recommends that the General Assembly answer these overtures with the following statement:

It is the opinion of the Commission that in instructing Presbyteries to take into their membership and under their care all of the ministers and churches of our denomination within the district for which they bear particular responsibility, the General Assembly did not follow strictly the procedures provided in the Book of Church Order in that it failed to recognize the original jurisdiction of the Synod in such matters relating to Presbytery, and that for the General Assembly to request such action through the Synod is more properly consistent with Sections 17-5(3), 17-5(4) and 17-5(6), Book of Church Order. (See, for example, the procedure followed by the General Assembly in 1951 in dissolving a Synod and requesting the other Synods to take under their respective charge the Presbyteries and churches thereby affected.) The Commission points out that it is essential to the maintenance of constitutional procedures that church courts in their relations with each other have in mind that the jurisdiction of each "is limited by the express provisions of the Constitution." (Section 14-5, B. C. O.). The Commission would further point out that the end sought by the action of General Assembly is within its constitutional authority but that the Commission's opinion speaks only to the procedure for the attainment of such end."—*Stated Clerk.*)

2. That Overture 13 from the Presbytery of Nashville concerning *Institutional Forms* be answered with the following statement, as recommended by the Permanent Judicial Commission:

Under the provisions of sections 18-6(10) and 18-6(15) of the Book of Church Order, the General Assembly has the implied power to create and regulate all of its various agencies,

regardless of how they may be designated. The insertion in the Constitution of other terms relating to this subject would serve only to complicate the terminology of the Constitution. The specific basis for designating and governing all of such agencies, including all boards of the church, is properly covered by the standing rules of the General Assembly and the manuals of the respective agencies.

The Commission feels that the foregoing facts should be called to the attention of all groups studying such problems.

3. That Overture 14 from the Presbytery of St. Louis, concerning unicameral operation in the local church, be answered with the following statement as recommended by the Permanent Judicial Commission:

An unicameral system already exists in that the Session has supervision and authority over the Deacons (Sections 12-5 and 15-6, B. C. O.) and thereby has ultimate authority for the proper discharge of the functions of the Deacons. Nevertheless the Deacons must organize as a board with officers and regular meetings (Section 12-4) for the better discharge of the specific duties with which the board is charged (Section 12-3). It is only in a church in which Deacons cannot be secured that the duties of the office devolve upon its Ruling Elders (Section 15-6).

4. That Overture 15 from the Presbytery of Atlanta relative to the office of Deacon, be answered with the following statement as recommended by the Permanent Judicial Commission:

The Commission recommends that the first proposition of the overture be answered in the affirmative for the reasons set out in the overture and in the provisions of Section 12-2, Book of Church Order, which specifies that the office of Deacon is spiritual in nature.

The Commission recommends that the second proposition of the overture be answered in the negative. The Deacons must organize as a board and elect officers including a Treasurer (Section 12-4) for the better discharge of the functions primarily committed to them by Section 12-3. This must not be construed as merely permissive. The Session has the authority in its discretion to employ or to permit the employment of a business administrator for the assistance of the Deacons, but thereby the Deacons are not relieved of any responsibility imposed by Section 12-3. The office of Deacon is spiritual in nature (Section 12-2), a quality which is to be exercised, rather than overlooked or suppressed, in the discharge of their duties. The office of Deacon as set forth in Scripture is one of sympathy and service after the example of Christ (Section 12-1), given for ordering the life of the church along with the office of the Minister of the Word and Sacraments and the office of the Ruling Elder, and to be continued perpetually in the church. (Section 9-2).

5. That Overture 16 from the Synod of Florida concerning receiving retired ministers be answered with the following statement as recommended by the Permanent Judicial Commission:

The Presbytery is under no obligation to receive honorably retired ministers, but under the provisions of Section 16-2, Book of Church Order, a Presbytery may not deny membership by blanket ruling to such ministers who may move into its geographical borders.

6. That Overture 17 from the Synod of Arkansas relative to the deliverance of Church Courts be answered with the following statement as recommended by the Permanent Judicial Commission:

The Book of Church Order does not limit the authority of a church court to speak on moral issues only to its constituency. A church court under the Presbyterian system of government is not necessarily bound to represent a majority of its constituency in its statements on moral issues. (See Sections 1-1, 1-3, 14-2, 14-3(2), and 15-16(13), B. C. O.)

7. That Overture 18 from the Presbytery of Appomattox relative to pastors moving to new fields be answered with the following statement as recommended by the Permanent Judicial Commission:

The Commission recommends that the General Assembly instruct the Commission to study Chapter 26 of the Book of Church Order in the light of the question raised in this overture and make its recommendations to the succeeding General Assembly.

8. That Overture 19 from the Presbytery of Central Mississippi concerning the proposed amendment to BCO in regard to women be answered with the following statement as recommended by the Permanent Judicial Commission:

That this overture be answered in the negative in the light of the action of the 1964 General Assembly on this subject.

9. That overture 20 from the Presbytery of Athens concerning scripture interpretation and women as church officers be answered with the following statement as recommended by the Permanent Judicial Commission:

In the light of the fact that the Commission did not take a position previously in seeking to justify the action of the General Assembly in amending the Book of Church Order in this regard but simply fulfilled its responsibility of recommending the phraseology for such amendment, it would not be appropriate for the Commission to provide scriptural interpretation and/or authority for such action.

(A Minority Report was offered as a substitute for recommendation 9 above. It was defeated, but the request that it be printed was granted. [See below]. Rev. James E. Moore and Rev. David M. Moore requested that their votes in favor of the Minority Report be recorded.)

MINORITY REPORT
STANDING COMMITTEE ON JUDICIAL BUSINESS

Concerning Overture 20 from the Presbytery of Athens, regarding women as church officers, a minority of the committee offers their views:

We recommend that the General Assembly answer this overture in the affirmative, except that the committee of reference be the Permanent Theological Committee, and that for the words "their recommendation" in part (2) there be substituted "the recommendation of the Permanent Judicial Commission."

(The Overture will then read, "That the General Assembly request its Permanent Theological Committee to:

1) Interpret I Timothy 3:1-13 and Titus 1:5-9 in the light of the action of the 104th General Assembly permitting the ordination of women as church officers, and

2) Give specific Scripture passages upon which the recommendation of the Permanent Judicial Commission to the 1963 General Assembly was based.")

Signed,
JAMES A. TURNER, REUBEN J. WALLACE, GUY MAGEE, DAVID M. MOORE, JAMES G. SPENCER, JACK HORNADY, BEN G. ESTES.

10. That Overture 21 from the Presbytery of Congaree concerning the eligibility of women to hold office in a local congregation be answered with the following statement as recommended by the Permanent Judicial Commission:

It is mandatory that women be considered eligible for election as officers, and this requirement extends to ensuring that the processes of election shall be designed to provide for women on the same basis as men.

11. That Overture 22 from the Presbytery of Hanover having to do with reporting by certain ministers be answered with the following statement as recommended by the Permanent Judicial Commission:

That the first proposition of the overture be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the proposed amendment, which is as follows:

That Section 21-2(1) of the Book of Church Order be amended by adding the following additional sentence: "From every Minister who is performing work which is not under the jurisdiction of the Presbytery or a higher court it shall require an annual report stating the frequency and manner of his performing the duties of a Minister as described in Chapter 10-1."

That the second proposition of the overture be answered in the negative for the reason that this involves details which are not appropriate for inclusion in the Book of Church Order and which should be left to individual Presbyteries to handle.

12. That Overture 23 from Hanover Presbytery concerning jurisdiction over ministers be answered with the following statement as recommended by the Permanent Judicial Commission:

That the first proposition of the overture be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the proposed amendment, which is as follows:

That Section 16-1 of the Book of Church Order be amended by deleting the first sentence and inserting in lieu thereof the following sentence: "The Presbytery consists of its member Ministers and all the churches within a certain district."

That the second proposition of the overture be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the proposed amendment, which is as follows:

That Section 17-1 of the Book of Church Order be amended by deleting the first sentence and inserting in lieu thereof the following sentence: "The Synod consists of all the churches in a district comprising at least three Presbyteries and of the Ministers who are members of the included Presbyteries."

That the third and fourth proposition of the overture be answered in the negative for the reason that this matter is already properly covered by Sections 16-2 and 26-9 of the Book of Church Order. The proposed amendments would tend to open the way for confusion and conflict among the Presbyteries.

13. That Overture 24 from the Presbytery of Fayetteville concerning dismissing a Candidate be answered with the following statement as recommended by the Permanent Judicial Commission:

That this overture be answered in the negative for the reason that an amendment to achieve the same end is now before the General Assembly for adoption, such amendment having been ratified by a majority of the Presbyteries.

14. That Overture 25 from the Presbytery of Memphis relative to retirement of Ruling Elders and Deacons be answered with the following statement as recommended by the Permanent Judicial Commission:

That this overture be answered in the negative for the reason that it is inappropriate for the Book of Church Order to lay down arbitrary requirements in this regard. It is felt that this problem can be adequately dealt with through the application of the limited term of service plan, which the Book of Church Order already provides for.

VI. COMMUNICATIONS. 1. That the replies of Presbyteries in response to action of the 1964 General Assembly regarding receiving churches and ministers from non-geographical presbyteries be received as information.

2. It is reported that the letters from Elder Paul Y. Brown of the Synod of Louisiana, and from the Stated Clerk of that Synod were taken into account by the Committee in reading of the Minutes of the Synod of Louisiana.

3. That in response to the Communication from the Stated Clerk of the General Assembly relative to Clerk of Church Courts, the General Assembly send down to the Presbyteries for advice and consent the following amendment:

That Section 13-5 of the Book of Church Order be amended by inserting the following additional sentences between the first and second sentence thereof: "The Clerk shall be a member of the Session. In the higher courts the Clerk must be eligible for membership in the court."

The Committee would note that it is possible for a Session to appoint a non-member of the Session to assist the Clerk in the performance of his duties.

VII. REFERENCE with regard to the complaint of members of Session of First Presbyterian Church, Johnson City, Tennessee, against the Judicial Commission of the Presbytery of Holston; referred by the Presbytery to the Synod of Appalachia; referred to the General Assembly by the Synod of Appalachia.

The Committee recommends that this reference be declined and that the case be returned for adjudication. (See Section 111-5, B. C. O.)

In this case a substantial part of the record consisted of sound tapes. The Committee holds that a written transcript of the Record in all judicial cases shall be required in order that the members of the Commission shall have access to the Record in advance of the hearing thereon. Therefore, any sound tapes accompanying and forming a part of the Record must be transcribed. This is in accordance with Section 105-19, Book of Church Order.

VIII. REFERRAL from the 1964 General Assembly of an overture from the Synod of Mississippi relative to written notice of complaint.

The Commission recommends that the General Assembly send down to the Presbyteries for advice and consent the following amendments to the Form of Government:

1. That Section 116-4 be amended by adding the word "written" at the beginning thereof.

2. That Section 105-19 be amended by striking the words, "If any have been filed" from the first sentence of the second paragraph thereof.

The Commission further notes that Section 117-1 already requires that the complaint itself must be in writing.

REFERRAL from the 1964 General Assembly of an overture from the Presbytery of Orange relative to property.

The Commission recommends that the General Assembly answer this overture with the following statement:

Congregations may delegate to trustees of unincorporated churches and to officers of the corporation in the case of incorporated churches the authority to accept and sell stocks, bonds or other securities without congregational action when the purpose of the donor is to donate the proceeds of sale to the church and the church has no duties to perform other than the sale. In the case of the sale of real property there must always be held a congregational meeting to authorize such sale.

The Commission will continue to give the questions posed by this overture its consideration, looking toward further possible clarification through revision of Sections 6-1 and 6-2 of the Book of Church Order.

IX. NOMINATIONS: It is recommended that approval be given to the nominations by the General Assembly Committee on Nominations concerning membership on the Permanent Commission on Judicial Business. The names submitted for election are:

For an additional term:

Class of 1968:

Rev. Mr. Alexander Henry (2), Alabama
Rev. Mr. Albert B. Link (2), Louisiana
James C. Robinson (2), Florida

It is recommended that the vacancy created by the resignation and death of Reverend Mr. Kelsey Regen be not at this time filled.

Respectfully submitted,
S. WILKES DENDY, *Chairman*
Standing Committee on Judicial Business

The Assembly moved to adjourn.

Rev. Phillip A. Roberts conducted a service "Of Intercession for the Coming of God's Kingdom." Report on Resolution Adopted By The 1963 General Assembly and Referred To This Committee For Study

The 1963 General Assembly referred to this Committee for study the following Resolution:

> "In the light of the number of churches within our Assembly without ministers, and in light of the decreasing numbers enrolled in our Theological Seminaries, and in the light of the decreasing numbers of candidates for the Gospel Ministry under the care of our Presbyteries, and realizing that the continual organization of new churches will further increase the number of pastorless churches,
>
> "Therefore, Be It Resolved, that the 1963 General Assembly of the Presbyterian Church in the United States request the Assembly's Permanent Committee on the Minister and His Work to make a study of the use of ordained ministers in work other than the parish ministry, to determine if qualified laymen can be used to fill some of these posts." (pp 70 and 80, 1963 G. A. Min.)

During the past two years this Resolution has been carefully studied by the Staff of the Assembly's Committee on the Minister and His Work, a sub-committee thereof composed of the Rev. Messrs. R. G. Hall, J. A. Allison, Jr., and J. R. Tompkins, and by the entire Committee itself. As authorized by the 1964 Assembly, consultations were held by the sub-committee, including Rev. Messrs. J. P. F. Stevenson and James A. Millard, Jr., December 14 and 15, 1964, with the following:

Seminary Presidents:

Rev. James A. Jones, Union Theological Seminary,
Rev. Norman A. Horner, representing Acting President, Louisville Presbyterian Theological Seminary,
Rev. J. McDowell Richards, Columbia Theological Seminary,
Rev. David L. Stitt, Austin Presbyterian Theological Seminary.

Board Representatives:
Rev. John M. Coffin, Candidate Secretary, Board of World Missions,
Rev. John B. Evans, Secretary, Dept. of Higher Education, Board of Christian Education.
Board of Church Extension:
Rev. Claude H. Pritchard, Secretary, Division of Home Missions,
Rev. Lawrence W. Bottoms, Asst. Secty., Division of Home Missions,
Rev. James M. Carr, Secretary, Town and Country Church Department,
Mr. Hal Hyde, Secretary, Survey and Church Location Department,
Rev. Lawrence A. Davis, Acting Secty., Division of Evangelism.

The Resolution of the 1963 General Assembly specifically requested the Committee on the Minister and His Work to make "a study of the use of ordained ministers in work other than that of the parish ministry to determine if qualified laymen can be used to fill some of these posts."

Your Committee felt that it was necessary to examine the several presuppositions on which this Resolution is based. Therefore, your Committee has made a study of the total ministerial picture in our Church from 1940 through 1963, the latest year for which figures were available. In answer to the specific request of the above-mentioned Resolution, we would point out that there has not been a disproportionate increase in the number of ministers in non-pastoral relations during the period, 1940—1963, as shown below:

% Total Ministry in Non-Pastoral Relations	*Year Ending*	*Ministers in Non-Pastoral Relations*	*Total Church Membership*
17.3	1940	426	538,176
14.8	1945	380	593,418
15.6	1950	419	702,155
12.2	1955	401	807,624
12.6	1960	470	899,116
14.9	1963	600	933,534

1940 VS 1963:
Increase, Ministers in Non-Pastoral Relations.....40.9%
Increase, Church Membership.....73.5%

Examination of Presuppositions—

I. *"The number of churches within our Assembly without ministers."*

This Assembly's Committee maintains a current record of all pastorless churches, fields of churches, vacant Assistant and Associate Pastorships, and, vacancies in positions in institutions, boards and agencies of Presbyteries, Synods and the General Assembly normally filled by ministers. In this context a "Field" is defined as any work that would be filled by one minister, whether one church, a group of churches, an Assistant or Associate Pastoral relation, and, vacancies at Presbytery, Synod and General Assembly levels. A summary of vacant Fields in the Presbyterian Church, U.S., as of December 31, 1964, follows:

	Membership of Fields			*Total Vacancies*	*Total Membership*
1.	1	through	99	409	17,273
2.	100	"	199	192	26,732

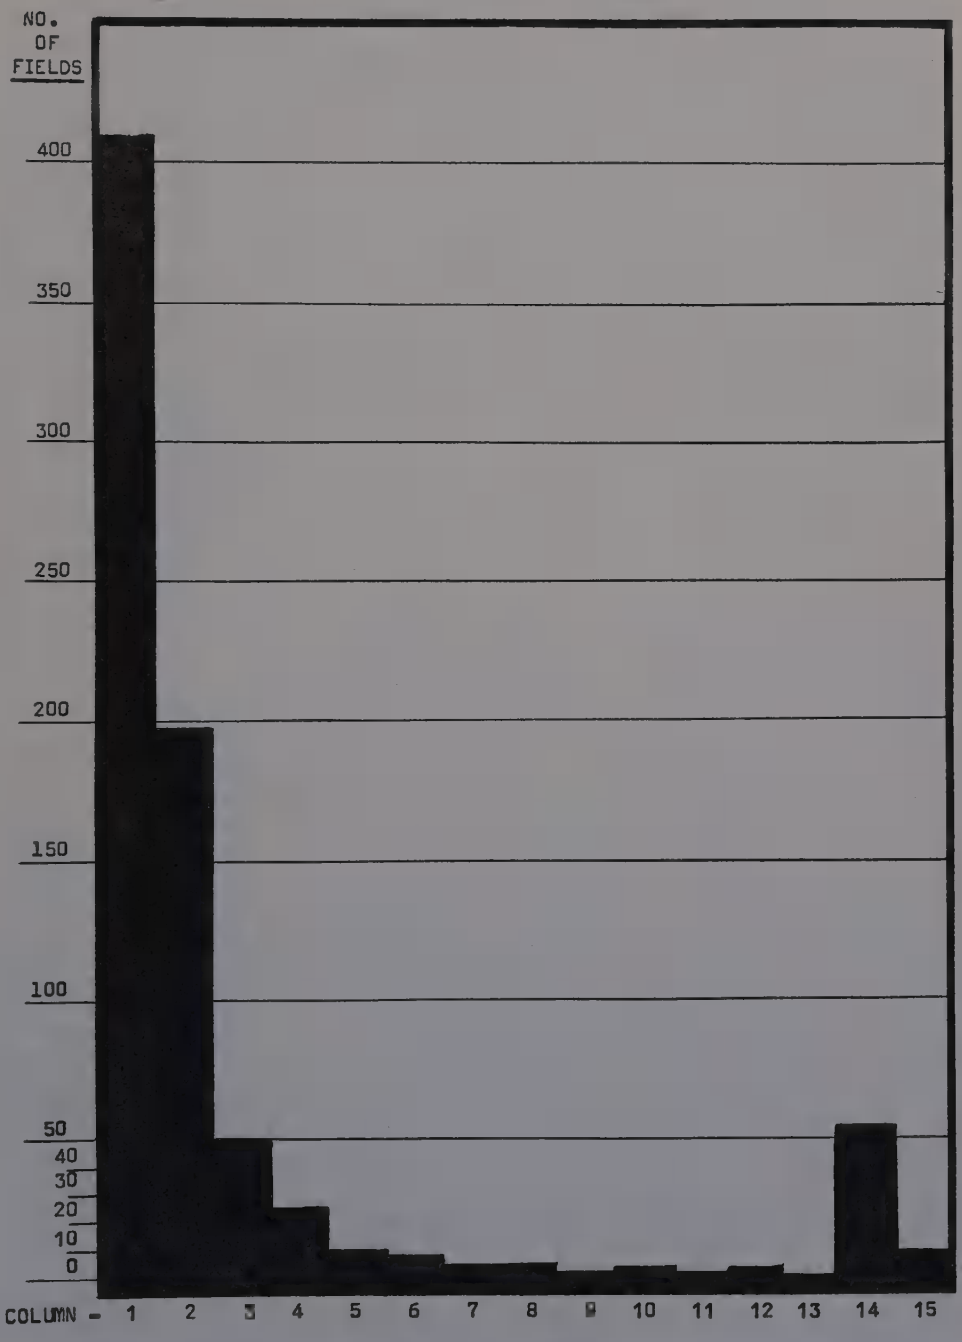
Reference is made to the graph that illustrates these facts.

PASTORLESS FIELDS - DECEMBER 31, 1964



The above figures and the graph indicate that the critical problem confronting our Church is in providing ministers for fields in the 1-99 and 100-199 membership ranges. These are the fields in which the largest number of vacancies consistently occur.

As we consider these fields of less than 200 members each there are several questions that come to mind in an uncritical reference:

(1) What is the conception of and attitude toward the pastoral ministry? Is it only in terms of large and physically equipped fields? Is it only in terms of fields in, bordering, or near cities and large towns? Does it place greater emphasis upon material values? Does the candidate or minister feel the leading of the Holy Spirit in whatever call to service confronts him?

(2) Are Presbyteries, their Commissions on the Minister and His Work and Church Extension Committees studying these "perennial" vacancies within their bounds, seeking other than "stop-gap" or "pass-the-buck" answers? What about the use of these vacancies as financial subsidies for the advantage of students? Would it be possible to make such education subsidies on condition that students upon graduation from seminary, and ordination, would continue serving these, or similar fields as pastor for a designated period of time?

II. *"The decreasing numbers enrolled in our Theological Seminaries."*

Looking at the period of 1940—1963 we see the following regarding enrollment in our seminaries:

Year Ended	*Seminary Enrollment*
1940	226
1945	230
1950	521
1955	650
1960	737
1963	663

We do not look upon this as an alarming rate of decline.

III. *"The decreasing number of candidates for the Gospel Ministry under the care of our Presbyteries."*

In the period 1940—1963 the number of candidates under the care of our Presbyteries was:

Year Ended	*Total Candidates*
1940	395
1945	462
1950	739
1955	1,137
1960	960
1963	826

During the twenty-four year period under consideration the number of our candidates increased by 193%. While there has been a decline from 1960 through 1963, it was slight and of not too great significance in the opinion of this Committee.

IV. *"The continual organization of new churches."*

The following table shows the organization of new churches during the twenty-four year period, and the dissolution of churches by Presbyteries:

Year Ended	*Churches Organized*	*Churches Dissolved*	*Year Ended*	*Churches Organized*	*Churches Dissolved*
1940	27	19	1952	62	19
1941	21	14	1953	60	40
1942	28	10	1954	48	15
1943	10	18	1955	70	20
1944	17	20	1956	50	27
1945	35	18	1957	68	13
1946	34	26	1958	50	28
1947	52	27	1959	39	13
1948	42	25	1960	35	16
1949	53	15	1961	35	25
1950	65	13	1962	37	37
1951	45	31	1963	31	27

In view of the shifting population, the mushrooming of new communities, and the population explosion in our particular section of the country our Church is confronted with unprecedented opportunities to establish new churches. We should be constantly alert in this matter, and most of our Presbyteries are already moving in this direction with regular plans for the establishment of new churches.

V. *Conclusion.*

The following graph presents facts gathered in statistical tables by this Committee in its study. It is hoped this will be of more interest to the Church than a long recital of figures that may be boring to some. In spite of the fact that we have a large number of fields at the present time, the mobility of ministers has become somewhat stymied.

Although this study has entailed a large total of man-hours in compiling the necessary information, the consultations and the work of the Committee and sub-committee, it deserves careful consideration by the entire Church. A study of this nature needs to be continued on a regular basis even though an annual report on it to the General Assembly may be thought unnecessary.

Resolution to the 1960 General Assembly

Reference is made again this year to the above Resolution (p. 117, 1960 G. A. Min.):

"Whereas, these days of crisis in America as social patterns are in the process of change, and

'Whereas, the voice of our Church is clear and direct as expressed in the official statements of our General Assembly, and

'Whereas, individual ministers are seeking to interpret the pronouncements of our Assembly in the communities in which our denomination is at work, and

'Whereas, certain ministers, while speaking the mind of the Church in love, have found their position jeopardized, and

'Whereas, when these ministers speak the mind of the Assembly, the Assembly has a moral responsibility to support them.

'Now Therefore Be It Resolved:

'1. That the General Assembly deplore the action of individuals and groups who seek to silence these voices through intimidation, or coercion.

'2. That the General Assembly also deplore the autocratic voice of the minister who does not speak the mind of the Assembly in love.

'3. That we extend our hearts in love and prayer toward any minister who has found, or may find himself in difficulty as he bears witness in love to the position of our Church.

'4. That we instruct the General Assembly's Permanent Committee on the Minister and His Work to explore ways and means by which the Church at large may stand significantly behind our ministers at such times, and report to the 1961 Assembly.

'5. That any ministers or elders who have knowledge of individual circumstances of this type call such to the attention of the Assembly's Committee, and any minister so involved feel free to discuss his problem with the Assembly's Committee, in order that this Committee may have these specific cases as a framework in which to do their work."

This Committee, and its staff, continues to stand ready to assist in any case coming to its attention, and to enlist the resources of the various Presbyteries promptly. We again call the Church's attention to Section 5, above, of the Resolution, in case there are ministers and elders who know of individual cases and are failing to notify this Committee of them.

We would inform the General Assembly that when a case comes to the attention of this Committee it is investigated promptly in an effort to obtain all the facts. In not every case is the answer a call elsewhere for the minister. Sometimes what he needs most is the assurance of his Presbytery that it stands with him in Christian love and brotherhood. In the event a call elsewhere is advisable to relieve the situation then the minister is suggested promptly to Presbytery Commissions on the Minister and His Work elsewhere, and for specific churches seeking ministers. It needs to be pointed out again that the General Assembly has forbidden this Committee to recommend, or suggest, ministers directly to local churches. In accordance with the Assembly's wishes, as expressed in the Committee's Manual, we are constrained to work with and through Presbytery Commissions.

In 1964 this Committee investigated 38 cases that came to its attention. In only one of these could it be stated definitely that the principle factor in that unfortunate experience was the minister's effort to "speak the mind of the Assembly in love."

It has been reported to this Committee that there have been cases in which church sessions, because of disagreement with pastors of those particular churches, have taken unconstitutional procedures. These would include such things as economic harrassment, restriction of ministerial functions, counsel that the ministers seek calls elsewhere, and the setting of deadlines when these pastorates are to cease entirely. The session of a church is not the master of the pastor. Neither is the pastor the master of the session. They are co-laborers in the Kingdom.

The 1964 Assembly adopted an action instructing "its Board of Christian Education to increase the activities of the Division of Christian Action and of its Council. . . . (2) To mobilize the resources of our Church to secure the cooperation of our seminaries and to use our established committees to give more practical assistance to our ministers who are in distress because of their faithful witness against racial injustice in the Church and society." (p. 65 and 66, 1964 G. A. Min.)

Promptly after the 1964 Assembly meeting the Chairman of this Committee communicated with the Executive Secretary, Board of Christian Education, offering the full co-operation of this Assembly's Committee. As of this date we are informed that no requests for financial help have been received.

Ministers' Salaries and Orientation

The Committee's concern about these two matters continues without respite. We know that there are some Presbyteries that have delayed creating permanent committees, composed of competent laymen, for the purpose of studying salaries of their ministers. We also know that only a few of the Presbyteries have taken steps toward establishing orientation sessions for the benefit of new ministers, whether by ordination or reception from other denominations.

There may be some church sessions unaware of the action by the 1964 General Assembly requesting an annual review by the session of the pastor's remuneration, including salary and allowance. (III, 5 p. 97, 1964 G. A. Min.) If this is the case the matter should be laid upon their hearts by Presbytery Commissions on the Minister and His Work.

The Committee gladly reports that some Presbyteries have established regular orientation sessions for the new ministers being received into their membership. Most happy results are being obtained because of these efforts. The programs of these meetings vary according to the individuals concerned and the Presbyteries. If a Presbytery desires assistance in instituting orientation for its new ministers this Committee would be happy to assist. It is our opinion that in taking such steps Presbyteries will have gone a long way in assisting these new ministers to come more rapidly into the main-stream of the life of our Church.

Assembly-wide Conference on the Minister and His Work

An Assembly-Wide Conference on the Minister and His Work will be held in Montreat, N. C., August 12 and 13, 1965. It is designed for members of Synod Committees on the Minister and His Work and Presbytery Commissions, Executives of Synods and Presbyteries, and all others interested in this particular area of the life of our Church. The services of outstanding speakers and leaders are being obtained for this Conference.

This Committee receives its operating funds through the Committee on Assembly Operation. Its requests are presented to the Committee on Assembly Operation by a representative, usually the chairman of this Committee's sub-committee on finance. This is in line with the action of the 1964 General Assembly. We are happy to report that a fine relationship exists between the Assembly's Office and this Committee. Dr. Millard, as stated previously in this annual report, is an Advisory Member of the Assembly's Committee on the Minister and His Work, and is most helpful in the deliberations on matters coming to the attention of the Committee.

Records

The Minutes of the 1965 Annual Meeting, held January 11 and 12, and the Audit Report for the year 1964 are submitted to the 1965 General Assembly through its Standing Committee on the Minister and His Work.

REPORT OF THE BOARD OF DIRECTORS PRESBYTERIAN SURVEY

1964 was an exciting and gratifying year for PRESBYTERIAN SURVEY and the Board and staff are grateful to God for the continuing opportunity to serve Christ and the branch of His Church known as The Presbyterian Church in the United States. The Board believes that members of the Church now have a professionally-produced publication that ranks among the top religious magazines published anywhere today.

The past year's issues of the magazine presented a number of outstanding articles and features which received favorable response from Presbyterians all over the General Assembly. The special report on the National Council of Churches in the December issue, published in collaboration with the Inter-Church Relations Committee, received wide acclaim. We distributed 14,000 extra copies of this issue on request and in addition sold more than 20,000 reprints of the 15-page section. This section evoked grateful comment not only from our Church but from other denominations as well. We were proud of the four-color Christmas cover on that same issue . . . October's emphasis on Urban Upheaval apparently presented a dimension to church extension that many SURVEY readers had not seen . . . the September four-color cover, the lead article "Sunday in America," and the Christian Education section were all effective in speaking to our Church . . . the July issue with its "creative tensions" evoked many letters to the editor . . . some people felt that coverage of General Assembly in June was more complete and interesting than any report previously carried . . . we are still getting calls for copies of April and May issues with the series on the Pentecostals . . . June Wilson's article on "Divorce Also is Death" in May was syndicated by Associated Church Press and therefore received wide distribution . . . the February issue presented Jim Wright's "The Lincoln Legacy" and Keith-Lucas' "Is Welfare the Church's Business?" Both of them have been reprinted and circulated widely, as has Dr. J. McDowell Richards' "Men Perplexed by a Changing World" . . . the special section on worship last January apparently set the stage for the annual emphasis in 1964. More manuscripts were handled in 1964 than ever before. Some observers think that from the standpoint of writing, editing, layout, art, and production, 1964 saw the twelve best consecutive issues SURVEY has ever produced. We believe from the standpoint of content—and promotion of the Church's causes—they were timely and relevant and interesting issues also.

Again in 1964 SURVEY completed the year requiring considerably less underwriting than was authorized from Boards and Agencies. This was due primarily to three factors: dipping circulation and therefore shorter pressruns; savings on paper with a change to a more readable velvet stock; and savings on printing. It can be seen from SURVEY's financial reports that (contrary to what happened to comparable magazines) SURVEY about held its own in 1964. Total cost to produce one subscription (12 issues) in 1964 was $1.60 which was paid in the following manner: $1.06 from subscription and miscellaneous income; 24¢ by advertising revenue; and 30¢ by underwriting from the Boards and Agencies of the General Assembly.

SURVEY averaged 260,141 paid subscriptions per month during 1964. This is a drop of 1,857 over the previous year. Indications at the end of the year were that circulation would drop lower before turning upward again. Other special promotional efforts focusing on SURVEY Week in April were undertaken in 1964 such as bound volumes for church libraries, leaders, and pastors; special Christmas gifts rates; stepped-up subscription solicitation; and

strategy sessions with SURVEY chairmen. A series of SURVEY advertisements was run in the magazine itself. Complimentary copies continued to go to missionaries and seminary students. An intensified program of training and assisting SURVEY Chairmen in synods and presbyteries is planned to turn circulation upward again.

Although advertising lineage was down in 1964, advertising revenue was not down proportionately. Here is a comparison of lineage for the last six months of the two years:

	1963	*1964*
Publishers	6,068	3,500
Boards & Agencies	10,500	9,434
General Commercial	8,904	6,031
Schools	3,585	3,154

Commercial lineage for the entire year was 12,994, a 3,345-line decrease from 1963. Several facts can be cited, however, on the encouraging side. The reader profile study carried out for SURVEY by Audience Analysts, Inc., was very helpful. The mailing piece based on these findings met with interested acceptance and represents a significant step forward in our ever-increasing program of building our image with consumer advertisers. Many personal relationships were established by the new Director of Advertising and hopefully these will evolve into mutually profitable and long-lasting business associations. Several new accounts have been attracted, and several significant others are close at hand. Those already ordering space are the Emko Company, American Temperance Associates, Encyclopedia Brittanica's Great Books Program and Ephraim Marsh. Lineage for the early months of 1965 is a little above what it was last year.

The SURVEY Board would further report to the General Assembly that it is sensitive to the fact that tensions and controversy in the Church often focus on the magazine as the instrument of the General Assembly. To the degree that the magazine is faithful to the spirit and the position of the General Assembly and its Boards and Agencies, it brings down upon itself the ire of those who disagree with the General Assembly. Feelings ran particularly high in 1964, a presidential election year. As the magazine strove to reflect faithfully the General Assembly's position on race and the National Council of Churches, it lost circulation in areas where these are controversial issues, a total of about 6,506 subscriptions. Nevertheless, the Board held firm in its attempt to fulfill the General Assembly's goals for the SURVEY:

—to provide information, inspiration, and guidance for the individual as he strives to live as a Christian in all aspects of his life;

—to lead individuals to deepen their personal commitment to Christ through a deeper understanding of prayer, the Bible as a guide and a source of inspiration, and the meaning of the Christian way of life;

—to stimulate an interest in and an understanding of the program of the Presbyterian Church in the United States;

—to report on the work that the various church boards, agencies, and church courts and institutions are doing to carry out that program;

—to clarify problems which confront churches today in education, stewardship, evangelism, church extension, and other aspects of church life, and to provide leadership in meeting those problems;

—to show the relationship of the Presbyterian Church, U.S., to the total impact of Christian forces in the world.

In response to the request made by the Standing Committee on PRESBYTERIAN SURVEY of the 104th General Assembly, in answer to the Overture #45, the Board stated,

> "In keeping with the established purpose and policy of PRESBYTERIAN SURVEY as set forth in the manual, we recognize our responsibility to undergird and uphold the position adopted by our highest church court on controversial subjects and support the policies and programs of our Church's Boards and Agencies."

The Board further declared that it "recognizes an obligation to keep open channels of communication between various elements of our church family" and implemented its policy by directing the editors of the magazine to provide space in the letters columns for criticism of programs and policies. This was carried out by the edtitors in 1964 and will be carried out in the future as a matter of policy. The Board reaffirmed its full confidence in the professional abilities of the staff and in the good judgment of the staff to uphold in all editorial policy the policies and decisions of the General Assembly and to provide temperate but positive leadership in the difficult and controversial areas.

The following reports are herewith submitted to the General Assembly: the Minutes of the two meetings of the Board of Directors during 1964; and the Financial Reports for the year ending December 31, 1964, before audit.

Respectfully submitted,
FELIX B. GEAR

REPORT OF THE COMMITTEE ON ASSEMBLY OPERATION

Minutes of the stated meeting of January 27, 1965, of the Permanent Committee on Assembly Operation are submitted to the Standing Committee on Assembly Operation for its information. Also submitted are the budget for 1965 and the projected budget for 1966 as adopted by this Committee.

1967 Meeting of the General Assembly

The Committee has accepted the invitation of First Presbyterian Church, Bristol, Tennessee, and King College for the 1967 meeting of the General Assembly with the following conditions:

1. That the joint Committee of Twenty-four with the Reformed Church in America, be informed that this invitation includes the R. C. A. Synod Meeting to meet concurrently; 2. That the suggested dates be either in late April or late May for the convenience of King College and that the Committee of Twenty-four be so informed; 3. If other arrangements are necessary to accommodate the R. C. A., the Executive Committee of the Permanent Committee on Assembly Operation is empowered to act.

Both First Presbyterian Church, Bristol, and King College have agreed to these conditions.

New Standing Committee Recommended

In response to a suggestion by the Standing Committee on Christian Education of the 1964 General Assembly (MINUTES, Part I, page 91), and after consultation with the four Theological Seminaries, the Presbyterian School of Christian Education, the Mountain Retreat Association, and Stillman College, this Committee is recommending to the General Assembly that a new Standing Committee be created called "Standing Committee on Educational Institutions," through which reports of the seven above-named institutions will be made to the General Assembly. This action is recommended in order to reduce the number of reports now made through the Standing Committee on Christian Education. With the exception of the reports from the above-named institutions, all reports now going to the Standing Committee on Christian Education will continue to be so directed.

Seminary Students to Attend General Assembly

The Committee on Assembly Operation adopted as a one-year pilot project the policy of requesting the president of each of the four Theological Seminaries to select one ministerial candidate under care of one of our Presbyteries to act as a page at the 1965 General Assembly, with expenses paid by the General Assembly; also that each Seminary president may select one candidate as above, to serve as a page, with expenses paid by the Seminary. Both candidates will be under direction of the staff of the Office of the General Assembly while the Assembly is in session.

Change in Committee Manual

Attention of the General Assembly is called to the fact that the Manual of the Committee on Assembly Operation has been changed so as to comply with the action of the 1964 General Assembly relative to the Stated Clerk and Treasurer becoming central treasurer of benevolences for Assembly benevolence agencies and relative to the promotion of its General Fund. (MINUTES 104th General Assembly, Part I, page 131, items L and M)

Change in Manual for Churches Entertaining the Assembly

Attention is also called to the fact that the Manual for churches wishing to entertain the General Assembly meeting has been changed so as to comply with the following action of the 1964 General Assembly:

That the General Assembly establish the policy of holding its annual meetings only in churches willing to accept all persons for worship and membership in the congregation, as set forth in the BOOK OF CHURCH ORDER . . . without further restriction, and further, that this policy become effective with respect to the 1967 meeting of the Assembly.

Synod Boundaries

In response to the action of the 1964 General Assembly (MINUTES, Part I, page 70, 71), your Committee is making a study of the desirability of realignment of our present synodical structures, possibly combining existing synods in some instances to provide a more efficient organization for proclaiming the Gospel of Jesus Christ in the areas served by our denomination.

Hotel Obligations in Memphis

Attention of the General Assembly is called to the fact that, with the change by the Moderator of the meeting place of the 1965 General Assembly from Memphis, Tennessee, to Montreat, North Carolina, your Committee faced a liability incurred with the Peabody

Hotel, Memphis, estimated a minimum of $15,000 for the entertainment of commissioners and other authorized personnel. Since arrangements with the hotel were made in 1963, the late change of the General Assembly from Memphis left the Peabody Hotel unable to secure conferences or conventions equal in size to the General Assembly. A representative of the Committee on Assembly Operation met with the management of the Peabody Hotel to discuss the liability. We believe the General Assembly should know that in spite of the financial loss sustained by the hotel, the management completely cancelled our commitment, requiring no financial settlement whatever.

Flash Pictures at General Assembly Meeting

Attention is called to the policy which prohibits flash pictures being taken during any worship service at the General Assembly. However, since the value of publicity outweighs the slight inconvenience of commissioners, pictures are allowed at other sessions.

Membership on Permanent Committee

Suggestions have been properly made to the Assembly's Permanent Nominating Committee concerning attendance of members to this Committee's meeting and concerning the filling of Committee vacancies.

Supervision of the Work of the Stated Clerk and Office of the General Assembly

The Committee continues to endeavor to fulfill its responsibilities in helping to establish policy for the Stated Clerk and in supervising the work of the Office of the General Assembly. We express again our appreciation for the faithful and efficient work of the Stated Clerk, Dr. James A. Millard, Jr., and of the Assistant to the Stated Clerk, Mr. George Stratman, and of their staff, all of whom carry out their duties completely in accord with what this Committee interprets to be the intention of the General Assembly.

Respectfully submitted,
HARRY A. FIFIELD, *Chairman*

REPORT OF THE STATED CLERK OF THE GENERAL ASSEMBLY TO THE GENERAL ASSEMBLY OF 1964

The Stated Clerk would report that the varied duties of his office and the functions housed in the Office of the General Assembly have been carried out under direction of the Committee on Assembly Operation. The present staff (the Assistant to the Stated Clerk and three ladies as clerical staff) continues to operate effectively.

Respectfully submitted,
JAMES A. MILLARD, JR., *Stated Clerk*

REPORT OF THE PRESBYTERIAN FOUNDATION, INC. (U.S.)

On behalf of the Trustees of the Foundation, elected by the General Assembly, I present to the 105th Assembly the report of the 99th year of this agency's service to the Church.

The Board of Trustees, under the able leadership of Mr. Philip F. Howerton, Charlotte, is composed of twenty-four Presbyterians—two women, six ministers and sixteen laymen residing in sixteen synods. Those who have come on the Board since the 1964 Assembly are: Mr. A. C. Bryan, Chattanooga; the Reverend Walker B. Healy, Roanoke; and the Reverend Harry M. Moffett, Jr., Gastonia.

Total funds held by the Foundation December 31, 1964 had a book value of $4,146,453.48 and a market value of $4,820,517.63. Total assets increased $567,220.86 in 1964. During 1964 the Foundation received funds in a total of $462,304.55 in the following forms and amounts: Bequests: $130,227.55; Gifts: $117,476.84; Gift-Annuity Contract: $158,829.24; Life Income Contract: $45,770.92; Other: $10,000.00. Earned income for distribution to various beneficiaries (not including Annuity and Life Income beneficiaries) was $137,283.86.

The funds now held by the Foundation under its Investment and Management Service program amount to $305,959.26. Through this program, the Foundation is available to render an especially valuable service to local congregations and small institutions having relatively small endowment funds which would benefit by sharing in the wider diversification and growth possibilities of the Foundation's holdings.

The outstanding need of the Foundation is for its purposes and services to become common knowledge among the membership of the Church in order that, through an awakened sense of stewardship of accumulated means, substantially increased capital funds may be made available to undergird and strengthen the various phases of the Church as "the body of Christ."

With this report, the following are submitted for the Assembly's consideration and recommended approval:

1. Minutes of the Foundation's Board of Trustees.
2. Audit of the Foundation's finances.
3. Summary of income and expenditures.
4. Manual of operation.
5. The Board's election of Frank H. Caldwell as Executive Director to serve for a term of three years.

The gratifying increase in the receipt of funds during 1964 is evidence of the value of persistent promotion of this agency throughout the Church and is a tribute to the diligent

work of Dr. John R. Cunningham as Director and of Mr. A. Walton Litz as Associate Director, and as the person who carried on the full work of this office as Acting Executive Director for six months of that year.

On February 19, 1966, this Foundation will have served General Assembly for a century. With the cultivational staff and program authorized in recent years, assets of the Foundation have been increased in the last ten years from $819,094.00 to $4,820,517.63. The Board has set as an objective the bringing of this total to $7,500,000.00 by the end of 1966-67. As a stimulus toward this goal, this Assembly is respectfully requested to authorize the Stated Clerk and Program Committee to plan some suitable observance of the Foundation's Centennial in connection with the 1966 Assembly.

The Foundation's responsibility relates to a major untapped resource of the Church. With diligent and tactful cultivation of our membership, the Board is convinced that this long-neglected agency can be the means of the substantial undergirding and expansion of the Church's mission with needed capital funds.

Respectfully submitted,
FRANK H. CALDWELL, *Executive Director*

REPORT OF THE HISTORICAL FOUNDATION OF THE PRESBYTERIAN AND REFORMED CHURCHES

The Executive Committee of the Historical Foundation of the Presbyterian and Reformed Churches submits the following report:

Twenty-five years have elapsed since the present administration of the Historical Foundation took office. On this account, it is proposed to have this report take the form of a resume of the work of the past quarter-century, a period immediately following the pioneer efforts and notable accomplishments of its founder, Rev. Samuel Mills Tenney.

Charles D. Parker, who had served as treasurer of the Historical Foundation from 1939, died on June 21 of the past year, after the intervening years of devoted service to a work with which he was vitally and effectively concerned. At the time of his death, Mr. Parker enjoyed a longer period of official association with the Foundation than any other person. L. Young White, a member of the Executive Committee for a number of years past, has been elected to succeed Mr. Parker as treasurer.

Buildings and Grounds

During the early 1950's, a suitable building for the use of the Foundation was erected along Assembly Drive in the center of Montreat. Designed by that library specialist, Alfred Morton Githens of New York City, with decorations under the supervision of Mrs. Billy Graham, and built by the Barger Construction Company of Mooresville, North Carolina, this structure has been occupied since 1954. The generosity of the Church at large and of the Mountain Retreat Association made it possible for the installation of full and adequate equipment. The building contains approximately 11,000 square feet of floor space and gives promise of providing sufficient room for a number of years yet to come.

The surroundings have been landscaped under the direction of William Pitkin, adding substantially to the attractiveness of this particular section of Montreat. Funds for this purpose were provided by Mrs. William Henry Belk of Charlotte and members of her family.

Publications

The first issue of the quarterly *Historical Foundation News* appeared in 1944. Since that time this paper has been regularly distributed across the Church for the dissemination of information on the Foundation and Presbyterian historical work in general.

A full-length volume was published in 1956 and again, in revised form, in 1960. Bearing the title of *The Historical Foundation and its Treasurers,* the book has been widely circulated both here and abroad with the purpose of providing an appreciative understanding of the history, nature, and work of the Foundation. In addition to the foregoing, a number of occasional publications have been issued from time to time.

The Foundation and the Church

But the primary purpose of the Foundation is neither to construct buildings or to issue publications as such, but rather to provide the Presbyterian Church in the United States and its constituency with a center for historical activities.

With this mission in mind, historians of local churches, presbyteries, and synods, as well as those of the Church at large, have been provided with information and materials. Stated Clerks of the General Assembly, synods, and presbyteries have drawn upon its resources. Representatives of the various boards and agencies and of ad-interim committees have likewise been served. Almost all of the moderators of the General Assembly of the past twenty-five years have utilized its holdings at one time or another, while editors of church publications have repeatedly made use of its facilities.

A large number of Presbyterians have taken frequent recourse to materials for data of interest and items of personal concern. The most recurrent calls made upon the staff, whether by visitors or through the mails, have been for information relating to a particular local congregation or to some individual or family.

The Foundation and the Scholarly World

It was inevitable that any successful endeavor to assemble Presbyterian and Reformed materials on a comprehensive basis would attract the notice of scholars. This has proved to be the case, for the academic world has obviously discovered the Foundation. An examination of the following listings of institutions provide an idea of the scope of the appeal of its holdings.

Students

During the period in question students from the following universities have visited Montreat for work in the Library and Archives: Alabama, American (Washington), Auburn, Bob Jones, California at Los Angeles, Chattanooga, Chicago, Cincinnati, Columbia, Duke, East Tennessee State, East Texas Baptist, Edinburgh, Emory, Florida, Florida State, Free of Amsterdam, Houston, Iowa State, Johnson C. Smith, Kentucky, Louisiana State, Mississippi State, North Carolina, Northwestern, Ohio State, Oxford, Pennsylvania, Pittsburgh, Princeton, Rice, South Carolina, Syracuse, Texas, Trinity, Tulane, Vanderbilt, Virginia, Washington (St. Louis), West Virginia, Western Reserve, Wisconsin, and Yale. Visitors bent upon like missions came from Columbia, Erskine, Louisville Presbyterian, Princeton, Union (Virginia), and Union (New York) theological seminaries. Colleges represented included Charleston, Columbia Bible, Davidson, Erskine, King, Montreat-Anderson, Warren Wilson, and Winthrop.

Faculty Researchers

Faculty members who have carried on research represented Agnes Scott, Arkansas, Asheville-Biltmore, Belhaven, Berea, Calvin, Catawba, Centre, Davidson, Davis and Elkins, Flora McDonald, Guilford, Hampden-Sydney, Hastings, Jacksonville State (Alabama), King, Macalester, Mary Baldwin, Maryville, Mitchell, Montreat-Anderson, Oklahoma Presbyterian, Orlando Junior, Paducah Junior, Peabody, Peace, Presbyterian (South Carolina), Presbyterian Junior, Queens, St. Andrews, Southwestern (Kansas), Southwestern (Memphis), Stillman, Warren Wilson, and Westminster (Missouri) colleges; and Virginia Polytechnic Institute. Research workers have come from the faculties of Alabama, Auburn, Butler, Clemson, Colorado, East Tennessee State, New Mexico, North Carolina at Raleigh, Ohio State, Oregon, Princeton, Richmond, South Carolina, State (Albany, N. Y.), Texas, Tulane, Vanderbilt, Wake Forest, Washington (St. Louis), and Washington and Lee Universities. Theological seminaries similarly represented have been Austin, Columbia, Cumberland Presbyterian, Hartford, Louisville Baptist, Louisville Presbyterian, McCormick, New Orleans Baptist, Presbyterian (Korea), San Francisco, Union (Virginia), and Western (Pittsburg).

The Year 1964

During the past year the joint microfilm project sponsored by the Church's four seminaries, the Office of the General Assembly, and the Foundation has gone forward toward completion. Two hundred and forty-four different rolls of film had been processed by the year's end, with copies of these distributed to each of the cooperating institutions.

An invitation to particpate in the publication of the *Journal of Presbyterian History,* extended by the Directors of the Presbyterian Historical Society of Philadelphia, has been accepted by the trustees of the Foundation. Arrangements are now under way toward the implementation of this plan.

Manuscript collections found enrichment through the receipt of papers pertaining to such ministers as William Crowe, D. Clay Lilly, Joseph Mack, and James W. Marshall, the Marshall materials constituting the largest single acquisition of manuscripts in the history of the Foundation. The contents of the thirteen-volume Hotchkin collection on Oklahoma Presbyterianism, designated by Dr. Hotchkin to remain permanently in that State, have been made available through microfilming.

RECOMMENDATIONS

1. That each commissioner to the 1965 General Assembly plan to visit the Historical Foundation while in Montreat.
2. That the General Assembly express its thanks to all those who have contributed to the development of the Historical Foundation across the past twenty-five years.

REPORT OF THE PERMANENT THEOLOGICAL COMMITTEE

The Permanent Theological Committee has held two meetings, one in June and one in November, during the past year. Sub-Committees have been engaged in study and in writing in connection with assignments by the General Assembly as follows:

A sub-committee, composed of Professor Kenneth Phifer, Chairman, Professor Laurence Kinney, and Dean James Leyburn has been at work on the remit of the 1963 General Assembly for a study of the subject, "The Relationship Between the State and Our Nation's Religious Heritage of Faith in God." Several papers have been produced and discussed, but the Committee is not prepared to report to this Assembly. It is expected that a report will be ready in 1966.

Another sub-committee, under the Chairmanship of Dr. Robert F. Jones, is working on the instruction of the 1963 General Assembly that the Theological Committee make a study of "the Biblical and Reformed basis of the diversified ministries of the whole Church,

especially concerning the ordination of the Ruling and Teaching Elders, the proper titles for the Teaching Elder, and who is to administer the sacraments." At the request of the Committee a significant contribution to the study was made by Professor John Leith who produced for the Committee a paper entitled "Traditional Reformed Teachings About the Ministry, As These Relate to the Function and Titles of the Minister," and by Professor Harry G. Goodykoontz who wrote a paper entitled "The Current Understanding of the Teaching and Ruling Elder in Present Practice." The Committee is continuing its study and may be in a position to report by the 1966 General Assembly.

The 1964 General Assembly referred to the Permanent Thelogical Committee two overtures as follows:

1. From the Presbytery of Washburn requesting that "The General Assembly . . . instruct the Permanent Theological Committee to restudy the whole matter of recognition of baptisms administered by denominations other than our own, and to report to the next General Assembly." (Minutes, p. 26)
2. From the Presbytery of Appomattox suggesting that "The Directory of Worship (Par. 209-6) be changed from: '. . . He shall baptize the child with water, by pouring or sprinkling it on the head of the child, without adding any other ceremony.' To: '. . . He shall baptize the child with water by pouring or sprinkling it on the head of the child, or by immersion, without adding any other ceremony.' (Minutes, p. 24)."

These assignments were studied by a sub-committee composed of Professor Wade Boggs, Chairman, Dr. James Millard, Dr. Richard Eastwood, Dr. Fitzhugh Legerton, and Professor Rodman Williams and discussed carefully by the Committee of the whole.

In response to the overture from the Presbytery of Washburn, the Permanent Theological Committee makes the following recommendation to the General Assembly:

> That the overture from the Presbytery of Washburn to the 1964 General Assembly (Minutes, p. 26) be answered by the following statement:
>
> The 1871 statement of the General Assembly (Minutes, p. 30) on recognizing the validity of baptisms administered by other branches of the Church was superseded by later actions (Minutes 1882, p. 573; 1949, pp. 27, 57; 1958, pp. 26, 53, 54). By these later actions decision for such recognition is the responsibility of Session.
>
> The fundamental position of our Church is expressed in actions of 1864 (Minutes, p. 274) and 1865 (Minutes, p. 363) which, taken together, affirm:
>
> ". . . Christ is the *matter* or *substance* of the sacrament. It sets him forth to us as crucified for us, and raised for our justification. . . . (It) was designed to signify and seal our fellowship with Christ, in his death and in his resurrection, with all the benefits thereof. . . . Let these truths not be shut out of view, and the application of water to the person, in the name of the Father, Son and Holy Ghost, by any duly authorized Christian minister, is valid baptism."
>
> Such valid baptism should be recognized by our Sessions.

In response to the overture from the Presbytery of Appomattox, the Permanent Theological Committee adopted the following statement for presentation to the General Assembly:

> "The heart of this overture is the desire to modify Par. 209-6 of the Directory of Worship by including immersion along with sprinkling and pouring as approved modes of baptism. We recommend that the General Assembly decline this overture on the grounds that a change in our standards is unnecessary to accomplish the objective sought by the overture. The pertinent words are the following: 'Dipping of the person into the water is not necessary; but baptism is rightly administered by pouring, or sprinkling water upon the person' (Westminster Confession of Faith, XXX, 3). The most natural interpretation of this statement would seem to be that immersion as defended by Calvin and other Reformed theologians is not so essential as to be the only possible mode; furthermore, in contradistinction to those who deny the validity of other modes, pouring and sprinkling are stated to be proper forms of baptism. Thus the Westminster Confession does two things: it speaks AGAINST the NECESSITY of immersion and FOR the VALIDITY of pouring and sprinkling. There is no suggestion that immersion might somehow be improper or invalid. It is therefore our judgment that our standards properly decline to elevate immersion to the plane of necessity, and also underscore the rightness of other modes of baptism, while assuming along with Calvin the propriety of immersion."

PERMANENT COMMITTEE ON TELEVISION, RADIO AND AUDIO-VISUALS

TRAV presents to the 105th General Assembly its Seventh Annual Report. With the report are submitted TRAV's volume of Minutes and its financial statement for 1964.

Introduction

Of TRAV's seven years since its creation by the General Assembly of 1958, 1964 was the most varied in services rendered to the Church, and fruitful in accomplishments. More detailed summary will be presented, but a quick look at TRAV's seventh year shows:

. . . The Protestant Hour reached more people, through more stations than ever before in its 19 year history.

. . . TRAV's staff was called upon to provide the coordination of radio and television coverage for the World Presbyterian Alliance in Frankfurt, to do the official recording of all its sessions, and to prepare the official filmstrip reporting upon the meeting.

. . . TRAV's staff completed all audio-visuals for the first year of CLC, producing seven basic items totalling 85,000 units. More than 410,000 items were assembled by TRAV into these units for sale by the Board of Christian Education.

. . . Special broadcasts at Easter reached a new high, with station acceptance of the magnificent 48-minute program of "Seven Last Words of Christ" climbing from 120 to 346, including an amazing total of 73 which used the program in stereo.

. . . Genuine and fruitful cooperation with the United Presbyterian Church's Division of Radio and Television resulted in placement of the jointly sponsored TV program "Ten Questions" in more than 20 cities.

. . . TRAV's installation of new facilities and equipment in Montreat provides greatly improved opportunities for presenting audio-visual training and inspiration to persons attending conferences there.

. . . Radio and TV film coverage of the General Assembly was provided for the first time by TRAV in 1964.

. . . TRAV broadcasts during December, 1964, reached an all-time high for any month, with more than 1500 radio and television stations carrying one or more TRAV-produced programs, including "The Carolers," "The Protestant Hour," "Be Still and Know," "What Is Christmas?," "Ten Questions," "Living Prayers," and "Sunday School of the Air."

. . . TRAV's staff completed the amazing total of one movie, six filmclips, eleven filmstrips, and six special records for the Church's audio-visual programs.

I. *Ministry Through Radio*

TRAV's world-wide radio ministry continued to grow in 1964, though less rapidly than in 1963. The three continuing programs added fewer new stations but apparently added many new listeners, judging from mail response. In addition, TRAV's special radio programs reached new totals:

Station totals for the major programs are: The Protestant Hour, 575 stations around the world, weekly; Sunday School of the Air, 140 stations in the United States weekly; Be Still and Know, an average of 1,150 stations around the world—daily.

The special radio programs included "The Carolers," carried by 150 stations at Christmas; "Songs of Praise," carried by 52 multiplex (stereo) stations; "Seven Last Words," carried by 346 stations, including 73 multiplex; "What Is Christmas?," carried by 244 stations; and "Take Time for Thought," carried by approximately 80 stations. It should be noted that there are only some 200 multiplex stations in the United States, and more than a third of them have carried TRAV material to this special audience.

These statistics enable TRAV to say that programs produced by the Presbyterian Church in the U.S., in 1964, reached an audience of many, many millions at a cost of approximately *$1.00 for every hour* our programs were on the air.

Dr. John A. Redhead, Jr., served as preacher for the Presbyterian Series of The Protestant Hour in 1964. Dr. Dean McKee, Dr. Edward McNair, Dr. William Logan, and Dr. Merle Patterson each taught one quarter for The Sunday School of the Air. Dr. Lawrence Stell, Dr. Logan and Dr. Patterson will teach during 1965.

II. *Ministry Through Audio-Visuals*

The production and assemblying of "Year One" audio-visual materials for CLC occupied TRAV's AV staff the first six months of 1964, and was successfully completed with the delivery of more than 1,100 large cases containing the 83,000 units produced for the Board of Christian Education. It was by far the largest AV undertaking by TRAV. It was also a demonstration of the closest of coordination, planning and production between the two

agencies. As an example of ways in which excellent audio-visual material can be "built into" curriculum material, this 1964 production is being studied by major denominations. Production of "Year Two" material moved ahead rapidly during the latter half of 1964.

Even so, Mr. A. John Gillies, Director of Audio-Visuals for TRAV, found time to serve as coordinator for radio and television coverage at the meeting of the World Presbyterian Alliance in Frankfurt, Germany, in August. Mr. Gillies had served in the same capacity when the Alliance met in Brazil four years earlier, and a special request was made of TRAV and the Presbyterian Church in the United States that it again provide his expert help to the Reformed Churches. Involved in this was the recording of all proceedings, the supervision of staff photographers, preparation of taped interviews, and the preparation of the official filmstrip reporting on the meeting, "Many Lamps—One Light."

As a part of the European assignment, Mr. Gillies also gathered material for filmstrips, now in production for the Board of Christian Education, on the life of John Calvin, and on "The Church Through the Centuries." At the same time, the Board of World Missions asked Mr. Gillies to continue on to Iraq, and the filmstrip "From Dawning to Noonday Bright" is the result.

Other audio-visual materials for the Board of World Missions include a movie on Brazil, "Make Straight the Highway," a record, "Every Tongue Adores Thee," a re-issue of a filmstrip, "Century of Mission," and a filmstrip "School of Missions."

For Montreat, a filmstrip "Lift Thine Eyes" was produced in time for use at the last General Assembly. For the Board of Church Extension, two excellent filmstrips were turned out: "Here Are the People," and "Our Reshuffled People." For Evergreen Vocational School and the Board of Women's Work, "Now Abideth Hope" was produced. The Synod of Arkansas was assisted in production of "Room for Growth." For the Joy Gift season, and the Board of Annuities and Relief, TRAV prepared a unique plastic record.

For the new Worship and Work program on the Church, TRAV produced a complete kit of materials, working through the General Council.

No single AV production during the year seems likely to equal the impact which is now being reported throughout the Church for "The One Story of the Bible," a beautiful and superbly narrated introductory filmstrip for use with the "Mighty Acts of God" studies in CLC. With specially composed music, and art by Mr. Norman Kohn, a Presbyterian Deacon whose work has already won two national top prizes in audio-visuals, this filmstrip is both an educational adventure and a deeply inspiring spiritual experience.

All these items, plus hundreds of others which are produced by other audio-visual specialists for in-church use, are being made available to the Church through TRAV's two AV libraries, in Richmond and in Atlanta. Attention is called to the fact that through the main library, in Atlanta, TRAV makes AV equipment available to our churches at special prices.

III. *Ministry Through Television*

Although TRAV's name begins with the "T" for television, this part of TRAV's ministry is still last. During 1964 TRAV chalked up several important steps in its TV ministry, but these were far short of what the Church might have been doing in the use of this medium.

During the year distribution began of the new Bible-teaching series on First John, called "Is Your Faith Real." Dr. Louis H. Evans prepared these six programs for TRAV. A third series of ten "Living Prayers" was distributed. "What Is Christmas?," the fine 30-minute special, was again booked to capacity, with all 18 of the video-tapes being used at least once.

As noted earlier, TRAV also was engaged in 1964 in the cooperative production and distribution of "Ten Questions," the first of several projected cooperative programs developed with the United Presbyterian Church.

And news films of the 1964 General Assembly were produced by TRAV for the Information Office, and distributed to a number of TV stations.

The production of several other spot programs moved forward, and the first of a new series of "Hymnscriptions" should be ready for use in 1965.

All this adds up to far less than the Presbyterian Church in the United States should be doing in the utilization of this mass medium which TRAV believes God has provided for reaching the exploding populations of this age. The explanation was short and simple: funds were inadequate to do more.

The facts can be reviewed briefly. In 1958, when the General Assembly created TRAV, it asked that $300,000 be provided to enable the new agency to begin the sort of ministry through the electronic media which a two-year Ad Interim Committee study indicated was needed. This total represented, however, a tremendous increase from the approximately

$90,000 annually spent on broadcast and audio-visual work prior to TRAV's formation. To provide this additional $210,000 proved to be beyond the resources available to Assembly agencies.

The problem was, and is, that the General Council's budget recommendations to the General Assembly must take account of all needs of all agencies, and recognize that to increase TRAV's budget to $300,000 too rapidly would drastically reduce the funds available for other and vital work. Simply raising the budget request would not increase receipts, because the churches' gifts grow at a rate that bears little relation to asking budgets. And since TRAV is a General Fund Agency, which means that in recent years it could expect approximately 70% of its budget in actual receipts, it would require a budget of $450,000 to "produce" the necessary working cash. This would have amounted to a third of the total General Fund budget, and the disastrous effect on the General Fund Agencies would be obvious.

The General Council and the General Assembly have done what they could, TRAV's budget has gone up by stages, and its benevolence receipts have climbed steadily: $90,237 in 1958; $112,931 in 1959; $133,036 in 1960; $149,862 in 1961; $135,823 in 1962 when a change in closing dates altered all Assembly Agency receipts; $158,044 in 1963; and $164,671 in 1964.

But in the meantime, costs of production have continued to climb, and the demands for TRAV's high-quality radio programs have continued to grow. Although TRAV has added no new continuing radio program in five years, new stations have been added to carry existing programs, in response to station demand for help. Even when the pre-station cost is continually lowered by expanding station lists. It still costs 8½¢ per day to maintain "Be Still and Know" on a station, or $2.60 a week to maintain "The Protestant Hour," and the total inevitably mounts up, despite such bargains!

In addition, TRAV was able to "take seriously" the Assembly's request that audio-visual ministries be improved. This has been developed into a strong service by using approximately $20,000 from benevolences annually to supplement audio-visual earnings in support of the AV work.

These two areas, plus the necessary expenditures for TRAV Board of Directors meetings, personnel, training, cooperative programs, and direct services to churches and synods account for about $50,000 of the increases received between 1958 and 1964.

Put more simply, the fact is that radio was a going concern in 1958, and TV was not. Radio had to be, and was, maintained in a strong and healthy condition. Audio-Visuals could be, and was, developed into a strong service for a relatively small investment of benevolence money. Television, with no continuing programs demanding support, and with relatively large sums necessary to begin an expanded ministry, has been forced to live on left-overs. TRAV believes that much of real value has been accomplished with the comparatively small expenditures in TV. It is convinced that even small additional funds can be made to stretch far in producing more and better Presbyterian television.

TRAV also is convinced that the Church wants to see the vision of the 1958 General Assembly carried to reality, and that many individuals and congregations would respond to the opportunities of the television ministry if they knew the facts and could be properly challenged. At the same time, TRAV recognizes that without endangering absolutely essential work by other agencies, the normal budgetary growth for TRAV will be a long time producing funds which were needed "yesterday"—for seven years. The TRAV Board of Directors therefore raise the question whether there may be another way of approaching this dilemma.

Specifically, would it not be possible for TRAV to put price-tags on specific programs which could not be produced unless individuals or congregations gave designated gifts for their production? It is our understanding that such an approach has been made by other agencies, and that this has been a means of stimulating additional support for important work. Undesignated gifts would continue to provide basic support of the TV ministry, and it is hoped, on an expanding scale.

IV. *Record of Attendance and Vacancies*

REPORT OF THE PERMANENT COMMITTEE ON INTER-CHURCH RELATIONS

I. Fraternal Delegates

As directed by the General Assembly (Minutes 1963, p. 180), the Committee appoints fraternal delegates to the highest church courts of other Presbyterian and Reformed bodies. All fraternal delegates appointed in 1964 reported to the Committee regarding their attendance and experience. The following are named as fraternal delegates of our Church in 1965:

Associate Reformed Presbyterian Church—June 7-11, 1965—Flat Rock, North Carolina; Rev. J. V. C. Summerell

Reformed Church in America—June 3-9, 1965—Buck Hill Falls, Pennsylvania; Rev. Felix B. Gear

United Presbyterian Church in the U. S. A.—May 20, 1965—Columbus, Ohio; Rev. T. Watson Street

Church of Scotland—May 18, 1965—Edinburgh, Scotland; Mr. Myron Turfitt

Presbyterian Church of Jamaica—February 28, 1966—Kingston, Jamaica; Rev. James A. Millard, Jr.

The General Assembly has authorized the naming of observers to the Consultation on Church Union (Minutes 1961, p. 72; Minutes 1962, p. 73). These discussions undertaken by the UPUSA Church, the Protestant Episcopal Church, the Methodist Church, the United Church of Christ and others were attended in 1964 by Rev. William Sengel and Rev. Horace Villee as official observers of our denomination.

Rev. Villee and Rev. Grover C. Sewell have been designated as principal observers to the next meeting of the Consultation to be held in Lexington, Kentucky, April 5-8, 1965. Rev. Sengel and Rev. David Shepperson have been designated as alternates.

II. Inter-Church Bodies and Agencies

1. World Council of Churches

The 1964 report of the World Council of Churches, as abridged, is included with this report as an Appendix. Rev. John Newton Thomas submitted to the Committee a brief written report of his representation of the Church to the Triennial Meeting of the Faith and Order Commission in Aarhus, Denmark in August, 1964. The Committee did not participate in the distribution of the material relating to the "Week of Prayer for Christian Unity" because of the extensive demands on the Committee's budget this year.

2. World Alliance of Reformed Churches

Representatives of our denomination who attended the General Council of the World Alliance of Reformed Churches in Frankfurt, Germany, in 1964 made written reports to the Committee. Dr. Millard, who was elected a Vice-President of the World Alliance of Reformed Churches, Mr. Fulton, Mrs. McQueen and Dr. R. L. D. Davidson, members of the Committee representing our Church, made verbal reports to the Committee concerning their attendance at the General Council meeting. The Committee is preparing to distribute to all of the pastors of the Church and to the various Seminaries copies of the booklet "Reports from Frankfurt" for careful study by the ministers and the congregations. The report of the General Secretary and the report of the North American Area Secretary of the World Alliance, as abridged, are submitted as part of this report as Appendices.

The Committee has recommended to the Committee on Assembly Operation an increase from 1¢ to 1½¢ per capita for the World Alliance of Reformed Churches to enable the accumulation of funds to assist representatives of the younger and smaller churches in attending the General Councils which are held every five years. Heretofore, it has been necessary to ask the larger churches for special contributions to enable the widest representation of the many churches who are part of the World Alliance.

The Committee recommends the election of the following representatives to the North American Area of the World Alliance of Reformed Churches in the light of terms of representatives expiring in 1965:

For terms expiring in 1971

Principals	*Alternates*
1. Rev. James A. Millard, Jr.	1. Rev. Shirley C. Guthrie, Jr.
2. Mrs. John W. McQueen	2. Rev. F. A. Mathes
3. Rev. Albert J. Kissling	3. Mr. William J. Haynes (Kansas City)
4. Rev. J. Rodman Williams	4. Rev. Harry G. Goodykoontz

Considerable progress has been made in the discussions which have been conducted by

representatives of the World Alliance of Reformed Churches with representatives of the Lutheran bodies. Therefore, this Committee has determined to purchase copies of two papers for distribution to our ministers; (1) "A Re-examinaiton of Lutheran and Reformed Traditions," and (2) "A Re-examination of Lutheran and Reformed Traditions—II" (Christology, The Lord's Supper and Its Observance in the Church).

3. Inter-Church Agencies

The Committee received reports of the activities of the American Bible Society, Religion in American Life and the Lord's Day Alliance, all of which were reviewed. The budgetary requests of these organizations were considered and communicated to the appropriate agency of the General Assembly.

On May 8, 1966 the American Bible Society will commemorate the 150th anniversary of its founding, and the Committee believes that a special communication from our General Assembly, taking notice of this memorable occasion, would be highly desirable and recommends that the Assembly authorize the Stated Clerk to transmit a suitable communication. The 1964 General Assembly authorized a major display of material of the Society at the 1966 General Assembly, and the Committee recommends that the Stated Clerk communicate with the Society and the Chairman of the Program Committee of the 1966 General Assembly reminding them of the invitation which has been extended to a representative of the American Bible Society to address the 1966 General Assembly (Minutes 1964, p. 169).

4. National Council of Churches

The Committee received and reviewed the report of the General Secretary of the National Council of Churches for the year 1964, and this report, as abridged, is submitted herewith as Appendix. In addition to the written report of the General Secretary of the National Council of Churches, the Committee invited the Chairman of our denomination's representatives to the General Board of the National Council of Churches, Dr. Edward D. Grant, to attend the meeting of the Committee and give the Committee information as to the activities of our representatives to the General Board, and particularly to advise the Committee relative to the action of our representatives in conveying to the National Council of Churches the action of the 1964 General Assembly expressing the concern of the General Assembly about certain activities and policies of the National Council of Churches. Dr. Grant's full and complete report of the activities of our denomination's representatives was most helpful to the Committee.

In 1964, the Inter-Agency Committee of the General Assembly, composed of the executive heads of the boards and agencies of the Church, requested the Committee to make a thorough study of various boards and agencies of our Church to the National Council of Churches with regard to both participation and financial contribution. A subcommittee, chaired by Rev. William Sengel, diligently worked to secure the information from all boards and agencies of the Church and transmitted this information to the Inter-Agency Committee, which is in the process of correlating and discussing these findings with the Permanent Committee on Inter-Church Relations.

The 1964 General Assembly directed the Committee to request the General Council to give favorable consideration to increased financial support to the National Council of Churches, and the Chairman of this Committee's subcommittee on the National Council of Churches was instructed to appear before the Budget and Stewardship Committee of the General Council to transmit the Committee's request that the Council consider a request of $20,000 for the year 1966.

The Committee also took note of the resignation of the Rev. M. A. MacDonald as an alternate to the National Council of Churches' General Assembly, and the Committee recommends that the General Assembly name as representatives to the General Board of the National Council for the Class of 1971 the following:

Rev. James A. Millard, Jr.—Alternate, Mr. George Stratman

Miss Evelyn L. Green—Alternate, Miss Janie McCutchen

The Committee received a request from the Board of Women's Work that additional interpretative audio-visual materials concerning our Church's relations to the National Council of Churches be considered. The Committee determined to appropriate $200 of its program budget for the purchase of materials that are or may become available through the National Council of Churches for deposit in the library of TRAV.

The 1964 General Assembly directed the Committee to prepare a concise factual, pictorial and up-to-date document on the National Council. In cooperation with Presbyterian Survey, a document in the form of an insert in the December, 1964 issue was prepared and has been

widely distributed in pamphlet form. The Committee has defrayed in part the expense of this undertaking by the payment of $2,000 to the Board of Presbyterian Survey. The Committee has received information of the widest type of interest in this material, and thousands of copies have been requested and supplied where inquiry has been made.

As in the year 1963, this Committee has received voluminous correspondence and communications from individuals, churches, sessions and presbyteries concerning various aspects of the relationship of our Church to the National Council. As far as has been possible, the Committee has answered the requests for information. Various members of the Committee have made addresses concerning the National Council before various church bodies.

Of primary concern to the Committee has been increasing indication that various church courts, as well as individuals, have communicated to the Committee their decisions to withhold benevolence funds from the inter-church agencies, including the National Council of Churches. Representatives of the General Council have expressed their deep concern to this Committee of this situation.

III. Inter-Church Conversations and General Inter-Church Relations

The Committee heard the verbal report of Dr. Millard and Mr. Fulton of the progress of the conversations being conducted by the Joint Committee of Twenty-Four with the Reformed Church in America. While this Committee has no particular or specific responsibility in this area, it has been kept informed on this vital field of our relationship to our sister church. The Committee's direct contact with representatives of the Reformed Church in America has been maintained in meetings of representatives of the Inter-Church Relations Committees of the two denominations as set forth more fully hereinafter.

The 1961 General Assembly directed the Committee to exchange correspondence with various courts of the Church in order to keep the presbyteries and synods informed in general on matters concerning our relationship with our sister churches and for the purpose of giving such assistance as might be desired to various courts of the Church in this entire field. In 1963 the Committee secured the cooperation of the various presbyteries and synods by receiving information as to all of the activities in the various areas in which we are already cooperating with the United Presbyterian Church in the U.S.A. In 1964 Mr. Fulton, Chairman of the Committee, addressed all of the stated clerks of the presbyteries and synods at the annual meeting of the Stated Clerks' organization on the subject of "Grass Roots—Inter-Church Relations." The principal emphasis of this address was to enlist the support of the clerks in every area of the Church in all of the activities involved in our relationship to our sister churches. The Committee noted with gratification steps taken for an exchange of fraternal delegates between the UPUSA Presbytery of Union and the US Presbytery of Knoxville and the Cumberland Presbytery of Knoxville in 1964.

The Committee has also been kept informed concerning the gratifying progress of the Appalachian Council in which our Church's Board of Church Extension is involved with other Presbyterian denominations, which is typical of that type of grass-root ecumenical activity which expresses the true unity of our Presbyterian people. Dr. Gear reported to the Committee regarding a meeting of the Moderators of Reformed and Presbyterian Churches held in Kingsport, Tennessee, November 18-19, 1964, in connection with the Appalachian Council. One of the activities of the Moderators of these churches was the issuance of a "Call for National Unity." This statement was signed by the Moderators of the General Assembly of the United Presbyterian Church in the U.S.A., the General Assembly of the Cumberland Presbyterian Church, the General Synod of the Associate Reformed Presbyterian Church, the General Assembly of the Second Cumberland Presbyterian Church, the General Assembly of the Presbyterian Church in the U. S., and the President of the General Synod of the Reformed Church in America.

Possibly the most fruitful and important activity of the Committee in 1964 was participation by representatives of the Committee in a meeting in Louisville, Kentucky, in November, 1964, at which were present representatives in the field of inter-church relations of the highest courts of five Presbyterian denominations. This was a historic as well as fruitful meeting, in that there was represented for the first time in consultation representatives of the Commission on Ecumenical Mission and Relations of the United Presbyterian Church in the U.S.A. and the Inter-Church Relations Committees of the Cumberland Presbyterian Church, the Associate Reformed Presbyterian Church, the Reformed Church in America and the Presbyterian Church in the U. S. In addition, various representatives of some of the Churches in the field of Church Extension and National Missions were present and the Moderators of

the United Presbyterian Church in the U.S.A. and the Presbyterian Church in the U.S. Representatives of the Second Cumberland Presbyterian Church were invited, but were unable to attend.

At this meeting full and candid discussion was had by the 23 persons present reviewing our progress in the exchange of information concerning each other since the 1963 meeting, at which there were present representatives of only three of the denominations. The entire area of united Presbyterian and Reformd witness was discussed, including specific problems in the thought, life and work of the Churches, with particular emphasis on the knowledge that is essential for better working relations and upon areas of cooperation immediately open and specific areas of joint witness which must be mutually developed, the group concluding that there must necessarily be mutual understanding of the problems confronting the various denominations in the field of church extension. Recognition of the fact that our inter-church relations are inevitably involved in our activities of evangelism and church extension compels the conclusion that one of our immediate needs is to gather together representatives of the highest courts of the denominations in both the field of inter-church relations and church extension and evangelism, and specific plans were made for such a consultation which will be conducted the last week in March, 1965. Plans are also underway to continue on a regular basis inter-church consultations by the representatives of the highest courts of the denominations, with a view to reaching an understanding of the similarities and differences in the various denominations and that the Presbyterian and Reformed communions in the United States may present a united life and witness according to the Reformed faith and Presbyterian order.

The group also recognized the potential of working together through the North American Area Alliance of Reformed Churches and with its Committee on Church Cultivation, which is concerned in the cooperative endeavor of the member churches.

The 1964 General Assembly instructed the Committee "to be advised of the increased urgency of conversations and understanding with the United Presbyterian Church in the U.S.A. and other Reformed churches, and be instructed forthwith to explore differences and similarities with the UPUSA Committee and committees of other churches wishing such an exploration." Your Committee considers that the meeting described just above constitutes a valid and profitable effort on the part of our Committee to carry out this vitally important instruction of the General Assembly. Because of the special relationship which our Church bears to our sister UPUSA Church and because of the communications received from that Church and the special instruction of the 1963 Assembly (Minutes, 1963, pps. 93-94) that the Permanent Committee "continue conversations with the corresponding bodies of the United Presbyterian Church, U.S.A. and other Presbyterian and Reformed communions toward reaching an understanding of the similarities and differences of the several churches in order that the Presbyterian Church U.S. may better equip itself for negotiations toward union with any or all churches committed to the Reformed Faith," two separate meetings were held by the representatives of our Committee and the corresponding body of the United Presbyterian Church, U.S.A. (COEMAR).

In a meeting in August, 1964, in Frankfurt, Germany, representatives of the two groups made plans for the five denomination consultation of Presbyterian and Reformed bodies described above. In November, 1964, in Louisville, a separate consultation was held between representatives of the United Presbyterian Church, U.S.A., and the Presbyterian Church, U.S. This consultation included a frank discussion of the US-RCA conversations, and the fact that our General Assembly in 1964 directed the Ad Interim Committee on joint conversations with the Reformed Church in America to investigate the advisability of enlarging these conversations to include representatives of the United Presbyterian Church, U.S.A. The two groups recognized with appreciation that the Reformed Church in America had created for the first time an Inter-Church Relations Committee in order that that denomination might engage in and share the concerns common to joint Presbyterian and Reformed witness. It was recognized that the Reformed Church and the United Presbyterian Church, U.S.A., have some concerns which require separate consultation, even as separate consultation is frequently required between the United Presbyterian Church, U.S.A., and the Presbyterian Church, U.S. The principal endeavor of the joint consultation between the UPUSA and US representatives was an exploration of differences and similarities between the two bodies and an effort to frankly assess the obstacles and possibilities of Presbyterian reunion. The consultation discussed the involvement of the United Presbyterian Church, U.S.A., in the Consultation on

Church Union involving the Protestant Episcopal Church, the Methodist Church and the United Church of Christ. It was recognized that some press reports on these consultations, both in the religious and secular press, had been misleading and that there was misunderstanding abroad about various aspects of the progress of these deliberations. A frank appraisal of the constitutional requirement of the Presbyterian Church, U.S., that three-fourths of the presbyteries approve any Plan of Union with other denominations was conducted and a candid discussion of alleged doctrinal differences created by certain press reports of the activity of the United Presbyterian Church, U.S.A., in considering a revision of its constitution was conducted. The representatives recognized that some irresponsible and inaccurate interpretations had been made by various individuals and agencies concerning both the denominations which contributed to tensions and misunderstandings. The group recognized, as had the 5-way consultation, that in the field of church extension there were areas of friction and tension which might well be alleviated where there was common understanding and appreciation of denominational policies and strategies. A far more positive realization was that our two denominations are already cooperating and working together in many areas of the Churches' life and work and that there was an increasing impatience on the part of our people with denominational structures which in any way impeded their joint witness. It was recognized that as our people move from place to place that most of them are not aware of any difference in denominational policies, life, work and worship. We recognized and were thankful for the basic oneness evidenced by the pronouncements of our General Assemblies on social matters and the application of the Gospel to the changing times in which we live. The representatives present at this conference were convinced that real progress was made as our two communions share with each other the concern for a united life and witness in these conversations, and concluded that such conversations would be instrumental in preparing a climate consistent with the conviction of the General Assembly expressed in 1963 and reaffirmed in 1964 that "ultimately Presbyterian and Reformed communions in the United States should present a united life and witness according to the Reformed faith and Presbyterian order."

The Committee took notice of the earnest communication of the 1964 General Assembly of the United Presbyterian Church, U.S.A., to the General Assembly of the Presbyterian Church in the U.S. The Committee recommended that members of the Inter-Church Relations Committee confer with representatives of COEMAR of the United Presbyterian Church, U.S.A., with the hope that a joint statement on the subject of Presbyterian reunion might be prepared for subsequent presentation to the General Assemblies of the two Churches.

IV. Special Matters Relating to Committee Structure

The Committee recommends that the General Assembly approve an amendment to the Committee's Manual relating to membership on the Committee, as follows:

Proposed New "Article IV. Membership" in Manual

Section 1. Membership of the committee shall be one person from each of the sixteen Synods, and the Moderator and Stated Clerk of the General Assembly ex officiis.

Section 2. Members, except those serving as ex officio, shall serve for such terms and be eligible for reelection by the General Assembly for additional terms as provided in the manual of the Permanent Nominating Committee for committees of the General Assembly. A member who has removed from the jurisdiction of the Synod which suggested him shall serve the remainder of his current term. He shall upon such removal remind the Synod of its responsibility to make suggestions for the vacancy which will be created at the expiration of his term and inform the General Assembly's Nominating Committee.

Suggestions concerning the reelection of members eligible for additional terms shall be made by the Permanent Committee.

Section 3. When a vacancy occurs, a Synod shall present two names, one Minister and one Ruling Elder, to the Permanent Nominating Committee. The Nominating Committee shall nominate one of these two to the General Assembly.

Section 4. Service on the committee shall begin with the adjournment of the General Assembly meeting at which the member is elected.

Section 5. The committee shall be arranged into three (3) classes as follows:

Class 1: Members from the Synods of Tennessee, Louisiana, Missouri, Georgia, and Appalachia.

Class 2: Members from the Synods of Florida, Virginia, West Virginia, Kentucky, and South Carolina.

Class 3: Members from the Synods of Texas, North Carolina, Arkansas, Oklahoma, Alabama and Mississippi.

(Note: The Manual amendment above adopted by the General Assembly is *as amended* by the Assembly. *Stated Clerk.*)

The major changes envisioned by adoption of the proposed change in the Manual are:

1. Membership of the Committee would be composed of representatives from the sixteen synods, together with the Moderator and the Stated Clerk of the General Assembly. No member would be nominated by the Board of Women's Work as prescribed by the present Manual.

2. The General Assembly's Nominating Committee would have an increased responsibility with regard to Committee membership, consistent with its responsibility for other boards, agencies and committees.

Fifteen members of the present Committee believe that this change in the Committee's structure would permit the service of women on the Committee as in the past in view of the change in the constitution permitting ordination of women as Ruling Elders. The Committee is pleased that the Board of Women's Work maintains its vital interest in and influence in the entire field of inter-church relations through its staff member, Miss Janie McCutchen. It has been our privilege to have Miss McCutchen present at our meetings and to have her valuable counsel and cooperation. The majority of the Committee recognizes the vital necessity of contact with the synods and presbyteries in the field of inter-church relations through representation on the Committee by representatives of the sixteen synods. It is believed, however, that the Committee should be truly a General Assembly committee and not entirely one of synods' designation. The Committee feels that the synods will fully participate by nominating a minister and ruling elder when a vacancy occurs, and the majority feel that that the General Assembly's Nominating Committee should have the responsibility for filling vacancies on this Committee, as in the case of other General Assembly boards, agencies and committees.

At its February, 1965, meeting, the Committee elected the following officers:

Chairman—Rev. Alex W. Hunter
Vice-Chairman—Rev. David Shepperson
Secretary—Rev. John R. Richardson

The Committee voted to extend its appreciation to Judge John A. Fulton for his nine years of distinguished service as Chairman of the Committee, as follows:

The Permanent Committee on Inter-Church Relations would note in its own minutes and to the General Assembly the ending of nine years of distinguished service by Judge John A. Fulton as a member and as Chairman of the Permanent Committee on Inter-Church Relations.

Judge Fulton has given without reserve of his time and energy to the service of the General Assembly. With his acute knowledge of the problems of interchurch relations and his unusual capacity to state matters clearly, he has kept the Permanent Committee clearly aware of its responsibilities and moving forward steadily in its fulfilling of the responsibility the General Assembly places upon it.

One of the greatest strengths of any Reformed Church is the quality of its Ruling Eldership. Our Church would be blessed to have in her courts and committees more Elders of the capacity, dedication and energy of Judge Fulton.

The Committee firmly believes that one of the important aspects of its relationship to our sister denominations is the opportunity to develop a joint program of positive action in the field of Christian Race Relations. Recognizing its responsibility to work with our sister churches in such a joint program, the Committee has determined to take the initiative in beginning exploratory interracial conversations for this purpose. In order to implement the foregoing, the Committee has asked that the consultations be arranged jointly by the Stated Clerk and Dr. Edward D. Grant, Chairman of our representatives to the National Council of Churches, with the advice of other representatives to the General Board of the National Council.

Respectfully submitted,
REV. ALEX W. HUNTER, *Chairman*

Appendix 1

Report of the General Secretary to the Member Churches of the World Alliance of Reformed Churches for the year 1964

A detailed report on the work of the World Alliance of Reformed Churches during the past five years was given to the Delegates of our member Churches, meeting in Frankfurt-Main, Germany, some months ago. This annual report will therefore be less detailed than is necessary in ordinary years.

1) *19th General Council*

The most important event of the year for the Alliance was, of course, the 19th General Council at Frankfurt. Never before has the Alliance organized so large an assembly. The number of official Church Delegates present at Frankfurt (more than 420) was almost double the number at the 18th General Council. Even more important, and a source of great joy to us, was the fact that a third of these Delegates were from the Younger Churches. This shows that the Younger Churches, who form a majority of our members, really participate in the life of the Alliance and greatly influence the decisions it takes.

The theme of the General Council, "Come, Creator Spirit!" was one to which none of our Churches could remain indifferent. The full discussions at Frankfurt showed that the problem of renewal is top priority for the Reformed, as for all other, Churches. The fact that at Frankfurt, in addition to the four Study Sections, we had special committees to consider various practical problems (Ecumenical Policy, Roman Catholicism, Minority Churches, Religious Liberty, etc.) enabled the General Council to say very concrete things on questions affecting the life of our Churches in all parts of the world.

Such a Council could, of course, never have been organized without the assistance of several of our member Churches, and, in particular, the *Reformierter Bund* of Germany. Our German brethren did a quite exceptional job and we wish to express our deep gratitude to them. Our thanks are also due to all who actively participated in the leadership and organization of the General Council, and to all those whose willing hands ensured the smooth functioning of the Council (Interpreters, Translators, etc.) The Frankfurt Reports were already being issued early in September in three languages (English, French, and German), and a Spanish edition is to be issued shortly. A German collection of *Frankfurter Dokumente* was issued by a German publisher with remarkable speed, while the official and complete volume of Proceedings in English is now at the printers and should appear before the year's end. A Film Strip and a Tape Recording of the 19th General Council have been available since the end of September. It is still too early to predict what the abiding fruit of the Frankfurt General Council will be. What is certain is that only as the Churches take seriously the appeal addressed to them by the Delegates at Frankfurt will they be genuinely Reformed Churches, namely, Churches always ready to be reformed afresh.

2) *Member Churches*

In the course of the year, four Churches were admitted to membership, all four of them prior to the General Council. The Reformed Church in Algeria, the Tsonga Presbyterian Church, the Presbyterian Church of Chile, and the Associate Reformed Presbyterian Church of Mexico. The number of member Churches is at present 96, but, following certain church amalgamations, the number is likely to be reduced in 1965.

3) *Executive Committee*

Frankfurt saw the election of a new Executive Committee, and great changes have taken place in its composition. President Lloyd completed his term of office at the 19th General Council and we would like to assure him again of our very deep gratitude for all he has done for the World Alliance of Reformed Churches over the last fifteen years, first as North American Secretary, and, since Sao Paulo, as President of the Alliance. Dr. Wilhelm Niesel was elected to succeed him as President, and has already shown his keen interest in the work of our organization.

The next Executive Committee is slightly larger than the old, since the number of Vice Presidents was increased by two, from seven to nine. We rejoice that a larger representation has been given to the Younger Churches and that the present composition of the Executive Committee will mean that they will exercise a direct influence on the policy and action of the World Alliance of Reformed Churches.

4) *Ecumenical Problems*

Ecumenical problems continued naturally to have an important place in the concerns of the World Alliance of Reformed Churches, both at Frankfurt/Main and in the months since.

a) *Relations with the International Congregational Council*

These took a great step forward dunring the year. The Executive Committee of the International Congregational Council, meeting in Sweden in July, adopted the following resolution, which was presented to the Frankfurt General Council: "That this meeting of the International Congregational Council expresses to the World Alliance of Reformed Churches its pleasure in being engaged with the Alliance in common study and consultation, and now invites the Alliance to take with it the further step of establishing a joint committee to explore all possible forms of future relationship between the two bodies."

The Frankfurt General Council passed the following resolution:

"The Executive Committee of the World Alliance of Reformed Churches recommends to the General Council that the invitation of the Executive Committee of the International Congregational Council be accepted. It is further recommended that the General Council propose to the International Congregational Council that there should be up to five members from each group on the Joint Committee."

Since then, the following five representatives of the World Alliance of Reformed Churches have been named: President James I. McCord (U.S.A.), the Reverend Professor F. G. Healey (England), the Reverend Dr. R. H. N. Davidson (Canada), the Reverend Dr. Egbert Emmen (Netherlands), and the General Secretary. It is important to stress that the eventual purpose is the fusion of our two organizations, both of which represent Churches of the Reformed family.

b) *Relations with the Lutherans*

For three years, discussions have been taking place between Reformed and Lutheran theologians in North America. These discussions were initiated by the Alliance's North American Area. In 1964, one meeting was held from February 27 to March 1, in New York. The subject was "Christology, the Lord's Supper and its Observance in the Church."

In Europe, there was a meeting from April 6-10, in Basel, Switzerland, when the subject discussed was "The Word of God and the Presence of God." Though the meeting was organized by the Faith and Order Department of the World Council of Churches, the Theological Departments of both the Lutheran World Federation and the World Alliance of Reformed Churches were closely associated in the preparations and actively participated in the meeting. A further meeting is planned for 1965, when the subject to be discussed is "The Current Understanding of the Law in the Churches."

c) *Relations with other member Churches of the World Council*

These continue to be very cordial, as the presence of many Fraternal Delegates from these Churches at Frankfurt demonstrated. In the course of a recent visit to Roumania, the General Secretary was able to see at first hand that, at a number of points (especially in the area of relations with the Roman Catholic Church), the position of the Orthodox Churches is very similar to that of the Reformed Churches. He also noted that very cordial relations existed between the large Orthodox Church and the Reformed Church in Roumania, and that the Patriarch of Bucharest was a counsellor and friend to the bishops of the Reformed Church.

It need hardly be repeated that the attitude of the World Alliance of Reformed Churches remains ecumenical, in that it refuses to do separately what it is possible to do together with others, and that, especially in the field of Inter-Church Aid, we wish to continue using the services provided by the World Council of Churches. But there are other responsibilities, too, which devolve upon the World Alliance of Reformed Churches. In the ecumenical dialogue, the Alliance has to indicate clearly what the Reformed Churches believe and what they desire for the whole Church of Jesus Christ.

d) *Relations with the Roman Catholic Church*

Relations with the Roman Catholic Church continued to develop in 1964. Two Observers from the Roman Catholic Church attended the General Council at Frankfurt, while three Observers from the World Alliance attended the third session of the Second Vatican Council (Professor Vittorio Subilia of Italy, the Reverend Professor John Newton Thomas of the U.S.A., and the Reverend Dr. A. Allan MacArthur of Scotland).

We must repeat that the real dialogue between the Roman Church and ourselves has not yet begun, despite the welcome increase in the number of contacts. When the dialogue does begin, we should not be afraid of discussing all the problems of our faith. Our dialogue must be genuinely theological, which is why we believe that the Alliance's Department of Theology can help our member Churches a great deal in this field whenever such help is requested. Meanwhile, we should seek everywhere for a greater mutual love between Christians of all Churches, including the Roman Church, than we have shown one another in the past. We should seek to cooperate more closely in the practical field, remembering that what unites us is more important than what divides us, for we all proclaim Jesus Christ as the Saviour of the world and therefore as our Saviour too. In a world dominated by materialism and in which so many of our contemporaries live without faith, it is vital that all who call themselves Christian should work together in close harmony, without renouncing their deepest convictions.

Within the European Area, the Alliance's member Churches in Great Britain have a British Churches' Committee, which seeks to increase support for the Alliance and its work. This Committee met in Edinburgh on March 17 and 18, and in Liverpool on December 9 and 10. The secretary of the Committee, the Reverend R. E. Fenn, until recently Overseas Missions Secretary of the Presbyterian Church of England, has now retired and has just been replaced as secretary of the Committee by Principal A. G. MacLeod of Westminster College, Cambridge. We would like to express our thanks to the retiring secretary, and our welcome to his successor.

5) *Departments*

The Department of Women's Work, in accordance with its rules, had a change of President in the course of the year. Mrs. Litz, who has led the Department since Sao Paulo, was replaced by Miss Dr. Wilhelmina Timmermans of the Netherlands. We would like to express our sincere gratitude to Mrs. Litz for all she accomplished in the last five years.

The Department of Theology continues to serve as a center for theological exchange among the Reformed Churches on a great variety of subjects, and to provide material of use for ecumenical discussion. The Department's quarterly *Bulletin* contains regular reports of this work. The major concern in 1964 was the cooperative research programme on the doctrine of the Holy Spirit, which continues as part of the follow-up of the General Council. Further material is also being gathered on Presbyterian-Congregationalist relations, Reformed catholicity and Roman Catholicism, Church union conversations, the Church's ministry and structures, and liturgical renewal. We also seek to serve our member Churches through close cooperation with the study programmes of the World Council of Churches, the Lutheran World Federation, and other agencies. Member Churches are encouraged to address requests to the Department for information or comment on theological matters.

For the *Information Office* 1964 was dominated by the General Council at Frankfurt. The advance publicity provided before the Council prepared the way for what was undoubtedly the most widely and fully reported General Council in the history of the Alliance. General interest, generated in part by the information supplied through the medium of the three-language press service and published in the church and secular press in the spring and early summer, made the press operation at Frankfurt itself a major feature of the General Council. The operation was carried through with conspicuous success, due as much to the friendly cooperation of the professional journalists who followed the proceedings throughout, as to the hard work and team spirit of the small press room staff, under the leadership of the Information Secretary, ably seconded by Pastor Heidtmann, the Reverend James E. Andrews, Mr. John Gillies, and the three secretaries. With resources far smaller than other comparable organizations, the results of the information operation may be judged to have been very satisfactory. The experience gained from this, the Alliance's first venture into public relations on such a scale, will be valuable in the planning of future press coverage.

With the completion of the immediate post-Frankfurt publication programme, the Information Secretariat is now turning its attention to the more routine aspects of its work and especially to the Press Service. Since a more or less stationary budget rules out expansion of the service, attention must be concentrated on improving its quality.

6) *Youth*

The Frankfurt General Council had before it a proposal from the Standing Committee on Youth that a Permanent Committee on Youth be established. The Executive Committee, which was asked to consider this, did so immediately following the General Council. While hesitant to go as far as the proposal suggested, it took the following decisions:

"1. To communicate to the organized Areas this concern to offer youth a larger part in the life and work of the World Alliance of Reformed Churches and to urge the organized Areas to take whatever action is possible in their Area;

"2. To urge the General Secretariat, in consultation with the Permanent Committee on Information and the Department of Theology, to contact the member Churches in the unorganized Areas with the same request.

"3. To ask the Information Secretariat to establish immediately youth correspondents to disseminate information about the progress of youth work in their Churches." This solution is not entirely satisfactory, since it is clear that the young people of our Churches, though fully ecumenical, desire to participate more actively in the life of the World Alliance and to study the problems which we face. It will be the duty of member Churches to do all they can to see that young people are more fully represented than hitherto in the Councils and Committees of the World Alliance.

7) *Committees and Commissions*

Committee on the Publication of Calvin's Unpublished Sermons. Dr. McCord was able to announce to the General Council that considerable progress had been made in the Committee's labors. Professor Georges Barrois has completed the portion of the work entrusted to him, the Sermons on Isaiah 13-29, and several fascicles have already appeared. Professor Benoit has completed his work on the Micah Sermons, and all the other scholars collaborating in the enterprise have indicated that they have made good progress. Professor Nagy of Budapest is at present in Geneva verifying the MSS of the Ezekiel Sermons in the University Library, prior to publication.

Committee on the Translation of Calvin's Institutes into Portuguese. The work of translation is now complete, and the Committee is engaged in reviewing the work and preparing for its publication.

8) *Alliance Finances*

Since this report is being written in the first half of December, it is impossible for us to give even an approximate statement of the 1964 accounts of the World Alliance of Reformed Churches. We would simply express our gratitude to those Churches which have already complied with the request of the Frankfurt General Council and substantially increased their contribution for 1965. We are sure that other Churches will follow

their example. The needs of the Alliance are very modest and its Secretariat is organized with the strictest economy. Nevertheless, in a period of continued inflation it is quite impossible for us to do our work unless the member Churches provide the necessary means.

9) *Secretariat*

At the end of April, the Geneva Secretariat was installed in the new headquarters of the World Council of Churches at 150 route de Ferney, 1211 Geneva 20. The Alliance has here a block of six offices, more comfortable and slightly larger than those we had in the wooden barracks at Malagnou.

In the course of the year there was no change in personnel, but two members of the Secretariat will be leaving us on June 30, 1965, at the conclusion of their three-year contracts: Dr. Tice, the Secretary for Theology, and the Reverend A. David Lewis, Secretary for Information. Dr. Tice and his family will be returning to the U.S.A. and Mr. Lewis will be rejoining his family in England.

The year 1964 has been a very heavy year for the Alliance staff, since a good deal of the preparatory work for the 19th General Council had to be done in Geneva. I wish to thank all my colleagues for their devotion.

10) *Conclusion*

I would not wish to end this report without once more expressing my thanks to all those, in Geneva and elsewhere, who have cooperated in the work of the World Alliance during this year, and also to our German friends who gave themselves so unreservedly to ensure the success of the 19th General Council. We believe we can say that they served, not just the World Alliance of Reformed Churches, but the Church of Jesus Christ. Frankfurt is now behind us, but the essential task remains still to be done. It is vital that we all, Reformed Christians, and all our Churches, should take seriously the great summons to renewal which came to us at Frankfurt. This renewal of the life of the Christian and of the Church must take priority over everything else. This alone will enable us to bear the witness in the world which the world awaits from us Christians. This alone will allow us to attain that unity to which we aspire. And so I end my report with a prayer: Come, Creator Spirit!

MARCEL PRADERVAND, *General Secretary*

Appendix 2

World Alliance of Reformed and Presbyterian Churches Report by The North American Secretary

1. Each year it is the privilege of the North American Secretary to report to the Area Council. He was elected to this office, to succeed the Reverend Dr. Ralph Waldo Lloyd, by the 18th General Council of the World Alliance in Sao Paulo, Brazil, in 1959, and reelected by the 19th General Council in Frankfurt, Germany, in 1964. The Secretary serves without remuneration and is assisted by the staff of Princeton Theological Seminary. He wishes to express special gratitude to Mrs. L. W. Rowles and to the Reverend James E. Andrews for the services they contribute to the Alliance. Special gratitude should also be given to the Reverend Dr. Marcel Pradervand, General Secretary of the World Alliance, for his unfailing cooperation, his promptness in dealing with all matters, and for his dedication to the Alliance and its strategic role in the larger ecumenical context.

2. *Constituent Members of the Alliance in the North American Area,* at January 4, 1965, are: Associate Reformed Presbyterian Church, Cumberland Presbyterian Church, Second Cumberland Presbyterian Church, Hungarian Reformed Church in America, Presbyterian Church in Canada, Presbyterian Church of Jamaica, Presbyterian Church in Trinidad, Presbyterian Church in the United States, Reformed Church in America, United Church of Canada, United Church of Christ, United Presbyterian Church in the United States of America. The total number of communicants is 3,291,998.

3. The preparation of the 1965 program has been under the leadership of the Chairman of the North American Area, the Reverend Richard H. N. Davidson, and in consultation with the Administrative Committee. Since there was no meeting of the Area Council in 1964, Mr. Davidson has served two years, and throughout this time he has provided distinguished leadership.

4. The Secretary carries on an extensive correspondence in behalf of the Area and of the Alliance. This includes responsibility as Chairman of the Department of Theology and of two very interesting committees, one that is supervising the translation and publication of Calvin's *Institutes* into Portuguese and the other editing and publishing Calvin's hitherto unpublished sermons. In addition, his office has prepared the programs and mimeographed various reports and addresses that will be given at this meeting. He reports annually to the Executive Committee of the World Alliance and to the judicatories of the twelve member communions of the Area.

The Secretary has prepared the agenda for and attended all meetings of the Administrative Committee (2 annually, in addition to meetings in connection with the Area Council), has attended the meeting of Lutheran and Reformed theologians, Executive Committee meetings in Princeton in 1963 and Frankfurt in 1964, a Consultation of Reformed Systematic Theologians in Hoechst/Odenwald, Germany, in 1964, the 19th General Council, and visited the Reformed Churches of Hungary at the invitation of Bishop Tibor Bartha and in the interest of the Alliance.

5. Three North Americans have represented the World Alliance at the Second Vatican Council. The first was Professor James Hastings Nichols of Princton Theological Seminary, the second Professor Robert McAfee Brown of Stanford University, and the most recent Professor John Newton Thomas of Union (Virginia) Theological Seminary. A fourth and what is thought to be the final session of the Vatican Council will be held, but no date has yet been announced.

6. A substantial part of the work of the Area is carried on by two Committees and one Commission.

(a) The Commission on Civil and Religious Liberty does most of its work between sessions by correspondence, has an executive committee which is empowered to meet and act when the Area Council is not in session, and reports annually. The report adopted at Lancaster in 1963 has been of great use to churches and churchmen involved in the struggle for civil rights in the United States.

(b) The Theological Committee meets annually in the autumn and again on the day before the Area Council convenes, carries on its own agenda of theological work as well as working closely with the Department of Theology of the Alliance.

(c) The Church Cultivation Committee has been given a most significant assignment:

(1) To encourage Reformed Churches in North America to become members of the Alliance and to recommend any such new members to the Alliance.

(2) To explore ways in which developments in the life of the constituent members might be shared.

(3) To receive, examine, and recommend disposition of any proposals of mutual service among Churches.

(4) To propose consultations and projects which might be of interest to member Churches.

(5) To channel with appropriate comment communications and studies from one member Church to all others.

(6) To assure leadership in making the Reformed witness in the ecumenical movement

This Committee has also been given the specific assignment of planning the program for the 1966 meeting of the Area Council, which will deal with the mission of the Reformed Churches in North America.

7. Three meetings of Reformed and Lutheran theologians have been held over the past three years: two in New York and one in Chicago, and a fourth meeting is scheduled to be held in St. Louis late in February, 1965. The North American Area is represented by eight members, six from member communions and one each from the Orthodox Presbyterian Church and the Christian Reformed Church. The meetings have been extremely fruitful and have resulted in the publication of two small books, containing papers on "Evangelical Faith and the Authority of the Scriptures" and "Christology and the Lord's Supper." Included also are statements of agreement between the two Committees of Eight. The Chairman of the Reformed group is the Reverend Professor George S. Hendry of Princeton, who attended the meeting of the Lutheran World Federation in Helsinki in the summer of 1963 as a representative of the Alliance.

8. Attention should be called to the exhibit of the Alliance at the New York World's Fair, space for which has been contributed by several member Churches. Flyers describing the Alliance have been printed in quantity and are distributed to visitors at the Fair. It should also be reported that the World's Fair in 1967 will be held in Montreal, where all Christian bodies in Canada are cooperating in sponsoring a "Pavilion of Unity." Land for this Pavilion has been donated by the Fair and is located near the entrance opposite the United Nations Pavilion. The Pavilion will attempt to render services, including worship, as was done at the World's Fair in Brussels.

9. Other significant matters to be reported are:

(a) An application from the Presbytery of Guiana, already a member of the World Alliance, to join the North American Area. A delegate from the Presbytery of Guiana has been invited to attend this meeting as guest of the Area.

(b) The 550th anniversary of the martyrdom of Jan Hus is July 6, 1965. The Area should take responsibility for seeing that this anniversary is properly observed. Consideration should also be given to the relation between Moravian groups in North America and the Alliance.

(c) A Joint Scholarship Committee of the Cumberland Presbyterian Church and the Second Cumberland Presbyterian Church has been set, with three members from each of the two bodies. Its purpose is to assist in the theological education of young people from the Second Cumberland Church. Member Churches are invited to subscribe to this program.

(d) Dr. Lewis S. Mudge's *One Church: Catholic and Reformed* has now been published by Lutterworth Press. This volume grew out of a study of "Catholicity" that was undertaken by the Department of Theology of the Alliance at the request of the Executive Committee.

(e) Dr. John A. Mackay, President of the World Alliance from 1954 to 1959 has just had published a volume entitled *Ecumenics: The Science of the Church Universal*, by Prentice-Hall. All members of the Alliance will be deeply interested in Dr. Mackay's interpretation of the ecumenical movement, his evaluation of the confessional movements, and his assessment of the Church in the world today.

10. The Frankfurt theme, "Veni, Creator Spiritus," grew out of a deep concern for the Church's life and health. It is concerned with God present, God acting, God with us. Let us make this our prayer for this meeting, that we may be led by the living God in all that we do.

Respectfully submitted,
JAMES I. McCORD, *North American Secretary*

World Council of Churches
1964 Year-end Report
1964: Strides in Unity, Race Relations

Creative activity in race relations and the widening of contacts between Christians are the two major factors in the movement for Christian unity in the past year, according to the head of the New York office of the World Council of Churches.

Dr. Eugene L. Smith, executive secretary of the New York office of the World Council of Churches, sees particular significance in the increased participation of Orthodox, Roman Catholic, and conservative evangelical Christians. In a year-end report issued by the New York office, Dr. Smith said that this wider participation by all major units of Orthodoxy and "the increasing involvement of Roman Catholics and conservative evangelicals in ecumenical encounter mark the major development of recent months." "These new encounters are taking place in many countries, at many levels, and in regard to an ever widening range of common concerns," Dr. Smith said. "In the Church's witness to the world, recent months have been notable for particularly creative actions in the area of race relations," the ecumenical leader commented.

Ahead in 1965

As the new year starts churchmen from all parts of the world will begin to gather in Enugu, capital city of the Eastern Region of Nigeria, for important meetings of the World Council of Churches. Preliminary consultations begin the first week in January.

On the other side of the globe, another ecumenical meeting will be taking place as the New Year dawns. This is the Asian Christian Youth Assembly which will be held Dec. 28 to Jan. 10 at Silliman University in Dumaguete City, the Philippines. The European Ecumenical Youth Assembly was held in Lausanne, Switzerland, in 1960, the North American Ecumenical Youth Assembly convened in Ann Arbor, Michigan, in 1961, and the All-Africa Youth Conference in 1963.

During the period January 18-25, 1965, it is expected that an unprecedented number of Christians—Roman Catholic, Protestant, and Orthodox—will join in common intercession during the Week of Prayer for Christian Unity.

The year 1965 will see the formal dedication of the World Council of Churches' new $3,000,000 headquarters in Geneva. The dedication will take place in July on completion of the chapel and library. Staff moved into the modern buildings after years in converted chalets and wooden barracks in April, 1964.

WCC Events of 1964—A News Summary

The Odessa meeting of the Executive Committee of the World Council of Churches in Feb. of 1964 marked the first time this 14-member body was convened in the U.S.S.R.

A definitive statement on "Christian Unity—The Present Stage" was adopted during the five-day session. Noting that "we have entered upon a new period in the history of the ecumenical movement," the document set forth anew "the principles which have inspired the common life of the World Council of Churches in the search for unity"—a unity characterized not "by uniformity or by a single centralized administrative authority," but by conversation, common witness and common action with fellow Christians.

Requesting churches to renew and intensify their zeal for peace, the Executive Committee adopted a statement on disarmament stating that every opportunity should be seized "to advance from competition in armaments to co-operation in disarmament."

Following the Vatican Council's postponement of the vote on religious liberty, the Information Department of the World Council issued a communique saying that World Council leaders had often expressed hope that the Roman Catholic Church "would, at the earliest moment make a clear and positive statement about religious liberty." It found "real disappointment" that the most recent Council session ended without a vote and "left for the time being, a great uncertainty as to the official position of the Roman Catholic Church in the matter.

Earlier one of the World Council's observers at the Vatican Council had praised the decree on ecumenism for giving grounds for understanding the relationship between churches similar to the way in which they co-operate in the World Council as full partners.

Dr. Lukas Vischer, the observer, expressed optimism about future developments with the Roman Church. "The best way in which we can serve the ecumenical movement, as we look gratefully through the half-open doors, is to join together to push them wide open so that we can all see what lies beyond."

Three major moves were made possible in 1964 by the gifts of churches and individual Christians around the world. These involved the relocation of the headquarters office of WCC in Geneva; the dedication of 125 homes for families in the earthquake-stricken city of Skopje, Yugoslavia; and the continuing resettlement of some 8,500 refugees from tiny cubicles in or near a railway station to new homes in Calcultta.

Talk Without Results?

Christians associated with member churches of the World Council continued to organize themselves on a regional basis "in association with the World Council of Churches."

More than 200 delegates from European churches—from both sides of the Iron Curtain—held a dramatic constituting assembly of the Conference of European Churches. They met in October aboard ship in waters between Denmark and Sweden because political complications kept East Germans from obtaining visas for a meeting in Denmark.

But some problems transcend regional concern. Racial justice concerns Christians of all nations. Not only Africans but experts from other countries met at the Mindolo Ecumenical Foundation, Zambia (formerly Northern Rhodesia) May 24-June 2 for a consultation on the Christian approach to race relations. It was held jointly by the World Council and the South African Institute of Race Relations. A detailed study of their findings concerning economic factors and race relations is now available.

Doctrinal and organizational barriers to unity continue to be discussed at both regional and world meetings. In 1964 the British churches held their first nation-wide Faith and Order Conference and set 1980 as a target date for church union there.

The World Council's Commission on Faith and Order met at Aarhus, Denmark, in August to draw up plans for theological study of Christian unity in the years immediately ahead.

The Commission agreed that future work would be aided by more regional and national decentralization and that increasing representation from Orthodox Churches is needed. More contacts with Roman Catholics and conservative evangelicals outside the Council are to be sought.

Dr. Lukas Vischer, Faith and Order research secretary, warned against the frustrations of talk without results. "We cannot go on for decades talking of meeting, dialogue, conversation, and better understanding. Unless concrete results follow, joy in the ecumenical movement must turn to disappointment."

Of concern to the "oikoumene" or worldwide fellowship of churches is the difficult position in which the Ecumenical Patriarchate of Constantinople finds itself as a result of Turkish-Greek tensions over Cyprus. The Patriarchate was active in the forming of the World Council and has been a member church from the beginning.

Church leaders in various countres and the World Council through its officers expressed to the Turkish government their concern that the generally accepted principles of religious freedom be applied to the Patriarchate.

Measures taken against the Patriarchate include closing its printing press, confiscation of a film made of the venerable Patriarch meeting with the Pope, and expulsion of two leaders of the Holy Synod. Many Greek Orthodox church members have been expelled from Turkey.

At year's end the difficulties facing the ancient Patriarchate had not been resolved. Assurances were received from highest Turkish authorities that the Patriarchate would be allowed to continue its functions. Concern continues to be urgent and widespread that this church with a history of almost 1900 years should carry forward its life and work in peace and freedom.

Inter-Church Aid in 1964

The work of the Division of Inter-Church Aid, Refugee, and World Service was focussed in 1964 on the needs of churches in the developing countries of Africa, south of the Sahara.

During the first weeks of the year, an emergency appeal for Africa was established asking for an initial $1 million for problems demanding immediate action, including developing refugee situations. The continent was in ferment and huge numbers of people were moving across its face.

An expert survey of emergency needs was conducted by Dr. Z. K. Matthews, WCC Africa secretary, who is a distinguished South African lawyer and educator; and Sir Hugh Foot, the former governor of Jamaica and Cyprus. They traveled in ten African countries meeting government and church leaders. The Ecumenical Programme for Emergency Action in Africa (EPEAA) was formulated as a result of these discussions.

Immediately after the teams returned, Sir Hugh Foot was made Lord Caradon and joined the British Government as Minister of State for Foreign Affairs and UK Permanent Representative at the United Nations.

For the first time a project in the United States appears on the list of Inter-Church Aid projects in over fifty countries for which worldwide support is sought. At the request of the National Council of Churches in the U.S.A., the Executive Committee of the Division of Inter-Church Aid, voted to appeal to the WCC's member churches for personnel and $160,000 for the Mississippi Delta ministry of the NCC. This opens the way for a manifestation of the interdependence and common responsibility of Christian people around the world in a ministry of direct relief and racial reconciliation in a tense situation.

Refugees

The WCC's Service to Refugees enabled more than 12,500 people to emigrate in 1964 to countries of freedom and opportunity. In addition, more than 1,000 others were helped to integrate in countries of asylum sified during the year and will reach its peak during 1965 with a budget of $164,000, but it is expected to through housing or work projects sponsored by the Service to Refugees. Thus the permanent rehabilitation average of more than 1,000 refugees per month was maintained.

A stream of 276,000 refugees from East Pakistan crossed into India in 1964, more than half of them into Assam. An emergency appeal for $60,000 was made for these refugees, and it was fully subscribed.

Also, 100,000 refugees from Burma moved into South India. Help for Tibetan refugees in India was intenphase out gradually in 1965.

A notable achievement in 1964 was the resettlement of 8,500 refugees who had been squatting for years in and around Sealdah railway station, Calcutta. With the cooperation of the Bengal government, they were enabled to move to new homes in a community established for them south of the city. The shocking conditions in which these people had lived for so long had led to Sealdah being described as "the worst refugee situation in the world."

Member churches of WCC subscribed more than $1,500,000 in 1964 to emergency appeals. Twenty-four emergency appeals were current in 1964. One of these, on behalf of victims of hurricanes in the Caribbean, brought a response of more than $325,000, and another for Cuba attracted $200,000. Church World Service of the National Council of Churches helped raise the money.

New Faces in Top Posts

Shifts in executive leadership were announced in 1964. In New York, the Rev. Dr. Eugene L. Smith, general secretary of the overseas mission program of The Methodist Church, became executive secretary of the World Council of Churches in the United States in Oct., succeeding the Rev. Dr. Roswell P. Barnes upon his retirement.

The Rev. Patrick C. Rodger, a priest of the Episcopal Church in Scotland, was nominated by the Executive Committee to succeed the Rev. Dr. W. A. Visser 't Hooft as general secretary of the Council in Geneva. At Enugu the Executive Committee will recommend to the larger Central Committee that Dr. Visser 't Hooft be asked to remain until 1966, and the Central Committee will act on the nomination of Mr. Rodger, who has been executive secretary of the Faith and Order Department of the WCC since 1961, to be his successor.

Appendix 4

Report of the National Council of Churches to the Member Denominations for 1964

It has become a tradition for the Annual Report to confine itself to new and strategic developments and to meaningful trends. Only a book could contain a full record of the significant program accomplishments of the member churches through the many units of the National Council. More detailed reports are available from each of the program divisions, as well as from the Office of Communication.

In the course of any year, certain of the Council's activities and accomplishments gain spotlight attention in the public press, while many others, often of equal portent for the future, are known only to those who are immediately involved. It will be the purpose of this report to identify a number of significant developments which have taken place at home and abroad quite apart from the priority already accorded them by the press. The space limitations of this report will make it impossible to do justice to any of them.

I. Mission and Service at Home

In the field of race relations the Commission on Religion and Race was exceedingly active in helping the churches to shape the national consensus that eventually assured the passage of the Civil Rights Bill. It provided a bold program of training and pastoral ministry for students who participated in the Mississippi Summer Project, a ministry so crucial that there is no telling how tragic the summer might have been without these services. The Commission also carried out other programs of comparable timeliness in northern cities where violence was feared or had already broken out. Studies and direct services to member denominations and councils of churches, as well as liaison with a number of other national organizations, were provided by the Department of Racial and Cultural Relations.

The historic migrant ministry of the Council made new gains in 1964, both through its direct migrant program and by serving as a voice of the churches which helped in the passage of three important Federal bills in the interest of migrants. In Indian work the National Council sponsored the chaplaincy programs at eleven government schools and in two public health hospitals for Indians.

The Department of A Christian Ministry with People in Leisure-Recreation served a quarter of a million people in thirty-nine National Parks, held a pioneering national conference and developed a substantial and definitive book "Religion and Leisure in America" written by Robert Lee and published by Abingdon Press.

The Division of Home Missions began a specialized ministry of reconciliation and community development in the Delta area of the state of Mississippi, and as the year ended was authorized by the General Board to cooperate with the Church Federation of Greater Chicago in the development and implementation of a project which will assist the churches in Metropolitan Chicago in "the development of an open society in which civil rights and the resources to utilize them are extended to all persons in the metropolis." The Delta Ministry was listed for world-wide support by the World Council of Churches, and in December the General Board voted to request similar listing for the Metropolitan Chicago project.

The Department of the Church and Economic Life focused increasingly on the problem of poverty as the year progressed. Its theme for the year was "Jobs for All" highlighting critical employment issues in respect to Race, Youth and Poverty. With its help, the General Board in February adopted a resolution on the Elimination of Poverty.

The Department of Religious Liberty responded to the demanding task of educating church people on the significance of the Supreme Court decisions on prayer and Bible reading in the public schools, and the enlightenment brought by the churches on this issue undoubtedly played a part in defeating proposals for a revision of the First Amendment. The First National Study Conference on Church and State was held, producing a report which will have definitive value for the churches.

II. Educational Developments

The only Policy Statement (formerly called "Pronouncement") adopted by the General Board in 1964 was recommended by the Division of Christian Education. "A Protestant and Orthodox Statement Regarding Dual School Enrollment," in which the school time of children is shared between public school and church day school, was approved for further experimentation.

During the year steady progress was made in bringing to publication a Catholic Edition of the Revised Standard Version of the Bible. Scholarly work and negotiations over a period of ten years have led to the authorization of such an edition in Great Britain, and one under American Roman Catholic sponsorship is expected during the coming year. The importance of this development on the ecumenical scene can scarcely be overstated.

The Council's farsighted and pioneering work in camping was continued by the sponsorship of two national training camps for denominational and state council camping leaders, and the Department of Family Life conducted a Family Camp Leadership Training Project at Geneva Point Camp, Lake Winnipesaukee, New Hampshire.

The Commission on Missionary Education has again published an attractive program of study materials for all age groups on two themes: "The Christian Mission Among New Nations" and "Spanish Americans," which have enjoyed a wide use among the participating denominations.

During the summer, eleven interdenominational mission conferences were held across the United States and Canada, involving approximately thirty-three hundred people, three of the conferences being planned and conducted cooperatively by churches in the United States and Canada.

Christian Higher Education also had an active and creative year. Thirty-five thousand dollars of the total goal of fifty thousand dollars for the Campbell Lectureship Fund is in hand or assured. A new emphasis was developed and plans are being forged on Student Aid for Young People of Limited Opportunities. The Cooperative College Registry for Faculty is now fully established and functioning in relation to some one hundred graduate schools of the nation. The Faculty Christian Fellowship voted to terminate its status as a "related movement" of the Council and become an integral part of the Commission on Higher Education.

The first national Faculty Conference in eleven years was held during the summer on "Faith and Learning in the University" and brought together nearly two hundred key faculty and campus ministers from across

the country. The Sixth General Assembly of the National Student Christian Federation showed that students are once again ready to take leadership and accept responsibility as Christians in the world. They chose as their three principal program areas for the coming year Civil Rights, Peace, and Latin American Concerns. The Departments of the Ministry and Pastoral Services produced extensive vocational and guidance materials and laid foundations for the merged and enlarged department within the Division of Christian Education.

III. Mission and Service Abroad

Two exceedingly significant trends characterized the Council's 1964 stance on overseas matters, each the consequence of quite separate policy decisions. One was a very marked bringing together of the resources of the Division of Foreign Missions and Church World Service in anticipation of and preparation for the integration of these two units in 1965 by action of the last General Assembly. The other trend which originated in the New Delhi Assembly of the World Council of Churches, was seen in the focusing of mission upon six continents instead of three, thus producing a change of orientation of great importance. As one observer has put it, "Now, when people concerned about the missonary enterprise gather to make plans, instead of coming from all the world to talk about the problems of half of it, they come from all the world to talk about the problems of all the world."

Consequently a major development in 1964 has been the creation of a Joint Africa Committee to launch, in cooperation with the World Council, a massive program over a period of several years to be known as "Ecumenical Program for Emergencies in Africa."

Mission developments in 1964 related to the World Council included the World Consultation in Germany on "The Healing Ministry in the Mission of the Church," and the historic meeting in Cairo marking the transition of the Near East Christian Council to the Near East Council of Churches. This latter event should open the way for the increased involvement of Orthodox churches.

After twenty years of service in the fields of literacy and literature, the Lit-Lit Committee, in cooperation with the newly formed WCC Christian Literature Fund, to which Dr. Floyd Shacklock was loaned to serve as executive, has launched an Advanced Program, strongly backed by the churches, which will raise more than one million dollars in this country to be matched by double this amount abroad.

Other advances during the year included the holding of laymen's institutes and retreats in several Asian and other countries, revealing a ground swell of appreciation of the importance of the mission of the individual Christian in the total mission of the church; the opening, as a result of the dedicated leadership of the Brethren Service Commission, of a collection and processing center for clothing, blankets and yard goods in Houston, Texas, a much needed service and a tangible ecumenical symbol.

IV. Thrusts Toward Christian Unity

Every unit and activity of the Council can be said to be a part of the movement toward Christian unity since, in one way of another, each involves separated churches in the common mission of our Lord. Some actions of the Council, however, constitute a direct effort to move toward unity. Two of these are the Faith and Order movement and the work of councils of churches and councils of church men and women.

Sharply increased activity in the development of local and regional Faith and Order conferences, dialogue and studies was noted throughout the year, and as a consequence the Department of Faith and Order studies added an associate executive director. Planning is under way on new methods for carrying forward national studies and dialogue, mainly through a new national Faith and Order colloqium or commission which would be representative of both member and non-member churches of the National Council and which would become an American center for inter-church dialogue. Such a broad body has long been needed on the American scene.

The existing national study commission on Order and Organization, chaired by Dean Jerald Brauer, entered a new phase of its work, a sociological research analysis of existing materials on the American churches, a process of assembling empirical data to which theological questions must be put. A new study of "Communication in Holy Things" was started with Dr. Lewis Mudge as Study Director, with the purpose of analyzing cases where Christians of different confessions meet for common prayer, Bible study, Holy Communion, marriage, etc.

United Church Women, which exists to foster ecumenical experience and service, conducted its Tenth National Assembly during 1964, with fifteen hundred delegates participating. Out of a rich program came some of the most pointed resolutions in recent years, urging women to: 1. oppose lotteries as a source of state revenue; 2. study carefully the issues in the 1964 elections; 3. support international cooperation year; 4. oppose "the action of all organizations such as the White Citizens Council, the John Birch Society, the Christian Crusade, the Christian Freedom Foundation, the Ku Klux Klan, the Church League of America, and the Communist Party, which hold doctrines which breed suspicion, division and hatred."

Last summer United Church Women conducted an extensive summer training program at the Church Center for the United Nations, financed from the 1963 World Community Day offering, which was attended by women from all fifty states, twenty-four denominations and twenty-eight foreign countries.

The past year marked the third year of United Church Women's project Assignment: Race, and in this last year of the triennium the project provided leadership for fifty-five hundred women at thirty-three state council meetings of United Church Women. One of the latest impacts of the project was the presentation to and the adoption by the General Board of a resolution entitled "Racial Justice Now" which calls member communions, councils of churches and councils of church women to work toward opening the doors of all local congregations for worship and membership, regardless of race, by January 1967.

United Church Women was responsible for arranging a series of Ecumenical Conversations in a number of local councils. Thirty women from overseas, who were guests in this country of the Methodist and United Presbyterian Churches, each spent an entire month in a given community, participating in conversation groups of women of different denominations and races.

The World Day of Prayer offering for 1964 totaled $520,480.44, which was largely divided between the Division of Home Missions and the Division of Foreign Missions for use in regular and special projects.

United Church Men conducted an effective Exchange Visit of Men's Work Leaders from churches in Europe, enabling these leaders to visit churches and men's organizations in the United States. The Executive Director of United Church Men, in addition to his regular duties, gave extensive and invaluable assistance during the year in general interpretation of the National Council among the churches.

In a year when the Roman Catholic Church was opening doors and opportunities for ecumenicity in Rome, positive repercussions were being felt in the conciliar movement in our own nation. In May 1964 the Council of Churches of Greater Tulsa, Oklahoma, admitted to membership the Madelene Roman Catholic Church, stating "no change in our constitution is necessitated, for the Council of Churches is open to all churches who acknowledge Jesus Christ as divine Saviour and Lord, who formally apply for membership and who assume financial obligation for cooperative work." Since that time a second Roman Catholic parish has been admitted to membership.

In December the Roman Catholic St. Andrew's Cathedral, Grand Rapids, Michigan, requested membership in the Grand Rapids Area Council of Churches and was accepted.

Later in the month the Archbishop of the Santa Fe Archdiocese of the Roman Catholic Church and the Executive Secretary of the New Mexico Council of Churches announced that the Santa Fe Archdiocese would become a member of the New Mexico Council. As far as is known, this is the first time a Catholic diocese has officially joined a state council of churches and appointed representatives thereto.

V. Preparation For Structural Change

As the year ended the final preparations had been made for changing over to the new organizational structure provided for in the new Constitution adopted by the General Assembly and the Revised Bylaws approved by the General Board. In 1965 the structure of the National Council will consist of four Program Divisions, three major supporting Offices, and the Office of the General Secretary.

The Division of Christian Life and Mission will incorporate and bring into new relationship previous objectives and programs in the areas of Home Missions, Life and Work, Evangelism, Stewardship, and the Commission on Religion and Race.

The Division of Christian Education will exist to make it more possible for churches to "cooperate to study and further the use of the Bible, develop and improve Christian education in congregations, communities, colleges, universities, and theological seminaries, and strengthen preparation for the Christian ministry, other church occupations, and Christian lay vocations."

The Division of Overseas Ministries will bring into new relationship the former functions of the Division of Foreign Missions and Church World Service with the simple but far-reaching mandate "to witness to Christ through mission and service outside the United States."

An entirely new division, the Division of Christian Unity, will provide a new instrumentality through which communions and organizations may cooperate "to manifest the unity of Christ's Church through faith and order studies, through dialogue with nonmember Christian bodies, and through strengthening Christian unity in local communities, states and regions."

There will be three supporting Offices with responsiblity for serving both the units of the Council and the member churches. These will be the Office of Planning and Program, which will bring into new relationship the Council's research functions and its long-range planning operations and will make possible a more broadly conceived process of program coordination through a newly instituted Program Cabinet.

The Office of Communication will bring into new relationship the Council's Information services, its Broadcasting and Film Commission, and an extended program of interpretation.

The Office of Administration will supervise a wide variety of administrative functions including Business Services, Financial Development, Financial Management, Organization and Management, Personnel, and Publication Services.

Important as staff leadership is, the ultimate source of strength in the National Council, in human terms, is the several thousand carefully chosen persons from the life of the churches who constitute the membership of the General Assembly, General Board, divisions, departments, committees, commissions, offices, and other units of decision and operation in this complex organization. New nominations for all Council units were made by the churches in keeping with the revised structure and the new governing principles for representation. The process of clearing with the denominations and balancing their representation from the standpoint of many criteria was assiduously carried out, and the overall results should bring great constituency strength to the central structures of the Council. With this core of carefully selected constituency representatives at the heart of the Council structure, we can be confident that the Council is under leadership the churches can trust and understand; and that it will faithfully reflect their needs and purposes.

VI. Finances and General Support

For the fourteenth consecutive year the National Council accomplished its work within a balanced budget. Income for most purposes continued to sustain a high level. As in 1963, general fund support fell short of budgeted amounts, but underspending of budgets in various areas and the use of $310,324.99 of fund balances designated for 1964 operations enabled the Council to cover its expenditures of $21,862,459.88, a new high. Direct support from member communions and their agencies totaled $7,049,905.41, approximately the same as in the previous year. More than $6,600,000 of the total expenditures represents the cost of ocean freight for transporting Church World Service relief supplies, an amount reimbursed by the United States Government and hence an "in and out" item in the National Council budget.

In a year which saw the Council carrying forward a major civil rights program it was to be expected that the Council would feel the brunt of the division which exists within some of the member communions with reference to the civil rights revolution. Added to this was a barrage of opposition from a variety of extreme right groups, much of it stemming from the Council's stand on race. The General Board responded to this criticism by reviewing regularly the work of the Commission on Religion and Race, including the work of a special appraisal committee, and in December authorized a budget for the continuation of the work in 1965.

Officers of the Council and friends throughout the country devoted many hours to interpreting the actual work of the Council, often in the face of confusion, distortion and well organized attempts to weaken the witness of the Council. Bishop Reuben Mueller, the President of the National Council, following the tradition established by his distinguished predecessors, has devoted weeks and months of his first year in office to the task of careful and quiet interpretation of the total program of the Council.

It should be noted that in this past year all six of the member communions which took actions with respect to the National Council in their highest national assemblies—the American Baptist Convention, the Methodist Church, the Philadelphia Yearly Meeting of Friends, the Presbyterian Church in the United States, the Protestant Episcopal Church and the Reformed Church in America—overwhelmingly reaffirmed their support of the Council. In some cases they made suggestions for the strengthening of the Council or improvement in its procedures which have been warmly welcomed.

The National Council of Churches looks forward to 1965 as a year of major opportunity. The new organizational structure of the Council should offer an unprecedented opportunity for sharpening its focus and coordinating its program. The steady increase in the use of the facilities of the Council by the member communions should enable us to move more certainly toward the realization of that unity which comes from witnessing to the one Lord and engaging jointly in His mission.

REPORT OF THE JOINT COMMITTEE OF THE REFORMED CHURCH IN AMERICA AND THE PRESBYTERIAN CHURCH IN THE UNITED STATES

In 1962 the General Synod of the Reformed Church in America and the General Assembly of the Presbyterian Church in the United States determined to "seek together a fuller expression of unity in faith and action . . . moved by a desire to give more effective witness to the Gospel, and especially to the Reformation emphasis on the authority of Scripture and the sovereignty of God as expressed in the Lordship of Jesus Christ."

To implement this purpose, the two highest courts of these churches established a Joint Committee of Twenty-Four and directed that Committee to study and explore numerous areas of common concern, ranging from Doctrine, Polity, Worship and Liturgy to the development of personal acquaintance, through exchanges of personnel at every level, to initiate correspondence and discussions with the Boards and Agencies of the denominations, with directions to report annually, and to recommend further steps toward fulfilling the common purpose set forth in a joint resolution adopted by the Churches, based upon the affirmation that "Trusting the Holy Spirit, we reaffirm our readiness to be led into whatever forms of church life and work are revealed as God's will for us."

In 1963 and 1964 the General Synod and General Assembly reviewed the activities and studies of the Joint Committee, approved a theological statement entitled "The Witness of the Reformed Churches," encouraged joint conferences and studies and mutual exchange in various fields of church life and work and instructed the Committee, in conjunction with the Boards and Agencies, to make studies of the feasibility of operating their programs as a joint enterprise. One of the study papers produced by the Committee was a comparison of government and organization of the two Churches. This study paper is appended to this report for the careful consideration of the constituency of the two Churches.

In 1964 the Joint committee reported that a result of their intensive studies there were found to be large areas of agreement in theology, worship and polity. The Committee concluded that there were no major impediments in these basic fields and expressed the opinion that, if the practical problems of the separate life and work of the two Churches could be resolved, the union of the two Churches was hopefully envisioned.

The General Synod and the General Assembly, on the basis of this conclusion, instructed the Joint Committee and the major Boards and Agencies of the Church to study during 1964 all the considerations involved with the possibility of the union of the two Churches as the framework of suggested action.

Additionally, the General Synod in 1964 requested the Committee to consider, and to report in 1965, whether or not the Reformed Church in America should cease and desist all conversations regarding Church union with other communions . . . to continue separate existence as in the past, or, in the alternative, to present a Plan of Union with the Presbyterian Church in the United States. Also, the General Synod instructed the Committee to devise and implement immediately a systematic plan for the dissemination of information of a factual nature regarding the progress of the current conversations and specifically "to make a thorough study, with proper documentation, of the life and practices of the congregations in both denominations which may give evidence of theological unity." At the same time the General Assembly requested the Committee to consider the advisability of expanding the conversations to include the United Presbyterian Church in the U.S.A. and other Reformed communions.

The Committee examined the practices of the two denominations in the light of their confessional statements to determine what evidence, if any, there is of how close together the Churches are or how far apart, and this report is appended hereto for consideration. The Committee carefully considered the question of enlarging the conversations to include other Reformed communions. From the outset the Committee has been aware that the Presbyterian Church in the United States and the Reformed Church in America have long-standing and close relationships with the United Presbyterian Church in the U.S.A. It was concluded that, in view of the involvement of the United Presbyterian Church in the U.S.A. in the Consultation on Church Union, wherein a number of Churches, including the Protestant Episcopal, the United Church of Christ, the Methodist Church and others, are considering a Plan of Union, and in the light of the progress made by the Joint Committee in its deliberations during the past three years, the present conversations should not be enlarged. It is the carefully considered judgment of the Joint Committee of Twenty-Four that

the most genuine potential for advance of Church union for both our denominations at the present time lies in continuing with integrity these conversations which began in 1962 and which are looking increasingly toward the union of the two denominations.

During 1964 communications were sent to the major Boards and Agencies of the two denominations requesting a study and consideration by the Boards and their executive staffs of the question of whether or not practical problems of our separate life and work could be resolved and particularly whether or not our denominations would be enriched and more mightily used for the Kingdom's work within the larger context of faith and witness that a union of the two denominations might bring. Written reports from each of the Boards have been received and, in addition, representatives of each Board met with the Joint Committee. As a result of this consultation, it appears conclusively that there are no fundamental practical difficulties presented by a union of the denominations. There would be in fact real advantages to union in many areas in the life and work of the two Churches, such as the nurture of the local congregations in the field of Christian education, an increased ability to meet the needs of congregations in the specialized fields of inner city ministry and rural parish, and larger opportunity in the fields of stewardship and evangelism. The Committee and the Board representatives realized that union of the two Churches might not necessarily bring economies in financial operation. While this and related practical matters are vitally important, the main concern has been our determination to be led to seek a more effective witness together than we are able to fulfill in our separateness.

Your Committee, after three years of study, exploration, consultation with Boards and Agencies of our respective Churches, and earnest prayer seeking the guidence of the Holy Spirit, recommends that the General Assembly and General Synod . . .

(1) instruct the Joint Committee to begin drafting a Plan of Union for possible presentation to General Assembly and General Synod not later than 1968;
(2) authorize the Joint Committee to call on persons from various areas in both communions to assist in preparing the first drafts of sections of a Plan of Union;
(3) and authorize the Committee to circulate to our Presbyteries and Classes the preliminary draft of sections of the plan, requesting that the Presbyteries and Classes send their suggestions concerning the draft to the Joint Committee for their consideration in the completion of their assignment.

We urge that during the time of preparation of the Plan of Union the people of our two Churches make increased use of every opportunity for mutual acquaintance, and we call attention to the plan for a simultaneous meeting of the two highest courts in 1967, approved by the General Assembly and the General Synod in 1964. We earnestly request that the people of our two Churches be called upon to offer their counsel, to share their concerns, and to support the Joint Committee in their prayers, as we seek together a more effective witness, guided, sustained and disciplined by the Holy Spirit.

A COMPARISON OF GOVERNMENT AND ORGANIZATION IN

The Reformed Church in America and The Presbyterian Church in the United States

INTRODUCTION

The Reformed Church in America and the Presbyterian Church in the United States hold the Reformed faith and the presbyterian form of government. This form of government is, we believe, scriptural. It serves for perfecting the order of the visible Church, but is not essential to its existence. (FG, Pref., III, 7; C, Preamble.) The courts, or judicatories, of the Church are made up of representatives. Ministers are of equal rank and authority. The Church derives its authority from Jesus Christ, the King and Head of the Church.

This comparison aims to set forth the major items of similarity and difference in our practice of Church order. So our people may study this matter for themselves; references are given to the standards of both denominations. "FG" refers to *The Form of Govern-*

ment of the Presbyterian Church in the United States; "C" refers to *The Constitution of the Reformed Church in America.*

The left column will contain information on the Reformed Church; the right column, on the Presbyterian Church. Parentheses indicate there is no exact parallel, or enclose an explanatory note.

A COMPARISON OF THE PERMANENT AGENCIES OF THE GENERAL SYNOD OF THE REFORMED CHURCH IN AMERICA and THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES

* * *

INTRODUCTION

Both General Synod and General Assembly exercise their constitutional power to create and supervise such permanent agencies as are necessary to their work. These bodies are given various names, such as "boards," "committees," etc. They are all the same in nature, created by the judicatory and completely answerable to it. In both Churches the judicatory assigns the specific functions to an agency, names the personnel, sets general policy through approval of a "manual" or similar standard of operational procedure, requires full annual reporting, reviews the agency's work annually and determines further general policy as needed.

The *functions* sought by the two Churches are very much the same, but the particular *structures* set up by the two Churches differ.

The comparative listings which follow will try to deal with both *functions* and *structures*. In the case of "Agencies with Coordinating Functions," two presentations are made. First, the R.C.A. column carries *functions* as compared with Pres.U.S. *structures*. Second, the R.C.S. *structures* are given as compared with Pres.U.S. *functions*. Because

the patterns of organizational structure are different, both presentations need to be examined.

A single comparison is offered for the "Agencies for the Mission of the Church" (Program Boards). This presentation can be only partial and inadequate at this point. As agencies of the two Churches study each other, a more detailed and accurate picture should appear. The primary purpose of the overall comparison offered here is to help each agency to undertake its study of its "opposite number" in the light of some understanding of functions and structures in the other Church.

Appendix 3

An Examination of Certain Practices in the PCUS and RCA, which give evidence of how close together, or how far apart, we actually are.

When "The Witness of The Reformed Churches" was published by this Joint Committee in 1963, it was given a wide acceptance in the Church as indicating the common theological foundation on which both of our denominations rest. This matter now seems to be definitely established. Our roots go deep into the same Calvinistic tradition; and our constitutional standards are harmonious at all essential points.

Another question has now been raised, which deserves equally careful attention: How do our two denominations agree, or disagree, in actual practice? Sharing the same heritage, how do we seek to teach the faith to our children, deepen it in our congregations, and guard it against the inroads of secular life? While neither denomination would attempt to sit in judgment on the other in regard to faithfulness or zeal, this is an area that can be profitably explored.

The following excerpt, which appeared in THE PRESBYTERIAN SURVEY (June, 1964), illustrates how at least one family has found a marked degree of similarity in our common life on the congregational level:

> "For the past eighteen years our family has been active in the Presbyterian Church, U.S. When we were transferred last year to Omaha, Neb., by my husband's corporation, we began searching immediately for a church affiliation. Having known of the conversations between the Presbyterian Church, U.S., and the Reformed Church in America and of their joint participation in the Covenant Life Curriculum, we visited Westwood Heights Reformed Church. We have decided to become members of this church. Now, after long searching in other churches, we share in the warm evangelical spirit of a denomination close to our own Presbyterian Church, U.S., in many ways: order of worship, hymns, CLC, evening worship services, weekly prayer groups, catechism classes, and the sound doctrinal standards upon which our two churches were founded."

Both denominations stand under the Lordship of Jesus Christ and recognize the sole authority of the Word of God, "the only infallible rule of faith and practice." In considering the different customs and usages that have grown up in our denominations through the centuries, it is necessary to distinguish three categories. *First,* there are those matters that are clearly enjoined in the Word of God. There can be no disagreement between our two churches at this point, if we are to continue walking together in ever-deepening fellowship. *Second,* there are those matters that are logical deductions from the teachings of Scripture. Here it should be possible to disagree, and to share with mutual helpfulness. *Third,* there are what may be called "pious customs," which may be very beneficial to spiritual growth but which are not binding, no matter how good they may be.

In the first category both of our denominations believe in the proclamation of the whole counsel of God and the faithful observance of the Sacraments. A service of sacred music is no substitute for the preaching of the Word; nor do we observe the Sacrament of the Lord's Supper without the sermon. We share a common understanding of covenant theology. Children born into a Christian home are baptized in the name of the Triune God, their parents taking solemn vows to raise them in the nurture and admonition of the Lord. Our two denominations spare no effort to provide the best possible program of Christian Education in the Church School, but the primary responsibility rests in the home. Deuteronomy 6:4-7 would be binding upon us all.

Many practices in our churches fall in the second category. For example, both denominations have refused to baptize children indiscriminately. One or both parents must be professing Christians, and godparents have no standing at all. On this deduction from the Word of God we are in full agreement. In another area there is disagreement. The PCUS at the 1964 General Assembly officially approved for the first time the ordination of women as Ministers and other officers of the Church. After several years of study throughout the Church, this was enacted as a deduction from the teaching of the Bible. It should be pointed out that there is conscientious disagreement on this point within each denomination, though it has not proved to be sufficiently crucial to disrupt fellowship. Implementation remains in the hands of the local congregation or presbytery, and there is no possibility in either denomination that this would be changed.

A great deal of the actual practice in our churches falls in the third category, and again there is often a variation within each denomination which may be wider than that existing between specific congregations from the two. For example, there is the requirement in the RCA that the major points of doctrine in the Heidelberg Catechism be expounded from the pulpit at least once every four years. There is no similar requirement in the PCUS. But in practice every conscientious Minister seeks to give his people a complete and balanced exposition of the Word of God. The realization of this ideal comes through the guidance and blessing of the Holy Spirit in the heart and preaching of the individual Minister, and is undoubtedly approximated as closely in the one denomination as in the other.

Catechetical instruction of children and youth has gone through great changes in both denominations under the pressure of modern times. One of the most significant features of the Covenant Life Curriculum in which we are jointly engaged, is the renewed emphasis on the catechism. Many churches in the PCUS (though not all by any means) have special classes in the catechism. The Board of Christian Education awards a Bible to those who recite the Westminster Shorter Catechism. Communicants' classes, preparing young people to make their public profession of faith in Christ, vary from six weeks to much longer periods.

The PCUS has a carefully defined "Rules of Discipline" which states that "every court should show its constant concern that the conduct of members, officers, churches and courts under its care be in accordance with the laws of Christ." The old custom of "fencing the table" has generally fallen into disuse. The "Censura Morum" of the RCA is not practiced in the PCUS. Individual pastors and elders seek to prepare their people by pastoral counselling, and by public proclamation, for the proper observance of the Sacrament of the Lord's Supper. It would be fair to say that both denominations are equally concerned for the purity of life in the congregation.

In the RCA there is the Spring Classical Inquiry at which time each Minister gives an accounting of his stewardship. In the PCUS there is the Commission on the Minister and His Work, which gives oversight in local situations as needed, and has the power of Presbytery to act within certain clearly specified limits. Also, any Minister who transfers from one presbytery to another is re-examined by the new presbytery on his views touching theology, church government, and the Sacraments. If the presbytery is not satisfied, it can refuse to install him in the pulpit.

The question of clerical dress is regarded by both churches as a matter of local custom and free decision. Rotation of officers is constitutionally authorized in the PCUS; it is practiced by general agreement in the RCA. The list could be expanded indefinitely.

In a time when we are seeking to know one another better, it is important to remember that we have come out of different historical backgrounds, we have reacted against different external pressures, we have adapted to different environmental conditions. Wide divergencies exist within each denomination and kindred spirits will certainly be found across all denominational lines. Meanwhile, we are learning to work together in areas of basic importance, notably in the Covenant Life Curriculum, the Hymnbook, and in World Missions. And we stand under an imperative which demands that we take this whole question with the utmost seriousness and continue to explore all possible areas of agreement and cooperation. The Biblical call to unity is unmistakable: "that they may be one in us; that the world may believe. . . ." Our current discussion of possible Church union leads us both to re-examine our practice in the light of the Word of God. We dare not compromise any essential points; but in the words of Paul, let us "test all things; hold fast to that which is good."

REPORT OF THE PERMANENT COMMITTEE ON CHRISTIAN RELATIONS

THE CIVIL RIGHTS MOVEMENT IN THE LIGHT OF CHRISTIAN TEACHING

In General

We affirm that the fountainhead of all relationships, and the primary concern of the Christian must be the salvation of the souls of men by reconciliation to God through the mediation of our Lord Jesus Christ as set forth in II Corinthians 5:19-21.

A continuing obligation of the church is to counsel its members in regard to their duties in the changing world. This paper examines the present civil rights movement in the light of Christian teaching.

The basic problem here grows out of the difficult position of the Christian in the world: in it but not of it. This problem may be divided into three parts: the Christian's use of worldly power, his relation to the state, and his desire for peace. As we shall see, all these problems are raised by the present civil rights movement.

During the past several years, this movement has become visible in demonstrations, sit-ins of various kinds, picketing, boycotts, and frank civil disobedience. The passage of the 1964 Civil Rights Act indicates its strength and suggests a decreasing use of the devices mentioned.

In the South, this has been largely a movement by Negroes. Its scope, however, includes all minority groups in the nation, and these groups are included by implication throughout this study. The intent of the movement has been to obtain for Negroes—and for all minority groups—the rights and responsibilities which have been denied them simply because they are Negroes. For instance, they have been denied equal use of public facilities, not because of inability to pay for them or to use them decently, but because of race. Similarly, they have been denied equal access to housing and jobs, not because of inability to use the housing or to perform the jobs properly, but because of race.

They have consequently suffered untold economic loss because they are Negroes. Far worse than this, they have also suffered indignities and humiliation because they are Negroes.

In the Christian view, God is no respecter of persons; Christ died for all. Therefore, the discriminatory treatment of Negroes because they are Negroes is clearly un-Christian, and all Christians should approve them in their determination to be accepted on equal terms with others.

But, it may be said, if God pays no attention to differences but sustains by his infinite love the lowly and the great, the thief and the honest man, why should we be concerned, as the civil rights movement is, to make the chances of life more equal among men? Do we not already regard men of all races as in some sense children of God, and do we not respect them as such?

"Respect" or Love?

In a sense we do. But too often this is respect for the Negro primarily as an immortal soul temporarily trapped in a set of material circumstances which he must endure but which will be set right somewhere beyond this life. In God's eternal light, it is felt, none of this matters.

We must distinguish between this prevalent attitude and real Christian love. This "respect," as defined above, denies the Christian belief in God's cherishing and redemptive love for every man as he exists in the world. This attitude really makes meaningless the Incarnation. "God so loved the world . . ."

Jesus loved men because, whether slave or free, Jew or Gentile, rich or poor, powerful or weak, they were created for fellowship with the Father, and were scattered abroad in their sin like sheep without a shepherd.

It is not enough for the Christian to respect the Negro as an immortal soul; he must love him as a whole man, a fellow inhabitant of this world, and, as regards civic life, as a fellow citizen.

It is at this point that our so-called Christian society has failed the Negro. For we who are Christians in society have failed in great measure to demonstrate this love in our daily relationships to the Negro.

The witness of scripture, from both the Old and New Testaments, is that the corollary to love is justice. The Great Commandment sums up the Christian's total commitment to God, which has as its issue love for one's neighbor. The implication of this Old Testament quotation by Jesus, as amplified in the story of the Good Samaritan, is that if we truly love God, our love will issue in the specific meeting of our neighbor's earthly needs. Justice and the ascription of human dignity are obvious needs of the Negro in our society today. Insofar as we, as Christians, participate in and support segregation, whether in education, housing, jobs, or whatever, we deny him that justice.

The basic purpose of the civil rights movement should be to obtain for the Negro—and of course, for all minority groups—justice in the affairs of daily life and the right to respect as a human being under the redemptive concern of God. Jesus, by His words and life, calls us, as his followers, to support them in this struggle.

The Methods Used

Although the Christian should aid those who are seeking to resolve injustice, he should always question the methods used in presenting this demand.

We listed above the chief methods which have been used in the present civil rights movement. In judging these, we must remember that they follow decades of injustice patiently suffered, of promises broken, of refusals even to listen to appeals for justice, and, during the last few years, of ingenious attempts to avoid both the fact and the implications of the 1954 Supreme Court decision. The civil rights movement reveals, therefore, some desperation. Though this does not justify the use of any method, it offers some explanation of the more extreme methods used, and forces the Christian to ask himself, what other means were available to these people in their struggle for justice and human dignity?

The first thing the Christian needs to know about these methods is whether they are legal or not. For, though he must finally take a stand in regard to civil disobedience—frank, open breaking of a law considered wrong—there is no need to raise this basic question about any method which is clearly within the law. Our difficulty here, however, is that of all the methods used in recent years only picketing is incontrovertably within the law. Within certain restrictions, picketing is legal.

Demonstrations

Demonstrations have been considered legal by many as being expressions of the right to convey peaceably to society at large disapproval of some aspect of the social order. Such a right would rest upon the constitutional rights of assembly, petition, and free speech. Contrariwise, however, others have argued that the Founding Fathers were protecting the formal presentation of grievances to the ruler or ruling body, and did not intend to protect the kind of large, loose, and danger-packed demonstrations we have witnessed recently. As against this argument, one should remember that, to speak strictly, in racial matters the rulers in the South have been the vast majority of whites and the ruled the vast majority of Negroes, and that only this kind of petition has been able to gain the attention of the ruling class. Written petitions were of little avail. We recognize that there may be violent opposition of the whites. Actually the whites have been the rulers, and the Constitution protects petitioners against the opposition, however angry, of the rulers.

It should also be remembered that the Founding Fathers themselves, having repeatedly petitioned without effect, finally in despair began that most serious of all demonstrations, a violent revolution.

If one considers legal, then, the types of demonstrations which have occurred, he as a Christian should approve them because they express, and for the most part peaceably, the desire for fuller participation in the privileges and responsibilities of public life and therefore for more complete manhood in our democratic society.

In the light of the foregoing, the Christian should recognize peaceful demonstrations as proper attempts to extend the right of fuller participation in the responsibilities and privileges of public life and therefore, a more complete sense of human dignity.

Sit-Ins

As for the sit-in, it is at the present moment on a rather wide frontier between legality and illegality. It raises the question of the right of the owner of private property used for public purposes to have certain people who are there in connection with the owner's public purposes removed from the premises because they are Negroes. Since the courts are presently engaged in re-defining the law of trespass in this area, the question of civil disobedience here is as yet unanswered. If in a given instance this question seems immaterial to the Christian, the sit-in as it has been generally used to extend human dignity and increase respect should receive his support. This much is sure: whatever freedom the law may grant in the use of property, the general teaching of the church is that it should always be held in stewardship for the glory of God and for the strengthening of the spiritual life of the people involved.

Civil Disobedience: The Christian and the State

This brings us to the problem of civil disobedience: the open, non-violent and conscientious refusal to obey a law or laws, as a means of appeal to a higher law, combined with the willing acceptance of the penalty. It is an extreme demonstration of dissatisfaction with some aspect of society. It also presents in its purest form the problem of the relation of the Christian to the state.

Paul, and the Confession of Faith as well, affirm that governments are instituted by God and should therefore be obeyed. However, the civil magistrates are also bound under their charge:

> "to protect the person and good name of all their people in such an effectual manner as that no persons be suffered, either upon pretense of religion or infidelity, to offer any indignity, violence, abuse or injury to any other person whatsoever." (Westminster Confession, XXV, 3).

It needs no elaboration that within the province of our church, we have often kept silent, though men, because of race, have suffered "indignity, violence, abuse, and injury."

It is true that within our system of government, means are provided, through the law, to present and adjudicate grievances for such injustices. Yet, when due course of civil law is denied or abridged, the Christian, for whom "God alone is Lord of conscience," may validly appeal to the Higher Law, led by the inner witness of the Holy Spirit, speaking in and through the scriptures. This great ordering Word may lead him against the world, against the establishment of the civil magistrates. But he should be very cautious about taking such a lonely position and should hold it only in fear and trembling. If it leads him into civil disobedience, he should not try to justify his position before men. He has violated the law, the public standard of justice, and hence must recognize his liability to the judgment of the civil court.

The church exists to unite men by God's grace with themselves, with God, and with their fellows—to make them whole. Therefore, it should give the support of Christian compassion to any member who, following his conscience in obedience to the Word, engages in civil disobedience.

The methods of achieving justice which have been delineated here, while accomplishing in varying measures this end, cannot, in fact, bring to fruition our desire for unity in the bond of peace. Therefore, we as Christians are called upon to look beyond these methods to work toward the reconciliation of all parties involved by encouraging dialogue in the spirit of Christian love.

The Peace of the Church

But—and this is the third problem we mentioned—may not such action destroy the peace of the church? This is the way the question is usually put. It should be noted that what is often meant is the peace of the community beyond the church. In our society, of course, these two communities are almost inseparable. Our most difficult problem is to understand how the church community exists within the Southern community.

The privileged members of any secular society tend to prefer peace to justice, to support the *status quo*. The great Biblical prophets, however, make it clear that true peace is the fruit only of justice. In this view, peace will come as justice is done, and in the attainment of this end false peace may have to be disturbed and displaced.

But, in the church, the peace we should cherish passes beyond the law and is the companion of that love we claim to believe in, the love of the brother in God. This is the peace that passes understanding, and our fear that we may lose it is an indication that we lack it already.

We should never forget that the Christian Church, if it is to be a living witness to the will of God on earth, should steadfastly move forward within a framework of law and free discussion toward a more truly redemptive society.

POVERTY IN THE LIGHT OF THE CHRISTIAN FAITH

In this decade, poverty has become a popular political subject. Perhaps for the first time in the history of our nation there is confidence in governmental circles that our economically depressed areas can be converted into centers of opportunity. More important than this confidence, however, is the factor of conscience. It is apparent that the American people have a social compassion and are willing to implement this compassion through the offices of their government. In poverty, there is no place for partisanship or political exploitation. It is everybody's business, it is everybody's dedicated business.

Definition and Extent of Poverty in the United States

In preparing the 1964 Economic Report of the President, the Council of Economic Advisers regarded as poor a family unit of four whose annual income from all sources is less than $3,000 (before taxes and expressed in 1962 prices).[1]

In the year 1963, one fifth of the families (9.3 million/47 million) had income below $3,000. This means that 35 million individuals could be classified as poor. Of these 35 million, 20 million were children. On the basis of $2,000 per year per family there were 5.4 million families, 17 million persons, and 8 million children in this category.

Causes of Poverty

1. We would not be exponents of the Christian doctrine of man if we did not concede that in some cases poverty is the direct result of one's refusal to accept responsibility for himself and his family, preferring a life of indolence, sloth, and debauchery. Yet we would be irresponsible in our analysis if we concluded that this was the root of all poverty.

2. Under our economic system called free enterprise, the highest standard of living on a national basis that is known to man has been achieved. Nevertheless, the system permits some startling contrasts in that there are pockets of poverty all over this country that approximate the squalor and degradation seen in nations that have extremely limited economic potential. Failure to utilize our system to its fullest capacity is a cause of poverty.

3. Movements of industries from one location to another not only create new jobs but leave whole communities destitute of employment. This is only to cite a fact, not a fault. In some cases, those who have lost their jobs know only one particular skill, have lived in only one community all their lives, and haven't enough resourcefulness left either to retrain or re-locate.

4. A culture of poverty develops in communities from which the main industry has moved so that so many of the younger generation accept destitution as a normal way of life. Thus poverty in the non-geological sense becomes hereditary.

5. Industry itself is experiencing a major revolution in its movement toward automation and cybernation. The changes that will occur in the next few years are almost too astounding to contemplate. Not only may the problem of employment enlarge but our whole concept of vocation and even of government may have to be reassessed. Even now, however, the prospects of full employment, especially for those of no more than high school education, are diminishing perceptibly.

6. It will have to be acknowledged that racial discrimination has been a cause of poverty. If a particular people is segregated from the rest of society and at the same time discriminated against in employment it has practically no means of amassing enough capital to develop its own free enterprise system. So its poverty begets poverty. Out of the 35 million Americans who are officially classified as poor, over 50% of them are non-white, which would

[1]WAR ON POVERTY, Hubert H. Humphrey, McGraw-Hill, New York 1964, p. 17.

include Indian, etc. The average income of a Negro family is 56% of the average white family, and the Indian family's is only 27% of it.

7. Ignorance and ill-health are causes of poverty but also the result of it.

Effects of Poverty

As wealth is not the solution to every problem so poverty is not the sole and basic cause of every problem. And yet poverty is a contributory cause, a powerful accessory to our social ills, such as crime, juvenile delinquency, ignorance, disease, school drop-outs, sexual immorality, illegitimacy, alcoholism, drug addiction, street rioting, divorce. The alleviation of poverty would bring many of these other problems nearer solution.

Motives in Alleviating Poverty

1. It becomes apparent immediately that poverty should be attacked out of self-interest, if for no other reason. Our government has spent billions of dollars to assist foreign countries. Why shouldn't it aid a large segment of its own people? These 35 million American people are a drain on our economy in that they are not productive, they have little money to spend, and they are, to a large extent, recipients of public charity. It is estimated that they cost the American people ten billion dollars a year in welfare money. If this segment of our population became stabilized it would represent our largest market for the sale of American products.

2. Another motive is that of charity, not the kind described by Paul in I Corinthians 13, but the kind that is given to satisfy the giver. This motive is not a valid one. The one who is impelled by it needs the poor either to exercise lordship over them or to offer gifts of atonement to them for keeping them in a state of economic dependence.

3. Some go a step further than self-serving charity and aid the impoverished only if it leads to their rehabilitation. The conditions under which assistance is given are improved morals, harder work, more appreciation and so on. On the face of it this motive looks valid but it eventually develops a meddlesome, moralistic disposition in the giver that defeats its own purpose.

4. A valid approach to poverty is based primarily not on charity or rehabilitation but on need. As Chrysostom put it, "The poor have only one recommendation: their need. If he be the most perverse of all men, should he lack necessary food we ought to appease his hunger." We attack the poverty that besets another man because of our identity with him, because he is the product, perhaps even the casualty, of a system we help to create. We help him because we too are poor and are under the same fear of death. Our poverty may be of a more serious nature than his in that he recognizes his and we don't ours. We can hope for the rehabilitation and the redemption of those whom we assist but if we make the conditions of our aid we may be guilty not only of destroying his freedom and dignity but of usurping the prerogative of God.

The Church's Attitude Toward Poverty

Deuteronomy 15:7-11 reads:

"If there is among you a poor man, one of your brethren, in any of your towns within your land which the Lord your God gives you, you shall not harden your heart or shut your hand against your poor brother, but you shall open your hand to him, and lend him sufficient for his need, whatever it may be. Take heed lest there be a base thought in your heart, and you say, 'The seventh year, the year of release is near,' and your eye be hostile to your brother, and you give him nothing, and he cry to the Lord against you, and it be sin in you. You shall give to him freely, and your heart shall not be grudging when you give to him; because for this the Lord your God will bless you in all your work and in all that you undertake. For the poor will never cease out of the land; therefore I command you, You shall open wide your hand to your brother, to the needy and to the poor, in your land."

The poor was not to be despised or deprived of his dignity even in his need, and above all, in the name of Israel's oneness under a compassionate God he must be helped.

The many references Jesus made to poverty and riches seemed to indicate that he not only identified himself with the poor but that he would rely upon the poor to be the carriers

of his gospel. Therefore, he never condescended to the destitute—he was among them as one of them. Neither did he promise that they would become rich which indicated that he was not leading a class revolution and that he held out no material reward to them for being religious. When he said, "Blessed are you poor," he saw dignity and honor and even happiness in their demeanor, even in their impoverished state.

In the present day, we are not so amenable to poverty. Some of us have such a high regard for excellence in skill and industry that we have come to look upon poverty as a badge of failure or even a curse of God. Some of us shun the poor as we would disease. Others refuse to admit there is poverty in our midst, declaring that it is a relative thing anyway, that those Americans of low income live like kings compared to the rich in other countries, pointing inevitably to the television aerials on the roofs and the second-hand cars in the yards of the shanties we pass.

Our own denomination makes its appeal to the substantial people of the community. Our ministers are trained to the mentality of the middle class. Our more able men, no matter where they start, gravitate toward those affluent churches that can more easily reward them materially for their ability. There is no premium placed upon service in churches of limited means and influence.

Our inner city churches have been and still are tempted to move out to comfortable suburbs and away from the squalor that had grown up around them. The church must go where its members are, it is said, forgetting that the church is not exclusively for the benefit of its members.

Our church extension planners are also tempted to build only in those sections where a church can quickly become self-supporting and help carry presbytery's financial program. It could be that our mission now should be primarily to those who may never make a church self-supporting.

RECOMMENDATIONS

1. That through all its methods and agencies of teaching and preaching our church re-orient itself toward poverty in accordance with a sound Biblical theology and genuine Christian concern.

2. That our seminaries be urged to educate our ministers for service to those of limited means and ability and to encourage those students of high ability to serve in those places where material reward and prestige can be least expected.

3. That church courts work out a system of salary supplementation that will prevent a ministry to the poor from becoming a penalty to the family of the minister who serves a church of limited means.

4. That the General Assembly affirm its approval of efforts by local, state, and federal governments to eradicate poverty and its causes, and that church members be encouraged to give support to such programs, infusing them with Christian compassion and condemning any tendency toward bureaucracy or political exploitation.

5. That the General Assembly encourage the cooperation of government, industry, and civic leadership in alleviating poverty, especially due to unemployment.

6. That local churchmen give encouragement to industry in its attempt to keep employment high and its relations with its employees cordial and just, and that they commend management and labor wherever they make honest efforts to work together in harmony and understanding.

7. That local churchmen be encouraged to take part in community welfare programs and to impart whenever possible a sound theology of welfare. (Recommended reading: THE CHURCH AND SOCIAL WELFARE—Alan Keith-Lucas—Westminster Press)

8. That local churchmen encourage our educational systems to prepare to train our young people to adapt themselves to the profound readjustments that are forthcoming in our economic life.

(Note: The following motion in connection with the proposed recommendation 9 below was adopted by the General Assembly.—*Stated Clerk.)*

It was moved and adopted that: In accordance with the previously expressed position of this General Assembly in seeking to establish a clearer understanding of the activities of the National Council of Churches, particularly as they may relate to our denomination, Recom-

mendation 9 of Section C, being that section concerned with Poverty, be referred to the Permanent Committee on Inter-Church Relations with instructions to study this matter and make recommendations to the next General Assembly.

(9. That the General Assembly commend the Home Missions Division of the National Council of Churches and the World Council of Churches for their anti-poverty program in the Mississippi Delta Ministry. This effort to help the poor and economically displaced persons of this area through education, the development of their economic and spiritual resources, and their participation in public affairs is in the finest tradition of Christian love for one's neighbor.)

WORK AND LEISURE

The section of "Work and Leisure," with its recommendations, is returned to the Permanent Committee on Christian Relations, with the instruction to consult with the Advisory Council on Church Recreation of the Board of Christian Education, for fuller development of background materials to support the recommendations, which appear to be sound.

Respectfully submitted,

The Board of Directors has called Mr. E. A. Andrews, Jr., who was Secretary of the Division of Men's Work in the Board of Christian Education for five years and Assistant Secretary for six years, to be Vice-President in Charge of Conferences.

Mr. Andrews joined the Montreat staff on January 1, 1965. He is responsible for the promotion of Montreat as a Conference Center, the planning for and entertainment of all conferences and groups meeting in Montreat, the Christian Education, Recreation, Camping, Lay Schools of Theology and other programs designed to make Montreat a Retreat for Renewal for the whole Church.

Lay Schools of Theology

Mr. Andrews will be the Director of Montreat Lay Schools of Theology. He will work with a Committee of the Montreat Development Council, composed of representatives of the Board of Women's Work, the Division of Men's Work, the Adult Division of the Board of Christian Education and Theological Seminaries. Ramsay and Mrs. Alton G. Brown.

Family Camping

A Family Camping area has been developed in Montreat. The first camp sites in this area were prepared by a Senior High Work Camp under the direction of Mr. Glenn Bannerman, of the faculty of the Presbyterian School of Christian Education. Mr. Bannerman will direct the Work Camp again in 1965.

Layman's Forum

A new feature in the 1965 Bible Conference will be a Layman's Forum. The Covenant Life Curriculum book for 1966 will be the basis of discussions led by a panel composed of Dr. L. T. Rudolph of Louisville Presbyterian Seminary, Dr. Ross Mackenzie of Union Theological Seminary and Dr. Dwight Chalmers of the Board of Christian Education.

Capital Funds

The Mountain Retreat Association is seeking $350,000 among patrons and friends of Montreat to complete the renovation of the Assembly Inn and improve facilities for Children and

Youth. As of February 10, 1965 $190,000 has been received in cash and pledges. It is expected that the full amount needed will be received by the annual meeting of the Board in August, 1965. Mr. Tully D. Blair of Winston-Salem is Chairman of this fund raising effort.

Moore Memorial Social Center

A new Social Center has been completed and will be ready to serve the General Assembly. It was made possible by a gift of $50,000 from Mrs. Philip F. Howerton and her children in memory of their father, Mr. Herman A. Moore.

Montreat-Anderson College

Montreat-Anderson College enrolled 339 students in September, 1964 and will enroll 375 in September, 1965. This increase was made possible by the completion of the New Residence Hall for men, which houses 102 students.

Dr. Dougald McDougle Monroe, Jr., Chairman of the English Department in Queens College has accepted the call of the Trustees to become Academic Dean of the college in September, 1965. Dr. Monroe is a graduate of Washington and Lee and received his M.A., and Ph.D from Northwestern University.

The Trustees propose to amend the Charter of the College to provide for fifty-six Trustees, fifty elected by the Directors of the Mountain Retreat Association from among their number and six by Asheville Presbytery.

Anniversary

In 1966, Montreat will observe the Sixtieth Anniversary of Montreat as the Conference Center of the General Assembly and the Fiftieth Anniversary of the founding of Montreat-Anderson College.

REPORT OF STILLMAN COLLEGE

On behalf of the Board of Trustees of the College, I have the honor of presenting to the General Assembly the report of the work of the college for the year 1964. The Board is composed of 25 members, 24 of which are classes of eight each; one class receiving appointment by the General Assembly at each meeting of the Assembly. The other member, Rev. Lawrence Bottoms, is ex officio because of his relationship to the work of the Board of Church Extension.

New members appointed by the 1964 Assembly and welcomed to the Board at its October meeting were Col. C. Ross Endsley of the Tennessee Military Academy and Mr. E. Hervey Evans of Laurinburg, North Carolina.

For many years, Rev. Dr. T. Russell Nunan has been Chairman. Dr. Andrew Edington is Vice Chairman and Mrs. S. W. Washington is Secretary. Except for an interim of two years when he was on active duty in the Navy, Dr. Nunan has served continuously on the Board since 1947; the longest years of service in the 17 years of the present administration. He has served wisely, ably, and faithfully during all that time. It is with regret to us all that he is not eligible for re-election.

Another valuable member whose eligibility is terminating is Mr. Frank W. Wood of Cleveland, Mississippi. Mr. Wood has served well. Another loss from the Board is that of Dr. J. Will Ormond. Dr. Ormond was elected to his third term by the 1964 Assembly, but had to resign soon thereafter since he has removed his residence to Scotland for the next two years. Dr. Ormond was a most valuable local Trustee, serving as Secretary of the Board for several years. Successors to these three are being nominated to this Assembly by the Assembly's Committee on Nominations. We heartily concur in these nominations.

1964 was another year of significant progress. Among its highlights were:

1. The largest graduating class (93) in our history and the largest freshman enrollment (171). For every one accepted, we had to deny two others.

2. The awarding of our first honorary doctor's degrees. Two alumni of long and faithful service to the Church were among the first honorees: Rev. Thomas J. James of Hartsville, South Carolina, who received the Doctor of Divinity degree and the Rev. F. H. M. Williams of Tuscaloosa, Alabama, Doctor of Humanities. The Rev. Richard G. Ryan of Kerrville, Texas was the third recipient of a degree, that of Doctor of Divinity. In November, just beginning what is said to be her last tour, the famous contralto, Marian Anderson sang to 2,000 students and townspeople in our gymnasium-auditorium and immediately thereafter was awarded the degree of Doctor of Humanities.

3. Another point of interest is the forming of the inter-institutional relationship between Stillman and Indiana University. Through the encouragement of the American Council of Education, some large universities were led to offer their help to small Negro colleges. Through

the said Council we were put in touch with Indiana and found its president and faculty most receptive. We believe that a relationship of mutual advantage has been established and for us to have the undergirding of such an outstanding university should strengthen us in points of need; especially in approaches to foundations. We have also been in communication with some of our own denominational colleges about an inter-institutional relationship with them. The effecting of such a relationship seems promising as do the effects that could come from same.

4. Our student center containing adequate dining room, kitchen and other student services is under construction. It will be a tremendous asset to the college and should add greatly to the morale of the students. Its construction is being financed with funds from the first year's payments on the Presbyterian Development Fund and the United Negro College Development Fund.

The president will retire during the summer of 1965. Unless a successor is named by that time, the administration will be in capable hands of the present staff until a new president is chosen.

The financial report for the year 1964, follows:

Respectfully submitted,
SAMUEL BURNEY HAY, *President*

That we thank our Heavenly Father that, in this era of great racial conflict and strife and social revolution across the nation—and especially in the Southland, a College of the stature and standing and strength of Stillman College has been born. Only by the Grace of God could such a feat have been achieved;

FURTHER, Be It Resolved:

REPORT OF
AUSTIN PRESBYTERIAN THEOLOGICAL SEMINARY

Ownership The Seminary continues under the ownership and direction of the Synods of Arkansas, Louisiana, Oklahoma and Texas.

Objectives The central purpose of the Seminary is to train men for the parish ministry. To this other responsibilities have been added: courses of study for missionaries, for leaders in Christian Education or Campus Christian Life; instruction in Bible for University students; continued stimulation for parish ministers and lay leaders through library extension service, graduate work, special convocations and resident study periods to which parish ministers are invited.

Trustees One changed occurred in the Board membership from Louisiana due to the death of Claude D. Wardlaw. He was replaced by David Crow of Shreveport, Louisiana.

One changed occurred in the Board membership from Oklahoma. J. Martin Singleton, having served the number of consecutive terms a Trustee may serve was replaced by James P. McCrary.

No changes occurred in the Board membership from Texas and Arkansas.

Officers of the Board are: John W. Lancaster, Chairman; William J. Murray, Jr., Vice-Chairman; H. Edwin Pickard, Secretary. John W. Smiley is Treasurer of the Seminary.

Accreditation The Seminary is an accredited member of the American Association of Theological Schools and a member of the Council of Southwestern Theological Schools. Professors hold membership in various learned and scholarly societies.

Faculty A faculty of thirteen gave full time to Seminary responsibilities during the year. Two additional professors were on leave as J. Rodman Williams studied in Switzerland during the fall and is teaching in the Presbyterian Seminary at Tainan, Taiwan, during the spring; Prescott H. Williams joined the Drew-McCormick archaeological expedition in Schechem, Jordan, and then served as Resident Scholar in the American School of Oriental Research in Jerusalem. Both return to campus in September.

During the year William Davidson Blanks, Th.D., served as Visiting Professor of Church History; Grover Ellis Foley, Th.D., as Visiting Professor of Theology; Jorge Lara-Braud, B.D., as Visiting Professor of Missions and Wallace Eugene March, B.D., as Instructor in Old Testament Languages.

Norman D. Dow, M.L.S., Th.M., returned from leave of his duties. Granger Westberg, D.D., Adjunct Professor of Pastoral Care, was installed as Dean of the Institute of Religion.

The Board of Trustees has announced new appointments for the fall of 1965 as follows: Rachel Henderlite, Professor of Christian Education; Thomas Watson Street, Dean of the Faculty and Professor of Church History; Ernest Trice Thompson, Visiting Professor of Church History; Jorge Lara-Braud, Assistant Professor of Missions with special responsibility for Spanish-American work.

Students There were 29 graduates in 1964, of whom 7 received the Th.M. degree, 20 the B.D. degree, one the M.C.E. degree. One was granted the Diploma.

The number registered in Seminary the spring semester of last year compared with this year shows:

	1963-64	1964-65
Seniors	32	34
Middlers	28	34
Juniors	34	24
MCE's	2	2
Ecumenicals	3	3
Specials	7	5
Th.M. Candidates	30	26
Missionary Tng. Course	0	1

Not included in the above figures are 10 seniors taking an intern year.

The United Bible Chair continued during the year, supported by the Disciples, Episcopalians, Methodists and Presbyterians, offering University of Texas students courses for credit toward the University degree. However the Episcopalians and Methodists are withdrawing, the former feeling that the Bible Chair method of teaching religion in higher education is outmoded and the latter, while largely in agreement with that position, intends to maintain one course using staff from the local Wesley Foundation.

Arrangements are under way to continue Presbyterian Bible teaching for University students in 1965-66.

Campus Former classroom space in the library building has been remodeled so as to make the entire building usable for library purposes, with bookstacks installed on the upper floor.

The old frame buildings at 2900 and 2902 Speedway have been removed and a new residence for the Dean of Students is being constructed at this location.

Finance—Capital Funds Additional receipts of $13,924.04 during the past year have brought Synod of Louisiana campaign receipts to a total of $230,751.86 as of February 15, 1965. The campaign has now officially closed.

Receipts of $23,524.08 during the past year have brought Texas T.F.C. campaign receipts to a total of $1,123,833.94.

Operating The audit report for 1963-64 showed budget expenditures of $349,042.36, an increase of 4.3% from the prior year. Net income was $15,648.33.

Attached is a study of Seminary finances taken from reports to the Board of Trustees and reflecting both Capital and Operating experiences over the past ten years.

Extra Services The Seminary serves the church widely through its program and by participation of faculty and students in supplying pulpits each Sunday (the Field Education office supplies regularly some 36 vacant churches); in leadership training schools, preaching missions, individual conferences, etc.

The Community Understanding Program for Juniors was enlarged by the Field Education department, giving a larger percent of first year men acquaintance with local problems and service resources by riding patrol cars at night, cruising in taxi cabs, observing in hospital emergency wards, calling with social workers, etc.

Continuing Education groups were scheduled throughout the year with some 53 ministers participating. The Traveling Faculty program, in which a staff member meets with a group of ministers at some central place in our controlling Synods to lead them in a study, has been continued.

Joseph Sittler, Thomas F. Green and Dietrich Ritschl composed an exciting team at Midwinter Lectures. Robert McAfee Brown, Walter D. Wagoner and Balmer H. Kelly are scheduled for January 31-February 4, 1966.

REPORT OF COLUMBIA THEOLOGICAL SEMINARY

Student Body

The total enrollment of students for the school year 1964-65 is 265. There are 73 men enrolled in the Junior Class. The Senior Class which will graduate in May numbers 58 as compared with the group of 49 men who graduated with the B.D. in June 1964. There are 29 candidates for the Th.M.

There are 14 students working toward the M.C.E. degree at the present time, most of these being women students. Although no particular effort is being made to promote the enrollment of students for this degree, it would appear that there will again be a growth in the number next year. This fact is of particular interest in the light of the report prepared by the Committee which surveyed our work in 1958, and which recommended that Columbia Theological Seminary should seek to train more workers in the Field of Christian Education in order to meet the unsupplied needs of the Church in this area.

The Student Body this year includes students from 19 states and from 2 foreign countries, and these have had their previous training at 88 different colleges or universities.

Continuing Education

The Seminary is encouraged by the response to its Continuing Education Program. Once each quarter a group of twelve to fifteen ministers is invited to the campus for a period of uninterrupted study. Conferences are conducted by faculty members and there is opportunity for needed fellowship, but an effort is made to keep most of our visitor's time free for guided reading. The reaction of those who have attended has been so favorable that we are anxious to increase the number of such sessions conducted.

Faculty

Dr. Ronald S. Wallace of the Lothian Road Church in Edinburgh was called to become Professor of Biblical Theology, and he came to this department last September. Dr. Philip E. Hughes was elected as Guest Professor in New Testament for a period of three years. Dr. Shirley C. Guthrie is spending the year on Sabbatic leave and is studying in Germany.

The honor which came to Dr. Felix B. Gear and to Columbia Seminary through his election as Moderator of the General Assembly in April 1964 made it necessary that he be released from a major portion of his teaching duties during the present school year. The Seminary has been fortunate indeed in securing the services of Dean C. Benton Kline of Agnes Scott College as teacher in the Department of Theology this year upon a part time basis, and of Dr. James Torrance of New College, Edinburgh as guest professor of theology for the spring quarter.

Rev. Sidney Anderson, who had served effectively for some years as Dean of Students and Director of Field Work, was elected Treasurer.

Rev. Olof H. Lyon accepted the call of the Seminary to become Dean of Students and Director of Field Work in September 1964.

Expansion Program

Columbia Seminary was unable to complete the raising of $5,000,000 in its campaign for expansion within the five year period originally contemplated. However, in the light of the progress made, the anonymous foundation which had promised to contribute $500,000 if $4,500,000 was secured from other sources by January 26, 1964, has graciously extended its offer to January 26, 1966. As a result of the fact that more than $4,050,000 has been collected from other sources, the seminary has up to the present time claimed $450,000 of the $500,000 promised. Earnest efforts are being made to qualify for the final $50,000 of the Challenge Grant, but in order to do so the Seminary still needs to collect approximately $200,000 from other donors by January 26, 1966. The seminary is soliciting the interest and cooperation of churches and individuals throughout its supporting Synods in completing this task within the allotted time.

Finances

The operating expenses of Columbia Seminary for the fiscal year, 1964, amounted to $588,462.73. Total income was $588,596.26 leaving an excess of income over expenses of $133.53.

Support provided for the seminary's operation through the benevolent budgets of its controlling synods amounted to $117,003.90 in 1964 as compared with $120,719.77 in 1963.

The seminary's physical property is now valued at $3,730,203.81. The endowment of the institution is shown in the Auditors Report as $3,713,389.06. However, if certain trust funds not presently included in the Auditors Report are considered, the actual amount of this endowment is slightly above four million dollars.

The support of the seminary through benevolent contributions of the Synods and income from endowment is not yet sufficient to meet the actual cost of its operations. Thus, in order to meet the expenses of the year 1964, it was necessary that Columbia Seminary secure gifts amounting to approximately $70,000 from business firms, foundations and individual donors. Although we are deeply grateful for the fact that this amount was provided, and to the generous friends who have contributed, we would call the attention of the Church to the fact that the continuation of such gifts is unpredictable, and that it is important for us to obtain more stable sources of income. The endowment of the seminary today is inadequate as compared with that of similar institutions in other areas of our country.

Physical Equipment

The remodeling and refurnishing of Simons Law Hall was completed during the past summer. The total cost of improvements to that building during the past two years has been approximately $225,000, and we believe that it is now in as thoroughly modern and satisfactory condition as if it were newly constructed. Further remodeling in Campbell Hall, the Administration Building of the Seminary, was also done to provide needed office space for faculty members. The Seminary has erected one new faculty home during the year, and this serves as a residence for Dean Hal Lyon.

With the completion of the improvements indicated above, the seminary has now carried out most of the steps for the enlargement of its physical facilities which were recommended in the Survey Report of 1958. There is still a real need for the erection of additional student apartments and of a gymnasium even at this stage of the institution's growth. However, as a result of the generosity of Presbyterians in this area, we feel that Columbia Seminary now has as fine a physical equipment as is possessed by any theological school of its size. We also believe that the seminary's campus is one of the most beautiful in all America.

Future Needs

The Seminary has recently asked the Committee which surveyed its needs in 1958 to return and to study the situation as it exists today with a view to making further recommendations. The Committee consists of Dr. Charles L. King, Chairman, Dr. Oliver C. Carmichael, Dean E. G. Homrighausen, President R. T. L. Liston, and Dr. J. R. McCain. The entire group has recently revisited our campus and is now in the process of preparing a report which will subsequently be made available to the Church. We believe that this report will contain valuable guidance for us in the field of our Curriculum and of our total program of instruction. It will certainly indicate the need for continued efforts to increase the material resources of the institution.

Conclusion

There is much to encourage us in connection with the work. At the same time, we are conscious of many inadequacies, and particularly of our need for more spiritual insight and power. We earnestly desire and request the prayers of God's people that the work here may more and more be done as it should under the guidance of His Spirit.

J. McDOWELL RICHARDS

In building the First Phase of the new seminary plant, basic facilities such as the Chapel, Library, Student Union, and Power Plant were constructed to provide for a long-term, doubled enrollment of 300. Plans for Phase II include additional wings or separate buildings for further expansion. At present, there is on-campus housing for an enrollment of only 110, and no housing on campus for faculty. Additional housing for 34 students is expected to be constructed before long. The current concern in relation to students, therefore, is less with increased enrollment than with more adequate housing on campus for approximately the present enrollment, while increasing adequate housing on campus for approximately the present enrollment, while increasing the efficiency of admissions procedures and requiring more effective over-all performance of students.

Faculty: During this past year the seminary has been shocked and saddened by the loss of our President, Dr. Frank H. Caldwell. So many people have pitched in to help in the emergency that the seminary has operated smoothly this year. Nevertheless we are anxiously awaiting the report of the Nominating Committee of the Board of Directors as to the selection of a permanent successor to Dr. Caldwell. The faculty consists of 15 full-time members (including Librarian) and three part-time instructors, providing a faculty-student ratio of 1:10. Since the last report, Rev. Ulrich W. Mauser, Th.D., has been added as Professor of Biblical Theology. Dr. Albert C. Winn made one of the major addresses at the Assembly of the World Presbyterian Alliance in Frankfort, Germany, last summer. During the past ten years, 5 Full Professors have been retired after tenures ranging from 14 to 34 years: 9 full-time professors and three part-time instructors have been called to the faculty—8 representing expansion in the teaching scope of the curriculum. During this period, the productive scholarship of the faculty in terms of published works has reached an all-time high.

Curriculum: The faculty is in process of study leading to a rather sweeping revision of the curriculum. Twenty-seven ministers have participated in the *Louisville Scholars Program,* inaugurated in the spring of 1963. Forty-six ministers are currently participating in the program of assigned home studies, following syllabi supplied by various members of the faculty. The new and more personalized *Field Education Program,* with carefully worked out arrangements between moderators and students has added much to the integration of this work with the academic process.

Bequests: During 1964, the seminary received settlement of 3 bequests for a total of $221,231, as follows: 2 bequests designated for Building Fund—$152,800; 1 designated for Student Loans—$68,431. Total capital assets (including plant and plant funds) as of May 31, 1964 audit were $8,442,989 of which endowment funds were $2,802,200.

Building Fund: Current indebtedness on the new campus and plant, as of February 1, 1965, was $7,783.51. This amount is on hand and will be paid as soon as the contractors and architects have completed their work to the satisfaction of the Building Committee. In addition, funds amounting to $62,912.86 have been received toward the cost of Phase II which will include two badly needed apartments for married students. It is anticipated that the cost of these badly needed buildings will run between $650,000.00 and $700,000.00. Meantime the former seminary plant at First and Broadway is still for sale. The Urban Renewal group desires to preserve it by taking it over and reselling it, possibly for an inner-city Junior College, but the fate of this entire proposal is still uncertain.

Current Operations: The current operating budget for 1965-66 for "Educational and General Expenses" Auxiliary Enterprises and "Other Non-educational" will be increased by 3½% over 1964-65. The increase is in part due to a proposed increase in Professors salaries (which are under the average salary paid by other seminaries) and some adjustment in salaries of Staff and Maintenance people (designed to bring them more in line with current local salaries). We also are greatly in need of an additional member of the faculty to assist in the elaborate program of Field Education.

Directors: New Directors elected during the past year include: Rev. John Olert of Cincinnati, Rev. Thomas C. Duncan of the Synod of Alabama and Judge John A. Fulton of Louisville.

Respectfully submitted,

JULIAN PRICE LOVE, *Acting President*

REPORT OF UNION THEOLOGICAL SEMINARY IN VIRGINIA

The Trustees of Union Theological Seminary in Virginia respectfully present to its controlling and affiliated courts this report concerning affairs for the academic year 1964-65.

Trustees

Union Theological Seminary in Virginia is specifically related to and under the control of the Synods of Appalachia, North Carolina, Virginia and West Virginia. Trustees are nominated to our Board by each of these Synods.

Faculty and Academic Affairs

During this academic year, one new professor has begun his teaching responsibilities, Professor J. A. Ross Mackenzie, who is serving as associate professor of Church history. Dr. Mackenzie, educated in his native Scotland and in Sweden and a pastor for five years in Westminster Church, Richmond, has demonstrated genuine skills during this academic year as a teacher.

Dr. H. McKennie Goodpasture, Jr., who for the past several years has served as Dean of the Presbyterian Seminary in Portugal, has been elected by the Board of Trustees to become the F. S. Royster associate professor of missions. Dr. Goodpasture returns to the United States in June and begins his teaching in September 1965.

In the fall of 1964 the faculty of Union Seminary, after a long process of study, initiated a new and substantially revised curriculum. This revision was based in part on previous studies of the American Association of Theological Schools and represents an attempt to deal realistically with the congestion developing in the Seminary curricula in recent decades.

The tendency toward fragmentation and the lack of cohesiveness in the curricular offerings, the important changes in the type and level of instruction in most colleges in the general field of Bible and religion, and the changes taking place in the life of the Church in its general cultural environment, were all factors considered in formulating the new curriculum.

While space does not permit elaboration of the new curriculum in detail, underlying all of the courses in the framework of the curriculum are these basic assumptions:

1. The chief responsibility of the Seminary is to prepare men for the pastoral ministry. The Seminary, therefore, will continue to emphasize in its curriculum the Reformed doctrines and the biblical message.
2. It is recognized that within the church a variety of forms for ministry have developed and will continue to develop. This variety encourages the Seminary to offer greater latitude for students to choose electives and thus prepare themselves more effectively for different forms of pastoral ministry.
3. Broad varieties of pedagogical methods are encouraged. Included in the curriculum, for example, is a new type of field work, involving assignment of students to local churches for apprentice training in pastoral leadership.
4. There must be a constant relationship between the instruction program of the Seminary and the realities of the situation in which the minister of the present-day Church must serve.

A year of operation under the new curriculum has been marked by enthusiasm on the part of students and faculty and by marked improvement in the total educational program.

Student Affairs and Recruiting

During the academic year 207 students have enrolled in the Seminary as follows: Seniors, 58; Middlers, 47; Juniors, 47; Special Students, 12; Intern Students, 7; Graduate Students, 35. These students have come to Union from 29 states and 8 foreign countries; they represent 45 presbyteries of the Presbyterian Church, U.S.; and they have received prior higher education at 151 colleges and universities. Of the total enrollment of 207, 156 are from the Presbyterian Church, U.S., 19 are members of the United Presbyterian Church in the U.S.A., 8 are from Presbyterian denominations outside the U.S. Ten other denominations are represented in our student body.

It is expected that in May 1965, the Seminary will award degrees as follows: one Th.D. degree; 11 Th.M. degrees; and 55 Bachelor of Divinity degrees. As these men graduate, most will proceed immediately into the parish ministry, to mission service, or to an institutional or service chaplaincy.

The Seminary is redoubling its efforts in recruiting. We are seeking to reach more students through personal contact by staff and faculty, and by regular mailings of a variety of materials. During the past year the faculty and student body have participated in two Seminary Cavalcades, to Appomattox and Winchester Presbyteries, to focus attention on the urgent need for manpower in the Church.

Continuing Education Program

During the 1964-65 session, 342 men from the controlling Synods have pursued specific courses of study under the direction of the faculty, and 134 pastors have come to the campus for periods of intensive study as Tower Room Scholars.

In addition to the well-known Tower Room Scholar program, the Seminary inaugurated two Advanced Study Seminars on the campus this year. For 12 days, a dozen pastors from five states took part in a "Seminar on the Renewal of the Church" led by Dr. Langdon Gilkey, professor of systematic theology of the University of Chicago. In April another group of 12 pastors were led in an "Advanced Study Seminar on Biblical Interpretation" led by Dr. Dietrich Ritschl, professor of biblical interpretation at Pittsburgh Theological Seminary. The enthusiastic response of these pastors to this additional opportunity for continuing their theological education encourages the Seminary to plan further programs of this type.

The summer program of the Seminary is designed to be another opportunity for continuing the education of men in the pastorate. This summer a record number of over 150 pastors is expected to come to the campus for a two-week program featuring a "Seminar of Alcoholism," a "Preaching Clinic," and a "Seminar on Biblical Interpretation."

During this year plans have been formulated for a pilot program in Continuing Education at the Presbytery level. In May, forty pastors of Lexington Presbytery will participate in a two-day Continuing Education Seminar conducted by two Seminary professors, to be followed in subsequent months by telephone lectures with study groups. This is our first experiment with continuing education at the Presbytery level, and after evaluation it may spark further planning in this direction by the Seminary.

Fiscal Affairs

At this juncture it is possible to estimate that the Seminary will operate with a minimal surplus.

The attention of the courts is called to the fact that theological education, not unlike all higher education, is becoming progressively expensive. The Seminary must turn to the supporting synods to provide from their benevolence budgets resources to help bridge the growing difference between student-source income and the actual cost borne by the Seminary in its service to students.

Plans for the Prospective Campaign

For the past twelve months, the administration and faculty of the Seminary have been giving major attention to the forthcoming capital funds campaign approved by the Synods of North Carolina, Virginia, and West Virginia for 1966 (and Appalachia for 1968).

Union Theological Seminary urgently needs the prayerful support of its constituent Synods in the year ahead. With this support we shall labor to the end that a dedicated and devoted ministry may be provided under Christ for the Church of tomorrow.

Respectfully submitted,
JAS. A. JONES, *President*

REPORT OF THE AD INTERIM COMMITTEE ON INSTITUTIONAL FORMS

The Ad Interim Committee on Institutional Forms was established by action of the 1964 General Assembly "to make a comprehensive re-evaluation of the institutional forms of our Church in the light of our Covenant theology and present day conditions."

The Moderator appointed the Committee as follows:

Reverend Fred R. Stair, Jr., Chairman

Reverend William Glenn Dorris	Reverend Bruce L. Robertson
Reverend W. Walter Johnson	Mr. Gordon L. Hamrick, Jr.
Reverend James A. Jones	Mrs. A. Walton Litz
Reverend Neely McCarter	Mr. William H. Albritton

The Committee has met five times and respectfully submits this progress report.

We have had helpful conversations with and correspondence from several of the Boards and Agencies of the General Assembly, as well as with others bearing responsibility within our denomination. We have inquired anew into the principles of our Covenant theology and some of the conditions of the present day. We have secured reports of comparable studies by other denominations within our Presbyterian and Reformed family on the national and international level. We have attempted to keep informed of the progress of the several restudies and programs now being carried on by Boards and Agencies within our own denomination.

It is the opinion of this Committee that our work must proceed to deal with a number of vital questions facing our denomination, particularly in light of the current conversations with the Reformed Church in America and other Presbyterian and Reformed denominations.

Based on the foregoing, the Ad Interim Committee on Institutional Forms makes the following specific recommendations:

1. That the General Assembly authorize this Committee, for its information and guidance, to request from each Presbytery, at its fall 1965 meeting, a careful consideration of the following questions:
   a) What is the mission of the Church, in light of both the Scriptures and our standards, in the face of present day conditions in the world?
   b) In the light of present day conditions in the world, what marks of a missionary church do we see in our congregations, our Presbytery, our General Assembly?
   c) What modifications would strengthen our Church's ability to achieve its mission?

   The Committee proposed to have produced informative and stimulating pamphlets on the above questions for distribution to each Presbytery so that they can have either retreats, contract study groups, or other appropriate in-depth discussions.
2. That the General Assembly request that each Presbytery return to this Committee a written report of its conclusions not later than February 1st, 1966.
3. That the General Assembly request the Women of the Church, the Assembly's Men's Council, the Board of Christian Education, and any other General Assembly group as may desire, to participate in this inquiry; and that the General Assembly allow the Committee to use the *Presbyterian Survey* to inform the denomination of these discussions.
4. That this Ad Interim Committee on Institutional Forms be continued and that the expenses for its study, these discussions, and printed materials be met through the Office of the General Assembly.

Respectfully submitted,
REV. FRED R. STAIR, JR., *Chairman*

REPORT OF THE AD-INTERIM COMMITTEE ON "GLOSSOLALIA"

This committee, appointed by the 1964 General Assembly in response to Overture 46 from the Presbytery of Central Texas, was instructed "to study the matter of glossolalia . . . taking such time in its deliberations and prayerful considerations as may be necessary to answer at least these three minimal questions:

a. Is Glossolalia valid in contemporary Christian experience?
b. If Glossolalia is valid now, what manifestations of it does the Church deem proper, efficacious, expedient, and wise, and under what circumstances?
c. If Glossolalia is not valid now, does the Church deem it heresy of such nature as to demand excommunication for those who persist in practice of it; or is it to be considered an abuse of Christian freedom, demanding one of the lesser censures?"

The committee has met three times: on October 12-13, 1964; January 17-18, 1965; and March 14-15, 1965. We have had full attendance with the exception of one member who missed the January meeting.

There was available to the committee a considerable amount of material: extensive Biblical studies, theological reports, papers by church commissions and scientific bodies, personal interviews, and direct information about the modern phenomenon under discussion. We have not lacked, therefore, a basis for a report.

The committee has made every effort that limited time has allowed to study the experience of glossolalia in our own denomination. A request was published in each of the Church papers, asking for "reports at this time from any members of The Presbyterian Church in the United States who would like to share their experiences in this matter . . . those who have found the experience of 'speaking with tongues' helpful in their spiritual life, and those who feel that it has had negative or harmful effects in the Church." Direct reports came from eight ministers and indirect reports from two. (Two have left our denomination since having this experience). Personal testimonies were also received from twenty laymen and women from Virginia, West Virginia, North Carolina, South Carolina, Florida, Alabama, Missouri, and Texas. Two of these may not have been members of The Presbyterian Church, U.S., but all the rest were. Members of the committee attended two group meetings of ten or more persons, and were granted permission to use a tape recorder. Other tapes have been made available by interested persons. It is obviously impossible for the committee to judge how widespread this movement may actually be in the total life of the denomination.

If it is possible to make generalizations from such a wide variety of experiences, it should be noted that in almost every case these testimonies came from individuals who are active (and apparently constructive) members of their local churches. They practice "speaking with tongues" in their private devotions, or in small group meetings, but not in the public worship of the congregation. They feel it is an aid to prayer, a means of expressing emotions that cannot adequately be phrased in words.

Our report is divided into three parts:

Part 1: The reply of the 1964 General Assembly to Overture 46 from the Presbytery of Central Texas.

Part 2: Our answer to Question "a."

Part 3. A statement of principles regarding the work of the Holy Spirit which relate to Questions "b" and "c."

Part 1

It is the judgment of this committee that the 1964 General Assembly, in its reply to Overture 46 from the Presbytery of Central Texas regarding "Glossolalia," used in exact theological language which may be misleading to our people.

(1) a. "The normative covenant relationship between God and His people is initiated, confirmed, and maintained through proper preaching and hearing of the word of God and the celebration of the Sacraments as these were instituted by Christ, namely Baptism and the Lord's Supper . . ." This might convey the impression that the covenant can be initiated from the human side by preaching and sacramental observance, and that its maintenance depends on the proper character of our preaching or liturgical action. In contrast, the Westminster Standards clearly make *God* the initiator of the covenant; the decisive action is not man's preaching or sacramental observance, but God's offer of life and salvation to fallen man in the Mediator, Jesus Christ. The standards very carefully refer to the Word and Sacraments as the ordinances in which the covenant is *dispensed* or *administered* (Confession of Faith VII, Larger Catechism QQ. 30-35).

(1) a. (Cont.) ". . . and the Word and Sacraments in themselves are, by the Grace of God, more than sufficient to convey to the people of God the full power and fruits of the Spirit, under the authority of Scripture, of the Confession of Faith and Catechisms and of the experience of the people of God in history." The last phrase, beginning with "under" is unclear. Surely the Word and Sacraments do not draw their authority from the Confession or from experience. What then is meant?

The crucial phrase, however, is that "the Word and Sacraments in themselves are, by the Grace of God, more than sufficient to convey to the people of God the full power and fruits of the Spirit." This reverses the historic position of our church as to the relative authority of the Spirit and the means of grace. It is not, as this statement would indicate, the means of grace which convey the power of the Spirit; it is the power of the Spirit which makes the means of grace efficacious.

Thus our standards declare that "the Spirit of God maketh the reading, but especially the preaching of the word, an effectual means . . ." (Shorter Catechism Q. 89, Larger Catechism Q. 155). Again, "the sacraments become effectual means of salvation, not from any virtue in them, or in him that doth administer them; but only by the blessing of Christ, and the

working of his Spirit in them that by faith receive them" (Shorter Catechism Q. 91; cf. Confession XXIX, 2; Larger Catechism Q. 161). Nowhere in our standards is it stated or intimated that Word or Sacraments "convey" the power and fruits of the Spirit. The Spirit, being the third person in the Trinity, is quite capable of conveying his own power and fruits "when, and where, and how he pleaseth" (Confession of Faith XII:3). He does indeed condescend to *use* the Word and Sacraments, but in so doing he remains free and sovereign.

(1) b. is a quotation from the Confession of Faith, XXIII, 3 to the effect that prayer, if vocal, should be made in a known tongue. The implication seems to be that the Confession here explicitly condemns glossolalia. It is the common opinion of historians and commentators that vocal prayer here refers to public prayer in the public worship of the church, and that this injunction was directed against the practice of the Roman Church, where prayers were offered in Latin, a language that was unintelligible to the congregation. It is true that the Westminster Divines, when asked by Parliament to supply Scripture texts, appended I Corinthians 14:14: "for if I pray in a tongue, my spirit prays but my mind is unfruitful." The Westminister Divines were concerned that the mind be involved in the worship of God. This would rule out *any* vocal (public) prayer that the congregation cannot understand, whether in Latin, in glossolalia, or in outmoded, pietistic terminology that is now meaningless.

(1) c. "The Sacrament of Baptism as treated in Chapter XXX of the Confession of Faith with its explications is the only baptism known to the people of God . . ." This statement does not take into account the fact that Jesus could speak of his death as a baptism (Mark 10:38; Luke 12:50); nor the fact that Scripture in several cases clearly distinguishes between a baptism with water and a baptism with the Holy Spirit (Matt. 3:11; Mark 1:8; Luke 3:16; Acts 1:5). We would agree that, since Pentecost, baptism and receiving the Spirit belong together in a single experience (Acts 2:38). But both Scripture and the Confession face the possibility that there may be a lapse of time between the two (Acts 8, 10, 19; Confession XXX:3).

For the above reasons we recommend that the 1965 General Assembly rescind the action of the 1964 Assembly adopting Part (1) of the reply to Overture 46 from the Presbytery of Central Texas and adopt this report as a substitute therefor.

Part 2

In regard to question (a) "Is Glossolalia valid in contemporary Christian experience?" we reply that the question posed cannot or should not be answered with a direct "yes" or a direct "no." Either a positive or a negative answer would be in error, and we believe that neither committee or court can pronounce in such fashion without involving itself in error. We would like to make it plain that we are not implying a negative answer to the question, nor do we suggest an evasion of responsibility to reach a reasoned opinion. The conclusion we have reached is perhaps best understood in the light of the various presuppositions in the question itself and the implications that must necessarily be drawn from either a positive or a negative answer.

To speak, as the question speaks, of "glossolalia" is to imply an answer or to give an *a priori* validity to the experience. To name the phenomenon by the New Testament name at the very least presupposes a clear understanding of the modern phenomenon and a precise definition. More seriously, the implication of the name is that the modern phenomenon is the same as the New Testament phenomenon or is somehow directly connected with it. Thus to name a particular experience "Glossolalia" is already either to answer the question or to urge a particular answer.

We do not believe that it is possible so simply to identify and define a phenomenon which is complex and multiform. In the range of phenomena under study there are experiences that run all the way from utter simplicity of private devotional practice through public and corporate manifestation to more esoteric experiences usually associated with so-called "psychi-phenomena," or extra-sensory perception, and even "drug-mysticism." We recognize that vast differences separate the varieties of experience, but it is difficult, if not impossible, adequately to isolate a particular set of phenomena to which the name "glossolalia" may be given and which by definition differ from similar phenomena. It is certainly not possible to move from such a definition to a description of the circumstances under which the experience is deemed proper and recognizable.

A concomitant matter is the complex and often apparently contradictory character of the New Testament evidence itself. There is agreement that there was a phenomenon which can

be named "glossolalia" in the early church, notably mentioned in connection with the account of the happenings at Pentecost and as a factor in the Corinthian life and worship. The *fact* of the experience is clear; the *nature* of the experience cannot be determined with any precision or certainty. In Acts, at least in the Pentecost narrative, although by terminology an ecstatic type of utterance is implied, the author uses the experience as a symbol of the reestablishment of communication between men in the new Age of the Spirit, a reversal of Babel. At other places in the New Testament it is relatively clear that the experience involves the use of a nonrecognizable tongue, as for example, the "tongues of angels." It is probable that at times we are meant to understand a kind of combination of intelligible and non-intelligible utterances. A factor of great importance, although it is often overlooked in contemporary studies of the phenomenon, is the scarcity of references to the phenomenon in the other New Testament writings and especially the relative disinterest in the phenomenon in the early Christian literature. Once again, to recognize these facts is not a hint at a negative answer, but to indicate the difficulty of identifying a modern-day phenomenon with the New Testament experience.

To speak of a phenomenon in the life of the individual Christian or in the total experience of the church as "valid" presupposes that there can be applied some standard of measurement. It is obvious that for the Protestant Church the New Testament itself provides the standard. But to make the New Testament the standard of validity does not mean simply that any practice that occurred in the first century church may or must occur in the twentieth century church. Many first century practices are no longer current among us, such as baptism for the dead, the kiss of peace, the obligatory covering of the heads of women, foot washing, and so on. On the other hand, practices never envisioned by the first century church are integral to the life of the church in our day. The Holy Spirit continues to lead and guide the church beyond the letter of the New Testament though not contrary to its deep and abiding principles. Thus, even if we could establish an unequivocal definition of glossolalia in the New Testament church, we would not thereby have a standard of validity for today. The church under the authority of the Word of God is called upon not for reiteration of first century practices, but for obedience in contemporary life.

We have before us the kind of experience that can never be proved or disproved precisely because it is "immune to proof." The difficulty is more intense because we are dealing with a phenomenon that seems to be itself "proof," or that is often taken as confirmatory evidence, and that can be measured and recorded by human instruments. "The Spirit blows where it wills . . . we do not know." To speak of "validity" in this instance would be to say that we *do* know, can identify, and even chart the movements of the Spirit. Thus to standardize and categorize the work of the Spirit would certainly involve us in heresy.

Part 3

Although this committee cannot declare the experiences of contemporary Christians to be either valid or invalid reproductions of New Testament glossolalia, we can set forth the following principles regarding the work of the Holy Spirit:

1. *The Holy Spirit is Lord* (II Cor. 3:17-18). The sovereign freedom of the Holy Spirit to act where and by whatever means He will must be recognized and respected. Such a recognition eliminates the possibility of manipulating or coercing the Spirit by audible and physical means to act or speak in a particular fashion.

2. *The Holy Spirit bears witness to Christ* (John 15:26). In the New Testament the activity of the Spirit never becomes an end in itself but always a means to the confession, both in public worship and in life, that Jesus is Lord (I Cor. 12:3). Any genuine manifestation of the Spirit, therefore, will lead to a Christological concern and witness. An excessive concentration on spiritual phenomena to the neglect of the centrality of the once-for-all revelation of God in Jesus Christ is a false spirituality.

3. *The Holy Spirit convinces the world* (John 16:8-11). In an era in which the Christian church finds the search for a proper language to express its faith a difficult one, a preoccupation with ecstatic speaking in which the intelligibility of the gospel is obscured can be an escape. The urgent need of the church today is not for glossolalia in which the church talks only to itself or to God, but for a relevant language in which it can communicate with the world. An inner spirituality which neglects the "worldliness" of the gospel, which is not concerned for righteousness in the world, and which does not prompt an involvement in the church's mission of service and love in and for the world, is a false spirituality.

4. *The Holy Spirit is the bond of the church's unity* (Eph. 4:3). Those who claim to speak in tongues should not regard themselves as the only Christians who have an authentic gift from the Spirit. It is clear that Christians who do not speak in tongues have also been baptized by the Holy Spirit and given gifts by him (I Cor. 12:4-13). They should not set themselves up as a spiritual elite, somehow superior to those who have different gifts (I Cor. 12:14-21). They should not cultivate a closer fellowship with others who claim to speak in tongues than with those who do not (I Cor. 12:22-26). They should not disturb the order and decency of the public worship of God. (I Cor. 14:14).

5. *The Holy Spirit bestows his varied gifts for the common good* (I Cor. 12:7). No one should insist that all Christians should have the gift of glossolalia (I Cor. 12:30). There is no indication that Christians should be eager to receive this particular gift (I Cor. 12:31; 14:1). Rather, we are urged to seek the higher gifts. Those gifts which are to be exercised in public should be those which edify the church (I Cor. 14:4, 12) and equip the saints for the work of ministry, for building up the body of Christ (Eph. 4:12). Above all, all Christians should seek love, without which tongues are a noisy gong or a clanging cymbal (I Cor. 13:1).

6. *The gifts of the Spirit can be counterfeited or sought for the wrong motive* (I John 4:1). There is no reason to suppose that forms of utterance voiced at the prompting of the Spirit cannot be imitated or cultivated by men and women variously motivated. While there may be among us some who "speak in tongues" as the Spirit gives them utterance, there may also be present among us those who, succeeding in the effort to "speak in tongues," unwarrantedly assume their utterance to be an evidence of the spirit of Christ. The gift may be sought and its counterfeit achieved from wrong motives.

This is a time when the church, rather than concentrating upon some one apparent manifestation of the Spirit, should be in prayer for all His gifts and the fulness of His power, in order that the church may be renewed. In this broad sense it is not difficult to say, on the basis of clear and unequivocal New Testament evidence, what the work of the Spirit is and what are his gifts and fruit in Christian life. The prayer of the church has always been *Veni, Creator Spiritus,* seeking these gifts and fruit and praising their Giver for them; and that must be our prayer and praise still.

REPORT OF THE PERMANENT JUDICIAL COMMISSION

(The Permanent Judicial Commission reports as required on the matters touching interpretation and amendment of the Constitution. General Assembly action on this report is reflected in report of standing committee on Judicial Business.—*Stated Clerk.*)

MODERATOR'S REPORT TO THE 105TH GENERAL ASSEMBLY

When the 104th General Assembly accorded me the high honor and privilege of serving in the capacity of Moderator, I had no idea of how many people to whom I would be so deeply indebted throughout the year. It is not possible to acknowledge all of those by whom I have been assisted and encouraged in countless ways during the past twelve months. I wish to express lasting gratitude for the sustaining power of prayer from so many different sources, some known and others unknown.

A Visit Overseas

The Board of World Missions invited the Moderator to visit our Mission work in the Congo. This proved to be a most memorable experience. The trip took a little more than three weeks. During this time I visited most of our stations in the Kasai area and at Leopoldville. Anyone who has the privilege of a first-hand acquaintance with our mission in the Congro will be deeply and lastingly impressed with the excellent work our dedicated and loyal corps of missionaries is doing there midst the most difficult and unstable conditions. I met with the pastors and laymen and women of most of the stations, preached in particular churches on Sundays. It was a real joy to get to know and to have this fellowship with the Congolese Christians, who were most cordial and hospitable, and genuinely interested in the work of the church. They are desperately poor according to our way of life, yet they are making a significant contribution to the life of the Congo in these turbulent times.

Our Church has approximately a hundred missionaries in the Congo now and there is no way to evaluate accurately the splendid work they are doing in such fields as evangelism, education and medicine.

Opportunity in our Church Today

It has been an equally great privilege and a very enriching experience to travel at home within the bounds of fifteen different Synods and approximately half the presbyteries in our denomination. On more than a hundred occasions I spoke or preached to our people concerning the need for greater evangelistic outreach; our heritage in the Reformed faith; the "state of the Church today"; and the almost unlimited opportunity in the years ahead as we endeavor to serve in an area where vast and rapid changes are taking place in the religious, social, and economic life of the people. I have often recalled the words of the Lord to the Church in Philadelphia, as translated in the American Revised Version: "Behold, I have set before thee a door opened which none can shut." This is a vivid and accurate description of the situation before our Church today—the greatest opportunity given it in its entire history.

A Call for Unity

Dr. William H. McCorkle, the retiring moderator, wisely suggested to the 104th General Assembly that a special effort be made in 1965 to manifest a greater measure of unity among the Presbyterian and Reformed communions in our country as a step toward a better understanding between the members of the Reformed family and, as a means of creating a stronger bond of unity among all Christians in our country, and thereby help in "bringing a spirit of peace and unity in our land." The moderators and other representatives of the Presbyterian and Reformed churches have responded to this recommendation in a most encouraging way

and have given visible expression to the unity that actually exists within our Reformed family. I attended meetings with moderators or representatives of other Presbyterian churches on a number of occasions—in Louisville, Kingsport, Detroit, and New York. Also, I participated in the annual Communion service held at the National Presbyterian Church in Washington at the opening of Congress, January 4th, which was attended by the President, Vice President and many Presbyterians and others engaged in government service. On this occasion the moderators of the Presbyterian and Reformed Churches—The United Presbyterian Church, U.S.A., the Presbyterian Church, U.S., the Reformed Church of America, the Cumberland Presbyterian Church, the Associate Reformed Church, and the Second Cumberland Presbyterian Church—issued a joint statement calling upon all members of these churches to avail themselves of every opportunity to give expression in some tangible way to the basic unity of our Reformed faith as a means of bringing about a greater sense of unity in our country. I would like strongly to recommend that we continue similar efforts to manifest our unity as a family of churches and that we seek new and more effective ways of doing it.

Mingled Feelings in Troubled Times

When we come to focus our attention upon our Church in these days we are bound to have mingled feelings of concern and confidence, of frustration and achievement, of weakness and strength, of dissidence and devotion, and of tension and tolerance. We are, however, like the congregation described by the pastor with keener discernment than precision of grammar: "We ain't what we ought to be, we ain't what we want to be, we ain't what we will be, but thank God we ain't what we wuz." The writer to the Hebrews expressed very much the same thought, less humorously but more profoundly: "And this word, yet once more, signifieth the removing of those things that are shaken, as of things that have been made, that those things which are not shaken may remain."

When God shakes things in our world the hardest thing we have to face is the fact that God is doing the shaking and that it is always a sifting process at work in our midst. In a world so utterly disturbed as ours, in which nothing human is exempt from the thrust of the hand of providence, the Church must always expect to receive its share of jolts. We need to recall that in both the Old and New Testaments it is often the "people of God" who receive the first and greatest shocks when the divine turbulence sets in uproar all we hoped would never be disturbed.

A Change in Meeting Place

All of us, I am sure, have become acquainted through the press, radio, television, and other channels of communication, with the situation that developed in our Church during the past year concerning the meeting place of the General Assembly. I wish merely to state here that after nine months of waiting, hoping and praying, and working for a solution to this impasse, the only appropriate way to resolve it appeared to be to change the meeting place of this General Assembly to Montreat. Under the circumstances, I think it was probably more difficult for me to make this decision than it would have been for most any other person who may have been serving as Moderator. This decision was made because it was my firm conviction that it was the best thing to do for all concerned and more nearly in accord with the divine will in the light of conditions existing at that time.

The Church in Tension

There are many tensions in our Church today. Perhaps there has been more turbulence in the Church during the past year than we have had for a long time. Tensions are not pleasant for us, but we should penetrate to the deeper realities beneath the tumult on the surface. They can have a wholesome effect and are signs of vitality. They mean that the Church is alive, that it is becoming aware of the world around it, and that actually the Church is a cross-section of the world and that much of the world has entered the Church in one way or another. But they can be creative and constructive. If the Church had no tensions it would resemble a corpse more than the living Body of Christ. Christianity was "born and bred in a briar patch" and has both been scratched and scratched others.

It often appears that Presbyterians have more than their share of tensions and divisions. It has been said that we "are like hickory wood—tough but easily split." There is a sense in which this tendency is inherent in both our system of doctrine and our form of government. Generally speaking, Calvinism is not an *either/or* but a *both/and* system in doctrine and policy. Dr. Abraham Kuper has said that Calvinism has a strong center, stressing the immediate relation of the individual to God but that it tends to become fragmented at the circumference. Yet it is always reaching out beyond itself seeking greater understanding of and unity with

other branches of the Church so as to maintain the unity of the whole Body of Christ. It has always stressed evangelism but at the same time it has not shrunk from coming to grips with the evil of the world. Individual piety and faith must express themselves in alleviating the needs of our neighbor and of the community. Consequently, some may slip to one extreme and hold that the only mission of the Church is "the saving of souls," and others may allow service to become a substitute for evangelism. Calvinism says to us that it is not a case of one or the other but of both; only by combining them can men in the Church truly glorify God.

Tension also arises in our Church because of our form of Church government which is a middle way between the tendency toward independence or individualism and the system that ignores the individual and emphasizes the importance of the whole community. In stressing the evil of independence Calvin said, "Every man would have a church of his own if he could." In criticism of the excessive stress on the Church as community he pointed out that it leads to tyranny. Our system is representative in form and endeavors to give due recognition and place to both the individual and the Church as a community. The individual or the congregation has every right to expression within the community yet the consensus of the community is to be regarded as more representative of the whole than views expressed by individuals or particular groups. Also, when those who make up our church courts are called up to consider moral and religious questions they are primarily representatives of Christ and, according to our system, seek to decide issues according to His will rather than in keeping with a majority opinion that may prevail at a given time. They are not expected to put their ears to the ground to hear what is thought to be right or wrong, but to the Word of God in search of His will.

As has been said, these tensions exist in the Church between those who stress order and those who want ardor. Perhaps we shall always have such tensions and probably we should always have them. But we should not have bitterness, rancor, divisiveness, distortion of truth and vilification of fellow Christians. We can seek to understand why others think as they do as well as why we think the way we do. We can unite in seeking the guidance of the Holy Spirit that we may all be led deeper into the spirit of truth, love and unity in Christ.

The "Small Church Psychology"

Dr. Wallace M. Alston, in his moderatorial report to the 102nd General Assembly, expressed the conviction that our Church needs to give up her small-Church psychology and assume a great Church's full share of responsibility among Protestant Christians in America and among our Christian brethren throughout the world. I think that we realize this more and more as we witness the vast movement of people from other sections of our nation into our southern territory, and the marvelous way in which technology is rapidly bringing the people of the world together in so many ways. We need, at the same time, to recognize that we are but a small part of a global church, and that even in world Protestantism we shall be thrown with many larger branches of the Christian Church which think differently and often act differently. To acknowledge them as Christian is to grant them the privilege of such differences without withholding our fellowship from them. Nor, according to our Reformed tradition, are such differences sufficient ground for refusing to cooperate with them in achieving objectives of common concern.

We are coming to realize that while in recent years our church has been strengthened in many ways, and has grown in numbers, we have been weak at the point of evangelistic outreach. It is a matter of concern that in an increasing industrial culture we continue to grow largely from within the middle and upper strata of our society. We are often forced to ask why it is our missionaries can reach people of the so-called "lower classes" while our Church at home makes but little progress among the laboring people. It should be of concern to us, too, that our Church is not reaching more of the younger people of our society. About half of our membership is over forty years of age, whereas half of the population of our country is under twenty-five years of age. It is even more disturbing to realize that only about three per cent of the Presbyterian young people in college are participating in the life of the Church.

An Era of Young Leadership

Our theological institutions continue to take most seriously the work of training young men and women for service in the Church. The theological seminaries are continually engaged in study and self-criticism as a means of improving the program of studies for those being trained to serve the Church in the future. In recent years a large number of young ministers have taken up their work within our Church. We can rejoice in their genuine concern and in the effectiveness of their leadership in the Church now. Those of us who are older may regard

some of these "young Turks" with suspicion because they may see things differently than we do and often appear more adventurous and daring than we ever dreamed of being in our youth. These young men have grown to maturity in a different world from ours, and their convictions may not agree with ours. But we have learned that theirs may run deeper than some of ours and that they may find bolder ways of expressing them. May the day never come when our Church would try to stifle the prophetic voice, trying to express the compassion of the Gospel, and the conscience nurtured by that same Gospel even though it be the voice of youth. Calvin was but twenty-six years of age when the wrote the Institutes, the most prophetic book in centuries.

It is true that our Church is not what it was—it never will be again. It is not as small as it was a few years ago. It is not as self-satisfied as it was a quarter of a century ago—we hope it never will be again. All of us know that it is not what it ought to be. It is not what it wants to be. It is not what it will be. We only hope and pray it will become what Christ intends it to be. To that end let us work together!

Respectfully submitted,
FELIX B. GEAR, *Moderator*

STANDING RULES OF THE GENERAL ASSEMBLY

SECTION I. THE WORK OF THE GENERAL ASSEMBLY DURING ITS MEETINGS

1. Organization of a General Assembly's Meeting

1.1 The General Assembly shall ordinarily meet on the fourth Thursday in April at 4:00 P.M. at a place selected by the Committee on Assembly Operation. The Committee shall select places in different parts of the Church when circumstances warrant. It is the intention of the General Assembly normally to meet at Montreat in any year after two successive meetings have been held elsewhere.

1.2 The Assembly shall be opened with a sermon by the retiring Moderator. The Lord's Supper shall be observed after the opening sermon. Appropriate services of worship shall begin each morning session.

1.3 After the Stated Clerk has presented the roll of commissioners and a quorum has been declared present, a Moderator shall be elected.

1.4 Nominations for Moderator shall be made. One nominating speech not exceeding ten minutes in length and one seconding speech not exceeding five minutes may be made for each commissioner nominated.

1.5 If more than one commissioner is nominated, election shall be by ballot on blank ballots prepared by the Stated Clerk. Tellers appointed by the Stated Clerk shall gather and count the ballots, and report the tabulation to the Stated Clerk. If no nominee receives a majority of the votes cast, a second ballot shall be called on the two nominees who received the highest number of votes. The Moderator shall declare an election when a nominee shall have received a majority of the votes cast by commissioners present and voting.

1.6 As soon as a Moderator is declared elected, he shall assume his constitutional duties.

2. The Moderator

2.1 As the presiding officer, the Moderator shall preside at all sessions except when he may invite another commissioner temporarily to occupy the chair. He may appoint such assistants as are needed to aid in preserving decorum on the floor and in adjoining halls and to serve in other ways during the meeting as requested by the Moderator.

2.2 The General Assembly approves the Moderator's undertaking itineraries between meetings of the Assembly for the purpose of bringing him before representative gatherings in the Synods and Presbyteries. The congregation or agency in which the Moderator serves is requested to allow him leave of absence totaling not more than three months. Provision for the expense of these itineraries, and for not more than $600 per month compensation for a substitute in the Moderator's regular work, shall be provided in the Assembly's Operating Expense Budget.

2.3 All invitations and arrangements for such itineraries shall be made through the Stated Clerk, who shall strive with the Moderator's approval to use the Moderator's time most economically and to the best interest of the entire Church.

2.4 The Moderator shall be Chairman of the Program and Worship Committees, and a member of the General Council and the Permanent Committee on Inter-Church Relations.

3. The Stated Clerk

3.1 As the continuing officer, the Stated Clerk shall be elected by the General Assembly for a term of three (3) years. The election shall be the first order on the morning of the third day of the meeting. The Permanent Committee on Assembly Operation shall nominate the Stated Clerk to the Assembly with the understanding that further nominations are in order.

3.2 The Stated Clerk shall perform the duties required by the Book of Church Order and by the Standing Rules of the General Assembly, and such other duties as are assigned by action of the Assembly. The Stated Clerk shall administer these duties under policies approved by the Permanent Committee on Assembly Operation.

3.2a The Stated Clerk shall have charge of all arrangements for the meeting and entertainment of the Assembly. (See also Rule 1.1.)

3.2b The Stated Clerk shall prepare and distribute to commissioners in advance of the meeting a handbook containing a proposed Docket, overtures, reports of ad interim committees, permanent committees and the agencies of the Church, and also such information as to the conduct of Assembly meetings as may be useful to the commissioners.

3.2c The Stated Clerk shall prepare the business coming before the Assembly and suggest the proper reference to standing committee or the time for consideration of such business.

3.2d The Stated Clerk shall keep the minutes of the Assembly, publish them annually with statistical reports of the Church and the reports of the agencies of the Assembly, and give certified extracts therefrom when the business of the Assembly requires.

3.2e The Stated Clerk shall receive the official correspondence of the Assembly and answer as instructed by the Assembly; shall be custodian of the official documents and records of the Assembly.

3.2f The Stated Clerk shall maintain and administer the Office of the General Assembly for the service of the court, its committees and its agencies, employing such staff as is necessary.

3.2g The Stated Clerk shall be also the Treasurer of the General Assembly and Treasurer for the General Fund and Inter-Church Agencies. He shall receive all funds, disburse them as ordered by the Assembly, and present full, audited financial statements annually to the Assembly.

3.2h The salaries of the Stated Clerk and all members of the staff in the Office of the General Assembly shall be determined by the Permanent Committee on Assembly Operation.

3.3 The Stated Clerk shall have the privilege of the floor in all matters pertaining to his office, and shall have the privilege of the floor to present necessary information on business before the meeting.

3.4 Should the office of Stated Clerk become vacant for any reason, the Permanent Committee on Assembly Operation shall nominate to the Moderator a person to serve as Acting Stated Clerk. The Moderator, after consideration of such nomination, shall appoint an Acting Stated Clerk to perform the duties of the Stated Clerk until a new Stated Clerk has been elected and begun service.

3.5 The Stated Clerk shall be an ex-officio member of the Permanent Committee on Inter-Church Relations and shall serve as an advisory member of such other committees as the General Assembly may direct.

4. Operating Expense Budget

4.1 The Permanent Committee on Assembly Operation shall recommend to the Assembly through the Standing Committee on Assembly Operation a detailed Operating Expense Budget for the next calendar year based upon estimates of expense from the Treasurer of the General Assembly, and shall recommend a per capita base for assessments upon the Presbyteries sufficient to provide for the budget.

4.2 All requests for appropriation within the Operating Expense Budget shall be made to the Permanent Committee on Assembly Operation by its January meeting for inclusion in the current year's budget.

4.3 The adoption of the Operating Expense Budget shall carry the authority for payment by the Treasurer of all items in that budget.

4.4 All requests for appropriation from the Assembly's treasury not included in the Operating Expense Budget recommended by the Permanent Committee on Assembly Operation, whether on recommendation of ad interim, permanent or standing committees, or whether on motion

from the floor, shall be referred to the Standing Committee on Assembly Operation. The Standing Committee on Assembly Operation shall not include such items in the budget it recommends unless assured that such expenditures can be made within the treasury's available funds.

4.5 That the Assembly may live within its income, the Permanent Committee on Assembly Operation may make adjustments among items of the year's budget already approved by the Assembly, provided that the total amount of the budget not be increased. The Permanent Committee shall see that a sufficient stabilization of program account is carried to provide for fluctuation in the Assembly's expense, and that a cumulative account is carried to provide for the expense of representatives to the assemblies and executive committees of the World Alliance of Reformed Churches, the World Council of Churches, and the National Council of Churches.

5. Expense of Assembly Meetings

5.1 The Assembly shall ordinarily provide the expense of its own entertainment.

5.2 Each commissioner shall be reimbursed for the following allowable expense items:

5.2a The lowest rail (with Pullman) or scheduled air line fare, round-trip by direct route.

5.2b Automobile travel at six (6) cents per mile by direct route for car owner; two (2) cents per mile payable to a commissioner riding with the owner, which payment the passenger shall transmit to the owner.

5.2c Necessary lodging and meals en route.

5.2d Cost of hotel (in double room) and breakfast during the meeting at rate set for commissioners.

5.2e Taxi fare and incidental transportation.

5.3 The Assembly shall provide for all commissioners luncheon, dinner and necessary transportation between hotel and place of meeting.

5.4 Reimbursement checks to the commissioners shall ordinarily be paid on the last day of the meeting. When a commissioner, in case of emergency, has presented to the Stated Clerk his request for permission to withdraw from the court and such permission has been granted, the Stated Clerk shall be authorized to draw a reimbursement check earlier than the ordinary time.

5.5 The expense of the chairman (or another member) of an ad interim or permanent committee in attending the meeting of the Assembly for the purpose of making report shall be paid by the Assembly when the committee by vote affirms the report of sufficient importance to require such attendance and so notifies the Stated Clerk.

6. The Program Committee and Worship Committee

6.1 The Program Committee shall consist of the Moderator, the Moderator of the preceding meeting, the Stated Clerk, and the pastor of the church entertaining the Assembly (or executive of a host institution).

6.2 All requests for conferences or other meetings anticipating attendance by commissioners, whether prior to the opening session or during hours when the court is recessed, must be presented to the Program Committee and approved by it.

6.3 Any inspirational programs or addresses must be approved by the Program Committee, and shall be docketed only in evening sessions except on Sunday.

6.4 The chief business of an Assembly meeting being the consideration of interests vital to the Assembly's growth and development, the Program Committee should not arrange for more than one speaker from any body not under the Assembly's control.

6.5 The Docket of the Assembly's business, prepared by the Stated Clerk, shall be approved by the Program Committee. The Docket shall be planned for three and one-half or four days, and shall be limited to four hours in a morning, four hours in an afternoon, and one and one-half hours in an evening. In ordinary cases the Stated Clerk shall be authorized to grant the request of a permanent committee or agency for a specific day or hour on the Docket.

6.6 The Worship Committee, composed of the Moderator, the Stated Clerk, and one other member appointed by the Moderator, shall be responsible for planning and directing the occasions of worship at the General Assembly's meeting.

7. Overtures

7.1 An overture is the request, ordinarily of a presbytery or a synod, for action by the General Assembly upon a specific matter.

7.2 Upon receipt, the Stated Clerk shall refer to the Permanent Judicial Commission all overtures requesting amendment of the Book of Church Order or interpretation thereof by the General Assembly.

7.3 All overtures requiring reference to the Permanent Judicial Commission shall be delivered by February 1 to the Stated Clerk in order to be referred to the Commission. All other overtures shall be delivered by February 25 to the Stated Clerk in order to be included in the Handbook for the next meeting of the General Assembly, with indication of the Standing Committee reference to be suggested. No overture requiring reference to the Permanent Judicial Commission received by the Stated Clerk after February 1 shall be referred to or considered by the General Assembly convening in that year. No other overture received by the Stated Clerk less than two weeks before the opening of the General Assembly's meeting shall be referred to or considered by the General Assembly convening in that year.

7.4 No overture will be considered by the Assembly until it has first been presented to a presbytery or synod. If approved by the presbytery or synod, it will come before the Assembly as the overture of that presbytery or synod. An overture requested by a church member, a Teaching Elder, or Session, but rejected by the presbytery or synod, may be presented to the Assembly provided that the fact of its rejection by the presbytery or synod is clearly stated on the overture.

8. Communications

8.1 A communication to the General Assembly is formal correspondence received by the Stated Clerk from other Churches, from interchurch agencies and councils to which this Church is related, from committees and agencies of this Church on matters which could not be included in regular reports, and from organized bodies outside the Church properly having business with the General Assembly.

8.2 The Stated Clerk shall, as early as practicable in the sessions, present such communications with suggestion of reference to appropriate standing or special committees.

8.3 Ordinarily communications from individuals shall not be received by the General Assembly or referred to standing committees unless from persons who have no other access to the Assembly.

9. Reports to the General Assembly

9.1 All agencies, permanent committees and ad interim committees shall make annual reports which shall be in the hands of the Stated Clerk by February 1 for inclusion in the handbook, except that the reports of agencies whose work requires a final meeting after that date shall be submitted as soon thereafter as possible.

9.2 Reports from interchurch agencies and from interchurch councils and our representatives thereon shall be made through the Permanent Committee on Inter-Church Relations.

9.3 The Stated Clerk shall, as early as practicable in the sessions, present all reports with suggestion of reference to the appropriate standing committees, or suggestion of a time on the Docket for hearing the report.

9.4 Any full printed report of an Assembly agency presented by the agency's chairman or executive secretary to a standing committee shall replace the synopsis of the report as printed in the handbook, provided that only those recommendations of the agency printed with its handbook report shall be before the standing committee.

9.5 If the chairman or representative of a permanent, ad interim or special committee wishes to be heard in connection with the report, such privilege shall be limited to a five-minute statement. No report printed in the handbook shall be read in full to the Assembly.

9.6 Annual statistical reports from the presbyteries shall be delivered to the Stated Clerk by February 15 of each year.

9.7 Audits of accounts of agencies and committees shall be submitted directly to the Standing Committee on Assembly Operation.

9.8 Minutes of agencies and committees shall be submitted to the standing committee receiving the agency or committee report.

10. Minutes

10.1 The official minutes of the court are the original minutes prepared by the Recording Clerk, adopted by the court and signed by the Stated Clerk.

10.2 In preparing the printed minutes the Stated Clerk is authorized to revise phraseology, spelling, punctuation and enumerations; to correct totals of figures; to abridge reports of theological seminaries, of interchurch councils and representatives thereto. In no case shall he change phraseology so as to alter the meaning. If typographical errors make the printed minutes vary from the original minutes, the Stated Clerk may give notice through the press, which notice shall be authority for those having the printed minutes to make correction therein.

10.3 The printed minutes shall comprise: Part I, Journal with Appendix; Part II, Statistics; and Part III, Bound Reports of Boards and Agencies. Printed copies for binding into Part III shall be supplied by the agencies to the Stated Clerk.

10.4 The Stated Clerk shall send a copy of the entire printed minutes to each Minister, to new Ministers ordained or received, to the Stated Clerk of each presbytery and synod, to the libraries of our Church colleges and theological seminaries. He shall send a copy of Parts I and II to past Moderators, to non-Minister members on committees and agencies, to ruling elder commissioners to the General Assembly, to non-Minister missionaries at the request of the Board of World Missions, in exchange agreements to other Churches and publications, to rising seniors of our theological seminaries, to others as determined by the Committee on Assembly Operation. He shall supply the agencies with reference copies for their necessary use.

11.2 In the Docket a total of five to six hours shall be set aside for meetings of standing committees.

11.3 Standing Committees shall be named in the following manner:

11.3a The retiring Moderator shall name the chairmen.

11.3b Commissioners shall fill in and return to the Stated Clerk *Preference of Standing Committee Cards* showing first four preferences among standing committees.
11.3c Three weeks before the Assembly meeting, the Stated Clerk shall conduct a drawing of commissioners' names, using the returned Preference Cards plus blank cards for commissioners from whom cards have not been received. The total number of commissioners shall be divided by the number of committees to determine the number on each committee. The first drawing shall be of Ministers' names, the second of ruling elders' names. As each name is drawn a sequence number shall be placed on the card. In that sequence the preference of commissioners shall be observed as far as possible under the following rules: No more than one Minister and one ruling elder from a presbytery on a committee; an equal number of Ministers and ruling elders on a committee, if possible; members or employees of an agency or permanent committee are ineligible to serve on a standing committee reviewing work of such agency or committee. When a commissioner's preference cannot apply because of these rules or because the preferred committee has already reached full membership, the next preference shall be observed. Cards with no useable preference and blank cards shall be held until all possible preferences have been observed, and then used by the Stated Clerk to fill committee quotas as needed.
11.3d Two weeks before the Assembly meeting, the Stated Clerk shall mail back to commissioners the cards indicating drawing sequence number and standing committee assignment.
11.4 During standing committee meetings, executive secretaries and at least one official representative of the policy-making body of an agency, and one representative from a permanent committee (see Standing Rules, 5.5) shall be present, for consultative purposes, except when the committee determines upon an "executive session." Committee reports shall always be adopted in "executive session."
11.5 A report of a standing committee shall be brief and concise. It shall list the items referred to the committee by the Assembly and offer the committee's recommendations thereon. An overture shall be referred to by its number and a brief statement of substance; a communication by its source and a brief statement of substance; a resolution by the name of the commissioner offering it and a brief statement of substance. No quotation from an agency or permanent committee report shall be included unless necessary to make the report intelligible.
11.6 All nominations made by the Permanent Committee on Nominations shall be reported to the General Assembly by the appropriate Standing Committee; but additional nominations by the appropriate Standing Committee or from the floor of the Assembly shall be in order.
11.7 All reports of standing committees shall be typewritten in three copies by the Assembly's stenographers, and proofread by the committee chairman. The original and first carbon shall be filed with the Stated Clerk until the report is made. The chairman shall read the report from the original typed copy, shall insert on the original each amendment made by the Assembly, shall file the report as finally adopted with the Recording Clerk for the minutes.
11.8 No partial report shall be received from a standing committee without the consent of the Assembly.
11.9 Any recommendation by a standing committee which would affect the Benevolence Budget or the coordination of the program of the Church shall be transmitted to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, any recommendation which would affect the Operating Expense Budget shall be handled through the Standing Committee on Assembly Operation.
11.10 A presentation of some aspect of the Assembly's work or interests, requested in connection with a standing committee report, shall be limited if possible to one speaker and fifteen minutes.

12. Other Provisions

12.1 Each recommendation of any committee report shall be considered as a separate question. A commissioner making a committee's report shall move the adoption of the recommendation. If the motion is seconded, the Moderator shall offer the short form of voting. The chairman or member of a committee making a report shall have the right to answer questions properly addressed to him through the Moderator and to conclude the debate on the pending question. No commissioner shall speak more than once on a question until all others who desire to speak have been given opportunity.
12.2 Except when the Assembly orders otherwise, ten minutes shall be the time limit for

each speaker in debate, and one hour of debate the time limit on any matter as presented through a main motion and motions subordinate thereto.

12.3 Resolutions ("bills") introducing matters not already before the various committees shall be presented in at least three typewritten copies, ordinarily by the close of the first day's session. They shall be the briefest possible statement adequate for the substance of the matter. The Stated Clerk shall state the main issue of a resolution and suggest the appropriate standing committee for its referral. No resolution shall be in order later than the evening session of the third day except by suspension of this rule; all resolutions prior to this time must be referred to a standing committee. A report by a standing committee on a resolution shall carry the full text of the resolution as referred.

12.4 Any motion which would affect the Benevolence Budget shall be referred to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, motions affecting the Operating Expense Budget shall be referred to the Standing Committee on Assembly Operation.

12.5 Executive Secretaries of boards and agencies shall have the privilege of the floor on all matters pertaining to their conduct of their respective responsibilities.

12.6 These Standing Rules may be suspended or amended, except when amendment automatically results from another decision, by a two-thirds vote of the commissioners present and voting. Any motion to suspend is not debatable.

12.7 Robert's *Rules of Order* shall be the standard for parliamentary procedure in cases not provided for in the Assembly's *Rules of Parliamentary Order.*

SECTION II. THE WORK OF THE GENERAL ASSEMBLY BETWEEN ITS MEETINGS

20. Agencies and Committees

20.1 The General Assembly may create the agencies needful for its continuing work of evangelization, nurture and benevolences. Those agencies on which the largest areas of responsibility are placed shall ordinarily be titled "Boards." The Assembly may create the committees, both ad interim and permanent, needful for its work as the highest court of the Church.

20.2 A statement of the area of responsibility assigned to any new agency or permanent committee shall be approved by the General Assembly before the new body is created. This statement shall be incorporated into the manual of such agency or committee.

20.3 Each agency or permanent committee shall operate under a manual approved by the General Assembly. A newly-created agency or permanent committee shall present such a manual to the Assembly within a reasonable time.

20.4 Every amendment to such a manual shall receive the approval of the General Assembly before becoming effective. Any civil charter or amendment thereof needed by an agency or permanent committee shall similarly receive Assembly approval before being presented to the civil authority for recording. The full textual wording of any amendment to such a manual or civil charter approved by the General Assembly shall be printed in the Minutes of the General Assembly.

20.5 Each agency and committee shall submit annually to the General Assembly, in the spirit of faithful trusteeship but with all practicable brevity, a report concerning its area of responsibility and its discharge of that responsibility. Such reports shall include minutes of the proceedings of its policy-making body, audits of all accounts for which it is responsibile, and, in conclusion, all of its recommendations.

21. Ad Interim Committees

21.1 Any motion, resolution or overture involving the appointment of an ad interim committee shall be referred to the appropriate standing committee, which shall recommend to the Assembly whether such committee is needed, or whether the matter can be better handled by reference to an existing agency or committee with instruction to study and report; and whether an ad interim committee ordered by the Assembly shall be appointed, and the chairman named, by the Moderator.

21.2 A vacancy occurring on an ad interim committee may be filled by the Moderator's appointment.

21.3 Any recommendation by an ad interim committee which would affect the Benevolence Budget must be presented to the General Council by February 1 preceding the General Assem-

bly meeting. The General Council shall present a specific recommendation on the matter to the General Assembly. Any recommendation by an ad interim committee which would affect the current Operating Expense Budget must be presented to the Permanent Committee on Assembly Operation by January 1 preceding the General Assembly meeting. The Permanent Committee on Assembly Operation shall present a specific recommendation on the matter to the General Assembly.

22.1 For continuing work toward the fulfillment of the mission of this Church, the General Assembly maintains the following agencies:

The Board of Annuities and Relief
The Board of Christian Education
The Board of Church Extension
The Board of Women's Work
The Board of World Missions
The General Council
The Historical Foundation
The Mountain Retreat Association
The Presbyterian Foundation, Inc. (U.S.)
The Presbyterian School of Christian Education, Inc.
The *Presbyterian Survey*
Stillman College
TRAV (Television, Radio and Audio-Visuals)

22.2 The Assembly cooperates with other communions in the following interchurch agencies:

The American Bible Society
The Lord's Day Alliance
Religion in American Life

22.3 The foregoing two paragraphs shall be considered amended automatically upon action of the Assembly to create or to discontinue an agency.

22.4 The General Council is the agency of the General Assembly to foster coordination of and planning for the work of the General Assembly as expressed through the various agencies created to perform the several aspects of the Church's witness. The General Council has particular responsibility in the area of immediate and long-range planning for the program of work for the whole Church and in the area of finance for the agencies through which this program is accomplished. It shall be related to the agencies as provided under the Manual of the General Council. Any request for the General Assembly to make adjustments in the division of responsibility among the agencies or to create new agencies shall be referred to the General Council for its recommendation to the General Assembly meeting.

23. Permanent Committees

23.1 For continuing aspects of its work as the highest court of the Church, the General Assembly maintains the Permanent Judicial Commission and the following Permanent Committees:

Assembly Operation
Christian Relations
Christianity and Health
Inter-Church Relations
Minister and His Work
Nominations

23.2 The foregoing paragraph shall be considered amended automatically upon action of the Assembly to create or discontinue a permanent committee.

23.3 Manuals of permanent committees shall be reviewed by the Permanent Committee on Assembly Operation, and proposed amendment of such manuals referred to this Committee for its recommendation to the General Assembly.

Instructions To Stated Clerks

Reports from Presbyteries

The General Assembly instructs the Stated Clerks of Presbyteries as follows:

1. Secure from the Stated Clerk of the General Assembly the latest forms of blanks. Order just enough for the year, allowing a few extras for churches which may lose the set sent them.
2. Make the report in clear, distinct writing, especially the columns of names and figures in the Statistical Tables. Omit all fractions of a dollar in the money columns. If it is $10.50 or less, enter $10.00; if $10.51 or more, enter $11.00. Add *all* columns, if possible, on adding machines. Proofread the adding machine work before mailing. *Attach adding machine slips to the report.* Make the vowels in the names of Ministers, churches and post offices very distinct. Printers have much difficulty with vowels which look very much alike.
3. When a church does not make a report, enter it in the listing according to post office; give number of Ruling Elders, Deacons, and members from the last report.
4. When a Stated Clerk of Presbytery is ready to make out his statistical report to the General Assembly, he is requested to study the report of his Presbytery in the Minutes of the General Assembly for the preceding year. All of the statistical reports are uniform in arrangement and each Stated Clerk should use the report of his Presbytery in Assembly Minutes as a pattern.
5. Fill out the statistical report blank, giving list of churches according to post office. Where there is more than one church at a particular post office, list those bearing numerical titles first; follow these with other churches alphabetically arranged. If a Minister serves more than one church, the number of churches should be indicated by the figure in parenthesis opposite his name. Ministers who are not serving a church or churches in the Presbytery must be listed at the bottom of the statistical report with occupation and post office. Give number of candidates. The Stated Clerk of the Assembly must have this list to perfect the alphabetical list for the Minutes.
6. At the close of the church year, the Stated Clerk of the Assembly will forward to each Presbytery's Stated Clerk an Official Roll of the Ministers and licentiates as of December 31. This list must be carefully checked as to: degrees, occupation and mailing address. Immediately upon completion of this roll it should be returned to the Stated Clerk of the Assembly.
7. Mail to the Stated Clerk, Rev. James A. Millard, Jr., 341 Ponce de Leon Ave., N.E., Atlanta, Georgia 30308, all reports from the Presbytery just as soon as they are prepared. The Standing Rule requires that all these reports shall be in the hands of the Stated Clerk by February 15.
8. Mail overtures and other official correspondence, including a list of Commissioners, at earliest possible date; otherwise, the printing of the Handbook will be delayed. Send each overture upon a separate sheet of paper, written only on one side, duly signed by the Stated Clerk. (Read also Standing Rules 7 and 8.)
9. Notify promptly the Stated Clerk of the Assembly when a change is made in the Stated Clerk of Presbytery.
10. Notify the Stated Clerk of the Assembly on cards supplied by him of the reception and dismission of Ministers within forty-eight hours after the meeting of the Presbytery, or, when dismission is done after action by Commission on the Minister and His Work.
11. Stated Clerks of Presbyteries are instructed to send Sessional statistical reports, along with Presbytery's statistical report, to the Stated Clerk of the General Assembly.

Reports from Synods

The General Assembly hereby instructs the Stated Clerks of Synods as follows:

1. Notify the Stated Clerk of the General Assembly before the meeting of each Assembly of the formation or dissolution of Presbyteries within the bounds of their respective Synods; of the time and places of the next meeting of these bodies; of any changes which may be made in the Stated Clerk of Synod. *These three things* should be attended to immediately on the adjournment of Synod. A *marked* copy of the printed minutes is not an official notification. An official letter should be written covering the items mentioned above.

2. Send an attested copy of Synod minutes to the Stated Clerk of the General Assembly for presentation to the Assembly. Such copy shall be marked on the *cover* "Attested Copy," and the formal attestation shall be placed at the close of the journal minutes. (Minutes of the General Assembly, 1960, pages 61 and 155.)

FORMS OF BEQUESTS

"I give, devise, and bequeath to the Trustees of the Presbyterian Foundation of the Presbyterian Church in the United States, Inc. ..... (here insert the estate devised and bequeathed) for the use and benefit of said Church."

"I give and bequeath to the Trustees of the Presbyterian Board of Christian Education of the Presbyterian Church in the United States (incorporated under the laws of the State of Virginia) (here name the amount of the bequest), to be used for the publication work of said Church."

"I give and bequeath to the Board of World Missions of the Presbyterian Church in the United States (incorporated under the laws of the State of Tennessee) (here name the amount of the bequest) to be used for the Foreign Mission work of said Church."

"I devise and bequeath to the Board of Annuities and Relief of the Presbyterian Church in the United States the sum of.....dollars for the cause of Ministerial Relief."

"I devise and bequeath to the Board of Christian Education of the Presbyterian Church in the United States the sum of $.....to aid candidates of said Church in preparation for the gospel ministry."

"I hereby give and bequeath to the Board of Church Extension of the Presbyterian Church in the United States (incorporated under the laws of the State of Georgia) (here name the bequest) to be used for the Home Mission division of said Church."

PRAYER FOR THE GENERAL ASSEMBLY

WHEREAS, The General Assembly of the Presbyterian Church in the United States fully recognizes the efficacy of the prayers of God's people, and the necessity for divine guidance in its own deliberations; therefore,

Resolved, First, That the General Assembly recommend to all the churches under its care to offer special prayer during the devotions of the Sabbath preceding the meeting of the General Assembly in each year, that God would be of great mercy so give the Assembly the wisdom that cometh from above, and so direct all its plans, discussions and decisions as to promote His own glory and to advance the kingdom of Jesus in the earth.

Resolved, Second, That the above preamble and resolution be printed annually in the Appendix to the Minutes of the Assembly.

(Minutes of General Assembly, 1863, p. 133.)

REPORT OF THE PERMANENT COMMITTEE ON CHRISTIANITY AND HEALTH

Your committee has met three times since the meeting of the 1964 General Assembly, May and October, 1964, and February, 1965. Much of our time has been consumed in determining goals and limitations of our work, and in the necessary study involved that followed our request to the last two General Assemblies that a permanent office be established to assume the principal responsibilities assigned at present to this Permanent Committee.

In addition to our usual task of making program and information available to churches and Presbytery and Synod Committees on Christianity and Health, our major undertakings have been as follows:

I. Presbytery and Synod Committees

We have revised as accurately as possible our list of Presbytery and Synod Committees on Christianity and Health. We find that seven synods and sixty-nine presbyteries either have committees serving in this area, or have designated responsibilities for the field of Christianity and Health to already existing committees.

II. Non-Military Chaplains

We have created a list of persons serving as chaplains in non-military settings. We have found twenty-eight of our ministers serving in such capacities. We have been in correspondence with these ministers both to support them in their work and to ascertain from them what the church might do to augment further the significant missionary and evangelistic work these men are undertaking. Responses to our inquiries are still in process of collation and study. A detailed report on this should be ready to submit to the 1966 General Assembly.

III. The American Medical Association

We have continued our work of cooperation with the Department of Medicine and Religion of the American Medical Association and have maintained active correspondence with the executive director of that department, the Reverend Dr. Paul B. McCleave. Lists of chairmen of synod and presbytery committees have been made available to chairmen of state medical association committees on medicine and religion. Many of our committees have been actively involved with medical association committees in promoting workshops and in striving for more active interprofessional cooperation. Our chairman was on the program of a regional workshop conference sponsored by the American Medical Association in Atlanta, Georgia.

IV. Clinical Pastoral Education

By reason of his position on this committee, our chairman is a member of the Board of Directors of the Council for Clinical Training, Inc., and is a member of the National Accreditation Committee of the Council. For the same reason he has been made a member of the newly created Department of Ministry, Vocation and Pastoral Services of the National Council of the Churches of Christ in the U. S. A.

V. Response to the 1964 General Assembly

1. Creation of a Permanent Office

The General Assembly, in response to a request from this committee, asked the General Council to create a permanent office within the structure of the existing boards and agencies to which could be assigned the responsibilities now handled by this committee. The General Council's Program Committee received this request and appointed a sub-committee to study this matter. We now wait for final disposition of this matter by the General Council.

2. Workshop on Christianity and Health at Columbia Theological Seminary

As directed, a workshop was conducted on the campus of Columbia Theological Seminary, July 23-25, 1964, with 76 participants, on the general theme of the mental health of the professional person and spouse. Three major lectures were delivered and are available in mimeograph form as follows:

"The Mental Health of the Physician," Charles B. Fulghum, M.D.

"The Mental Health of the Minister," the Reverend John Patton

"The Mental Health of the Spouse of the Professional Person," Mrs. Lila Bonner Miller, M.D.

Except for the initial mailings, the workshop was financially self-supporting.

3. Emotional Health of Ministers and their Wives

We were directed to make a study of the emotional health of ministers and their wives. We have begun this study and are continuing it, but the enormity of the task has prevented

a conclusion of it. We have corresponded with committees on theological candidates of the Presbyteries and with the staff of the Department of Enlistment, Division of Higher Education, Board of Christian Education of the Presbyterian Church in an effort to ascertain what is being done to determine the emotional and mental health of candidates for the ministry. We have corresponded with chairmen of presbytery Commissions on the Minister and His Work to see what is currently being done to assist ministers suffering from severe emotional stress and mental illnesses. We have in hand a significant study from the Board of World Missions prepared by a special committee to study the "Pastoral Care of Missionaries." We have three reports on this subject from the Christianity and Health Workshop reported on immediately above which we have made available to those desiring them for study and further discussion. In addition we have examined a large amount of literature, books and reports, on the subject. This study continues in process.

4. Other Assignments

All other assignments given this committee involved the exercise of regular responsibilities and are covered in the main body of this report.

Respectfull submitted,
THOMAS H. McDILL, *Chairman*
J. WILLIAM PINKSTON, JR., *Secretary*

INDEX OF CHURCHES

The General Assembly of 1930 directed that the Alphabetical List of Churches be printed in the Minutes (see page 80 of 1930 Minutes).

Explanatory Note

Churches are alphabetized both by name and by postoffice.

Where the name of the church appears first the Presbytery is then given in parenthesis, followed by the name of the town or city, and the date given indicates year of organization. Street addresses shown under names of towns or cities. Towns or cities are listed first when similar names of churches occur.

The Presbytery is used instead of a page number for reference to Statistical Reports. For the convenience of those who are not familiar with the presbyteries, an alphabetical index, with page number for each presbytery is given on page *iv*-Part II.

This index is as accurate as it could be made by comparing the reports of the presbyteries with the reports from the individual churches. Where any discrepancy occurred as to postoffice, the report of the latter is used. In some instances, therefore, this index will vary as to postoffice from the statistical tables printed in the Minutes.
